# CHAIRMAN'S STATEMENT

# DEAR SHAREHOLDERS,

On behalf of the Board of Inch
Kenneth Kajang Rubber Public
Limited Company, I present herewith
the One Hundred and Fourteenth
Annual Report and Financial
Statements of the Company and the
Group for the financial year ended
31 December 2023.

#### **DIVIDENDS**

The Board has decided that no dividend is proposed for the financial year ending 31 December 2023.

#### **PERFORMANCES REVIEW**

During the financial year under review, the Group recorded a revenue of RM17.327 million compared to a revenue of RM21.018 million for the previous year. The decrease in Group's turnover by RM3.691 million is mainly due to the lower demand for our rubber blocks during the financial year under review.

Revenue from the Group's tourism division however has increased to RM11.558 million from RM9.873 million in 2022 as borders have reopened after the pandemic.

In this financial year, the result of the Group's associate – Concrete Engineering Products Berhad ("CEPCO"), a manufacturer and distributor of prestressed spun concrete piles and poles, was not taken into account as the net book value has been fully written off. Their sales volume has increased as more projects are starting to come in.

Overall, the total loss after taxation for the Group was RM6.053 million as compared to RM10.575 million in 2022.

ANNUAL REPORT 2023

# CHAIRMAN'S STATEMENT (Cont'd)

#### **CORPORATE DEVELOPMENT**

As at 31 December 2023, the Company has 42,075,000 ordinary shares held as treasury shares and the issued and paid-up share capital of the Company remained at 420,750,000 ordinary shares of £0.10.

#### **FUTURE OUTLOOK**

The Master Plan to develop the land bank in Kajang, totalling approximately 140 hectares has been submitted to the One Stop Centre of Majlis Perbandaran Kajang. It is currently pending clearance before submission to the State level. We are still waiting for the approval. Once approved, we shall prioritise our submission for some of the residential area, to be followed by the commercial centre at a later stage.

Our tourism division has picked up due to high arrival of guests, especially from abroad. If the global environment remains as it is, we believe that in 2024, there will be even more tourist's travelling, both local and overseas. The manufacturing division is expected to perform better in 2024 as demand have started to pick up again.

#### **APPRECIATION**

On behalf of the Board, I wish to express my appreciation to all our customers, shareholders, business partners, bankers and government authorities for their continued support and encouragement during the year.

Special thanks also goes to the management and staff. Their invaluable efforts and firm dedication to the Group are truly appreciated. We are confident that success is in the pipeline.

I would also like to take this opportunity to offer my personal gratitude to the Board members for their commitment and guidance.

I would also like to take this opportunity to welcome our newest Board member, Puan Sakinah binti Salleh. Her expertise, experience and vast knowledge in the property, financial, tourism and plantation sectors would be an important assets for the Group's future undertakings.

#### DATO' ADNAN BIN MAARUF Chairman

17 April 2024

### STRATEGIC REPORT

#### **REVIEW AND PERFORMANCE OF THE BUSINESS**

The Group's principal activities remain unchanged throughout the year 2023. The plantations in Kajang and Bangi are still providing revenue through the sale of the fresh fruit bunches ("FFB") they produce, albeit at a low volume.

#### **ESTATES**

The total area of the Group's estates as at 31 December 2023 is as follows:

	Hect	Hectares		
	2023	2022		
Oil Palm ( Mature)	190	190		
Roads, buildings, gardens, nurseries and wasteland	12	12		
Total	202	202		

The yields from the plantation activity for the year ended 31 December 2023 are as follows:

Harvested crops	FFB
2023 (tonnes)	85
2022 (tonnes)	4

#### **TOURISM**

The hotels within the Group recorded much higher revenues compared to last year as borders have been opened and as such, more people are travelling again after the pandemic.

#### **MANUFACTURING**

The sales from our rubber manufacturing subsidiary in Thailand was lower at RM5.484 million (2022: RM10.893 million). As the war in Ukraine escalated, cost of energy has gone up and many companies slowed down production, hence the lower demand for our rubber blocks.

#### **OVERALL**

The Group's revenue was RM17.327 million for the year ended 31 December 2023 as compared to RM21.018 million in the preceding year, decrease of 17.6%, mainly due to the lower demand of our rubber blocks during the financial year under review.

The Group's results after tax improved from a loss of RM10.575 million to a loss of RM6.053 million, or a loss per share of 1.59 sen (2022: loss per share of 2.80 sen). The lower loss was due principally to the profit at the tourism division as a result of the increase tourist arrival.

With this result, the Group's Net Assets is now RM575.470 million (2022: 583.544 million) or RM1.52 (2022: RM1.54) per share, which is calculated after deducting the shares that were bought back. At the end of the financial year ended 31 December 2023, the Company has purchased a total of 42,075,000 shares and retained as treasury shares. There had been no resale or cancellation of the said shares.

# STRATEGIC REPORT (Cont'd)

#### **OVERALL (CONT'D)**

At 31 December 2023, the Group had total assets of RM672.437 million compared to RM675.548 million in 2022. The Group's total liabilities stood slightly higher at RM96.968 million compared to RM92.004 million at the prior year end. The resulting net assets were RM575.470 million at 31 December 2023 (2022: RM583.544 million). The current ratio is now at 10.02 (2022: 17.23).

Thus, as a going concern, the Group remains in a healthy position.

#### **RESULTS AND DIVIDENDS**

The Group's results for the year are set out on page 45. The Group's loss attributable to shareholders of the Company for the financial year ended 31 December 2023 amounted to RM6.053 million (2022: loss of RM10.575 million).

No dividend was proposed for the financial year ended 31 December 2023.

#### **FUTURE DEVELOPMENTS AND PROJECTS**

The Master Plan to develop the land bank in Kajang, totalling approximately 140 hectares has been submitted to the One Stop Centre of Majlis Perbandaran Kajang. It is currently pending clearance before submission to the State level. We are still waiting for the approval. Once approved, we shall prioritise our submission for some of the residential area, to be followed by the commercial centre at a later stage.

Our tourism division has picked up due to the high arrival of guests, especially from abroad. If the global environment remains the same, we believe that in 2024, there will be even more tourist's travelling, both local and overseas. The manufacturing division is expected to perform better in 2024 as demand have started to pick up again.

#### PRINCIPAL RISKS AND UNCERTAINTIES FACING THE BUSINESS

The principal risks and uncertainties faced by the Group's businesses are:

a. Exposure to the risks inherent to the oil palm and rubber industries

The Group is susceptible to certain business risks inherent to the oil palm and rubber industries as well as general business risks, which include but are not limited to:

- (i) constraints and rising costs of labour supply and raw materials;
- (ii) poor weather;
- (iii) price fluctuations of commodity;
- (iv) threat of substitute products; and
- (v) change in regulatory, economic and business conditions.
- b. Exposure to the risks inherent in the property development industry

The Group is considering entering into property development. It will be exposed to the cyclical performance caused by the changes in the domestic and global economic conditions, which give rise to intense competition among the local players and new entrants in the property market. In addition, its profitability may also be affected by the changes in the economic and political environment such as changes in taxation, inflation, foreign exchange rates, government policies, population growth and accounting policies.

#### SUSTAINABILITY MANAGEMENT STRUCTURE

The Board of Directors has the overall responsibility for the Group's sustainability activities, strategies and performance. Department Heads and members are the ones who implement the group's sustainability initiatives, integrating them into the operation of the group and the outcomes are reported accordingly. Performance and outcomes are reviewed by the Senior Management team and reported to the Board for further discussions on their impact on the business and stakeholders and decisions made accordingly.

#### **ESG Framework**

We have identified four sustainability pillars which act as a guide to our ESG initiatives and provide a structure to categorise and prioritise our ESG activities.

#### 1. ECONOMIC

During the financial year ended 31 December 2023, the Group achieved revenue of RM17.33 million and loss before taxation of RM6.18 million. The Group will actively seek sustainable growth opportunities and continuously improve its profitability through innovation, expansion of its product portfolio, new market development, and other strategies.

#### 2. ENVIRONMENT

The Group remains steadfast in our commitment to sustainable development and seeks to operate to minimize environmental harm. We are committed to taking proactive measures to preserve the environment for future generations while meeting the needs of our stakeholders.

# SUSTAINABILITY STATEMENT (Cont'd)

#### ESG Framework (Cont'd)

#### 2. ENVIRONMENT (CONT'D)

#### Efficient Energy, Water Consumption and Waste Management

This includes managing and reducing the impact of operational activities over which we have direct control such as energy and water consumption and waste management. We try to reduce greenhouse gas emissions by increasing energy efficiency and lowering its consumption. Apart from that, we actively try to find ways to reduce carbon footprint while expanding energy supply to meet the needs of our businesses. We invest in renewable energy by changing from diesel to gas at Supara and using solar heaters at PIR. We make an effort to develop efficient ways to recycle used water and explore alternative ways to generate clean water from the surrounding sources. At PIR, we use an underground water supply for nurturing plants and general outdoor cleaning and ensure all liquid discharged from business activities are filtered before it goes to the main drainage system. We also take steps to reduce wastage and pollution and ensure no contamination occurs during the discharge of our waste products in our Supara factory.

#### **Promoting Green and Environmental Friendly Products**

We constantly explore greener alternatives in our day-to-day operations, such as introducing more efficient and energy-saving products. The property projects in our resort include landscaping with lush greenery and facilities to promote a green environment. By doing this initiative, we encourage the growing population of natural habitat creatures within the vicinity of the resort.

#### 3. SOCIAL

The Group has embraced the value of Corporate Social Responsibilities ("CSR") and continued to extend its support to the communities. Thus, most of our CSR activities have been targeted to benefit our employees, hotel guests and the surrounding society.

At Supara Company Limited ("Supara"), we have consistently established a conducive and healthy working environment. We conduct urine tests quarterly and hold biannual medical check-ups for the employees and we prohibit smoking and drinking alcohol within the factory premises. Supara also carries out internal audits and practices the procedures set by the authorities. At the same time, we take steps to reduce wastage and pollution and ensure no contamination occurs during the discharge of our waste products.

