1. BASIS OF PREPARATION

The interim financial report is unaudited and has been prepared in accordance with Financial Reporting Standards ("FRS") 134 "Interim Financial Reporting" and the applicable disclosure provisions of the Listing Requirements of Bursa Malaysia Securities Berhad and should be read in conjunction with the Group's audited financial statements for the financial year ended 30 June 2007.

a) The significant accounting policies adopted for this interim financial report are consistent with those of the audited financial statements for the financial year ended 30 June 2007 except for the adoption of the new and revised Financial Reporting Standards ("FRS") as stated below :

		Effective for period
		beginning on or after
FRS 117	Leases	1 October 2006
FRS 124	Related Party Disclosures	1 October 2006
FRS 6	Exploration for and Evaluation of Mineral Resources	1 January 2007
FRS 119 ₂₀₀₄	Amendment to Financial Reporting Standard FRS 1192004 Employees Benefits - Actuarial Gains and Losses, Group Plans and Disclosures	1 January 2007

The new and revised FRS 6 and 119₂₀₀₄ are not relevant to the operation of the Group. The adoption of the revised FRS 124 does not have significant financial impact on the Group.

The principal effects of the change in accounting policies resulting for the adoption of FRS 117 disclosed as follows :

Leasehold land held for own use (FRS 117 : Leases)

Prior to 1 July 2007, leasehold land held for own use was classified as property, plant and equipment and was stated at revalued amount less accumulated depreciation and impairment losses. Surpluses arising from revaluation are dealt with in the revaluation reserve accounts. Any deficit arising is offset against the revaluation reserve to the extent of a previous increase for the same property. In all other cases, a decrease in carrying amount is charged to the income statement.

The adoption of the revised FRS 117 has resulted in a change in the accounting policy relating to the classification of leasehold land. Such leasehold land will no longer be revalued. Leases of land are classified as operating or finance leases in the same way as leases of other assets and the land and buildings elements of a lease of land and buildings are considered separately for the purpose of lease classification. Leasehold land held for own use is now classified as operating lease and where necessary, the minimum lease payments or the up-front payments made are allocated between the land and the buildings elements in proportion to the relative fair values for leasehold interests in the land elements and buildings elements of the lease at the inception of the lease.

(302829-W)

EXPLANATORY NOTES FOR THIRD QUARTER ENDING 31 MARCH 2008

The up-front payment represents prepaid lease payments and are amortised on a straight-line basis over the lease term.

The Group has applied the change in accounting policy in respect of leasehold land in accordance with the transitional provisions of FRS 117. At 1 July 2007, the unamortised amount of leasehold land is retained as the surrogate carrying amount of prepaid lease payments as allowed by the transitional provisions. The reclassification of leasehold land as prepaid lease payments has been accounted for retrospectively and certain comparatives have been restated. The effects on the consolidated balance sheet as at 31 December 2007 are set out below. There were no effects on the consolidated income statement for the quarter ended 31 March 2008.

16. MATERIAL CHANGE IN PROFIT/(LOSS) BEFORE TAXATION COMPARED TO IMMEDIATE PRECEDING QUARTER

	Current Quarter	Preceding Quarter
RM Million	31 March 2008	31 December 2007
Revenue	67.582	114.302
Consolidated (Loss)/Profit before taxation	(2.671)	4.606

The Group's revenues for the quarter ended 31 March 2008 declined to RM67.58 million from RM114.30 million of the preceding quarter. The decline was mainly due to lower production output impacted by the festive holidays in the third quarter of the financial year, lower orders received and the weakening of the US dollars. (Refer Note 19)

The Group recorded a loss before taxation of RM2.67 million as compared to the profit before taxation of RM4.61 million in the preceding quarter. The losses were mainly due to lower revenue registered for the quarter, higher operating costs as a result of lower production output and increase in the prices of materials, especially the Vietnam operations. The losses are also partly attributable to the forex losses resulted by the weakening of the US Dollars.

17. REVIEW OF PERFORMANCE

RM Million	Current Quarter 31 March 2008	Preceding Year Corresponding Quarter 31 March 2007
Revenue	67.582	88.690

The Group recorded revenues of RM67.58 million for the quarter ended 31 March 2008 representing a decrease of 23.8% as compared to the preceding year corresponding quarter of RM88.69 million. The decrease was mainly due to trimming down of Malaysian operations and the weakening of the US Dollars.

EXPLANATORY NOTES FOR THIRD QUARTER ENDING 31 MARCH 2008

The Group's loss before taxation for the quarter ended 31 March 2008 increased to RM2.67 million from RM0.98 million of preceding year corresponding quarter. The increase was mainly attributable to forex losses from the weakening of the US Dollars during the quarter, higher losses registered by the Thailand operations, escalating in operating costs and prices of materials especially the Vietnam operations.

18. SUBSEQUENT EVENTS

There were no material events subsequent to the end of the current quarter that would have impact on the result that had been reflected in the quarter under review.

19. SEASONAL OR CYCLICAL FACTORS

The Group operation is seasonal in nature whereby the turnover for the first three months of a calendar year (January to March) is slightly lower than the rest of the quarters (April to December). This is mainly due to long festive holidays which fall on the first quarter of the calendar year and also the demand for furniture in the United States which normally slows down after Christmas and New Year.

20. CURRENT YEAR PROSPECT

The Group will continue to enhance its Vietnam operations, strengthening the local operations and improving the Thailand operations. Given the weakening housing market in the United States, the Group will endeavour to strengthen its operations to deal with the challenges and to remain profitable.
