SUSTAINING THE MOMENTUM TO FORGE AHEAD

ANNUAL REPORT 2017
Our guiding principles and strength in structural stability ensure we sustain our current momentum, while constantly striving towards optimum performance by innovating new winning formulas. By meticulously creating a legacy built on sustainability, we are united in standing firm against any obstacles along the way. This is our path. This is our resolve.

VISION
To be the leading regional construction and engineering group.

Sunway Construction Group Berhad (SunCon) is driven by a full range of integrated services which include building, civil engineering/infrastructural works, foundation and geotechnical engineering, mechanical, electrical and plumbing services works, industrial building systems/precast component, machinery and logistics with design & build capabilities to provide end-to-end construction solutions.

With a vision of becoming the region’s leading pure play construction group, we constantly innovate to deliver value, build synergistic and sustainable relationships and achieve the highest standards of quality, safety and excellence.

MISSION
Innovating to deliver value underpins our relentless efforts to drive positive and sustainable change in the way we work and operate to create values for all our stakeholders.

Building synergistic and sustainable relationship is the bedrock of the company’s ethos of nurturing our people and developing meaningful relationships with external parties including our business partners and customers towards achieving business objectives, while keeping the interests of our stakeholders.

Achieving the highest standards in quality, environmental, safety and health, remains our founding value that we uphold with great passion. We make individual and collective efforts in aiming higher to achieve strategic business goals with a commitment to excellence.

VALUES
INTEGRITY
We believe in doing the right thing at all times.
We conduct ourselves in an honest and trustworthy manner
We act professionally, ethically and honorably
We ensure our actions are consistent with our words

HUMILITY
We believe in being humble.
We never stop learning
We care for and respect people and the environment
We seek first to understand, then to be understood

EXCELLENCE
We take pride in all that we do.
We strike to deliver high quality products and services
We continuously innovate and improve for greater progress
We seek to inspire others to excel

BUILDING ON TODAY’S MOMENTUM TO SECURE TOMORROW’S SUCCESS

Mass Rapid Transit (MRT) Project – Sg Buloh – Kajang Package IV: Semantan Station
ANNOUNCEMENT OF QUARTERLY RESULT 2017

25 May 2017
Announcement of the unaudited consolidated results for the 1st quarter ended 31 March 2017

24 August 2017
Announcement of the unaudited consolidated results for the 2nd quarter ended 30 June 2017

20 November 2017
Announcement of the unaudited consolidated results for the 3rd quarter ended 30 September 2017

26 February 2018
Announcement of the unaudited consolidated results for the 4th quarter ended 31 December 2017

PROPOSED ANNOUNCEMENT OF QUARTERLY RESULT 2018

17 May 2018
Announcement of the unaudited consolidated results for the 1st quarter ended 31 March 2018

16 August 2018
Announcement of the unaudited consolidated results for the 2nd quarter ending 30 June 2018

19 November 2018
Announcement of the unaudited consolidated results for the 3rd quarter ending 30 September 2018

To Be Confirmed
Announcement of the unaudited consolidated results for the 4th quarter ending 31 December 2018

DIVIDEND

1st Interim Dividend of 3.0 Sen Per Share
First interim single tier dividend of 3.0 sen per ordinary share for the financial year ended 31 December 2017

29 August 2017
Announcement of the notice of entitlement and payment

18 September 2017
Date of entitlement

28 September 2017
Date of payment

2nd Interim Dividend of 4.0 Sen Per Share
Second interim single tier dividend of 4.0 sen per ordinary share for the financial year ended 31 December 2017

SunCon believes that delivering landmark projects begins with a vision that eventually becomes reality through passion and determination.

With every construction project we undertake, we enrich the lives of people, fostering long-term progress and economic growth. Since 1981, we have undertaken more than RM25 billion worth of projects across six countries. Our company and culture are built on more than three decades of leadership and a relentless adherence to our values, the core of which are Integrity, Humility and Excellence. These values are the one driving our delivery.

This annual report describes our responsibilities as a sustainable builder, how we build our projects, and more importantly, how we are as a socially responsible organisation. Diagram below depicts how SunCon’s growth which can be categorised in 6 phases.

**SUNCON AT A GLANCE**

**1981 - CURRENT**

1. Foundation Years 1981 - 1996
2. Growth 1997 - 2004
4. Committing to Sustainability 2010
5. 2011 - 2014 Cultivating Infrastructure Expertise
6. 2015 - CURRENT Malaysia’s Largest Pure Play Construction Company

**5 core services**
- end-to-end construction solutions provider

**Fleet of machinery** include:
- 31 Boring Rigs
- 20 Tower Cranes
- 11 Crawler Cranes
- 28 Hydraulic/Wheeled Excavators

FOUNDATION YEARS
1981 - 1996

We commenced operations as Sungei Way Quarry & Construction Sdn Bhd in March 1981 with our first project being a carpark and road resurfacing works for a shoplot owned by Selangor Properties Berhad in Bukit Damansara. The project was valued at RM21,000 and was completed in two days. Subsequently, we undertook smaller infrastructure projects, and grew our portfolio with residential and commercial projects in Bandar Sunway.

In 1992, we had established our precast division in Malaysia and following that, we had set-up our precast division in Singapore in 1994. We also established our engineering, plant and machinery, and geotechnical divisions.

INTERNATIONAL EXPANSION
2005-2009

Having built our reputation nationwide, we had then undertaken international projects to gain international exposure in four countries over a short span of four years.

In Trinidad and Tobago, we undertook works for constructing a tower for the Ministry of Legal Affairs; in India we worked to construct roadworks for the National Highway Authority of India and the Cochin Port Connectivity Vallapadam; in Singapore we constructed a public housing development project with the Singapore Housing Development Board; in the United Arab Emirates, we constructed two projects, namely Al-Reem Island and Rihan Heights.

COMMITTING TO SUSTAINABILITY
2010

Moving to digitalise the construction process for Total Quality Management (TQM) to further improve the sustainability of our processes and business operations, we implemented Virtual Design Construction (VDC) in 2010 and launched our journey towards Total Quality Management in 2010. We were the first in Malaysia to integrated VDC technology into our construction processes.

SunCon now embraces 3D (design), 4D (time), 5D (costing) and latest 6D (project life management cycle) to ensure seamless transfer of information and data between project partners.

CULTIVATING INFRASTRUCTURE EXPERTISE
2011 - 2014

Enhancing on our expertise and experience from constructing the Kajang SILK Highway and seven highways in India, we have continued to foster our proficiency in infrastructure projects by undertaking rail projects. We were awarded our first rail project, the Kelana Jaya Line Light Rail Transit (LRT) Extension in 2011. In 2012 we secured our first Mass Rapid Transit (MRT) Project – Sg Buloh – Kajang Package V4 from Section 17 Petaling Jaya to Semantan Portal. In 2013, we were contracted to construct Malaysia’s first Bus Rapid Transit (BRT) Sunway Line.