Perhentian Island Resort ("PIR") has always placed high importance on the efforts of preserving the natural environment. We strive to present a pristine beach for guests to bask on and retain a lush rainforest for them to venture and appreciate its offerings on land. We take serious concern in maintaining the cleanliness of the ocean, protecting and conserving all marine life within. Tree planting and general cleaning are among the frequently held activities for staff at the resort. We are in the process of developing a gymnasium, spa, gaming room and café as guests' new experiences.

At the Group level, employees are viewed as the key assets for its growth and also the main drivers of strength to each respective company. The Group provides an appropriate environment for both work and social advantages. Accommodations and necessary facilities are also provided at the rubber factory, hotels and resort. They are also offered adequate medical and health insurance benefits.

#### 4. GOVERNANCE

The Group's sustainability governance structure is integrated into our corporate governance framework.

### CORPORATE GOVERNANCE

#### THE MALAYSIAN CODE ON CORPORATE GOVERNANCE

It is the policy of the Company to manage the affairs of the Group in accordance with the appropriate standards for good corporate governance ("CG"). Set out below is a statement on how the Company has applied the principles and complied with the recommendations as set out in the Malaysian Code on Corporate Governance ("MCCG") except where stated otherwise during the financial year ended 31 December 2023 ("FY2023").

#### **BOARD OF DIRECTORS**

#### **Board Charter**

The Board Charter was established in year 2002 to set out strategic intent and outline the Board's structure and procedures, code of conduct, roles and responsibilities and relationship of the Board to the management in accordance with Practice 2.1 of the MCCG. The following paragraphs detail out the charter. The Board recognises the importance of the Board Charter and will adhere to it and will take steps to enhance the Board Charter from time to time.

#### **Board Composition and Board Balance**

The Board has four (4) members, comprising of one (1) Non-Independent Non-Executive Director and three (3) Independent Non-Executive Directors. This composition fulfils the requirements mandated by the Main Market Listing Requirements ("Main LR") of Bursa Malaysia Securities Berhad ("Bursa Securities") which stipulates that at least two (2) Directors or one-third of the Board, whichever is higher, must be independent. The Directors have wide ranging experience and all had occupied senior positions in the public and/or private sectors. Three of them have experiences related to the tourism and property sectors which are the main business drivers of the Group. A brief profile of each Director is presented on pages 5 to 6 of this Annual Report.

The balance between Independent Non-Executive Directors together with the support from management is to ensure that there is an effective representation for the shareholders. It further ensures that issues of strategy, performance and resources are fully addressed and investigated to take into account long-term interests of shareholders, relevant stakeholders and the community in which the Group conducts its business. The Independent Non-Executive Directors also bring independent judgement and challenge standards of conduct and fulfil a pivotal role in corporate accountability.

The Directors, with their different backgrounds and specialisations, collectively bring considerable knowledge, judgement and experience to the Board that has been vital to the direction of the Group.

No individual or a group of individuals dominates the Board's decision making and the number of Directors reflects fairly the investment of the shareholders. The Board of Directors must select among them a Chairman, who, in accordance with Practice 1.3 of the MCCG, the positions of Chairman and Chief Operating Officer are held by different individuals. In accordance with Practice 5.2 of the MCCG, at least half of the Board comprises Independent Directors. The Chairman of the Board is Dato' Adnan bin Maaruf.

The Board is cognisant on the requirements on gender diversity. The Board has since identified one (1) candidate for female Director to meet the requirement.

A statement by the Directors and their responsibilities for preparing the financial statements is included on page 37.

#### **BOARD OF DIRECTORS (CONT'D)**

#### **Company Secretary**

The Company Secretary plays an advisory role to the Board in relation to the Company's constitution, the Board's policies and procedures, and compliance with the relevant regulatory requirements, codes or guidance and legislations. The Company Secretary is suitably qualified, competent and capable of carrying out the duties required and has attended trainings and seminars conducted by relevant regulatory to keep abreast with the relevant updates on statutory and regulatory requirements and updates on the Main LR of Bursa Securities and the Malaysian Companies Act 2016 ("the Act").

Deliberations during the Board and Committee Meetings were properly minuted and documented by the Company Secretary.

#### **Board Responsibilities**

The Board plays a primary role in the conduct and control of the Group's business affairs. The Board is primarily responsible for the Group's overall strategic plans for business performance, succession planning, risk management, investor relations programmes, internal control, management information and statutory matters. The Board is required to commit their time in order to have an effective working partnership with the management in establishing the strategic direction and goals and in monitoring its achievement. This complies with Practice 1.1 of the MCCG.

The presence of Independent Non-Executive Directors shall provide unbiased and independent views and judgements in the decision making process at the Board level and to ensure that no significant decisions and policies are made by any individual and that the interest of the minority shareholders are safeguarded.

The Board delegates specific powers and responsibilities to three (3) Board Committees namely, Audit, Nomination and Remuneration Committees, and the day to day operation matters to the management headed by the Group Chief Operating Officer.

#### **Whistle-Blower Policy**

The Board has also adopted Whistle-Blowing Policies and Procedures, which outline when, how and to whom a concern may be properly raised about the actual or potential corporate fraud or breach of regulatory requirements involving employees, management or Director in the Group. The Board is aware of the need for adherence to the Company's policies and employees in the Group respectively and will take measures to put in place a process to ensure its compliance.

#### Appointments to the Board

Appointment to the Board is based on the recommendations of the Nomination Committee established by the Board. This includes subsidiary companies. The Nomination Committee considers the required mix of skills and experience that the Directors should bring to the Board in making these recommendations. The Nomination Committee is responsible, inter alia, for making recommendations to the Board on new nominees for the Board including Board Committees and for assessing Directors on an ongoing basis. The Nomination Committee also reviews the Board's required mix of skills and experience and other qualities, including core competencies which Non-Executive Directors should bring to the Board. The Board must show their commitment in terms of time and contribution. In the event of any vacancy in the Board, the Company must fill the vacancy within three (3) months pursuant to Paragraph 15.02(3) of Bursa Securities Listing Requirements.

#### **BOARD OF DIRECTORS (CONT'D)**

#### Re-election

All Directors appointment to the Board are subject to the rules and regulations of the Act and the Company's Articles of Association ("the Articles").

In accordance with the Articles, all Directors shall retire from office at least once in each three (3) years and a retiring Director is eligible for re-election.

An election of the Directors shall take place each year. At each Annual General Meeting ("AGM"), one-third of the Directors for the time being (or if their number is not a multiple of three (3), the number nearest to but no greater than one-third) shall retire from office provided that all Directors shall retire from office at least once every three (3) years but shall be eligible for re-election.

The Articles further provide that all newly appointed Directors shall retire from office but shall be eligible for reelection in the next AGM subsequent to their appointment.

The names of the Directors of the Company who are seeking re-election or re-appointment at the 114th AGM of the Company to be held on 29 May 2024 as per set out in the Notice of AGM are as follows:

#### Director Standing for Re-election at the 114th AGM

Pursuant to Article 86 of the Articles: Dato' Adnan bin Magruf

Pursuant to Article 91 of the Articles Sakinah binti Salleh

#### **Tenure of Independent Directors**

The Board is aware of the changes in the Listing Requirement whereby an Independent Director tenure is limited to twelve (12) years only. Upon completion of the twelve (12) years, Independent Directors may continue to serve the Board as a Non-Independent Directors. In the event the Board wishes to retain such Directors as Non-Independent Directors, the Board will seek the shareholders' approval at the forthcoming AGM.

#### **Supply of Information**

The Board meets on a quarterly basis with additional meetings held whenever necessary. There were five (5) Board of Directors meetings held during the financial year ended 31 December 2023 and the details of attendance are set out as follows:

Name of Directors	Number. of Meetings Attended

#### **BOARD OF DIRECTORS (CONT'D)**

#### Re-election (Cont'd)

All five (5) of the meetings were held at 26th Floor Menara KH (Promet), Jalan Sultan Ismail, 50250 Kuala Lumpur.

The Company Secretary was present at all Board of Directors meetings held during the financial year ended 31 December 2023 in accordance with Practice 1.5 of the MCCG.

Prior to the Board meetings, the agenda together with the relevant documents and information are distributed to all Directors to ensure they have sufficient time to review and be prepared for discussion. The Group Chief Operating Officer and/or other relevant key management personnel will provide information on the Group's performance and clarification on relevant issues and management's recommendations for deliberation and discussion by the Board prior to decision-making. Proceedings of Board meetings are recorded and signed by the Chairman of the meeting.

Apart from the above, the Board members are updated on the Company's activities and its operations on a regular basis. Management's review and analysis on the Group's performance will be tabled to the Board every quarter for review. All Directors whether as a full board or in their individual capacity have access to all information of the Company on a timely basis in an appropriate form and quality necessary to enable them to discharge their duties and responsibilities.

All Directors have access to the advice and services of the Company Secretary and are entitled to seek independent professional advice, whenever necessary, at the expense of the Group. The appointment and removal of the Company Secretary are matters for the Board as a whole.

#### **Directors' Training**

The Board acknowledges the fact that continuous education is vital for the Board members to gain insight into the state of economy, manufacturing, technological advances in the core business and keep abreast of latest regulatory developments and management strategies.

The Board receives regular briefings and updates on the Group's businesses, operations, risk management, internal controls, corporate governance, finance and any new or changes to the relevant legislation, rules and regulations.

All the Directors have attended the Mandatory Accreditation Programme prescribed by Bursa Securities. During the year, the Senior Management are encouraged to attend courses whether in-house or external to help them in the discharge of their duties.

