9. Procedures

The Committee follows formal and transparent policy and procedures when deciding the remuneration packages of the Executive Directors. The Board remuneration policy is in line with the Group's overall practice on compensation and benefits, which is to reward employees competitively, taking into account performance, market comparisons and competitive pressures in the industry. Whilst not seeking to maintain a strict market position, it takes into account comparable roles in similar organisations. The remuneration of the Board of Directors is determined on the basis of standards in the market and reflects demands to the expected competencies and efforts in light of the scope of their work and the number of board and board committee meetings.
