8 Changes in Material Litigation (continued)

AZRB further filed the application to strike out the Company's counterclaim against AZRB on 7 May 2021 and on 22 October 2021, the High Court allowed AZRB's application to strike out the Company's counterclaim against AZRB on the basis that the bridge across the Kuantan River, connecting Bandar Kuantan to Bandar Putra, Tanjung Lumpur ("Bridge") was completed and the Company's counterclaim is not sustainable.

On 26 October 2021, the Company filed and served the Notice of Appeal against the decision of the High Court judge and the hearing date is fixed on 9 May 2022.

Pursuant to the Company's appeal against the High Court's decision to allow AZRB's application to strike out the Company's counterclaim against AZRB on 9 May 2022, the Court of Appeal has decided in favor of the Company, and as a result, AZRB will be reinstated as a party to the Company's counterclaim as the second defendant in the trial for the Main Suit, which is fixed on 20 to 21 May 2024 and 13 to 14 June 2024, respectively. Subsequently on 13 June 2022, the Court agreed to bring forward the trial dates for the Main Suit to 6 to 7 July 2023 and 3 to 4 August 2023, respectively.

Based on the advice by the Company's legal counsel, the Directors are of the view that the abovementioned general damages sought by the Plaintiff are contradictory to the Rules of Court as the same should not have been quantified as if it were special damages. Hence, provisions are not required in respect of these matters, as it is not probable that a future sacrifice of economic benefits will be required or the amount is not capable of reliable measurement.