#### **DIRECTORS' REMUNERATION REPORT (CONT'D)**

#### The Level and Make-up of Remuneration (Cont'd)

The fees for Non-Executive Directors are determined by the Board and approved by the shareholders. The only other remuneration of Non-Executive Directors is meeting allowances, which are set by the Board having taken advice on appropriate levels. During the 113th AGM, all the shareholders unanimously voted "FOR" and approved the payment for Directors' fees in respect of the year ended 31 December 2022.

The Committee has not set any policy on the Directors' Remuneration.

The Company does not have any pension scheme for its employees and Directors. The Company does, however, make the statutory contribution for its employees to the relevant regulatory body, the Employees Provident Fund, in Malaysia. The fund operates as a defined contribution scheme. The Company does not have any long-term incentive plans or share option schemes for its employees and Directors.

#### **Procedure**

The Remuneration Committee is responsible for making recommendations to the Board, within agreed terms of reference, on an overall remuneration package for the Directors. The Committee has not engaged any person to advise and assist on any matters relating to the Directors' remuneration during 2023.

#### **DISCLOSURE**

#### Dialogue Between the Company and its Investors

The Group believes in clear communications with its shareholders. The Annual Report and the quarterly announcements are the primary methods of communication to report the Group's business activities and financial performance to all shareholders. All such reporting information can be obtained from the website of Bursa Securities or the Group's website www.ikkr.com.my. This complies with Practices 12.1 and 12.2 of the MCCG. Shareholders also have the opportunity to put questions at the AGM where the Directors are available to discuss aspects of the Group's business activities and performance. The shareholders may also forward their questions to the Company via e-mail at ir@ikkr.com.my or contact the Principal Office in Malaysia.

#### **The Annual General Meeting**

The AGM remains the principal forum for dialogue with shareholders, wherein, the Board presents the operations and performance of the Group. During the meeting, shareholders are given every opportunity to enquire and comment on matters relating to the Group's business. The Chairman, members of the Board and senior management personnel are available to respond to shareholders' queries during this meeting. This complies with Practice 13.2 of the MCCG. On any matter that requires the members present to decide, as per Practice 13.3 of the MCCG, poll voting is used.

#### **ACCOUNTABILITY AND AUDIT**

#### **Financial Reporting**

The Board aims to provide and present a balanced and meaningful assessment of the Group's financial performance and prospects at the end of every quarter and the financial year, primarily through the annual financial statements and quarterly announcements of results to shareholders as well as the Chairman's Statement in the Annual Report. The Audit Committee assists the Board by reviewing the disclosure of information to ensure completeness, accuracy and validity. This complies with Practice 9.5 of the MCCG.

#### **Internal Control and Risk Management System**

The Directors acknowledge their responsibility for the Group's system of internal controls covering not only financial controls but also operational and compliance controls, as well as risk management. The internal control system involves each subsidiary business and is designed to meet the needs of each subsidiary, to ensure that the risks faced by the business in pursuit of its objectives are identified and managed at known acceptable levels. The Group Chief Operating Officer has given his assurance that the Group's exposure to risk is limited to those mentioned in note 29.3 to the financial statements. The Group will be continuously reviewing the adequacy and integrity of its system of internal control. A full Statement on Internal Control is included on pages 28 and 29.

The Board also acknowledges the internal audit function as an integral part of an effective system of corporate governance. In this regard, the Board was given assurance that the internal audit function is present within the Group.

#### **Relationship with Auditors**

The Board, via the establishment of the Audit Committee, maintains a formal and transparent relationship with the Company's auditors. The roles of the Audit Committee in relation to the auditors are detailed in the Audit Committee Report on page 25.

At least one (1) member met with the Heads of Business Units to enquire about the overall business operations.

06.

07.

At least one (1) member attended sub-committee meetings on new business ventures.

#### **Internal Audit Function**

The Group's internal control systems was prepared by the outsourced internal auditor. The principal responsibility was to provide with independent assessments on the adequacy, efficiency and effectiveness of the internal control systems to ensure compliance with the systems and standard operating procedures at all main business units in the Group.

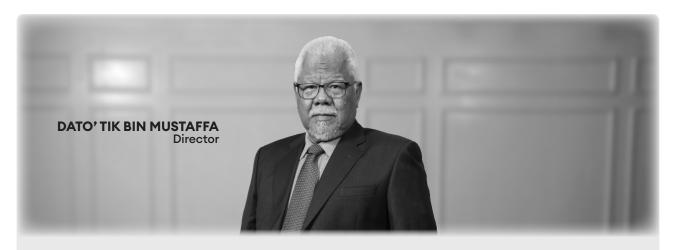

Internal Audit during the financial year covers financial audits on main business units of the Group to ascertain the adequacy and integrity of their system of internal controls and make recommendations for improvement if any weaknesses were found. There were no actions needed to be taken by the management as there were no audit recommendations on the adequacy, effectiveness and timeliness.

The tourism and plantation units are the main business units being subjected for the scope as they included some subjective variables. As for the manufacturing unit, it is audited yearly under the ISO 9001 audit.

After each audit, any findings and recommendations for improvement will be communicated to the respective management for their response and corrective actions. The findings would be looked into and responded accordingly to avoid any financial impact. Any findings would also be checked against the external audit progress report. Internal Audit will add value by improving the control processes within the Group.

Total cost incurred for the Internal Audit function in 2023 was RM18,400.

### STATEMENT ON INTERNAL CONTROL

The Board is pleased to make the following disclosures pursuant to Paragraph 15.26(b) of the Main LR of Bursa Securities, which requires the Board of Directors of public listed companies to include in its annual report "A statement about the state of internal control of the listed issuer as a Group". The Board confirms that there is an ongoing process of identifying, evaluating and managing the significant risks faced by the Group, and that the process will be regularly reviewed by the Board and accords with 'The Statement on Internal Control - Guidance for Directors of Public Listed Companies'.

#### **BOARD'S RESPONSIBILITY**

In accordance with Practice 1.1 of the MCCG, the Board is committed to maintaining a sound system of internal control to safeguard shareholders' investments and the Group's assets. Accordingly, the Board acknowledges its responsibility for the Group's overall system of internal control which includes the establishment of an appropriate control environment and framework as well as reviewing its adequacy and integrity. However, it should be noted that due to the limitations that are inherent in any system of internal control, such a system is designed to manage rather than eliminate the risk of failure to achieve the Group's business objectives. Accordingly, it can only provide reasonable and not absolute assurance against material misstatement or loss.

#### **REVIEW PROCESS FOR INTERNAL CONTROL SYSTEM**

In view of the size and nature of the Group's operations, the Group has an in-house function for its internal control evaluation. Currently the functions are focused on the active subsidiaries. An external consultant was contracted to provide certain system checks on the operational activities at PIR and later for the new property division.

Any adverse reports will be presented to the Audit Committee. Being an independent function, the reports will be presented with impartiality, proficiency and due professional care.

The internal audit function facilitates the Board, through the Audit Committee, in carrying out its responsibility to review and evaluate the adequacy and integrity of the Group's internal control system. The Board notes the matters pertaining to internal control which among others, includes the adequacy and integrity of the internal control systems of the Group. Reviews are carried out annually to provide independent assessments on the adequacy, efficiency and effectiveness of the Group's internal control systems in anticipating potential risk exposures over key business systems and processes and in controlling the proper conduct of businesses within the Group.

The internal audit function adopts a risk-based approach whereby the strategies and plans are prepared based on the risk profile of the Group. Any adverse report will be reviewed by the Audit Committee and forwarded to the management for attention and necessary corrective actions. The management is responsible for ensuring any corrective actions on reported weaknesses are taken within the required time frame.

# STATEMENT ON INTERNAL CONTROL (Cont'd)

#### OTHER CONTROL PROCEDURES

Apart from internal audit, there is an organisational structure with formally defined lines of responsibility and delegation of authority. This will provide a process of hierarchical reporting for an auditable trail of accountability.

The monitoring and management of the Group is delegated to the senior operational management. Through their involvement in the business operations and attendance at senior management level meetings, manages and monitors the Group's financial performance, key performance indicators, operational effectiveness and efficiency, discusses and resolves significant business issues and ensures compliance with applicable laws, regulations, rules, directives and guidelines. These meetings serve as a platform for the Board to communicate and address significant matters in relation to the Group's business and financial affairs and provide updates on significant changes in the businesses and the external environment that may result in any significant risks to the Group.

Internal control procedures are set out in the standard operating practice and business process and internal memos to serve as internal control guidance for proper measures to be undertaken and are subject to regular review, enhancement and improvement.

#### **REVIEW OF THIS STATEMENT**

Pursuant to Paragraph 15.23 of the Main LR of Bursa Securities, the external auditors have reviewed this Statement and the Risk Management Statement for inclusion in the 2023 Annual Report, and reported to the Board that nothing has come to their attention that causes them to believe that the Statements are inconsistent with their understanding of the process adopted by the Board in reviewing the adequacy and integrity of the system of internal control.

This Statement on Internal Control is made in accordance with the resolution of the Board of Directors dated 17 April 2024.

### DIRECTORS' REPORT

#### FOR THE YEAR ENDED 31 DECEMBER 2023

The Directors have pleasure in presenting their report, together with the audited financial statements of Inch Kenneth Kajang Rubber Public Limited Company ("the Company" or "the Parent") and its subsidiaries (together "the Group") for the financial year ended 31 December 2023.

#### **Principal Activities**

The Company was incorporated in Scotland with company number SC007574, as a public company limited by shares.

The Company is involved in investment holding and carries on the business of an oil palm grower in Selangor, Malaysia.

The subsidiary undertakings are engaged in the operations of a block rubber manufacturer, tourist resort, retailing building supplies, property development and leasing of properties in Malaysia.

A more detailed review of the Group's operations is set out in the Chairman's Statement on page 8.

#### **Group Structure**

The Group operates through its Parent and subsidiary companies, details of which are set out in note 17 to these financial statements.

#### **Results and Dividends**

The Group's results for the year are set out on page 45. The Group's loss attributable to shareholders of the Company for the financial year ended 31 December 2023 amounted to RM6.053 million (2022: loss of RM10.575 million).

