B13. Material Litigation

In June 2015, a subsidiary of the Group filed a litigation against a customer for default in payment and wrongful termination, and therefore served a Notice of Adjudication in accordance with the Construction Industry Payment and Adjudication Act 2012 against the customer. In September 2015, the customer served a Notice of Demand on the subsidiary for alleged liquidated and ascertained damages and loss of profit resulting from the non-performance of the contract, and thereafter served the subsidiary a Notice of Arbitration.

In the opinion of the solicitors, there is a good chance that the tribunal will rule in favour of the subsidiary in regards to its claims against the customer for default in payment and wrongful termination. The solicitors also opined that the customer's claims via its Notice of Demand are unsustainable, premature and unjustified.

Save for the above, the Group does not have any material litigation as at 23 November 2015, being a date not earlier than 7 days from the date of this appropriement.
