(a) Current Year Quarter vs. Previous Year Corresponding Quarter

The Group's revenue of RM312.14 million in the current quarter ended 31 December 2022 increased by 94% compared to RM160.83 million in the previous year's corresponding quarter. This was due to the overall stronger performances shown by the hospitality, property and investment and others divisions.

The hospitality division revenue increased by RM105.12 million due to InterContinental Hayman Island, InterContinental Sydney and InterContinental Sanctuary Cove delivering stronger trading results from recovering domestic travel with improved occupancy rates and higher room rates. The property division recorded higher revenue of RM39.34 million due to higher settlements in Mulpha Norwest development near Sydney. The investment and others division's revenue increased by RM6.85 million arising mainly from new businesses relating to promotional merchandise and car wash operations in the current quarter.

The Group's pre-tax profit of RM20.44 million for the current quarter ended 31 December 2022 significantly increased by RM84.81 million as compared to pre-tax loss of RM64.37 million in the previous year's corresponding quarter in line with the increases in revenue in the various divisions as mentioned above.

(b) Current Year-to-date vs. Previous Year-to-date

The Group's revenue of RM970.92 million for the year ended 31 December 2022 increased by 23% as compared to RM787.22 million in the previous financial year. The favourable performance was mainly from the stronger performances from the hospitality and investments and others divisions partially offset by a decrease in the property division.

FOURTH FINANCIAL QUARTER ENDED 31 DECEMBER 2022

B1. Review of performance (Cont'd)

(i) Profit or Loss Analysis (Cont'd)

(b) Current Year-to-date vs. Previous Year-to-date (Cont'd)

The hospitality division reported a higher revenue of RM273.38 million for the year ended 31 December 2022 compared to the previous year, backed by strong demand from the leisure market and pent-up demand from the corporate and sports groups and wedding events. The three InterContinental hotels achieved higher occupancies and record-breaking room rates. The opening of 12 beachfront pavilions in September further boosted the InterContinental Hayman Island performance. The investment and others division's revenue increased by RM26.67 million as compared to the previous year due to a higher volume of debt financing deals and new promotional merchandises and car wash businesses in the current period. This was partly offset by lower student enrolments in the Hotel School in the current year due to challenging visa processing for international students and local students leaving for full time jobs due to the high demand for workforce in the hospitality industry. The property division revenue decreased by RM116.35 million compared to the previous year due to overall lower settlements in Mulpha Norwest and Sanctuary Cove developments and a one-off sale of a pad site at Lexington drive in the previous year.

The Group's pre-tax profit of RM102.46 million for the year ended 31 December 2022 decreased by 76% as compared to pre-tax profit of RM422.56 million in the previous year. The decrease in the Group's pre-tax profit by RM320.10 million was mainly attributed to a one-off gain in the previous year which arose from the disposal of an associate, Education Perfect, a New Zealand company involved in online education sector, amounting to RM420.90 million, and also the underperformance in the property division as mentioned above.

B2. Comparisons With Preceding Quarter's Results

	CURRENT QUARTER ENDED 31.12.2022	PRECEDING QUARTER ENDED 30.09.2022	СНА	NGES
	RM'000	RM'000	RM'000	%

(Loss)/Profit attributable to owners of the Company	(43)	20,429	(20,472)	>(100%)

The Group's revenue of RM312.14 million in the current quarter ended 31 December increased by 47% as compared to revenue of RM213.01 million in the preceding quarter. The increase was mainly from the property and hospitality divisions and partly offset by the decrease in the investment and others division.

The higher property division revenue by RM77.29 million was mainly due to higher settlements in Mulpha Norwest and Sanctuary Cove developments in Australia. The hospitality division recorded higher revenue by RM24.86 million as compared to the preceding quarter was mainly due to the full reopening of InterContinental Sydney in October 2022. The investment and others division's revenue decreased by RM3.02 million as compared to preceding quarter was mainly due to lower student enrolments in the Hotel School in the current quarter.

The Group's pre-tax profit of RM20.43 million for the current quarter ended 31 December 2022 increased by RM16.87 million as compared to pre-tax profit of RM3.56 million in the previous quarter in line with the increases in revenue as mentioned above which was partly offset by higher interest rates in the current quarter.

B3. Prospects

The fourth quarter saw trading at the Group's Resort Hotels continue to strengthen with InterContinental Sydney, InterContinental Hayman Island and InterContinental Sanctuary Cove reporting record-breaking room rates and solid occupancies mostly backed by domestic leisure and corporate group business. We are now seeing domestic leisure demand soften as outbound travel gradually increases. These trends are expected to be offset by a return of international tourists particularly in the second half of 2023. The period also saw increased pressure on operating costs including labour rates, food and beverage purchases, and fuel costs. Electricity prices have also materially increased in 2023 across all Australian markets.

The 12 new luxury beach pavilions at InterContinental Hayman Island have been well received and the Group will consider further pavilions once occupancies are more stabilised. The InterContinental Sydney was officially opened in early October which was well-timed with a strengthening of accommodation demand particularly from the corporate market. The new exclusive Aster rooftop bar is gaining strong exposure and it is expected that this venue will become a well-known destination in the Sydney market.

Sydney real estate market conditions continued to soften following a series of interest rate rises and increased cost of living pressures. As the Group's real estate products typically target mature buyers and owner-occupiers, this market is less impacted than first home buyers and investors. Steady sales have been achieved at the new Norwest Quarter project which comprises 196 apartment units that were released in early 2022. Construction on this project has commenced with civil earthworks well underway. Land sales have remained slow at Sanctuary Cove with the local market now seeing prices decline following exceptional sales in 2021. However, it is pleasing that the first waterfront apartment building in Sanctuary Cove, Harbour One, has achieved strong sales and price growth since its release in 2022.