No dividend was proposed for the financial year ended 31 December 2023.

The results of the operations of the Group and of the Company during the financial year were affected by the lower demand for the rubber blocks.

The Board plays an active role in the development of the Company's strategy. It has in place a strategy planning process, whereby the management presents to the Board its recommended strategy annually, together with its proposed business and regulatory plans for the ensuing year at a dedicated session, for the Board's review and approval. At this session, the Board deliberates both the management's and its own perspectives, and challenges the management's views and assumptions, to ensure the best outcome. In conjunction with this, the Board also reviews and approves the annual budget for the ensuing year, and sets the Key Performance Indicators (KPIs) under the Corporate Balanced Scorecard (CBS), ensuring that the targets correspond to the Company's strategy and business plan, reflect competitive industry trends and internal capabilities as well as provide sufficient stretch for the management.

#### **Post Balance Sheet Events**

No other events have occurred since the reporting period end which significantly affects the Company or the Group.

#### **Directors**

The Directors of the Company who held office during the year and at the date of this report are:

Dato' Adnan bin Maaruf
Dato' Tik bin Mustaffa
Datuk Che Md Nawawi bin Ismail
Sakinah binti Salleh (Appointed w.e.f 15 September 2023)
Datuk Mohamed Salleh bin Bajuri (resigned w.e.f 17 March 2023)

#### **Directors' Interests**

Neither at the end of the financial year ended 31 December 2023, nor at any time during that year, was there any arrangement to which the Company was a party, whereby the Directors could acquire benefits by means of the acquisition of shares in or debentures of, the Company or Group undertakings.

Since the end of the previous financial year, no Director has received or become entitled to receive any benefits (other than benefits included in the aggregate amount of emoluments received by the Directors as shown in the financial statements) by reason of a contract made by the Company or Group undertakings with any Director or with a firm of which he is a member, or with a company in which he has a substantial financial interest.

None of the Directors who held office during the financial year and to the date of this report, together with their immediate families, had any interests in the shares of the Company or Group undertakings.

### DIRECTORS' REPORT

# FOR THE YEAR ENDED 31 DECEMBER 2023 (Cont'd)

#### **Creditor Payment Policy and Practice**

It is the Group's policy that payments to suppliers are made in accordance with those terms and conditions agreed between the Group and its suppliers, provided that all trading terms and conditions have been complied with.

At 31 December 2023, the Group had an average of 104 days (2022: 78 days) purchase outstanding in trade payables.

#### **Health and Safety**

All aspects of health and safety at the Group's plantations are handled by our agent, Kemuning Plantations Enterprise, and reviewed by the Board. The Company also places a high level of importance on health and safety aspects at its principal trading subsidiaries, Perhentian Island Resort Sdn Bhd ("PIR"), Motel Desa Sdn Bhd and Supara Company Limited. Any health and safety issues at these subsidiaries may be detrimental to its image and hence may affect revenues achieved.

#### **Employees**

The number of staffs employed by the Group at the year end was 177 (2022: 192). At the resort, factory and estates, we provide employees with full quarters and required facilities, to provide a conducive environment, both for work and entertainment.

#### **Political and Charitable Donations**

There were no political or charitable donations made by the Group during the year ended 31 December 2023 except for community support by the subsidiary, PIR, to the village committee, as and when the need arose.

#### **Environment**

The Group's business is situated within areas that are subject to environmental conditions imposed by the local government authorities. All conditions have been fulfilled throughout the year. There have been no issues raised by the authorities pertaining to the day to day operation in relation to these conditions.

#### **Financial Instruments**

Details of the Group financial instruments and risks management are disclosed in note 29.

#### Information to Shareholders

The Group has its own website www.ikkr.com.my for the purposes of improving information flow to shareholders and potential investors.

#### **Going Concern**

After making appropriate enquiries and examining those areas which could give rise to financial exposure, the Directors are satisfied that no material or significant exposures exist and that the Group has adequate resources to continue its operations for the foreseeable future. For this reason, and as further discussed in note 2.1, the Directors continue to adopt the going concern basis in preparing the Company's and Group's financial statements.

### DIRECTORS' REPORT

# FOR THE YEAR ENDED 31 DECEMBER 2023 (Cont'd)

#### **Auditors**

In accordance with Section 489 of the United Kingdom's Companies Act 2006 ("UK Companies Act 2006"), a resolution proposing that Milsted Langdon LLP be appointed as auditors of the Company and that the Directors be authorised to fix their remuneration will be put to the next Annual General Meeting ("AGM").

### STATEMENT OF RESPONSIBILITIES OF THOSE CHARGED WITH

GOVERNANCE

#### FOR THE YEAR ENDED 31 DECEMBER 2023

The Directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable United Kingdom company law and International Financial Reporting Standards ("IFRS") as adopted by the United Kingdom ("UK").

The Directors are required to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the Group and of the Company and of the profit or loss and cash flows of the Group and of the Company for that period. In preparing those financial statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- present information, including accounting policies, in a manner that provides relevant, reliable, comparable and understandable information;
- prepare the financial statements on a going concern basis unless it is inappropriate to presume that the Group will continue in business;
- provide additional disclosures when compliance with the specific requirements in IFRS is insufficient to
  enable users to understand the impact of particular transactions, other events and conditions on the
  entity's financial position and financial performance; and
- state that the Group and the Company has complied with IFRS, subject to any material departures disclosed and explained in the financial statements.

The Directors confirm that the financial statements comply with the above requirements.

The Directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the Group and of the Company and to enable them to ensure that the financial statements comply with the UK Companies Act 2006 and Article 4 of the International Accounting Standards ("IAS") Regulation. The Directors are also responsible for safeguarding the assets of the Group and of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The Directors are responsible for the maintenance and integrity of the corporate and financial information included on the Group's website. Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

#### Statement of Disclosure to Auditors

The Directors who were members of the Board at the time of approving this report are listed on page 2. Having made enquiries of fellow Directors and of the Company's auditors, each of these Directors confirms that:

- to the best of each Director's knowledge and belief, there is no relevant audit information of which the Company's auditors are unaware; and
- each Director has taken all the steps a Director might reasonably be expected to have taken to make themselves aware of any relevant audit information and to establish that the auditors are aware of that information.

#### Disclosures in Respect of the Malaysian Code on Corporate Governance 2021

As required by the Main Market Listing Requirements of Bursa Malaysia Securities Berhad ("Bursa Securities"), the Annual Report contains a Corporate Governance Statement pursuant to the Malaysian Code on Corporate Governance 2021.

### INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF INCH KENNETH KAJANG RUBBER PUBLIC LIMITED COMPANY

#### FOR THE YEAR ENDED 31 DECEMBER 2023

#### **Opinion**

We have audited the financial statements of Inch Kenneth Kajang Rubber Public Limited Company (the 'Parent company') and its subsidiaries ('the Group') for the year ended 31 December 2023 which comprise the:

- Group and Parent Company Statement of Profit or Loss;
- Group and Parent Company Statement of Other Comprehensive Income;
- Group and Parent Company Statement of Financial Position;
- Group and Parent Company Statements of Changes in Equity;
- Group and Parent Company Statement of Cash Flows; and
- related notes to the financial statements, including a summary of significant accounting policies.

#### In our opinion the financial statements:

- give a true and fair view of the state of the Group and Parent Company's affairs as at 31 December 2023 and of the Group and Parent Company's loss for the year then ended;
- have been properly prepared, in accordance with International Financial Reporting Standards as adopted by the United Kingdom (UK); and
- have been prepared in accordance with the requirements of the United Kingdom Companies Act 2006.

#### **Basis for opinion**

We conducted our audit in accordance with International Standards on Auditing (United Kingdom) (ISA's (UK)) and applicable law. Our responsibilities for the audit of the financial statements section of our report describes our responsibilities under the IAS's (UK). We are independent of the Group and the parent company in accordance with the ethical requirements that are relevant to our audit of the financial statements, including the Financial Reporting Council ("FRC") Ethical Standard as applied to listed entities, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### An overview of our approach to the audit

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements as a whole are free from material misstatement, whether due to fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the group's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the directors; and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the annual report to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we become aware of any apparent material misstatements or inconsistencies, we consider the implications for our report.

At the planning stage of our audit we considered our assessment of the financial statement materiality and an assessment of the risks of material misstatement within the financial statements.

All trading group companies were subjected to full scope audits with work on all trading subsidiary companies being performed by component auditors. As auditors of the Group we provided component auditors with instructions as to the significant areas to be covered, including the relevant risks detailed above and the information to be reported back.

The component auditors were based in Malaysia and Thailand and the UK audit team carried out detailed file reviews of a sample of audit files upon completion of the component auditors' engagements. Any further work required by the UK audit team was then performed by the component auditors.

We communicated with those charged with governance at the planning stage and during our onsite audit work the overall scope of our audit and matters which we are required by auditing standards to bring to their attention.

### KENNETH KAJANG RUBBER PUBLIC LIMITED COMPANY

## FOR THE YEAR ENDED 31 DECEMBER 2023 (Cont'd)

#### **Key audit matters**

Key audit matters are those matters that, in our professional judgement, were of most significance in the audit of the financial statements and include the most significant assessed risks of material misstatement (whether or not due to fraud) identified by us, including those which had the greatest effect on: the overall audit strategy; the allocation of resources in the audit; and directing the efforts of the engagement team.

These matters were addressed, and our results are based on procedures undertaken, in the context of, and solely for the purpose of, our audit of the financial statements as a whole, and in forming our opinion thereon, and consequently are incidental to that opinion, and we do not provide a separate opinion on these matters.

#### Our assessment of risks of material misstatements

We identified the following key audit matters which were also brought specifically to the attention of the audit committee during the course of the audit process. This is not a complete list of all risks identified by our audit.

#### **Key audit matters**

## Classification and valuation of land held for development

In accordance with International Financial Reporting Standards (IFRS), the freehold lands held for development are carried at fair value. As the land is valued and classified by management, and an independent property valuation expert, there is an element of judgement arising.

