CJ Asia	Provision of IT services to CTL	2,000
	Total	<u>10,000</u>

2.3 Rationale for and benefits of the Proposed New RPT Mandates

The Proposed New RPT Mandates sought will enable the Group, in view of the time-sensitive, confidential and frequent nature of such RRPTs, to enter into transactions as detailed under Section 2.2 above in the ordinary course of business without having to make immediate announcements and to convene separate general meetings of the Company to seek shareholders' approval on transactions with the Related Parties pursuant to the financial limits imposed by Bursa Securities under Paragraph 10.08. This will substantially reduce the administrative time and costs of convening such meetings without compromising the corporate objectives of Century.

The provision and procurement of services between CJ Malaysia, EC Services and CJ Asia with Century will result in synergy to operate more efficiently and effectively, given the environment Century is operating in. To this end, better customer service can be provided by pooling the shared resources and thus deriving strategic alliances in other geographical locations, resulting in mutually wider serviceable network. The provision and procurement of logistics services are priced competitively and are carried out on ordinary commercial terms and entered into at arm's length, which are not more favourable to the Related Parties than those generally available to the public and are also not to the detriment of the minority shareholders.

Amount Due and Owing Under Recurrent Related Party Transactions

As at 31 December 2016, there was no amount due and owing to the Group under the RRPTs which exceeded the credit terms. As such, the disclosures required under Paragraph 16A and 16B in Annexure PN12-A of the Listing Requirements are not applicable.

2.4 Review Procedures

The RRPTs are conducted at arm's length and on normal commercial terms consistent with the Century Group's normal business practices and policies, and are not to the detriment of the minority shareholders. The Management of the Century Group will only enter into transactions with the Related Parties after taking into consideration of the pricing, level of service and other related factors such as the availability of resources and personnel. These considerations shall be determined by market forces, under similar commercial terms for transactions with third parties. All RRPTs will be tabled at the Audit Committee meeting for review, in conjunction with the procedures set out in Section 2.5 below.

The Management will endeavour that at least two (2) other contemporaneous transactions with unrelated third parties for similar products/services and/or quantities will be used as comparison, wherever possible, to determine whether the price and terms offered to/by the related parties are fair and reasonable and comparable to those offered to/by other unrelated parties for the same or substantially similar type of products/services and/or quantities. In the event that quotation or comparative pricing from unrelated third parties cannot be obtained, the transaction price will be determined by the Century Group based on those offered by/to other unrelated parties for the same or substantially similar type of transaction to ensure that the RRPT is not detrimental to the Century Group.

The thresholds for the approval of RRPTs within the Century Group are as follows:-

- (i) For RRPTs up to the prescribed threshold of the Listing Requirements of RM1 million or 1% of the applicable percentage ratio, the RRPTs will be reviewed by the Executive Director and approved by the Managing Director.

- (ii) For RRPTs exceeding the prescribed threshold of the Listing Requirements of RM1 million or 1% of the applicable percentage ratio, the RRPTs will be reviewed by the Audit Committee and approved by the Board.

Abstention of voting on matters related to the Proposed New RPT Mandates will be required in the case of interested Directors and/or Major Shareholders (direct or indirect). Furthermore, an interested Director or Major Shareholder must ensure that persons connected with him abstain from voting, deliberating or approving the relevant resolution of the Proposed New RPT Mandates.

Interested Directors will also have to abstain from deliberating and voting at Board Meetings in respect of the RRPTs in which they possess interest. To achieve transparency, disclosures are made in the Annual Report 2016 of the Company of the actual aggregated value of the transactions during the financial year.

2.5 Statement by the Audit Committee

The Audit Committee, having seen and reviewed the procedures for RRPTs, is of the view that the existing guidelines and review procedures for RRPTs are sufficient to ensure that such transactions are carried out at arm's length and on normal commercial terms, which are not more favourable to the Related Parties than those generally available to the public and are not to the detriment of the minority shareholders. In addition, the Audit Committee is of the view that the Century Group has in place adequate procedures and processes to monitor, track and identify RRPTs in a timely and orderly manner, and such procedures and processes are reviewed on a yearly basis or whenever the need arises.

The Audit Committee has the overall responsibility of determining whether the procedures for reviewing all such transactions are appropriate and may in its absolute discretion deem fit, delegate this responsibility to any individual within the Company. The Audit Committee shall have the discretion to request for additional limits or procedures to be imposed or complied with, if it considers such a request to be appropriate. In that respect, such limits or procedures may be implemented without the approval of shareholders, provided that they are more stringent than the existing limits or procedures. If it is determined that the current guidelines and procedures are inadequate to ensure that:

- (i) The RRPTs are conducted at arm's length and on normal commercial terms which are not more favourable to related parties than to those generally available to the public; or
- (ii) Such transactions are not to the detriment of the minority shareholders of the Company or prejudicial to the interests of the shareholders,

a fresh shareholders' mandate based on new guidelines and procedures will have to be obtained.