MALAYSIA’S LARGEST PURE PLAY CONSTRUCTION COMPANY
2015 - CURRENT

We are now an integrated construction service Group with capabilities to provide integrated services and products across different phases of construction, from design to completion. Our provision of foundation and geotechnical engineering services; mechanical, electrical and plumbing services; and manufacturing and sale of precast concrete products business complete our service offering as an end to end construction solution provider. We are also supported by a large fleet of construction machinery and equipment under the machinery and logistics unit. In 2015, the listing of SunCon further enhance Sunway’s brand recognition and visibility among existing and potential customers, and will hopefully propel us in winning more contracts locally and abroad. Our share prices have steadily increased, with investors being impartial to our pure play feature, strong order book and net cash balance sheet. In October 2017, SunCon is proud to be awarded our second Light Rail Transit project, LRT 3 which was our biggest contract obtained since incorporation.
PROJECT MILESTONES

FOUNDATION YEARS 1981 - 1996

1981 - JUNE
Carpark and road resurfacing for shoplot complex owned by Selangor Properties Bhd in Bukit Damansara

1985
Construction of Highway Centre, Petaling Jaya

Construction of Subang Interchange from Federal Highway to Subang Jaya

1989
Infrastructure works in Section 6, 11, 12 and 13, Shah Alam

1999 - 31 JULY
Single-storey medium cost houses, Phase 1A, Bandar Sunway

1999 - NOVEMBER
2)
Sunway, Sunway Construction’s corporate
Commenced construction of Menara

GROWTH 1997 - 2004

1997 - SEPTEMBER
Completed our first design & build project utilising precast technology - Short Term Car Park, KLIA (RM171 million)

1999 - JUNE
Completed our first medical centre - Sunway Medical Centre

1999 - JULY
Completed our first international project - Provision of Construction Management Services for The Combined Cycle Power Plant (960 MW) Project, Hai-Fu, Taiwan

2000 - JANUARY
Opened Rihan Heights, Abu Dhabi (AED1.88 billion)

This year, the design for our Annual Report cover features a Top, or better known as Gasing in Bahasa Malaysia. Gasing is a traditional Malay game that is very popular in Malaysia. The spinning motion of the Gasing while being perfectly balanced on the ground symbolises SunCon’s stability. At SunCon, we believe in moving ahead in a rapid manner, thus maintaining a continuous momentum while still keeping agile, and ensuring we uphold our core values at the same time. Apart from the creation of momentum, the Gasing also represents Malaysia and that SunCon is a Malaysian born and bred company.

ABOUT THIS REPORT
As part of our on-going efforts to improve corporate reporting, SunCon has begun our journey in integrated reporting. As this is our inaugural attempt, SunCon hopes that this report can be an effective tool for our stakeholders to understand our organisation's strategy, governance, performance and prospects and how all this translates into value creation over short, medium and long term. SunCon sincerely hopes that this would be a great platform for us to depict our values and goals toward achieving a symbiotic relationship with our esteemed stakeholders. With better understanding of SunCon, stakeholders can then establish and maintain a continuous relationship with us.

11 October 2017
The district level Zero Larvae Pledge was held in Sunway Geo Retail Shops.

**High Level ESH Council (HLEC) Visit to Southern Region**
9 November 2017
The High Level ESH Council Members visited and performed ergonomic assessment at the Sunway Iskandar Precast Plant. They have also visited the Emerald Residence, Big Box Village and Emerald Boulevard 88.
SunCon is driven by public value and constantly embracing responsibility and encouraging a positive impact through the company’s activities related to the environment, employees, communities, and other stakeholders. We believe that it should be embedded in the business, rather than an afterthought. At SunCon, we work closely with public value organisations, particularly those in the public and community sectors to carry out philanthropic efforts that could benefit the public. In 2017, we have contributed to the society a total of RM991,000 (2016: RM433,000). We were pleased to take part in “SAS Multi Talented Achievers—From Great to Exceptional” programme organised by Sekolah Sultan Alam Shah, Putrajaya. We have contributed in upgrading its football field and up-keeping the field's surroundings.

**SOCIAL EVENTS**

**SPONSORSHIP FOOTBALL ASSOCIATION OF SELANGOR 2017/18**

SunCon became the sponsorship partner for Selangor Football team participating in 2017/2018 season of Malaysia League (M-League) with the aim of rising to the challenge of building and maintaining the member’s elite status.

**TABUNG AMANAH WARISAN POLIS (TAWP)**

Tabung Amaranth Warisan Polis (TAWP) is a charitable trust incorporated with the mission of taking care the retired police’ welfare and its families in terms of medical, education as well as other natural disaster care. SunCon has supported this mission by contributing in monetary term.

**EILP**

SunCon became the main sponsor for the third consecutive year for Engineering & IT Leadership Programme (EILP). It is a 12 months program running from May 2017 until April 2018. We were glad that we could mould our youths to be the next generation of holistic leaders, upholding the values of excellence, entrepreneurship and ethics.

**SECURITY GUARD’S WELFARE**

SunCon Social Club has expressed our sympathy to our employees who were succumbed to cancer and stroke by contributing to the deceased families. The management has visited their families’ members to show our condolence to them.

**FESTIVAL LIGHT AND MOTION (LAMPU) 2017**

SunCon has once again became the collaborative partner with Perbadanan Patrajaya (PPP). This time we supported the Festival Lights and Motion (LAMPU) 2017. This year, it has attracted more than 1 million visitors and it is also the biggest light festival for the past 5 years.

**ACKU CHARITY RUN 2017**

SunCon has also sponsored One Caring Heart Charity Run 2017. SunCon employees have participated in this event alongside their family members.

**TABUNG AMAHAN WARISAN POLIS (TAWP)**

Tabung Amaranth Warisan Polis (TAWP) is a charitable trust incorporated with the mission of taking care the retired police’ welfare and its families in terms of medical, education as well as other natural disaster care. SunCon has supported this mission by contributing in monetary term.

**EILP**

SunCon became the main sponsor for the third consecutive year for Engineering & IT Leadership Programme (EILP). It is a 12 months program running from May 2017 until April 2018. We were glad that we could mould our youths to be the next generation of holistic leaders, upholding the values of excellence, entrepreneurship and ethics.

**SECURITY GUARD’S WELFARE**

SunCon Social Club has expressed our sympathy to our employees who were succumbed to cancer and stroke by contributing to the deceased families. The management has visited their families’ members to show our condolence to them.

**FESTIVAL LIGHT AND MOTION (LAMPU) 2017**

SunCon has once again became the collaborative partner with Perbadanan Patrajaya (PPP). This time we supported the Festival Lights and Motion (LAMPU) 2017. This year, it has attracted more than 1 million visitors and it is also the biggest light festival for the past 5 years.

**ACKU CHARITY RUN 2017**

SunCon has also sponsored One Caring Heart Charity Run 2017. SunCon employees have participated in this event alongside their family members.