Construction is progressing well on The Bond, a six-story commercial office and medical building adjacent to the Norwest private hospital with completion scheduled for March/April 2023. Following significant construction and wet weather delays, the construction of Swing City, a golf entertainment facility at Norwest is now gaining momentum and completion is scheduled for mid-2023. Construction of 60 boutique cabins has commenced at the Palmers Lane vineyard site in the Hunter Valley to complement our successful wedding venue. The builder of the cabins was placed in administration and Management has appointed a new builder to complete the project which is also expected in mid-2023.

The Leisure Farm project in Iskandar Malaysia operates in a highly competitive market however enquiry levels have improved since mid-2022. As previously noted, the higher costs of new construction have increased the attractiveness of completed built product, particularly in higher-end villas. Accordingly, it is anticipated that Leisure Farm sales will see a gradual improvement in 2023.

The Group's investment properties have maintained solid occupancies consistent with pre-COVID levels with most tenants reporting a strong rebound in retail sales. In June 2022, the Group completed the acquisition of Capri on Via Roma shopping centre in Gold Coast, Queensland, Australia. This centre has a strong focus on grocery and food and beverage tenants and located in an affluent neighbourhood in the northern Gold Coast. Management is confident of delivering steady increases in earnings through active management. Leasing activity at Brimbank Shopping Centre in Victoria, has been positive with a range of new tenants secured to fill vacancies that grew during COVID lockdowns in 2020 and 2021. After a period of disruption due to tenant fitout works, Transport House will return to full occupancy of office tenancies in the first quarter of 2023.

Bimbadgen Wine Estate had a strong year of hosting over 170 wedding events which also contributed to its winery sales. The Group has also expanded hospitality operations with the recent purchases of Ioesco restaurant and Sanctuary Cove Tavern at Sanctuary Cove. The Group also completed the acquisition of Edgewater Dining and Fish Emporium restaurants that are located within the Capri on Via Roma shopping centre in the financial year. These high-volume restaurants will provide additional opportunities for the sale of Bimbadgen wines.

B3. Prospects (Cont'd)

The Group is actively looking to build its fund management capability to secure attractive real estate equity and debt investments with third-party capital support. The Group also continues to explore opportunities to expand its interests in operating businesses, particularly where the Group has established operational capability.

The completion of the InterContinental Sydney refurbishment will boost trading performance together with a range of new hospitality investments under construction. The Group has successfully diversified earnings to deliver greater resilience and stability in future years. In addition, a range of major developments including The Bond, Norwest Quarter and Harbour One will provide significant earnings contributions in 2023 and beyond. Planning has commenced for future stages of these projects.

As a Group, Mulpha has built a team of highly skilled and specialized professionals in each industry segment and is well positioned to continue to grow the business despite increasing macro-economic challenges in Australia and globally.

B9. Material Litigation

In September 2012, the Company disposed of the entire equity interest in its wholly-owned subsidiary, Bestari Sepang Sdn Bhd ("Bestari") for a cash consideration of RM1.0 million to Mula Holdings Sdn Bhd ("Mula"). As part of this transaction, the Company also entered into a Settlement Agreement with Mula whereby Mula shall pay a settlement sum ("Settlement Sum") of RM104.0 million on or before 15 December 2012, as full and final settlement of the advances that the Company had previously made to Bestari and its subsidiaries, Spanstead Sdn Bhd ("Spanstead") and Seri Ehsan (Sepang) Sdn Bhd ("Seri Ehsan"), failing which, additional payments will apply until the final settlement date of 15 December 2013 ("final settlement date").

Mula failed to pay the Settlement Sum on the final settlement date. Accordingly, the Settlement Agreement automatically terminated and the Company's right to receive payment of the full amount of RM301,506,429 as at 30 June 2012 ("Full Outstanding Amount") that the Company had previously advanced to Bestari, Spanstead and Seri Ehsan (collectively "Bestari Group") was reinstated, the Full Outstanding Amount is secured by land titles belonging to Seri Ehsan ("the Land") and an irrevocable Power of Attorney to deal with the Land.

As Bestari Group failed to settle the Full Outstanding Amount, the Company filed a Writ of Summons and Statement of Claim against Mula and Bestari Group on 30 January 2015 claiming for, amongst others, a declaration that the Full Outstanding Amount of RM301,506,429 as at 30 June 2012 together with interest thereon is due and owing by Bestari Group.

Mula and Bestari Group then filed their Defence and Counterclaim on 9 February 2015. Thereafter, the Company filed its Reply and Defence to Counterclaim on 18 February 2015. The Trial commenced on 15 February 2016 until 1 August 2019 with a total of 17 days of trial. Both parties have closed their case on 1 August 2019 and thus ending the Trial. The parties have filed and exchanged their written submissions. Subsequently, the parties have completed the oral submissions on 24 February 2020 and 25 February 2020. The judgment was delivered on 17 July 2020, subject to any appeals and further legal proceedings. The judge found that Mula had breached the Settlement Agreement and that the said agreement was terminated on 15 December 2013. The Judge declared the amount due and payable to the Company to be RM301 million plus interest and held that the Power Attorney is valid. Further, the defendants are restrained from dealing with the Sepang Land. The Company was successful in defending the relevant counterclaim and the Judge dismissed Mula's counterclaim with costs.

On 30 July 2020, Mula has filed a notice of appeal against the entire decision made by the High Court. On 24 June 2022, the panel Court of Appeal dismissed Mula's appeal with costs. Mula has since applied to the Federal Court for leave to appeal further and this was heard on 15 November 2022. The Federal Court panel of judges has dismissed Mula's leave application.