2.6 Existing Recurrent Related Party Transactions

The actual values transacted for each RRPT from the date on 1 March 2016 up to 13 March 2017, before the latest practicable date prior to printing of this Circular, are as follows:

Related Party	Nature of Income Transaction	Actual Value from 1 March 2016 to 13 March 2017 RM'000
CJ Malaysia	Provision of logistics services by CTL	105 =====
	Nature of Cost Transaction	
CJ Malaysia	Provision of logistics and consultancy services to CTL	413 =====

3. APPROVAL REQUIRED

The Proposed New RPT Mandates are conditional upon the approval from the shareholders of Century being obtained at the forthcoming AGM.

4. DIRECTORS' AND MAJOR SHAREHOLDERS' INTERESTS

Save as disclosed below, none of the other Directors or Major Shareholders or Persons Connected to them have any interest, direct or indirect, in the Proposed New RPT Mandates.

BUY-BACK AUTHORITY**

CENTURY LOGISTICS HOLDINGS BERHAD (424341-A)

SHARE BUY-BACK STATEMENT IN RELATION TO THE PROPOSED RENEWAL OF SHARE BUY-BACK AUTHORITY

1. INTRODUCTION

On 21 February 2017, the Company had announced its intention to seek your approval for the renewal of authority to purchase up to 10% of the total numbers of issued shares of Century.

The purpose of this Statement is to set out the details of the Proposed Share Buy-Back and to seek your approval for the relevant resolution to be tabled at the forthcoming AGM.

2. RATIONALE FOR THE PROPOSED SHARE BUY-BACK

The authority to purchase the Company's own Shares is sought to enable Century to have an additional option of utilising its financial resources more efficiently. All things being equal, any purchase of the Company's own Shares, regardless whether the Shares so purchased were retained as treasury shares or cancelled, would result in a lower number of Shares being used for the purpose of computing EPS.

Based on the foregoing and depending on the price paid for the purchase of each Share and its impact on the earnings of the Group, the purchase of the Company's own Shares may improve the EPS of the Group. If the EPS of the Group is improved, it is expected to have a positive impact on the market price of the Shares.

The Company may also retain the Shares so purchased as treasury shares with the intention of realising potential gains from the resale of treasury shares and/or to reward the shareholders through the distribution of the treasury shares as dividends.

3. RETAINED PROFITS

As at 13 March 2017, the total number of issued shares of Century is RM194,651,945 comprising 389,303,890 Shares. The Proposed Share Buy-Back will enable the Company to purchase up to a maximum of 40,208,300 Shares, representing 10% of the enlarged issued and paid-up ordinary share capital.

On 8 January 2015, the Company implemented an employees' share option scheme ("ESOS") of up to 15% of the issued and paid-up share capital (excluding treasury shares) of the Company for eligible directors and executive employees of the Company and its subsidiary companies who fulfill the criteria of eligibility as stipulated in the by-laws governing the ESOS. In accordance with the by-laws, the ESOS may only be exercisable in the following manner:

Maximum percentage exercisable each year (vested)				
2015	2016	2017	2018	2019
20%	20%	20%	20%	20%

The maximum amount of funds to be utilised for any purchase of the Company's own Shares must not exceed the aggregate of the retained profits of the Company based on the latest audited financial statements and/or the latest management accounts of the Company (where applicable) available at the time of the purchase(s). Based on the audited financial statements for the financial year ended 31 December 2016, the retained earnings account stood at RM13,860 million.

4.2 Major Shareholders' Shareholdings

The proforma effect of the Proposed Share Buy-Back on the shareholdings of the major shareholders in Century as at 13 March 2017 on the assumption that Shares are purchased from shareholders other than the major shareholders are set out below:

Scenario I: Assuming that none of the ESOS are exercised

	As at 13 March 2017		After Proposed Share Buy-Back	
	<-----Direct----->	<-----Indirect----->	<-----Direct----->	<-----Indirect----->
	No of Shares 000	%	No of Shares 000	%
CJ Asia	120,544	30.96	120,544	34.40
Teow Choo Hing	43,724	11.24	43,724	12.48
			2,224*	2,224*
		0.57		0.63

Scenario II: Assuming that the maximum unexercised ESOS vested for 2015 to 2018 are exercised

	As at 13 March 2017		After Exercise of ESOS		After Proposed Share Buy-Back	
	<-----Direct----->	<-----Indirect----->	<-----Direct----->	<-----Indirect----->	<-----Direct----->	<-----Indirect----->
	No of Shares 000	%	No of Shares 000	%	No of Shares 000	%

			2,224*	0.57	2,224*	0.55
						0.61

5. SOURCE OF FUNDS

The Proposed Share Buy-Back will be funded from internally generated funds and/or borrowings. In the event the Company purchases its own Shares using external borrowings and that the repayment will not have a material effect on the Group's cash-flows.