**BUY A LIGHT FOR LIFE**

SunCon participated in PIKITA, which is a community initiative led by Petaling Jaya City Council (MBPJ) to engage with citizens through multiple channels, learn about their ideas and aspirations to achieve a sustainable, creative and community-driven city. The components of the PIKITA community centre includes a shopping zone, a youth and children zone, offices, a food hall and market section, skateboard area and an inclusive sports zone. This project aims to engage and bring the community together. To this, SunCon has contributed in the construction works.

**RUN FOR A CAUSE**

Run for A Cause – Build A Home is an initiative led by SunCon Social Club (SSC) which involves collecting donation pledges for the achievements of Ms Lim Siaw Hua, whom has participated in the Al Andalus Ultimate Trail (AAUT), a 5 stages, 230km ultra-marathon in 5 days at Andalus, Spain. Each pledge is structured by the number of stages the runner completed in the ultra-marathon. Each successful pledge will be channeled to the Build a Home Programme, a CSR project by SSC held in September 2017. This programme aims to build a home at Kampung Orang Asli Ulu Geruntum in Gopeng, Perak. Consisting of 4 villages with an average of 40 families living in each village, Kampung Orang Asli Ulu Geruntum is located 30 minutes away from the main roundabout in Gopeng town.

**CHORAL SERENADE TO MUSIC**

SunCon sponsored the Jeffrey Cheah Foundation (JCF)’s fifth charity recital. This year, the proceeds went towards the National Kidney Foundation to provide dialysis machines for underserved kidney patient.

**CHAIRMAN’S STATEMENT**

Malaysia’s economy accelerated at a faster pace in 2017 with the gross domestic product (GDP) of 5.9% (2016: 4.2%). The outlook for the construction sector remains positive, buoyed by the government’s pump-priming initiatives in the form of mega infrastructure projects. The construction sector recorded a GDP growth of 6.7% (7.4% in 2016).

**2017 SUCCESSES**

We breached the RM2 billion turnover for 2017 after hovering below this mark for the past few years.

We were listed in the Top 100 KLCSE stock rankings on 29 December 2017 when our share price reached RM2.51 with a market capitalisation of RM2.245 billion.

SunCon’s share price increased by 47% from RM1.70 as at the end of December 2016 to RM2.51 end of December 2017.

**FINANCIAL ACHIEVEMENT**

Our new order book wins total RM4.0 billion, the highest since we commenced operations in 1981. This led to SunCon achieving our highest outstanding order book ever, which at the end of 2017, amounted to RM6.135 billion.

**OUR BIGGEST JOB SECURED TO-DATE:**

In the inaugural report by the Malaysian Institute of Corporate Governance (MICG) on corporate reporting transparency launched 8 August 2017, SunCon was ranked fourth in the list published within the “Transparency in Corporate Reporting– Assessing Malaysia’s Top 100 Public Listed Companies” report; following three Petronas-owned companies. We are honored to be amongst some of the country’s corporate forerunners in the implementation of corporate reporting best practices, and this serves as an impetus for us to enhance our efforts towards ensuring information is being disclosed in a fair and timely manner.

**EXCELLENCE IN GOVERNANCE**

In the inaugural report by the Malaysian Institute of Corporate Governance (MICG) on corporate reporting transparency launched 8 August 2017, SunCon was ranked fourth in the list published within the “Transparency in Corporate Reporting– Assessing Malaysia’s Top 100 Public Listed Companies” report; following three Petronas-owned companies. We are honored to be amongst some of the country’s corporate forerunners in the implementation of corporate reporting best practices, and this serves as an impetus for us to enhance our efforts towards ensuring information is being disclosed in a fair and timely manner.

We also increased our plants’ capacities and invested in more machinery, in particular, to support works for the Package GS07-08 for Light Rail Transit Line 3 (LRT3) from Kawasan 17 to Sri Andalas which is a new order. This also ensures that we have the right proportion of owned assets to rented. Our capital expenditure for 2017 amounted to over RM4.7 million. The Geotechnical Division has acquired new machineries, and replaced some of its older and smaller machines. We now have 31 units of bore piling machines capable of multi-functional drilling.

On 29 November 2017, SunCon entered into a pre-bid agreement with IJM Construction Sdn Bhd, Maltimur Resources Sdn Bhd and Jalinan Rejang Sdn Bhd as exclusive partners to participate in the tender for the Kuala Lumpur – Singapore High Speed Rail (KL–SG HSR). The parties have set up a quadruplurite consortium known as IJM Construction Sdn Bhd – Jalinan Rejang Sdn Bhd – Maltimur Resources Sdn Bhd – Sunway Construction Sdn Bhd Consortium for the submission of the tender and to undertake the project as Project Delivery Partner in the event the bid is successful.

We have also made further progress towards our sustainability objectives by launching the SunCon Hotline to serve as the first point of contact for the public. Through the Hotline, we will gather valuable feedback from our stakeholders to help us improve as a responsible and sustainable construction group.

**OPERATIONAL ACHIEVEMENTS**

SunCon handed 10 projects worth over RM1.0 billion.

Sunway Construction Annual Report 2017

Sunway Construction Annual Report 2017
SUNCON’S FOCUS IN 2018

Considering the sturdy outstanding order book of RM6.135 billion as at December 2017, for 2018, we look forward to sustain the current level of orderbook. We will focus on internal job orders from our parent company, Sunway Berhad, in particular, its hospital expansion plans and various commercial developments following their active land bank acquisition in 2017.

In addition, we will focus on executing and delivering our current projects, especially our 3 major projects, Package GS07 - 08 for Light Rail Transit Line 3 (LRT3) from Kawasan 17 to Sri Andalas; KVMRT Package V201 from Sungai Buloh to Persiaran Dagang; and Parcel F, Putrajaya.

For our Precast segment, our plan is to secure an Integrated Construction Prefabrication Hub tender by the Singapore government, which will contribute to our goal to upscale our precast facility to a fully-mechanised plant to improve productivity. Coupled with this, we also have plans to improve our Senai plant’s productivity by implementing some mechanisation initiatives. We also intend to increase the usage of precast technology in our in-house projects and to bolster our future track-record by targeting a commercial project above 50 storeys.

For our Civil Infrastructure segment, we have submitted our tender for the PDP for KL-SG HSR project under IJM Construction Sdn Bhd - Jalinan Rejang Sdn Bhd - Maltimur Resources Sdn Bhd - Sunway Construction Sdn Bhd Consortium in February 2018.

We usher in 2018 with optimism, tempered with caution, as there are several factors which may impact the market moving forward including:

- The impending Malaysia’s 14th General Election which might affect the future of infrastructure works in the country;
- Price gains for both crude oil and steel as China commits to push supply-side reforms to reduce overcapacity, both of which will affect the prices of our raw materials;
- A stronger ringgit against United State’s unwinding of quantitative easing, which could improve our purchasing power;
- Further in-roads made by China-based construction companies that are taking up major portion of Malaysia’s construction industry’s GDP.

