A. NOTES TO THE INTERIM FINANCIAL REPORT

A1. Accounting Policies and Methods of Computation

The interim financial report has been prepared in accordance with Financial Reporting Standard ("FRS") 134: Interim Financial Reporting and Chapter 9, Paragraph 9.22 of the Listing Requirements of Bursa Malaysia Securities Berhad, and should be read in conjunction with the Audited Financial Statements for the year ended 31 July 2011.

The significant accounting policies and methods of computation applied in the unaudited condensed interim financial statements are consistent with those adopted in the Annual Financial Statements for the financial year ended 31 July 2011 except for the following:-

Amendments on the Accounting Policies

Changes in accounting policies

On 1 August 2011, the Group adopted the following Amendments to FRSs, Issues Committee Interpretations ("IC Int."), Amendments to IC Int. and Technical Releases ("TR") which are mandatory for financial period beginning on or after 1 January 2011 and 1 July 2011 :-

Amendments to FRS 1	Limited Exemption from Comparative FRS 7 Disclosures for First-time Adopters
Amendments to FRS 1	Additional Exemptions for First Time Adopters
Amendments to FRS 2	Group Cash-settled Share-based Payment Transactions
Amendments to FRS 7	Improving Disclosures about Financial Instruments
Amendments to FRSs contained in the document entitled "Improvements to FRSs (2010)"	
IC Int. 4	Determining Whether an Arrangement contains a Lease
IC Int. 18	Transfers of Assets from Customers
Amendments to IC Int. 14	Prepayments of a Minimum Funding Requirement
TR i-4	Syariah Compliant Sale Contract

The adoption of the above Amendments to FRSs, IC Int., Amendments to IC Int. and TR are not expected to have any significant impact on the results and financial position of the Group except for those discussed below :-

Amendments to FRS 7 [Improvements to FRSs (2010)]

The Amendments clarifies that quantitative disclosures of risk concentrations are required if the disclosures made in other parts of the financial statements are not readily apparent. The disclosure on maximum exposure to credit risk is not required for financial instruments whose carrying amount best represents the maximum exposure to credit risk.

Amendments to FRS 101 [Improvements to FRSs (2010)]

The Amendments clarifies that an entity shall present an analysis of other comprehensive income for each component of equity, either in the statement of changes in equity or in the notes to the financial statements.

Amendments to FRS 7 Improving Disclosures about Financial Instruments

The Amendments to FRS 7 expand the disclosures required in respect of fair value measurement and liquidity risk. Fair value measurements are to be disclosed by source of inputs using a three level hierarchy for each class of financial instrument. The Amendments to FRS 7 requires disclosure of fair value measurements by level of the following fair value measurement hierarchy :-

(a) quoted prices (unadjusted) in active markets for identical assets or liabilities (Level 1);
(b) inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (is as prices) or indirectly (i.e. derived from prices) (Level 2); and
(c) inputs for the asset or liability that are not based on observable market data (unobservable inputs) (Level 3)

In addition, reconciliation between the beginning and ending balance for Level 3 fair value measurements is now required, as well as significant transfers between Level 1 and Level 2 fair value measurements. The Amendments also clarify the requirements for liquidity risk disclosures.

Accounting standards issued but not yet effective

To converge with International Financial Reporting Standards in 2012, the Malaysian Accounting Standards Board ("MASB") had on 19 November 2011, issued a new MASB approved accounting framework, the Malaysian Financial Reporting Standards ("MFRSs"), which are mandatory for annual financial periods beginning on or after 1 January 2012, with the exception of entities that are within the scope of MFRS 141

Agriculture and IC Int. 15 Agreements for Construction of Real Estate, including its parent, significant investor and venturer ("Transitioning Entities").

Transitioning Entities will be allowed to defer the adoption of the new MFRS framework for an additional one year. Consequently, adoption of MFRS framework by Transitioning Entities will be mandatory for annual periods beginning on or after 1 January 2013. However, the Group does not qualify as Transitioning Entities and is therefore required to adopt the MFRS framework and prepare its first financial statements using the MFRS framework for the financial period beginning on or after 1 January 2012.

In presenting its first financial statements adopting MFRS framework, the Group may be required to restate the comparative financial statements to amounts reflecting the application of the MFRS framework. The Group is currently in the process of determining the financial impact arising from the adoption of the MFRS framework.

