KUALA LUMPUR (March 28): Based on corporate announcements and news flow today, companies that may be in focus tomorrow (Tuesday, March 29) could include the following: SunCon, TRC Synergy, Ikhmas Jaya, VS Industry, XingQuan, Tadmax, Telekom and Bison.

Sunway Construction Group Bhd (SunCon)'s unit Sunway Construction Sdn Bhd (SCSB) has bagged a RM1.21 billion project by Mass Rapid Transit Corp Sdn Bhd (MRT Corp) to build a viaduct guideway and other associated works for the MRT Sungai Buloh-Serdang-Putrajaya Line (SSP Line).

The work package V201 given to SCSB, MRT Corp said in a statement, is to build and complete the project for a 4.9km stretch of the SSP Line's elevated alignment from Sungai Buloh to Persiaran Dagang.

SCSB is currently the work package contractors for Package V4 of the MRT Sungai Buloh-Kajang Line. On that basis, the company is pre-qualified to tender for work packages for the SSP Line.

MRT Corp chief executive officer Datuk Seri Shahril Mokhtar said this was the second viaduct package awarded for the construction of the SSP Line after the RM1.44 billion award for Work Package V202 to Ahmad Zaki Sdn Bhd last Friday.

The SSP Line is 52.2km long, with 13.5km running underground. It will have 37 stations – 11 of them underground.