Acknowledgement

In line with corporate governance best practices, I have relinquished my role as a Senior Independent Director to Dato’ Dr Ir Johari. In addition to this, we also see the resignation of Datuk Kwan Foh Kwee on 31 December 2017 as a Non-independent, Non Executive Director as he wishes to focus on his role as an advisor for which his tenure has been extended.

We would like to thank and congratulate Tan Sri Datuk Dr Rebecca Sia Maria for her contributions throughout her tenure as a board member in SunCon. Tan Sri Rebecca has officially resigned from the board of SunCon and has been appointed to the board of Sunway Berhad effective 1 March 2018.

We would like to welcome Dr Sarinder Kumari to our Board who has joined us on 1 March 2018. Dr Sarinder has over 30 years of experience in policy and strategic planning, trade negotiations, as well as regulatory and Government affairs. She has previously held various portfolios with the Ministry of Finance and Ministry of International Trade and Industry of Malaysia (MITI) and is currently responsible for business development activities for PEMANDU Associates. I am sure her vast experience will benefit the Board especially on various strategic matters.

It has been yet another record year for SunCon and this would not have been possible without the stalwart support from our many stakeholders especially the unwavering support from our clients who have put their trust in us, colleagues who have worked hard, shareholders who believe in our ethos, analysts and fund managers who have shared sterling reviews about our growth, bankers who have backed us, and loyal subcontractors and suppliers who have always supported our projects so we can continue to deliver to the highest standards.
In our constant pursuit of success, we are supported by pillars of strength that form the structure of the organisation, while also leading our journey to the top.

**Profile of Board of Directors**

**Dato’ Ir Goh Chye Koon**

68, Malaysian Male

Chairman Independent Non-Executive Director

Date Appointed to the Board

17 October 2014

Qualifications

- Bachelor of Engineering (Hons) in Civil Engineering, University of Malaya
- Professional Engineer (P.Eng) and a Member of the Institution of Engineers Malaysia (MIEM)

Directorship of Other Public Companies and Listed Issuers

- Nil

Membership of Board Committees

- Audit Committee
- Nomination and Remuneration Committee
- Risk Management Committee

Working Experience and Occupation

Dato’ Ir Goh began his career as an engineer in the Ministry of Works, where he served for 11 years rising to the position of Superintending Engineer prior to joining IJM Corporation Berhad as a Senior Engineer in 1984. He was promoted as General Manager (Central Region) in 1986 and subsequently appointed as Alternate Director in 1995 before assuming the position of Deputy Group Managing Director in 1997. He was redesignated Deputy Chief Executive Officer and Deputy Managing Director in 2004 and upon his retirement in 2008, Dato’ Ir Goh continued to serve as Executive Director of IJM Corporation Berhad until June 2009 and thereafter Non-Executive from July 2009 until June 2013.

He was a member of the Presidential Consultative Council of the Board of Engineers Malaysia (2002 - 2004) and also a member of the Construction Consultative Panel of Malaysia Productivity Corporation (2003 - 2009). He was the Chairman of the Building Industry Presidents’ Council and President of the Master Builders Association Malaysia for the session 2004/2006 and has served as its Deputy President, Vice President and Deputy Secretary General.

Dato’ Ir Goh was a board member of the Construction Industry Development Board Malaysia (CIDB) from 2004 to 2006 and served as a Main Committee Member (2001 - 2009) and Chairman of the Working Group for construction projects (Local and Foreign) (2003 - 2009) in the Construction Industry Master Plan of CIDB.

Dato’ Ir Goh is currently an Advisory Peer Group Member of the School of Science and Technology at Wawasan Open University since 2010.
**PROFIEL OF BOARD OF DIRECTORS (CONT’D)**

**DATE’ DR IR JOHARI BIN BASRI**  
63, MALAYSIAN MALE  
Senior Independent Non-Executive Director

Date Appointed to the Board  
17 October 2014

Qualifications  
- Life member of The Malaysian Society for Occupational Safety and Health  
- Professional engineer registered with the Board of Engineers Malaysia  
- Associate Fellow of The Institution of Chemical Engineers, UK  
- Fellow of the Institute of Engineers Malaysia  
- PhD. in Process Safety, University of Sheffield, UK  
- MSc. in Terotechnology, Manchester University, UK  
- Bachelor of engineering in Mechanical engineering, University Technology Malaysia

Working Experience and Occupation  
Dato’ Dr Ir Johari joined the Factories and Machinery Department of Malaysia, which is now known as Department of Occupational Safety and Health (DOSH), as a Factories and Machinery Inspector (engineer) in 1977. He was then promoted as Director of Industrial Safety Division of DOSH in 1997. In 2000 and 2004, Dato’ Dr Ir Johari was seconded from DOSH to be the Executive Director of National Institute of Occupational Safety and Health (NIOSH) Malaysia. He was the Executive Director of NIOSH Malaysia for years 2000 - 2002 and 2004 - 2007. In between that period, he returned to DOSH and assumed the role of Director General where he was responsible for the overall planning and implementation of the core activities of DOSH. Concurrently during his tenure in NIOSH Malaysia from 2004 to 2007, he was the Executive Director of ASEAN-OHSNET, the regional grouping of 10 ASEAN member countries working together towards improving the Safety and Health of the workers. In 2007, he returned to DOSH to resume the role of Director General until his retirement in June 2014.

Dato’ Dr Ir Johari was also a member of the board of directors of NIOSH (2007 - 2004), board of member of CIDB (2007 - 2014), Chairman for the Industrial Standard Committee of Occupational Safety and Health (ISCW) SIRIM Berhad (2007 - 2014) and Member for Malaysian National Standards Committees (MyNSC) Standards Malaysia (2007 - 2014).

**DATE’ SIOW KIM LUN**  
67, MALAYSIAN MALE  
Independent Non-Executive Director

Date Appointed to the Board  
17 October 2014

Qualifications  
- Bachelor of Engineering in Mechanical Engineering, University Technology Malaysia  
- MSc. in Terotechnology, Manchester University, UK  
- PhD. in Process Safety, University of Sheffield, UK  
- MSc. in Terotechnology, Manchester University, UK  
- Bachelor of engineering in Mechanical engineering, University Technology Malaysia  
- Life member of The Malaysian Society for Occupational Safety and Health

Working Experience and Occupation  
Dato’ Siow began his career in investment banking with Malaysian International Merchant Bankers Berhad (now known as Hong Leong Investment Bank Berhad) in 1981. From 1985 to 1993, he was with Perwata Chartered Merchant Bank Berhad (now known as Affin Hwang Investment Bank Berhad) as a manager and later as the Divisional Head of its Corporate Finance Division. Between 1993 and 2006, he was with the Securities Commission Malaysia (SC) and has served in several positions at the SC including that of the Director of its issues and Investment Division and the Director of its Market Supervision Division. Dato’ Siow is also a director of Kumpulan Wang Persaraan (Diperbadankan) and member of the Land Public Transport Commission.