6. POTENTIAL ADVANTAGES AND DISADVANTAGES

The potential advantages of any purchase of the Company's own Shares are as follows:

- (a) allows the Company to take preventive measures against speculation particularly when the Shares are undervalued which would in turn stabilise the Company's market price and hence, enhance investors' confidence;
- (b) allows the Company flexibility in achieving the desired capital structure, in terms of debt and equity composition and the size of equity; and
- (c) if the treasury shares are distributed as dividends, it may then serve to reward the shareholders.

The potential disadvantages of any purchase of the Company's own Shares are as follows:

- (a) any purchase of the Company's own Shares will reduce available financial resources and may result in the Group foregoing better investment opportunities that may emerge in the future; and
- (b) as any purchase of the Company's own Shares can only be made out of retained profits and share premium, it may result in the reduction of financial resources available for distribution to the shareholders in the immediate future.

Nevertheless, the Board will be mindful of the interests of the Company and the shareholders in undertaking any purchase of the Company's own Shares and in the subsequent resale of treasury shares on Bursa Securities, if any.

7. FINANCIAL EFFECTS

7.1 Share Capital

The effects of any purchase of the Company's own Shares on the share capital will depend on whether the Shares so purchased are cancelled or retained as treasury shares.

The Proposed Share Buy-Back will not have any effect on the total number of issued shares if all the Shares purchased are to be retained as treasury shares, re-sold or distributed to our shareholders.

The Proposed Share Buy-Back will however, result in the reduction of the total number of issued shares if the Shares so purchased are cancelled. The proforma effects of the Proposed Share Buy-Back based on the issued and paid-up share capital as at 13 March 2017 and assuming the Shares so purchased are cancelled are set out below:

Scenario I: Assuming that none of the ESOS are exercised

Scenario II: Assuming that the maximum unexercised ESOS vested for 2015 to 2018 are exercised

	Scenario I No. of shares	Scenario II No. of shares
Existing as at 13 March 2017	389,303,890	389,303,890
To be issued pursuant to the exercise of ESOS	-	12,780,000
	<hr/>	<hr/>
	389,303,890	402,083,890
Cancellation of Shares purchased pursuant to the Proposed Share Buy-Back	(38,930,300)	(40,208,300)
	<hr/>	<hr/>
	350,373,590	361,875,590
	<hr/>	<hr/>

7.2 Earnings

The effects of the Proposed Share Buy-Back on the EPS of the Group will depend on the purchase price for such Shares, the effective funding cost to finance the purchase of the Shares or any loss in interest income to the Group.

Assuming that any Shares so purchased are retained as treasury shares and resold, the effects on the earnings of the Group will depend on the actual selling price, the number of treasury shares resold and the effective gain or interest savings arising from the exercise.

If the Shares so purchased are cancelled, the Proposed Share Buy-Back will increase the EPS of the Group provided the income foregone and interest expense incurred on the Shares purchase is less than the EPS of the Group before the purchase of the Shares.

7.3 Net Assets (“NA”)

The effects of the Proposed Share Buy-Back on the NA of the Group, whether the Shares purchased are cancelled or retained as treasury shares are as follows:

- **Shares purchased under the Proposed Share Buy-Back are subsequently retained as treasury shares**

The NA of the Group would decrease if the Shares purchased are retained as treasury shares due to the requirement for treasury shares to be carried at cost and be offset against equity, resulting in a decrease in the NA of the Group by the cost of the treasury shares.

If the Shares purchased are resold on Bursa Securities, the NA of the Group would increase if a gain is realized from the resale, and vice versa.

If the Shares purchased were distributed as share dividends, the NA of the Group will decrease by the cost of the treasury shares.

- **Shares purchased under the Proposed Share Buy-Back are subsequently cancelled**

If the Shares so purchased are cancelled, the Proposed Share Buy-Back will reduce the NA per Share if the purchase price per Share exceeds the NA per Share at the relevant point in time, and vice versa.
