1.0 **OVERVIEW**

Sunway Group is committed to encouraging diversity and inclusion in the workplace. We aim to create a culture that respects and values each other’s differences, promotes equality and diversity, and encourages individuals to grow and develop in order to realize their full potential. Diversity and inclusion are closely tied to our core values of integrity, humility and excellence which are embedded into every facet of our business and goals.

2.0 **SCOPE**

2.1 At Sunway Group, *diversity* means all the ways we differ that make each of us unique. It includes visible differences such as age, gender, ethnicity, religion, language, abilities, physical appearance and cultural background, as well as underlying differences such as thinking styles, beliefs, religion, nationality and education.

2.2 *Inclusion* means creating a workplace culture where differences are valued. It encourages collaboration, flexibility, equity and fairness where every employee has the opportunity to develop skills and talents consistent with our values and business objectives.

2.3 Managing *diversity and inclusion* includes addressing factors of difference and fully utilising the potential contributions of all employees at all levels to achieve greater performance outcomes. It also means eliminating or reducing barriers that stand in the way of full participation and unleashing the creativity that comes from different ideas and experiences. The aim is to make Sunway Group an organisation where people feel involved, respected and connected by leveraging on the diversity of ideas, backgrounds, experiences and perspectives to create business value.