#### How our audit addressed the key audit matter

We assessed International Accounting Standards 2, 16 and 40 to determine the classification of the land in the financial statements and our assessment is that the land held for development is correctly classified as management intend to develop the sites. In our opinion the work undertaken to date does not constitute the commencement of the development in accordance with the standards.

We met the valuers for the land in Kajang, Bangi and Motel Desa and discussed their bases of valuation and the assumptions used in arriving at the valuations. We have also received the final valuation reports as well as copies of the relevant land titles to confirm the ownership and valuation of this land within the financial statements.

#### Recoverability of investments in subsidiaries

The debts due from group companies are reported in the financial statements as investments in subsidiaries and should be included at their recoverable amount. Due to the value of inter-company debts throughout the group and the trading results of subsidiaries and the group overall, we raised an additional risk covering their valuation and recoverability.

Our assessment is that the recoverable amount of group debtors is not materially different to the amounts reported in the draft financial statements. We have based our assessment on trading results and assets held in the subsidiary companies to assess their ability to repay inter-company balances.

KENNETH KAJANG RUBBER PUBLIC LIMITED COMPANY

# FOR THE YEAR ENDED 31 DECEMBER 2023 (Cont'd)

#### Our application of materiality

The overall scope and focus of our audit was influenced by our assessment and application of materiality. The assessment of materiality was initially completed at the planning stage of our audit and reviewed throughout our audit work. The concept of materiality has therefore been applied throughout the planning and performance of our audit procedures, as well as in evaluating the effect of misstatements on our audit and on the financial statements.

Materiality for the Group was set at RM15.5 million, determined by reference to the assessed driving force of the business of balance sheet strength and was calculated applying an average of 1.5% of total assets and 3.67% of equity attributable to shareholders of the company.

Materiality for the Parent company was set on a similar basis to the above at RM11.0 million.

We also determine a level of performance materiality, being the amount set at less than materiality for the financial statements as a whole to reduce to an appropriately low level the probability that the aggregate of uncorrected and undetected misstatements exceeds materiality for the financial statements as a whole. This performance materiality has therefore been used in determining the extent of testing required throughout the audit.

We assessed performance materiality for the group as 75% of financial statement materiality.

We agreed to report to the Audit Committee any corrected or uncorrected identified misstatements exceeding RM775,000, in addition to other identified misstatements that warranted reporting on qualitive grounds.

#### Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Our evaluation of the directors' assessment of the group's and parent company's ability to continue to adopt the going concern basis of accounting included obtaining an understanding of the cash reserves available as well as other investments and financial assets that directors consider could be sold to generate cash should it be necessary together with consideration of whether the cash can be generated sufficiently quickly to support the cashflow needs of the business, if required.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the group's and parent company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

KENNETH KAJANG RUBBER PUBLIC LIMITED COMPANY

# FOR THE YEAR ENDED 31 DECEMBER 2023 (Cont'd)

#### Other Information

The other information comprises the information included in the annual report other than the financial statements and our auditor's report thereon. The directors are responsible for the other information. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

#### Opinions on other matters prescribed by the UK Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Strategic Report and Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Strategic Report and Directors' Report have been prepared in accordance with applicable legal requirements.

#### Matters on which we are required to report by exception

In the light of our knowledge and understanding of the Group and Parent company and its environment obtained in the course of the audit, we have not identified material misstatements in the Strategic Report and the Directors' Report.

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept by the Parent company, or returns adequate for our audit have not been received from branches not visited by us; or
- the Parent company financial statements are not in agreement with the accounting records and returns;
   or
- · certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

#### **Responsibilities of Directors**

As explained more fully in the Statement of responsibilities of those charged with Governance (set out on page 37), the Directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the Directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Directors are responsible for assessing the Group's and the Parent Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Group or the Parent company or to cease operations, or have no realistic alternative but to do so.

KENNETH KAJANG RUBBER PUBLIC LIMITED COMPANY

## FOR THE YEAR ENDED 31 DECEMBER 2023 (Cont'd)

#### Auditors' responsiblities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below:

In planning and designing our audit tests, we identify and assess the risks of material mis-statements, whether due to fraud or error. Our assessment of these risks includes the following:

- the nature of the industry and sector, control environment and business performance including the key drivers for directors' remuneration, bonus levels and performance targets;
- results of our enquiries of management about their own identification and assessment of the risks of irregularities;
- any matters we identified having made enquiries of management about their policies and procedures relating to:
  - identifying, evaluating and complying with laws and regulations and whether they were aware of any instances of non-compliance;
  - detecting and responding to the risks of fraud and whether they have knowledge of any actual, suspected
    or alleged fraud;
  - the internal controls established to mitigate risks of fraud or non-compliance with laws and regulations;
- the matters discussed among the audit engagement team regarding how and where fraud might occur in the financial statements and any potential indicators of fraud.

As a result of these procedures, we considered the opportunities and incentives that may exist within the organization for fraud. In common with all audits under ISAs (UK), we are also required to perform specific procedures to respond to the risk of management override.

We also obtained an understanding of the legal and regulatory frameworks that the company operates in, through discussions with the directors, and from our commercial knowledge and experience of the sector in which the company operates, to enable us to identify the key laws and regulations applicable to the company. We focused on specific laws and regulations which we considered may have a direct material effect on the financial statement or the operations of the company, including the Companies Act 2006, taxation legislation, data protection, anti-bribery, employment, environmental and health and safety legislation.

As a result of performing the above our procedures to respond to the risks identified included the following:

- reviewing the financial statement disclosures and testing to supporting documentation to assess compliance with provisions of relevant laws and regulations described as having a direct effect on the financial statements;
- enquiring of management concerning actual and potential litigation and claims;
- reading minutes of meetings of those charged with governance;
- performing analytical procedures to identify any unusual or unexpected relationships that may indicate risks of material misstatement due to fraud;
- obtained an understanding of provisions and held discussions with management to understand the basis of recognition or non-recognition of tax provisions; and
- in addressing the risk of fraud through management override of controls, testing the appropriateness of journal
  entries and other adjustments; assessing whether the judgements made in making accounting estimates are
  indicative of a potential bias; and evaluating the business rationale of any significant transactions that are
  unusual or outside the normal course of business.

### KENNETH KAJANG RUBBER PUBLIC LIMITED COMPANY

# FOR THE YEAR ENDED 31 DECEMBER 2023 (Cont'd)

#### Auditors' responsiblities for the audit of the financial statements (Cont'd)

We also communicated relevant identified laws and regulations and potential fraud risks to all engagement team members and remained alert to any indications of fraud or non-compliance with laws and regulations throughout the audit.

There are inherent limitations in our audit procedures described above. The more removed that laws and regulations are from financial transactions, the less likely it is that we would become aware of non-compliance. Auditing standards also limit the audit procedures required to identify non-compliance with laws and regulations to enquiry of the directors and other management and the inspection of regulatory and legal correspondence, if any.

Material misstatements that arise due to fraud can be harder to detect than those that arise from error so they may involve deliberate concealment or collusion.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at http://www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditors' report.

#### Other matters which we are required to address

We were appointed by the Board of Directors at the Annual General Meeting on 23 May 2023 to audit the financial statements for the period ending 31 December 2023. Our total uninterrupted period of engagement is five (5) years, covering the periods ending 31 December 2019 to 31 December 2023.

The non-audit services prohibited by the FRC's Ethical Standard were not provided to the group or the parent company and we remain independent of the group and the parent company in conducting our audit.

Our audit opinion is consistent with the additional report to the audit committee.

#### Use of our report

This report is made solely to the Company's members, as a body, in accordance with Chapter 3 of Part 16 of the UK Companies Act 2006. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose.

To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Share capital represents the nominal value of ordinary shares issued to shareholders of the company. The amount of share capital a company reports on its statement of financial position only accounts for the initial amount for which the original shareholders purchased the shares from the issuing company. Any price differences arising from price appreciation/depreciation as a result of transactions in the secondary market are not included.

Share premium is a contribution made by a shareholder when shares are issued and paid-in above the par value of such shares.

Property revaluation reserve is the capital reserve where changes in the value of the properties are recognised when they are revalued.

Investment revaluation reserve is the change in the value of investments recognised when they are revalued.

Foreign currency translation reserve represents the exchange differences resulting from the retranslation of net investments in subsidiary undertakings.

Retained earnings are net earnings not paid out as dividends, but retained by the company to be reinvested in its core business.

Treasury shares are those issued but re-purchased by the company. They are considered as issued but not outstanding and are not therefore included when calculating earnings per share and are not entitled to receive dividends. Treasury shares are treated as a reduction from equity.

# NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2023

#### 1. Corporate Information

The consolidated financial statements of the Company and its subsidiaries (together "the Group") for the year ended 31 December 2023 were authorised for issue by the Directors on 17 April 2024. The Company is a public limited company incorporated in Scotland and is listed on Bursa Securities. The principal activities of the Group are oil palm plantation owners, tourism resort operators, manufacturers of constant viscosity ("CV") block rubber and property development. Further information on the Company's subsidiaries is in note 17.

#### 2. Accounting Policies

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated below.

#### 2.1 Basis of preparation and going concern

The Group's financial statements are prepared on a going concern basis and in accordance IFRS as adopted by the UK and in accordance with those parts of the UK Companies Act 2006 applicable to companies preparing their accounts in accordance with IFRS.

The Company's financial statements have also been prepared in accordance with IFRS and the UK Companies Act 2006.

The financial statements of the Group and Company are prepared on an historical cost basis as modified by the revaluation of freehold lands and available-for-sale investments.

The Group's financial statements are presented in Ringgit Malaysia and all values are rounded to the nearest thousand (RM'000) except when otherwise indicated. The exchange rate of Ringgit Malaysia to Pounds Sterling at 31 December 2023 was £1: RM5.8484 (RM1: £0.1710) and 31 December 2022 was £1: RM5.2926 (RM1: £0.1889).