**DR SARINDER KUMAR A/P OAM PARKASH**  
61, MALAYSIAN FEMALE  
Independent Non-Executive Director

Date Appointed to the Board  
1 March 2018

Qualifications  
- MA in Economics, George Washington University, USA  
- Ph.D. in Financial Economics, Universiti Putra Malaysia

Working Experience and Occupation  
Dr Sarinder has over 30 years of experience in policy and strategic planning, trade negotiations, regulatory and Government affairs. She has previously served in various portfolios with the Ministry of Finance (MOF), Ministry of International Trade and Industry (MITI) and the Performance Management and Delivery Unit under the Prime Minister’s Department in Malaysia.

In MOF, she was involved in the raising of Federal Government loans from the international capital and bond markets, debt management and privatization projects. Her portfolio in MITI included the World Trade Organisation (WTO), Strategic Planning and Free Trade Agreements (FTAs) Policy and Negotiations. She was also the lead negotiator for Services for Malaysia’s first Bilateral FTA.

In PEMANDU she provided strategic direction on the planning and implementation of the Tourism-related initiatives under Malaysia’s National Transformation Programme. She was also responsible for the Strategic Reform initiative encompassing the Competition Act, Adoption and Development of International Standards and the Liberalisation of Services. The team also developed the performance assessment and management system for the performance assessment of all Ministers by the Prime Minister.

Dr Sarinder joined PEMANDU Associates in March 2017 and she is currently responsible for business development activities with a focus on public sector transformation and business turnaround.

**DATE’ CHEW CHEE KIN**  
72, MALAYSIAN MALE  
Non-Independent Non-Executive Director

## KEY SENIOR MANAGEMENT

### Family Relationship with Director and/or Major Shareholder
None of the Key Senior Management has any family relationship with any director and/or major shareholder of Sunway Construction Group Berhad (SunCon).

### Conviction for Offences
None of the Key Senior Management has any conviction for offences within the past 5 years other than traffic offences, if any.

### Directorship in Public Companies and Listed Issuers
None of the Key Senior Management has any directorship in public companies and listed issuers.

### Conflict of Interest
None of the Key Senior Management has any conflict of interest with SunCon Group.

Parcel F Project, Putrajaya
Wherever our business takes us, we are determined to remain ahead of the competition at all times, allowing us to overcome each and every possible obstacle along the way.
SunCon is a total integrated construction group offering a comprehensive range of services. We pride ourselves in being the largest pure play construction firm in the market with activities solely-related to construction. We have been in operations for 36 years and our brand name is synonymous with quality and a good track-record. We now operate predominantly in Malaysia and Singapore, although we have ventured as far as Trinidad and Tobago in the Caribbean. We have completed seven highway projects in India from 2001 to 2010, and completed two residential and mixed commercial condominiums in Abu Dhabi from 2006 to 2010. We have completed a wide range of projects from residential, commercial, purpose-built or specialty buildings, medical centres, theme parks, highways, rail infrastructure projects and Central Utilities Facilities (CUF). Our Group Structure is divided into two segments which are the Construction and Precast respectively. Under the construction segment, there are four core businesses being Building Construction Services, Civil/Infrastructure Construction Services, Foundation and Geotechnical Engineering Services and Mechanical, Electrical and Plumbing Services. These four core businesses are being presented as an integrated whole as SunCon’s procurement strategy is to tender for mega projects. These projects enable us to leverage all our skills and expertise from our various business units towards timely and cost-effective project delivery. Hence, financial performance and business risks are presented in the Construction segment as a whole instead of individual businesses. In addition, we have other centres of excellence supporting our operations as depicted below:

**BUILDING CONSTRUCTION SERVICES**

Provides design and construction service for residential, commercial, institutional and purpose-built or specialty buildings. We mainly specialise in special purpose buildings and our track-record includes national landmarks such as the Kuala Lumpur Convention Centre; Traders Hotel, Kuala Lumpur; Pinewood Iskandar Malaysia Studio, Johor; Legoland Malaysia Theme Park; and Sunway Pyramid Shopping Mall, Bandar Sunway.

The building construction services has successfully completed 5 projects during the year which are the Sunway Velocity Hotel; Link Bridges in Sunway Velocity, Cheras; Sunway Medical Centre Tower C; and Sunway Geo Commercial blocks in Sunway City; and Sunway Citrine mixed development project in Sunway Iskandar, Johor.

During the year, the division has secured a contract of RM449 million for the development of Sunway Serene in Kelana Jaya, the PPA1M (Perumahan Perumahan Penjawat Awam 1 Malaysia) in Kota Bahru, Kelantan of RM582 million and a contract of RM358 million from Nippon Express (M) Sdn Bhd to build a new warehouse in Shah Alam via a 50:50 joint venture (JV) with Taisei Corporation Japan.

One of our biggest achievements in 2017 within the building construction services is where we have successfully completed the large concrete pour for the KLCC basement car parks of approximately 22,000 m³ of concrete which was completed through 3 separate pours.
2 CIVIL/INFRASTRUCTURE CONSTRUCTION SERVICES

Specialises in civil and rail infrastructure works. We have completed various roads, highways, airports and runways, bridges and rail transportation infrastructure projects over the years. Some of the notable projects that we have completed are Ipoh Airport, Kajang SILK Highway and South Klang Valley Expressway (SKVE). We have also completed 7 highways in India. In recent years, we have completed 4 rail infrastructure projects and we are the only contractor nationwide with experience in MRT, LRT and BRT developments within the Klang Valley.

During the year, we have completed the Coastal Highway Southern Link (CHSL) that links Medini, Johor to Singapore via the Second Link Expressway. Currently, we are also the rail infrastructure contractors for rail works within Klang Valley namely the Mass Rapid Transit Line 2 - Package V201 (MRT V201) from Sungai Buloh to Persiaran Dagang and the Light Rail Transit Line 3 (LRT3) Package G507-08 from Kawasan 17 to Taman Sri Andalas. We are also working on the station works for these projects.

One of the notable job wins during the year was the Light Rail Transit 3 (LRT 3) Package G508-09 project secured at the sum of RM2.1 billion which is the single largest project secured to-date. These two mega alignments will keep us busy for the next 3 to 4 years.

3 FOUNDATION AND GEOTECHNICAL ENGINEERING SERVICES

Provides design & build of earth retaining systems and piling solutions. Our primary expertise is in bored piling and we have drilled bored piles to the depths of some 113 metres by 3.0 metres in diameter.

Our piling services cover all types of buildings such as residential, commercial, institutional, purpose-built or specialty buildings, and civil/infrastructure construction projects.

During the year, we have completed several foundation and earthworks treatment projects namely the Mengkuang Dam in Penang, Sunway Mont Residences and Sunway Monash Residence.

KEY RESOURCES

| Number of employees | 322 males | 49 females |

Launching Works at Sri Damansara (MRTV201 Project)

Piling Works at Sunway Serene, Kelana Jaya
MECHANICAL, ELECTRICAL AND PLUMBING SERVICES

Provides mechanical, electrical and plumbing services, and specialised engineering solutions. Our notable projects include the second largest Gas District Cooling plant in the world built for Putrajaya and the Bio-XCell Biotechnology Park in Nusajaya, Johor.