The following are MFRSs, Amendments to MFRSs and IC Int. which are effective after 1 January 2012 :-

i) Effective for financial period on or after 1 July 2012

Amendments to MFRS 101	Presentation of Items of Other Comprehensive Income

Summary of the Standards and Amendments

MFRS 9 Financial Instruments

This Standard addresses the classification and measurement of financial assets and financial liabilities. All financial assets shall be classified on the basis of the Group's business model for managing the financial assets and the contractual cash flow characteristics of the financial asset. Financial assets are initially measured at fair value plus, in the case of a financial asset not at fair value through profit or loss, particular transaction costs. Financial assets are subsequently measured at amortised cost or fair value. Financial liabilities are subsequently measured at amortised cost or fair value. However, changes due to own credit risk in relation to the fair value option for financial liabilities shall be recognised in other comprehensive income.

MFRS 10 Consolidated Financial Statements

This Standard defines the principle of control and establishes control as the basis for determining which entities are consolidated in the consolidated financial statements. An investor controls an investee when it is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. The investor is required to reassess whether it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control.

MFRS 11 Joint Arrangements

This Standard requires a party to a joint arrangement to determine the type of joint arrangement in which it is involved by assessing its rights and obligations arising from the arrangement. A joint arrangement is an arrangement of which two or more parties have joint control. Joint arrangements are classified into two types; joint operations and joint ventures. A joint operation is a joint arrangement whereby joint operators have rights to the assets, and obligations for the liabilities, relating to the arrangement. A joint venture is a joint arrangement whereby the joint venturers have rights to the net assets of the arrangements. A joint operator recognises and measures the assets and liabilities in relation to its interest in the arrangement in accordance with applicable relevant FRS whereas a joint venture recognises the investment using the equity method of accounting.

MFRS 12 Disclosure of Interests in Other Entities

This Standard establishes disclosure objectives and requirements that enable users of financial statements to evaluate the nature of, and risks associated with, the Group's interests in other entities, and the effects of those interests on its financial position, financial performance and cash flows. If the minimum disclosures required in this Standard are not sufficient to meet the disclosure objectives, the Group is expected to disclose whatever additional information that is necessary to meet that objective.

MFRS 13 Fair Value Measurements

MFRS 13 conceptualises the meaning of fair value and provides a framework on how to measure fair value of assets, liabilities and equity required or permitted by other FRSs.

MFRS 119 Employee Benefits (revised)

This revised Standard requires the Group to recognise all changes in the defined benefit obligations and in the fair value of related plan assets when those changes occur. The Group is also required to split the changes in the net defined benefit liability or asset into the following three components: service cost (presented in profit or loss), net interest on the net defined benefit liability (presented in profit or loss) and remeasurement of the net defined benefit liability (presented in other comprehensive income and not recycled through profit or loss).

MFRS 124 Related Party Disclosures

MFRS 124 clarifies the definition of a related party to simplify the identification of such relationships and to eliminate inconsistencies in its application. The MFRS 124 expands the definition of a related party and would treat two entities as related to each other whenever a person (or a close member of that person's family) or a third party has control or joint control over the entity, or has significant influence over the entity. The Standard also introduces a partial exemption of disclosure requirements for government-related entities. If a government controlled or significantly influenced an entity, the entity requires disclosures that are important to users of financial statements but eliminates requirements to disclose information that is costly to gather and of less value to users. This balance is achieved by requiring disclosure about these transactions only if they are individually or collectively significant. As this is a disclosure standard, the Standard will have no impact on the financial position and performance of the Group when implemented.

Amendments to MFRS 7 Disclosures – Transfers of Financial Assets

The Amendments amended the required disclosures to help users of financial statements evaluate the risk exposures relating to transfers of financial assets and the effect of those risks on an entity's financial position.

Amendments to MFRS 101 Presentation of Items of Other Comprehensive Income

The Amendments to MFRS 101 changes the grouping of items presented in other comprehensive income. Items that could be reclassified to profit or loss at a future point in time would be presented separately from items which will never be reclassified.

Amendments to MFRS 112 Deferred Tax : Recovery of Underlying Assets

The Amendments apply to the measurement of deferred tax liabilities and deferred tax assets when investment properties are measured using the fair value model under MFRS 140 Investment Property. The Amendments introduce a rebuttable presumption that an investment property measured at fair value is recovered entirely through sale. This presumption is rebutted if the investment property is held within a business model whose objective is to consume substantially all of the economic benefits embodied in the investment property over time, rather than through sale.

A2. Audit Report

The audit report of the preceding Audited Financial Statements of the Company was reported without any qualification.

A3. Seasonality or Cyclicality of Operations

It was a traditional low peak trading period for the quarter under review.

A4. Unusual Items

The valuation of property, plant and equipment and investment property have been brought forward without amendment from previous Audited Financial Statements.

