

SunCon vying for Bandar Utama-Klang LRT3 project

KUALA LUMPUR: Sunway Construction Group Bhd (SunCon) is vying to secure the 37km Bandar Utama-Klang Light Rail Transit Line 3 (LRT3) project, based on its good track record, said senior general manager (finance) Ng Bee Lien.

"SunCon will be participating as the LRT3 is a targeted project.

"We are the only construction company to have secured and finished the Bus Rapid Transit (BRT), LRT and Mass Rapid Transit (MRT) projects and the government has confidence in us," she said recently.

gang in early April.

Ng said SunCon was the first construction company to secure the package of the MRT Line 2.

She said SunCon's total order book currently stood at RM4.8 billion.

The company's order book to date this year is RM2.15 billion, while the management target is RM2.5 billion and Ng indicated it was achievable.

On the likelihood of securing the Pan Borneo Highway contract, she said there are only two packages left, and it was very competi-

tive.

SunCon had bagged the work package V201 worth RM1.21 billion for a 4.9km stretch of the Sungai Buloh-Serdang-Putrajaya (SSP line), from Sungai Buloh to Persiaran Da-

On the construction industry's outlook, Ng said SunCon remains positive, as the government is supportive of infrastructure projects.