Apart from contributing to all the projects that have been completed under the Building Construction and Civil Infrastructure business, the Mechanical, Electrical and Plumbing (MEP) business unit have also completed the supply and installation of mechanical, engineering, and plumbing systems and tunnel ventilation system for the 3-storey underground Mass Rapid Transit station at the Pasar Seni interchange to Kelana Jaya Line. We are also working on the electrical services, air conditioning and mechanical ventilation system for the Hospital University Kebangsaan Malaysia (HUKM).

During the year, we also secured our third Gas District Cooling project in Putrajaya which further demonstrates our expertise in this sector.

MANUFACTURING AND SALE OF PRECAST CONCRETE PRODUCTS

Develops, designs, manufactures and supplies precast concrete products with manufacturing plants located in Iskandar Senai in Johor, Malaysia. We are amongst the first to be awarded the license to produce precast Prefabricated Bathroom Units (PBU) and our jobs are predominantly for Housing Development Board (HDB) projects in Singapore.

Our precast business has been in operations since 1994. We have a total of two precast plants which has annual capacity of 156,000 m$^3$. We specialise in manufacturing of residential and commercial components which includes walls, slabs, panels, and prefabricated bathroom units. We are also currently embarking on the Prefabricated Prefinished Volumetric Construction (PPVC) to increase our product range.
The Centre of Excellence discusses SunCon’s Virtual Design and Construction (VDC) system, which integrates Building Information Modelling (BIM) technology to enhance the value chain throughout the project lifecycle. BIM models improve integration of design (3D), scheduling (4D), estimation (5D), and fabrication (6D) processes. The addition of essential building information contained in BIM models facilitates effective trade coordination, eliminates collision during the early design stage, and simulates project planning and scheduling through a timeline. The 5D model enables accurate cost budgeting and control.

Through some of the realized benefits to date, SunCon is striving to achieve the vast potential implicit in BIM implementation in various areas, including green buildings and facilities management. BIM implementation has enhanced SunCon’s competitive edge in providing innovative designs and construction solutions that meet challenging demands with increased complexity within a shorter timeframe. They are confident that full BIM capabilities will enable faster delivery, cost-effective procurement, reduce wastage, improve product quality and reliability as well as reduce project lifecycle maintenance costs.

In addition, SunCon has invested substantially in human resource training, research development in BIM which is now widely implemented in internal and external construction projects. To further maximize benefits from BIM integration, SunCon collaborates closely with consultants and subcontractors in enriching BIM capabilities through the adoption of standardized SunCon BIM guidelines and provision of on-the-job training, ensuring a complete BIM implementation throughout the supply chain.

Through some of the realized benefits to date, we are striving to achieve the vast potential implicit in BIM implementation in various areas, including green buildings and facilities management. BIM implementation has enhanced our competitive edge in providing innovative designs and construction solutions that meet challenging demands with increased complexity within a shorter timeframe. We are confident that full BIM capabilities will enable faster delivery, cost-effective procurement, reduce wastage, improve product quality and reliability as well as reduce project lifecycle maintenance costs.

SunCon began its BIM journey back in year 2010. In 2012, SunCon formally adopted and implemented BIM technology extensively. To-date, SunCon has invested substantially in human resource training, research development in BIM which is now widely implemented in internal and external construction projects.

To further maximise benefits from BIM integration, SunCon collaborates closely with consultants and subcontractors in enriching BIM capabilities through the adoption of standardized SunCon BIM guidelines and provision of on-the-job training, ensuring a complete BIM implementation throughout the supply chain.

Through some of the realized benefits to date, we are striving to achieve the vast potential implicit in BIM implementation in various areas, including green buildings and facilities management. BIM implementation has enhanced our competitive edge in providing innovative designs and construction solutions that meet challenging demands with increased complexity within a shorter timeframe. We are confident that full BIM capabilities will enable faster delivery, cost-effective procurement, reduce wastage, improve product quality and reliability as well as reduce project lifecycle maintenance costs.

In addition, we also own a number of plants and a wide range of machineries. Our current fleet of plant and machineries include: 31 boring rigs, 20 tower cranes, 28 excavators, 5 launching girders, and 64,000 square meters of formwork.

Our machinery division is centralised to manage and source for machineries required on site to achieve cost effectiveness.

Our machinery division is accredited to conduct training for our operators. Our machineries are being maintained for more effective performance and to minimise adverse environmental impact. We have also planned plant renewal programmes and we are targeting for the majority of machines to be lesser than 10 years of use.

All the other centres of excellence are moving in line with the Company’s directions and supports all functions as required by the Operation’s team.

* Details of our machinery department initiatives can be found in the Sustainability section.

### 5-Year Financial Highlights

- **Revenue** has shown a marginal decrease from RM2.066 billion in 2013 to RM2.100 billion in 2017.
- **PBT** has experienced fluctuations, with a peak of RM154 million in 2014 and a trough of RM84 million in 2017.
- **PATMI** has also varied, with a low of RM84 million in 2016 and a high of RM138 million in 2017.
- The **Outstanding Order Book** has grown significantly, from RM2.104 billion in 2013 to RM6.135 billion in 2017.
- **New Order Book Secured** has also increased, from RM2.246 billion in 2013 to RM4.423 billion in 2017.
- **Dividend Yield** has been mostly consistent, ranging from 3.5% in 2014 to 11.0% in 2015 and 2016.
- **Staff Productivity** has remained steady at 10 times across the years.

### Business Objectives and Strategies

#### The Top 3 Construction and Engineering Company in Malaysia

- **Market Capitalisation**: RM3.245 billion
- **New Order Book**: RM3.957 billion
- **ROCE**: 48%

**FY 2017 Review**

- **Employee Engagement Survey**: 2015 - 69%, 2017 - 93%
- **Staff Productivity**: 12 times in 2017, 10 times in 2016

**FY 2018 Priorities**

- To maintain ZERO life loss at all project sites.
- To ensure all project worksites strictly comply with applicable legal requirements in relation to environmental, safety, and health.
- To maintain the quality standards in achieving compliance with applicable legal requirements under the construction sector.
- To continue to secure projects in the ASEAN market.

#### Sustainability through Environmental, Safety, and Health

SunCon is determined to instil safety as a way of life in all members of the workforce and places great importance on Environmental, Safety and Health issues at all times.

- **Work-Related Number of Man-Hours**: 137 million
- **Zero Work-Related Fatalities**: 27,000
- **Zero Accident Frequency Rate**: 0.21

#### Sustainability through Employees as Our Key Assets

- **Employee Engagement Survey**: 2017 - 93%
- **Employee Engagement**: 2017 - 12 times

#### Sustainability through Quality and Innovation

- **Precast in Singapore**
  - CONQUAS Score: 2017 - 100%
  - Average QLASSIC Score: 2017 - 77.2%

#### Global Expansion

- **Singapore**: Increased sales of precast components in HDB development.
- **India**: Mechanisation of precast plant in Senai to increase production capacity.
- **Indonesia**: Started exploratory work internationally.