#### Going concern

During the year ended 31 December 2023 the Group made a loss of RM6.053 million (2022: loss of RM10.575 million) and at the year end date the Group had net current assets of RM81.554 million (2022: RM79.395 million) and net assets of RM575.470 million (2022: RM583.544 million). The operations of the Group are currently being financed by funds raised from the Group's operations and proceeds from disposal of land in year 2011. The Group has adequate resources to continue its operations for the foreseeable future as there are assets available that could be converted to cash or cash equivalents, should the need arise. The financial statements have, therefore, been prepared on the going concern basis.

#### 2.2 New IFRS standards and interpretations

The Group has adopted all relevant standards effective for accounting periods beginning on or after 1 January 2023 from the beginning of the reporting period, although they were either not applicable or material to the Group.

#### 2.3 Basis of consolidation and goodwill

The Group financial statements incorporate the financial statements of the Company and entities controlled by the Company and its subsidiaries. Control is achieved where the Company: has power over the investee; is exposed, or has rights, to variable returns from its involvement with the investee; and has the ability to use its power to affect its return.

The Company reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

Consolidation of a subsidiary begins when the Company obtains control over the subsidiary and ceases when the Company loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the period are included in the consolidated statement of profit or loss and other comprehensive income from the date the Company gains control until the date when the Company ceases to control the subsidiary.

## FOR THE YEAR ENDED 31 DECEMBER 2023 (Cont'd)

#### 2. Accounting Policies (Cont'd)

#### 2.3 Basis of consolidation and goodwill (Cont'd)

Where necessary, adjustments are made to the financial statements of the subsidiaries to bring their accounting policies into line with the Group's accounting policies.

The consolidated financial statements have been prepared by using the principles of acquisition accounting ("the purchase method") which includes the results of the subsidiaries from their date of acquisition.

All intra-group balances, transactions, income and expenses and profits and losses resulting from intra-group transactions are eliminated fully on consolidation.

Goodwill is the difference between the amount paid on the acquisition of a subsidiary company or a business and the aggregate fair value of the identifiable assets and liabilities acquired. Goodwill is capitalised as an intangible asset. In accordance with IFRS 3 'Business Combinations', goodwill is not amortised but tested for impairment annually or when there are any other indications that its carrying value is not recoverable.

Goodwill is therefore stated at cost less any provision for impairment in value. If a subsidiary undertaking is subsequently sold, goodwill arising on acquisition is taken into account in determining the profit and loss on sale. Goodwill is allocated to cash generating units for the purpose of impairment testing. The allocation is made to those cash generating units or groups of cash generating units that are expected to benefit from the business combination in which the goodwill arose.

#### 2.4 Investment in associated undertaking

Companies, other than subsidiary undertakings, in which the Group has an investment and over which it exerts significant influence but does not control, are treated as associated undertakings.

Investments in associated undertakings are equity accounted and carried in the Group statement of financial position at cost plus post acquisition changes in the Group's share of net assets of the associate, less any impairment in value.

Any goodwill arising on the acquisition of an associate, representing the excess of the cost of the investment compared to the Group's share of the net fair value of the associate's identifiable assets and liabilities, is included in the carrying amount of the associate. Goodwill on the acquisition of associates is not amortised.

The Group statement of profit or loss includes the Group's share of the associate's profit after tax. To the extent that losses of an associate exceed the carrying amount of the investment, the Group discontinues including its share of further losses and the investment is reported at nil value. Additional losses are only provided if the Group has an obligation to a third party.

After application of the equity method, the Group determines whether it is necessary to recognise an additional impairment loss of the Group's investment in its associate at each period end date. The Group calculates the amount of impairment as being the difference between the fair value of the associate and the carrying value and recognises the amount in the profit or loss.

Unrealised gains on transactions between the Group and its associate are eliminated to the extent of the Group's interest in the associate. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of the associate are changed where necessary to ensure consistency with the accounting policies of the Group.

## FOR THE YEAR ENDED 31 DECEMBER 2023 (Cont'd)

#### 2. Accounting Policies (Cont'd)

#### 2.4 Investment in associated undertaking (Cont'd)

The Parent Company's investment in its associate is included in the Company statement of financial position at cost, less any provision for impairment. Writeback of impairment for Company of RM8.6 million was done for financial year ended 31 December 2023.

#### 2.5 Intangible assets

Intangible assets of the Group consist of computer software and are capitalised at their cost and are amortised through administrative expenses on a straight-line basis over their expected useful lives of five (5) years.

The carrying value of intangible assets is tested for impairment whenever events or changes in circumstances indicate the carrying value may not be recoverable.

#### 2.6 Property, plant and equipment

Freehold lands are stated at their revalued amounts, being the fair value at the date of revaluation, less any subsequent accumulated impairment losses. Revaluations are performed with sufficient regularity such that the carrying amounts do not differ materially from those that would be determined using fair values at the end of the reporting period. Fair value is based on periodic valuations made at least once in every five years and an interim valuation every three years based on management decision. Valuations are carried out by an independent external licensed valuer on an open market value basis. Any surplus or deficit arising on valuation is transferred directly to equity as a revaluation surplus in the property revaluation reserve, except for those deficits expected to be permanent, which are charged to profit or loss. Freehold lands are not depreciated.

Other property, plant and equipment are stated at cost less accumulated depreciation and any impairment losses.

Depreciation is calculated on a straight-line basis to write off the costs, less estimated residual values of each asset over its estimated useful lives, as follows:

Buildings10 - 50 yearsLand improvements5 - 20 yearsOther assets5 - 10 years

The carrying values of property, plant and equipment are tested for impairment if events or changes in circumstances indicate the carrying values may not be recoverable. Any impairment losses are recognised in the profit or loss.

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at each period end date. Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised within the statement of profit or loss.

When revalued assets are sold, the amounts included in property revaluation reserves are transferred to retained earnings.

#### 2.7 Biological assets

The Group's biological assets consist of oil palm tree plantations. According to IAS 41 'Agriculture', biological assets should be valued annually at their fair values. The gain or loss in fair value of biological assets is to be included in the profit or loss.

## FOR THE YEAR ENDED 31 DECEMBER 2023 (Cont'd)

#### 2. Accounting Policies (Cont'd)

#### 2.7 Biological assets (Cont'd)

The Group has used IAS 41's cost model to value the biological assets because the Directors believe that fair values cannot be measured reliably as the trees on the plantations are mature (greater than 25 years old). At 31 December 2023 the costs of the biological assets have been fully depreciated. Even though the plantations are still producing income the Directors believe that any attempt to revalue the plantations to their fair values would not be reliable as market-determined prices or values are not readily available and alternative estimates of fair value are unreliable. The biological assets (i.e. the oil palm trees) are therefore carried in the Company's and Group's financial statements at a nil net book value.

The freehold estate land is carried at its fair value as discussed in note 2.6 above.

The harvested produce, FFB are sold immediately after being harvested. Therefore the requirement under IAS 41 to value agricultural produce at market value as inventories does not apply.

#### 2.8 Investment properties

Investment properties are held to earn rentals and for capital appreciation.

Investment properties are initially recognised at cost and subsequently carried at fair value, determined annually by independent professional valuers on the current use basis. Changes in fair values are recognised in profit or loss.

Investment properties are subject to renovations or improvements at regular intervals. The cost of major renovations and improvements is capitalised and the carrying amounts of the replaced components are recognised in profit or loss. The cost of maintenance, repairs and minor improvements is recognised in profit or loss when incurred.

#### 2.9 Land held for development

As the freehold land held under Inch Kenneth Development (M) Sdn Bhd has been earmarked for property development, the carrying value of the land and all expenditure incurred to realize the development project has been reclassified to Land Held For Development.

The freehold land in the Holding Company and all expenses incurred for the construction of the 22 units of low cost terrace houses at Dunedin estate, Mukim of Semenyih, has also been reclassified to Land Held For Development, together with all other expenditure incurred.

#### 2.10 Investments and other financial assets

#### Classification

The Group classifies its financial assets in the following measurement categories: those to be measured subsequently at fair value (either through other comprehensive income ("OCI") or through profit or loss), and those to be measured at amortised cost. The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or OCI. For investments in equity instruments that are not held for trading, this will depend on whether the Group has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income ("FVOCI").

## FOR THE YEAR ENDED 31 DECEMBER 2023 (Cont'd)

#### 2. Accounting Policies (Cont'd)

#### 2.10 Investments and other financial assets (Cont'd)

The Group reclassifies debt investments when and only when its business model for managing those assets changes.

Recognition and derecognition

Regular way purchases and sales of financial assets are recognised on trade-date, the date on which the Group commits to purchase or sell the asset. Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Group has transferred substantially all the risks and rewards of ownership.

#### Measurement

At initial recognition, the Group measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss ("FVPL"), transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at FVPL are expensed in profit or loss. Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

#### Debt instruments

Subsequent measurement of debt instruments depends on the Group's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Group classifies its debt instruments: Amortised cost: Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Interest income from these financial assets is included in finance income using the effective interest rate method. Any gain or loss arising on derecognition is recognised directly in profit or loss and presented in other gains/(losses) together with foreign exchange gains and losses. Impairment losses are presented as separate line item in the statement of profit or loss.

FVOCI: Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at FVOCI. Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest income and foreign exchange gains and losses which are recognised in profit or loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in other gains/(losses). Interest income from these financial assets is included in finance income using the effective interest rate method. Foreign exchange gains and losses are presented in other gains/(losses) and impairment expenses are presented as separate line item in the statement of profit or loss.

FVPL: Assets that do not meet the criteria for amortised cost or FVOCI are measured at FVPL. A gain or loss on a debt investment that is subsequently measured at FVPL is recognised in profit or loss and presented net within other gains/(losses) in the period in which it arises.

