The Board, through its Audit Committee, reviews the results of this process, including mitigation measures implemented by Management to address the key risks identified.

This review mechanism is oversee by the Audit Committee. The process of risk management is also addressed by compilation of risk profiles of each department in the Group. The risk action plans and internal controls that Management has taken and/or is taking are documented in the minutes of the Audit Committee meetings.

The presence of the internal audit function supports this review mechanism and assists the Audit Committee in conducting their review more effectively. Additionally, the Audit Committee also reviews the financial information and reports produced by Management. This financial information and reports also include quarterly financial results, annual report and Audited Financial Statements.