#### Business Objectives

- To be the largest listed pure play construction company in Malaysia.
- To be in the Top 3 Construction and Engineering Company in Malaysia.
- To sustain and grow the business geographically in order to meet the need to expand our businesses.

**Business Objective FY 2017 Review**

- **Revenue**: RM2 billion
- **Profit Before Tax**: RM1.64 billion
- **Profit After Tax**: RM1.38 billion

**Business Objective FY 2018 Priorities**

- Maintain productivity of our employees to a target of 13 times revenue per employee and an engagement score of 65% or above.
- Maintain the quality standards in achieving CONQUAS and QLASSIC scores above industry average of 75% under the construction sector.
- Maintain the quality standards in achieving CONQUAS and QLASSIC scores above industry average of 75% under the construction sector.
- Maintain the quality standards in achieving CONQUAS and QLASSIC scores above industry average of 75% under the construction sector.

- Staff productivity has continued to improve, reaching 12 times in 2017 from 10 times in 2016.
- The company has secured new projects in the ASEAN market, particularly in India.
- SunCon is committed to maintaining safety and health standards to achieve Zero life loss at all project sites.
- The company has achieved 100% CONQUAS Score and 77.2% Average QLASSIC Score in 2017.

**Footnotes:**

* Figures do not take into account discontinued operations in 2013 and 2014.

**Details of our financial and operational indicators can be found in the Review of Financial Results section.”
BUSINESS RISK

The Group believes that identifying and managing risks is central to our business operations while enhancing long term strategic value. In achieving this, the Board has established a Statement on Risk Management and Internal Control to identify potential risks and to design mitigation plans. Key risks for the Group and current mitigation action plans are disclosed below.

1. PROJECT COMPLETION

As the Group strives to maintain its position as Malaysia’s largest listed pure play construction group by revenue, this risk is perennial and holds a significant weight in risk analysis.

Mitigation:
- Group has successfully negated such risks for the financial period with effective and efficient procurement of necessary resources to mitigate any potential delays and claims including active negotiation with client to accelerate works due to unforeseen delays, deploying more resources and improving supervision for the purpose of increasing productivity.

2. COST OVERRUN

This risk concerns the Group as the fluctuations for raw material prices especially steel bar prices and preliminary cost due to prolongation of project. It could also result in overrun of project operation costs from the tender costs.

Mitigation:
- In response to this, some contracts have pass through clauses in relation to steel price fluctuation. Where there are no pass through clauses, the Group negotiates with suppliers to hedge material prices especially steel bar prices and preliminary cost like overhead and plant and machinery, we monitor the progress of our project actively to ensure timely delivery.

3. CYBER & IT RISK

This risk, if left unattended, could result in the unauthorised disclosure of sensitive business information, resulting in financial or reputational loss. It could also result in the disruption of critical business processes.

Mitigation:
- To mitigate this risk, various policies, resources, processes, and systems have been developed and deployed. The Group-wide Information Security policy, called the SISP (Sunway Information Security Policies), was developed in accordance with ISO/IEC 27002 (2005) standards. In addition, continuous initiatives are in place to enhance the cyber defense capabilities and IT resiliency of the Group.

4. HUMAN CAPITAL

Risks arising from issues such as high staff turnover, loss of key and technical staff, competition from other industry players, succession planning and staff retention.

Mitigation:
- Human Resources Department, together with respective divisions and operating subsidiaries continuously improve and enhance mitigation plans which include employee engagement surveys, team building exercises, training and development - internal and external and constant reviews of the Group’s remuneration and compensation benefits for staff.

5. WORKPLACE SAFETY AND HEALTH

Risks arising from the intrinsic nature of construction activities, which often involves complex activities being carried out by teams of workers, we remain exposed to occurrence of accidents and incidents caused by human error or other factors. In addition, all construction activities generate dust, waste and noise pollution.

Mitigation:
- Appropriate and effective policies and procedures are implemented and thoroughly monitored jointly by Environmental, Safety and Health Department and Risk Working Committee (RWC) to mitigate these risks. There is also strict compliance to various environmental laws and regulations.

6. DEPENDENCE ON THE PROPERTY MARKET AND GOVERNMENT INFRASTRUCTURE SPENDING

Risks relating to decline in demand in the property sector and government infrastructure spending under the construction sector. In Singapore, the manufacturing and sale of precast concrete products business segment is also dependent on the number and timing of launches by the Housing Development Board (HDB).

Mitigation:
- In response to this, the Group continuously improve our productivity and technical capabilities to enable us to take on more complex construction projects especially in the areas of mechanical, electrical and plumbing services, foundation and earthwork and industrialised building system (IBS). The Group has also started exploratory works within the ASEAN region.

FUTURE PROSPECTS

The major rail infrastructure development would still continue to be in the limelight for the year in line with the government’s pump priming initiatives.

Year 2018 will be a year of executing and delivery for SunCon. With a record high outstanding order book of RM6.1 billion as of December 2017, we are committed in delivering all our projects within the contracted time without compromising the safety and quality elements.

In the nearer term

We are expected to deliver The International School of Kuala Lumpur (ISKL), Gas District Cooling (GDC) project in Putrajaya, Parcel F Project in Putrajaya and several other Sunway developments within Klang Valley and Iskandar region.

On the medium term

We will focus on executing our existing infrastructure projects in hand, namely the MRT Line 2 (Package V201) from Persiaran Dagang to Sungai Buloh and LRT 3 (Package G507-08) from Bandar Utama to Johor Setia. These two mega alignments will keep us busy for the next three to four years. Both the projects have progressed very well to-date.

SunCon will continue to capitalise on opportunities presented by national development projects, while exercising prudence in its selection to target large scale, complex projects that generate higher profit margin, augmenting both technical portfolio and financial accomplishment.

Government pump priming initiatives bode well for the sector’s growth trajectory and the division is confident of another strong order book replenishment in 2018.

SunCon inspires to elevate our status from being a main contractor to be a Project Delivery Partner (PDP) in anticipation to push our earnings as well as technical capabilities to a greater scale. We began our quest to be a Project Delivery Partner since 2015.

While we have not been successful then, we have tried again by bidding for the Kuala Lumpur - Singapore High Speed Rail (HSR) project under the quadrupartite consortium with UML Construction Sdn Bhd, Jalinan Rejang Sdn Bhd and Maltimur Resources Sdn Bhd. Under the precast division, we have set up a joint venture with HL Building Materials Pte Ltd in partnership with the Singapore’s Integrated Construction Prefabrication Hub (ICPH) tender which includes a land lease and the setup of a fully mechanised precast plant. Upon success, the fully mechanised plant will elevate the Group’s status to be on par with best industry practice and at the same time double our manufacturing capacities. Furthermore, we hope to replicate this state-of-the-art technology in Malaysia to enhance productivity, reduces reliance of foreign workers and at the same time promotes the usage of more precast products within Sunway Group’s developments.