## FOR THE YEAR ENDED 31 DECEMBER 2023 (Cont'd)

#### 2. Accounting Policies (Cont'd)

#### 2.10 Investments and other financial assets (Cont'd)

#### Equity instruments

The Group subsequently measures all equity investments at fair value. Where the Group's management has elected to present fair value gains and losses on equity investments in OCI, there is no subsequent reclassification of fair value gains and losses to profit or loss following the derecognition of the investment. Dividends from such investments continue to be recognised in profit or loss as other income when the Group's right to receive payments is established.

Changes in the fair value of financial assets at FVPL are recognised in other gains/(losses) in the statement of profit or loss as applicable. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.

#### *Impairment*

The Group assesses on a forward looking basis the expected credit losses associated with its debt instruments carried at amortised cost and FVOCI. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables, the Group applies the simplified approach permitted by IFRS 9, which requires expected lifetime losses to be recognised from initial recognition of the receivables, see note 22 for further details.

#### Classification

The Group classifies its financial assets in the following categories:

- financial assets at fair value through profit or loss,
- loans and receivables,
- held-to-maturity investments,
- available-for-sale financial assets and
- right-of-use assets.

The classification depends on the purpose for which the investments were acquired. Management determines the classification of its investments at initial recognition and, in the case of assets classified as held-to-maturity, re-evaluated this designation at the end of each reporting period.

#### Reclassification

The Group could choose to reclassify a non-derivative trading financial asset out of the held for trading category if the financial asset was no longer held for the purpose of selling it in the near term. Financial assets other than loans and receivables were permitted to be reclassified out of the held for trading category only in rare circumstances arising from a single event that was unusual and highly unlikely to recur in the near term. In addition, the Group could choose to reclassify financial assets that would meet the definition of loans and receivables out of the held for trading or available-for-sale categories if the Group had the intention and ability to hold these financial assets for the foreseeable future or until maturity at the date of reclassification

Reclassifications made at fair value as of the reclassification date. Fair value became the new cost or amortised cost as applicable, and no reversals of fair value gains or losses recorded before reclassification date were subsequently made. Effective interest rates for financial assets reclassified to loans and receivables and held-to-maturity categories were determined at the reclassification date. Further increases in estimates of cash flows adjusted effective interest rates prospectively.

## FOR THE YEAR ENDED 31 DECEMBER 2023 (Cont'd)

#### 2. Accounting Policies (Cont'd)

#### 2.10 Investments and other financial assets (Cont'd)

Subsequent measurement

The measurement at initial recognition did not change on adoption of IFRS 9, see description above.

Subsequent to the initial recognition, loans and receivables and held-to-maturity investments were carried at amortised cost using the effective interest method.

Available-for-sale financial assets and financial assets at FVPL were subsequently carried at fair value. Gains or losses arising from changes in the fair value were recognised as follows:

- for financial assets at FVPL in profit or loss within other gains/(losses)
- for available-for-sale financial assets that are monetary securities denominated in a foreign currency – translation differences related to changes in the amortised cost of the security were recognised in profit or loss and other changes in the carrying amount were recognised in other comprehensive income
- for other monetary and non-monetary securities classified as available-for-sale in other comprehensive income.

Details on how the fair value of financial instruments is determined are disclosed in note 29.4.

When securities classified as available-for-sale were sold, the accumulated fair value adjustments recognised in other comprehensive income were reclassified to profit or loss as gains and losses from investment securities.

#### *Impairment*

The Group assessed at the end of each reporting period whether there was objective evidence that a financial asset or Group of financial assets was impaired. A financial asset or a Group of financial assets was impaired and impairment losses were incurred only if there was objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the asset (a 'loss event') and that loss event (or events) had an impact on the estimated future cash flows of the financial asset or Group of financial assets that could be reliably estimated. In the case of equity investments classified as available-for-sale, a significant or prolonged decline in the fair value of the security below its cost was considered an indicator that the assets are impaired.

#### Assets carried at amortised cost

For loans and receivables, the amount of the loss was measured as the difference between the asset's carrying amount and the present value of estimated future cash flows (excluding future credit losses that had not been incurred) discounted at the financial asset's original effective interest rate. The carrying amount of the asset was reduced and the amount of the loss was recognised in profit or loss. If a loan or held-to-maturity investment had a variable interest rate, the discount rate for measuring any impairment loss was the current effective interest rate determined under the contract. As a practical expedient, the Group could measure impairment on the basis of an instrument's fair value using an observable market price.

If, in a subsequent period, the amount of the impairment loss decreased and the decrease could be related objectively to an event occurring after the impairment was recognised (such as an improvement in the debtor's credit rating), the reversal of the previously recognised impairment loss was recognised in profit or loss. Impairment testing of trade receivables is described in note 22.

## FOR THE YEAR ENDED 31 DECEMBER 2023 (Cont'd)

#### 2. Accounting Policies (Cont'd)

#### 2.10 Investments and other financial assets (Cont'd)

Assets classified as available-for-sale

If there was objective evidence of impairment for available-for-sale financial assets, the cumulative loss – measured as the difference between the acquisition cost and the current fair value, less any impairment loss on that financial asset previously recognised in profit or loss – was removed from equity and recognised in profit or loss.

Impairment losses on equity instruments that were recognised in profit or loss were not reversed through profit or loss in a subsequent period.

If the fair value of a debt instrument classified as available-for-sale increased in a subsequent period and the increase could be objectively related to an event occurring after the impairment loss was recognised in profit or loss, the impairment loss was reversed through profit or loss.

#### 2.11 Parent Company investments in subsidiaries and associates

The Parent Company's investments in subsidiaries and associated undertakings are included in the Company statement of financial position at cost less any provisions for impairments.

#### 2.12 Inventories

Inventories are being held at the lower of cost and net realisable value.

No harvested FFB are held at year end, therefore, the requirement under IAS 41 'Agriculture' to value agricultural produce at market value does not apply.

#### 2.13 Cash and cash equivalents

Cash and cash equivalents are held for the purpose of meeting short-term cash commitments rather than for investment or other purposes. For an investment to qualify as a cash equivalent it must be readily convertible to a known amount of cash and be subject an insignificant risk of changes in value. The amount in the statement of financial position is stated at cost, which is approximately equal to the fair value, and comprises cash in hand, cash at bank, short term deposits and short-term investments.

#### 2.14 Impairment of non-current assets

The Group assesses at each reporting date whether there is an indication that an asset may be impaired. If any such indication exists, or when annual impairment testing for an asset is required, the Group makes an estimate of the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's fair value less costs to sell and its value in use and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value of money and the risks specific to the asset. Impairment losses of continuing operations are recognised in the profit or loss in those expense categories consistent with the function of the impaired asset.

## FOR THE YEAR ENDED 31 DECEMBER 2023 (Cont'd)

#### 2. Accounting Policies (Cont'd)

#### 2.15 Financial liabilities and equity

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. Financial liabilities include trade and other payables and bank borrowings.

Trade and other payables are carried at cost which is the fair value of the consideration to be paid in the future for goods and services received, whether or not billed to the company.

All borrowings and overdrafts are recorded at the amount of the proceeds received, net of direct issue costs. Finance charges are charged to the statement of profit or loss on an accruals basis using the effective interest rate method.

Equity instruments are recorded at the fair value of the consideration received, net of direct issue costs.

#### 2.16 Revenue

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured. Revenue is measured at the fair value of consideration received or receivable net of value added tax, returns, rebates or discounts and after eliminating sales with the Group.

Revenue derived from plantation activities represents the sale of oil palm FFB and is recognised on the accrual basis.

Revenue derived from manufacturing activities is recognised as sales when the goods are delivered, and the risks and rewards of ownership of the goods are transferred to buyers.

Revenue derived from resort activities represents room rentals, net of hotel room tax, and the sale of food and beverages. Accommodation revenue is recognised on the arrival of customers. Payments received in advance of the arrival of guests are included in current liabilities as accommodation rental received in advance.

Dividend income is recognised when the right to receive payments is established.

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Group and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

The Group's policy for recognition of revenue from operating leases is described in note 2.18 below.

#### 2.17 Government Grants and Government Assistance

The government grant was given as an incentive when the resort was redeveloped. It is recognised as income in profit or loss on a systematic basis over the periods in which the Group recognises as expenses the related costs for which the grants are intended to compensate. Any balance not yet recognised in profit or loss is treated as a deferred income ie. a liability in the statement of financial position. All conditions in regards to the Grant has been fully satisfied and completed.

## FOR THE YEAR ENDED 31 DECEMBER 2023 (Cont'd)

#### 2. Accounting Policies (Cont'd)

#### 2.17 Government Grants and Government Assistance

Government assistance aimed at encouraging or providing long-term support of business activities in certain regions or industry sectors is a "government grant" within the scope of MFRS 120, Accounting for Government Grants and Disclosure of Government Assistance, such grants are not credited directly to equity holders' interests, even if there are no conditions specifically relating to the operating activities of the entity.

#### 2.18 Leases

All leases are recognised on the balance sheet by lessees. Under the new standard, an asset (the right to use the leased item) and a financial liability to pay rentals are recognised. The only exceptions are short-term and low-value leases.

The Group applied IFRS 16 from its mandatory adoption. The Group used the simplified transition approach and will not restate comparative amounts for the year prior to first adoption. Right-of-use assets for property leases will be measured on transition as if the new rules had always been applied. All other right-of-use assets will be measured at the amount of the lease liability on adoption (adjusted for any prepaid or accrued lease expenses).

#### 2.19 Employee entitlements

The liability for employees' compensation for unutilised leave is accrued in relation to services rendered by employees and relates to rights which have been vested. These amounts are not discounted.

The Group's contribution to a defined contribution plan is charged to the profit or loss in the period to which the contribution relates.

#### 2.20 Provisions

Provisions are recognised when the Group has a legal or constructive obligation as a result of a past event and it is probable that an outflow of economic benefits will be required to settle the obligation. If the effect is material, expected future cash flows are discounted using a current pretax rate that reflects, where appropriate, the risks specific to the liability.