A10. Material Events Subsequent To The Financial Period

There was no subsequent material event as at the date of this quarterly report.

A11. Changes in the Composition of the Company

On 9 December 2011, the Board of Directors had announced that the Poh Kong Group has embarked on a group wide internal restructuring exercise which would involve the consolidation of the Group's existing business activities into six specific areas, namely:-

(i) Retail;
(ii) Wholesale and distribution;
(iii) Manufacturing;
(iv) Property Investment;
(v) Franchise; and
(vi) Overseas Investment.

The internal restructuring will ultimately result in the winding up of the non-key/ dormant subsidiaries and the acquisition of all the retail businesses which are currently held under 36 registered companies by Poh Kong Jewellers Sdn. Bhd. which will be the sole entity managing all the retail outlets.

In line with the internal reorganisation exercise, Poh Kong Group will consolidate its existing banking facilities amongst the existing financial institutions with the new borrowing structures which comprise primarily Bankers' Acceptance and ICP/IMTN programme.

Save as disclosed, there was no change in the composition of the Group for the current quarter and financial year to date including business combination, acquisition or disposal of subsidiaries and long term investment, restructuring or discontinuing of operations.

A12. Contingent Liabilities

Poh Kong Jewellers Sdn. Bhd, a wholly owned subsidiary of the Company, has granted a corporate guarantee to Danajamin Nasional Berhad in respect of ICP/IMTN programme up to RM150,000,000 in accordance with the Shariah principle of Commodity Murabahah.

In addition to the above, the Company has granted additional corporate guarantees of RM40,766,000 in the current quarter. As at 31 July 2012, a total of RM161,951,999 corporate guarantees has been given in support of banking facilities granted to subsidiary companies; a total of RM8,000,000 corporate guarantee has been given to third party in respect of leasing and hire purchase facilities; a total of RM7,474,928 corporate guarantees has been given to third parties in respect of operating lease arrangements.

Save as disclosed above, there was no change in contingent liabilities since the last annual reporting date.

B. ADDITIONAL INFORMATION REQUIRED BY BURSA MALAYSIA SECURITIES BERHAD LISTING REQUIREMENTS

B1. Review of Performance

The Group's revenue for the fourth quarter under review was higher at RM204.720 million as compared to the revenue in the corresponding quarter last year of RM183.115 million; an increase of RM21.605 million. The increase in revenue was attributed to the upsurge in domestic prices of gold, contribution by the new outlets and also the existing stores registering higher sales record. The demand for gold-based jewellery, gold bars and wafers increased in the current quarter under review.

The Group's profit before tax in the current quarter at RM12.004 million was lower as compared to the profit before tax of RM15.352 million in the corresponding quarter last year; a decrease of RM3.348 million. The decrease in profit before tax was mainly due to the increase in finance costs and the fluctuation in gold price, resulting a thinner profit margin from gold revenue.

The Group's revenue is largely derived from retail segment while the manufacturing segment supplies the finished gold jewellery to the retail segment.

B2. Comparison with Preceding Quarter's Results (4th Quarter FYE 2012 vs 3rd Quarter FYE 2012)

Financial Indicators:	**Q4FYE2012**	**Q3FYE2012**	**Variance**	**Variance**
	RM('000)	**RM('000)**	**RM('000)**	**(%)**
Revenue	204,720	192,342	12,378	6%
Profit before taxation	12,004	15,870	(3,866)	-24%
Profit after taxation	9,544	11,584	(2,040)	-18%

The revenue increased compared with the preceding quarter was mainly due to special occasions which fell in this quarter, ie. Mother's Day and Lunar Leap Month. The decrease in profit before tax was mainly due to the fluctuation in gold price.

B3. Current Year Prospects

For the current financial year, the Group will continue its drive to build market share by enhancing and differentiating its product offerings to its targeted market segments. Towards this purpose, the Group is actively evaluating various initiatives and opportunities to attract new customers through the introduction of new product designs and enhanced customer service.

It is still uncertain to what extent the world economy will be affected by the ongoing financial issues affecting USA and Eurozone Countries. The US Federal Reserve had recently announced that it would probably keep interest rates at record low until at least mid-2015, which could put off investment in fixed-term deposits and savings account and also boost demand for gold. The US Federal Reserve will embark on the third round of quantitative easing (QE3), which will also help spur demand for gold, as the precious metal is seen as a safe haven when the US dollar is weak. With the positive outlook of gold prices, the Board of Directors remains positive on the performance of the Group for the financial year ending 31 July 2013.

B4. Profit Forecast

Not applicable as the Group did not publish any profit forecast.

B5. Taxation

	Individual Quarter		Cumulative Quarter
