NOTES TO THE UNAUDITED CONDENSED FINANCIAL INFORMATION FOR THE PERIOD ENDED 30 JUNE 2020

1. Basis of preparation and accounting policies

1.1 Reporting entity

Inch Kenneth Kajang Rubber Public Limited Company ("the Company") is a company incorporated in Scotland with its registered office at 7 Castle Street, Edinburgh EH2 3AP, Scotland. The principal operating office is at 26th Floor Menara Promet (KH), Jalan Sultan Ismail, 50250 Kuala Lumpur, Malaysia. All of the operations of the Company and its subsidiaries are located in Malaysia and Thailand.

The consolidated unaudited financial information of the Company as at 30 June 2020 includes the Company, its subsidiaries and its interest in an associated undertaking (together referred to as the "Group").

1.2 Basis of preparation

The unaudited financial information has been prepared on a going concern basis and in accordance with IAS34 Interim Financial Reporting. The financial information has been prepared under the historical cost convention except for the fair value measurement of available-for-sale investments and freehold estate lands. The financial information is also presented to comply in all material respects of the requirement of the Malaysian FRS 134 Interim Financial Reporting and Chapter 9 of the Bursa Malaysia Listing Requirements.

The unaudited quarterly consolidated financial information to 30 June 2020 included in this Announcement has been prepared by applying accounting policies consistent with those used in the preparation of the most recent audited financial statements of the Group, being for the year ended 31 December 2019. The consolidated financial statements of the Group for the year ended 31 December 2019 are available at Bursa Malaysia website, the Company's registered office in Scotland and its operating office in Malaysia.

1.3 Changes in accounting policies

On 19 November 2011, the Malaysian Accounting Standards Board ("MASB") issued a new MASB approved accounting framework, the Malaysian Financial Reporting Standards ("MFRS Framework"). The MFRS Framework is to be applied by all Entities Other Than Private Entities for annual periods beginning on or after 1 January 2012, with the exception of entities that are within the scope of MFRS 141 "Agriculture" and/or IC Interpretation 15 "Agreements for Construction of Real Estate", including their parent, significant investor and venturer (herein called "Transitioning Entities").

Based on the MASB announcement on 2 September 2014, adoption of the MFRS Framework by Transitioning Entities will only be mandatory for annual periods beginning on or after 1 January 2017.

The subsidiaries within the Group fall within the scope definition of Transitioning Entities and have opted to defer adoption of the new MFRS Framework. However the Group financial statements will continue to be prepared using the IFRS Framework for the financial statements for the year ending 31 December 2019. The subsidiaries expect to be in a position to fully comply with these requirements for the financial year ending 31 December 2019.

The Group foresees that there will be no material impact on the financial statements as the real estate business would only be operational after 2020 and the current oil palm plantation has already exceeded its normal economic lifespan.

NOTES TO THE UNAUDITED CONDENSED CONSOLIDATED FINANCIAL INFORMATION FOR THE PERIOD ENDED 30 JUNE 2020

1. Basis of preparation and accounting policies (continued)

1.4 Non-statutory accounts

The financial information contained in this report does not constitute full statutory accounts within the meaning of Section 434 of the United Kingdom's Companies Act 2006.

1.5 Independent auditors' report of preceding financial year ended 31 December 2019

There was no qualification made on the preceding audited financial statements for the year ended 31 December 2019, further it did not contain a statement under section 498(2) or 498(3) of the Companies Act 2006 and did not include reference to any matters to which the auditor drew attention by way of emphasis.

1.6 Approval by Board of Directors

This consolidated interim financial information was approved by the Board of Directors on 26 August 2020.

2. Review of performance

The Group's turnover was RM4.092 million for the cumulative quarter ended 30 June 2020 as compared to RM6.388 million for the corresponding cumulative quarter in the preceding year. The decrease in Group's turnover by RM2.296 million is mainly due to lower tourist arrival at the resort due to the Covid 19 pandemic.

The revenue of the associate company, Concrete Engineering Products Berhad ("CEPCO") for the 6 months ended 30 June 2020 decreased to RM29.646 million (IKKR's share: RM6.641 million) compared to RM47.729 million (IKKR's share: RM10.693 million) in the preceding year, a decrease of RM4.052 million in respect of IKKR's share. The decreased sales volume in Cepco is due to less projects being undertaken due to the pandemic during this period.

The Group's loss before tax for the cumulative quarter ended 30 June 2020 was RM10.258 million as compared to a loss of RM5.821 million for the corresponding cumulative quarter ended 30 June 2019.

3. Comparison with preceding quarter

The Group recorded a pre-tax loss of RM4.543 million for the current quarter under review compared to a pre-tax loss of RM5.714 million in the 1st quarter 2020. The lower loss incurred in this quarter was due to the lower share of loss of the associate.

NOTES TO THE UNAUDITED CONDENSED CONSOLIDATED FINANCIAL INFORMATION FOR THE PERIOD ENDED 30 JUNE 2020

4. Commentary on prospects

Our plans to diversify into the property sector are in the final stages of planning, with only matters relating to Lembaga Lebuhraya Malaysia ("LLM) and Jabatan Kerja Raya ("JKR") to settle. We expect the full submission of the Master Plan by 3rd Quarter 2020. This will not have any financial impact on the Group. The Group performance for this year is expected to be adversely effected as our tourism division, which is the main contributor to the Group, was impacted by the Covid 19 pandemic.

5. Comparison with profit forecasts

As the Group does not issue profit forecasts, no comparison can be made.

6. Changes in composition of the Group

There were no changes in the composition of the Group during the financial period under review.

7. Status of corporate proposals

There are no corporate proposals that have been announced but not completed as at the date of this announcement.

8. Realised and Unrealised Profits

The breakdown of retained profits of the Group as at 30 June 2020, pursuant to the format prescribed by Bursa, is as follows:

The effective tax rate on the Group's loss is higher than the statutory tax rate substantially due to the non-taxability of losses due to impairment in investments and stocks.

14. Loss per share

The basic and diluted loss per share for the current quarter and cumulative year to-date have been computed based on Group's loss for the financial current quarter/cumulative year to-date divided by the weighted average number of ordinary shares of ± 0.10 each in issue after adjusting for movements in treasury shares during the financial current quarter/cumulative year to-date. The Company does not have any outstanding share options or other potentially dilutive financial instruments currently in issue.