Where the Group expects some or all of a provision to be reimbursed, for example under an insurance policy, the reimbursement is recognised as a separate asset but only when recovery is virtually certain. The expense relating to any provision is presented in the income statement net of any reimbursement. Where discounting is used, the increase in the provision due to unwinding of discount is recognised as a finance cost.

#### 2.21 Dividend distributions

Dividend distributions proposed by the Board of Directors and unpaid at the year end are not recognised in the financial statements as a liability until they have been approved by the Company's shareholders at the AGM.

## FOR THE YEAR ENDED 31 DECEMBER 2023 (Cont'd)

#### 2. Accounting Policies (Cont'd)

#### 2.22 Related parties

Parties are considered to be related if one party has the ability, directly or indirectly, to control the other party, or exercise significant influence over the other party in making financial and operating decisions. Parties are also considered to be related if they are subject to common control or common significant influence. Related parties may be individuals or corporate entities.

#### 2.23 Current and deferred income tax

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the period end date and any adjustments to tax payable in respect of previous years.

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the consolidated financial statements. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the period end date and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled. Deferred tax liabilities are recognised for the temporary timing differences associated with subsidiaries, joint ventures and associates, but only where the Group is able to control the timing of the reversal of the temporary difference.

Deferred income tax assets are recognised to the extent that it is probable that future taxable profits will be available against which the assets can be utilised.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Group expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities. For this purpose, the carrying amount of freehold lands measured at fair value is presumed to be recovered through sale after implementation of the Group business plan.

#### 2.24 Foreign currency translation

Functional and presentational currency

Items included in the financial statements of each of the Group's entities are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The consolidated financial statements are presented in 'Ringgit Malaysia' ("RM"), which is the Company's and the Group's functional and presentation currency.

Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the profit or loss.

The assets, liabilities and the results of the foreign subsidiary undertakings are translated into Ringgit Malaysia at the rates of exchange ruling at the year end. Exchange differences resulting from the retranslation of net investments in subsidiary undertakings are treated as movements on reserves.

## FOR THE YEAR ENDED 31 DECEMBER 2023 (Cont'd)

#### 3. Significant Accounting Judgements and Estimates

In the process of applying the Group's accounting policies, which are described in note 2 above, the Directors have made the following judgments and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom exactly equal the related actual results. The estimates and assumptions that have a risk of causing material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below:

Carrying value of associate

The Directors assess the fair value of the Group's investment in its associated undertaking, CEPCO and compare it to the carrying value. No impairment was charged in 2023.

Depreciation, useful lives and residual values of property, plant and equipment

The Directors estimate the useful lives and residual values of property, plant and equipment in order to calculate the depreciation charges. Changes in these estimates could result in changes being required to the annual depreciation charges in the statement of profit or loss and the carrying values of the property, plant and equipment in the statement of financial position.

Fair value measurements

A number of the Group's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

The Group has an established control framework with respect to the measurement of fair values. When measuring the fair value of an asset or a liability, the management uses market observable data as far possible. Where Level 1 inputs are not available, the Group engages third party qualified valuers to perform the valuation. Information about the valuation techniques and inputs used in determining the fair value of various assets and liabilities are included in the relevant notes.

Deferred tax asset

Deferred tax assets are recognised for all unutilised tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant judgement and measurement is required to determine the amount of deferred tax asset that can be recognised, based on the likely timing of future taxable profit together with future tax planning strategies. The carrying value of deferred tax assets recognised as at 31 December 2023 is RM0.174 million Nil (2022: RM Nil) and the unrecognised tax losses as at 31 December 2023 is approximately RM17.810 million (2022: RM17.389 million) in respect of which the future economic benefit is uncertain. Further details are shown in note 8.

#### 4. Segmental Information

The Group applies IFRS 8 'Operating Segments'. The accounting policy for identifying segments is based on internal management reporting information that is regularly reviewed by the chief operating decision maker. In identifying its operating segments, management generally follows the Group's service lines, which represent the main products and services provided by the Group.

The Group's operating businesses are organised and managed separately according to the nature of products produced and services provided, with each segment representing a strategic business unit that offers different products and serves different markets.

#### 8.3 Deferred tax balances

The estimated deferred tax assets at 24% (2022: 24%) not recognised in these financial statements are as follows:

	Group		Company	
	2023 RM'000	2022 RM'000	2023 RM'000	2022 RM'000
Arising from:				
Unused tax losses	17,356	16,533	14,320	13,456
Unutilised capital allowances	454	856	150	140
	17,840	17,389	14,470	13,596

The key factors that may affect future tax charges include the ability to claim capital allowances in excess of depreciation, utilisation of unrelieved tax losses and changes in tax legislation. The Group expects to be able to claim capital allowances in excess of depreciation in future years based on its capital investment plans. The Group also has unutilised tax losses estimated to be RM72.3 million (2022: RM68.9 million) which arise mainly in relation to activities in Malaysia and which may generally be carried forward without time limits applying. The availability of the unused tax losses for offsetting against future taxable profits of the Company and its subsidiaries are subject to there being no substantial changes in shareholdings of the Company and its subsidiaries under Section 44 (5A) and (5B) of Income Tax Act, 1967 in Malaysia.

As for the subsidiary in Thailand, the unutilised tax losses is THB11.95 million (2022: THB10.8 million) which may be carried forward for a maximum of five (5) years.

The revaluation of available-for-sale investments and short-term investments that has been reported as part of other comprehensive income on page 40 of these financial statements is not shown net of taxation. This is on the basis that the Group and the Company have unutilised losses which exceed the revalued amount. Unused tax losses carried forward at the end of reporting period, which is disclosed above, have been reduced correspondingly.

Fair value measurement of the Group's and Company's freehold lands

The Group's freehold lands are stated at their revalued amounts, being the fair value at the date of revaluation. In order to establish the 31 December 2023 valuation of the Group's freehold lands, valuations were obtained.

The fair value measurement of the Group's freehold lands in Kajang and Bangi as at 31 December 2023 and 31 December 2022 were performed by Nilai Properties Consultants Sdn Bhd (V(1) 0065), an independent valuer not related to the Group, using the open market basis method. These lands are currently being used for the Group's plantation activities for growing of oil palm FFB. The Group has been given consent for the change of use of the lands. Further commentary on the Group's plans for its land is included in the Chairman's Statement.

In the opinion of the Directors, there is no indication of any significant difference between the carrying amount and market values of the other freehold lands of the Group at 31 December 2023.

The historical cost of the above freehold lands of the Group is RM107.242 million and of the Company is RM0.407 million. There are no restrictions on the title of the Group's property, plant and equipment.

The fair values of all the freehold lands of the Group and Company are classified as Level 2. There were no transfers between Levels 1 and 2 during the year.

### 29.1 Capital risk management

The Group's objectives when managing capital are to safeguard the Group's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital. In order to maintain or adjust the capital structure, the Group may return capital to shareholders, issue new shares or sell assets to reduce debt. The Group is not subjected to any externally imposed capital requirement.

#### 29.2 Classification of financial instruments

Financial assets and financial liabilities are measured on an ongoing basis either at fair value or at amortised cost. The principal accounting policies of the Group described how the classes of financial instruments are measured, and how income and expenses, including fair value gains and losses, are recognised, The following table analysed the financial assets and liabilities at the reporting date by the classes of financial instruments to which they are assigned, and therefore by the measurement basis.

#### 29. Financial Instruments (Cont'd)

#### 29.3 Financial risk management objectives and policies

The Group's principal financial instruments consist of cash, short-term deposits and short term investments. The main purpose of these financial instruments is to finance the Group's operations and investments. The Group has other financial instruments such as receivables and payables that arise directly from its operations.

The Directors recognise that financial risk management is an area in which they may need to develop specific policies should the Group become exposed to further financial risks as the business develops.

The main risks arising from the Group's financial instruments are credit risk and market risk which include foreign exchange rates and equity prices. The Board reviews and agrees policies for managing each of these risks as and when they arise. Currently, the Group is not exposed to interest rate risk and liquidity risk.

#### Credit risk

The Group has adopted a policy of only dealing with recognised creditworthy third parties and obtaining sufficient collateral, where appropriate, as a means of mitigating the risk of financial loss from defaults.

The Group and the Company manages the exposures to credit risk by performing credit evaluations on all of their major customers requiring credit, and where appropriate, credit guarantee insurance is purchased. The Group's maximum exposure to credit risk is represented by the carrying amount of financial assets in the financial statements which amounts to RM82.0 million.

As the Group trades only with recognised creditworthy third parties, there is no requirement for collateral. The credit risk on liquid funds is limited because counterparties are banks with high credit ratings.

#### Foreign currency risk

The Group has some structural currency exposure as some of its investments and operations are in Thai Baht. Apart from the proceeds derived in Ringgit Malaysia, the Group also receives proceeds from rubber block sales in US Dollars. However the foreign currency risk is considered immaterial to the Group and the Company as a whole.

### Market price risk

The Group is exposed to unquoted unit trusts market price and equity securities price risk, from the investments held by the Group and classified as short-term investments and available-for-sale investments respectively.

#### **Hedges**

The Group did not enter into any interest rate swaps or forward currency contracts to hedge against interest rate risk or foreign currency risk.

#### 29.4 Fair values measurements

The fair values of financial assets and financial liabilities of the Group and the Company approximates to their carrying amounts, as disclosed in the statement of financial position and related notes.

### Fair value hierarchy

The Group's and the Company's financial instruments carried at fair value are analysed as follows:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the assets or liabilities, either directly (i.e. as prices) or indirectly (i.e. derived from prices);
- Level 3: Inputs for the assets or liabilities that are not based on observable market date (unobservable inputs).

As at reporting date, the Group's and the Company's quoted other investments are classified as Level 1.

There were no material transfers between Level 1, Level 2 and Level 3 during the financial year. The Group and the Company do not have any financial instruments classified as Level 2 and Level 3 as at 31 December 2023.