While SunCon is selective on securing projects, clients and business partners, we are cognisant of the need to expand geographically in order to sustain and grow our operations in the near future. We have performed some exploratory within the ASEAN region. We are currently in discussion with potential strategic partners in Myanmar and Indonesia and our mode of entry would be in purpose-built projects such as medical centers in which we have expertise in.

With a strong track record, sound balance sheet and clear business strategy, we have a bright prospects in 2018 and beyond.

REVENUE

SunCon has recorded yet another year of high with increase in revenue of 16.1%.

CONSTRUCTION SEGMENT

The construction segment reported revenue of RM1,931.4 million (2016: RM1,502.1 million). The higher revenue in 2017 by 28.6% was mainly due to higher contribution from Building division in Central region and Civil division mainly due to higher work progress from Parcel F, Putrajaya, and KVMRT V201 from Tg Buloh to Persiaran Dagang coupled with the finalisation of the earlier KVMRT V4 package from Sekseny 16 to Semantan Portal.

PRECAST SEGMENT

The precast segment reported revenue of RM144.9 million (2016: RM286.7 million). Revenue decreased by 49.5% mainly due to completion of several big projects and some delays in project schedule. New project secured will only contribute in 2018.

GROSS PROFIT

CONSTRUCTION SEGMENT

The construction segment reported a gross profit margin of 20.4% (2016: 20.7%). Gross profit margin remained broadly the same for both 2017 and 2016. Gross profit takes into account all direct cost except for staff costs which is accounted for wholly under administrative expenses.

PRECAST SEGMENT

The precast segment reported a gross profit margin of 24.0% (2016: 23.9%). Although turnover has dropped by 49.5%, precast division managed to maintain their gross profit margin as cost are mainly variable and not fixed.

**PROFIT BEFORE TAX**

The group’s profit before tax margin for current year (2017: 8.4%) remained relatively the same as compared to prior year (2016: 8.6%).

**CONSTRUCTION SEGMENT**

The profit before tax margin are within the normal range with a slight improvement of 1.2% (2017: 7.6%; 2016: 6.4%). The profit recorded in financial year ended 2017 is due to good progress from our existing projects while the profit recognised in financial year ended 2016 was boosted by reversal of impairment of our Al-Reem, Abu Dhabi project of RM 18.9 million.

** PRECAST SEGMENT**

The precast segment has maintained a stable profit before tax margin of 19.0% in 2017 (2016: 20.3%) despite the drop in turnover due to reduction in overheads as a result of return of Tampines plant to the Government of Singapore this year.

**OTHER INCOME**

Other income dropped to RM16.7 million (2016: RM35.9 million). In year 2016, other income was boosted by reversal of impairment losses for our Al-Reem, Abu Dhabi project of RM18.9 million (2017: nil), accretion of financial assets of RM4.3 million (2017: RM0.1 million) and higher rental income from plant and machinery RM2.1 million (2017: RM0.9 million) as most machines this year were utilised in-house instead of being rented out to external parties.

Included in other income are reversal of allowance for impairment losses amounted to RM2.7 million (2016: RM1.7 million) as we have collected the impaired debt in year 2017, and foreign exchange gain of RM0.7 million (2016: RM0.4 million).

**ADMINISTRATIVE EXPENSES**

Total administrative expenses amounted to RM274.5 million (2016: RM256.1 million).

This represents a increase of 7.2%

**FINANCIAL INCOME AND COST**

Finance Income of RM13.5 million (2016: RM10.5 million). There is an interest on trade receivable in Malaysia amounting to RM3.4 million (2016: nil) which we received in 2017. The balance are from deposits with a weighted average rate of 5.05% p.a (tax free). These placements are made with unit trust funds with special tax exemption.

Finance cost averaged at around 3.88% p.a (2016: 3.85%) which are mainly from short term funding via discounting of our tax invoices for our sales. Apart from financial institutions, we borrow from Sunway Treasury at rates ranging from 4.45% to 5.45% (2016: 4.45% to 5.67%) for our long term financing requirement for example, our purchase of capital expenditure.

**SHARE OF RESULTS OF JOINT VENTURE**

This relates to our joint venture SunCity SunCon Joint Venture with property development in Sunway Alam Suria. Sunway Alam Suria is a mix residential development nested at Seksyen U10, Shah Alam. This is the balance profit after the development was fully sold in 2017. This is a project brought forward since pre 2010. The land has been fully developed with a GDV of RM384 million. With the conclusion of this development, there is no property development exposure by SunCon. There was no recognition of share of result of a joint venture in 2016.

**TAXATION**

The effective tax rate for the current year ended 2017 is at 20.8% as compared to 2016 of 19.9% due to Singapore taxable income which reduced from RM34.3 million to RM32.8 million with the lower tax rate payable of 17% by our Singapore subsidiary, foreign income which is not taxable (our India arbitration gain) and interest income which are tax free. In addition, we have some savings from lower tax rate as a result of reduction in tax rates from incremental profit as announced during Malaysia’s Budget 2017.

This is lower than Malaysia’s statutory tax rate of 24% mainly due to the lower tax rate payable of 17% by our Singapore subsidiary, foreign income which is not taxable (our India arbitration gain) and interest income which are tax free. In addition, we have some savings from lower tax rate as a result of reduction in tax rates from incremental profit as announced during Malaysia’s Budget 2017.
This provides a solid footing for SunCon should an attractive Private Finance Initiative (PFI) or a bullet payment project emerges as SunCon's balance sheet continues to remain resilient with strong net positive cash carry of RM352.6 million (2016: RM329.3 million).

**REVIEW OF FINANCIAL RESULTS (CONT’D)**

In Plant and Machinery, there is a total of RM303.1 million (2016 : RM282.3 million) cost comprising mainly of geotechnical boring equipment in the likes of software and hardware.

SunCon owns a freehold land with the cost of RM8.5 million which is our precast land in Senai, Johor. This land has a total land area of 475,409 sq ft and it is an open yard with production line, worker's canteen and a power station.

Inland Revenue Board of Malaysia of which majority are for over payment of taxes and all are under legal proceeding. In 2017, SunCon continued to have a healthy net cash position with cash of RM486.8 million (2016 : RM466.3 million) and borrowing of RM134.7 million (2016 : RM136.5 million). Approximately 28.5% has been placed in shariah compliant financial institution for our qualification as a shariah based index /counter.

### PROPERTY, PLANT AND EQUIPMENT

SunCon owns a freehold land with the cost of RM8.5 million which is our precast land in Senai, Johor. This has a total land area of 475,409 sq ft and it is an open yard with production line, worker's canteen and a power station.

The balance of the tax recoverable of RM1.5 million are with the Inland Revenue Board of Malaysia of which majority are for over payment of taxes with respect of year assessment 2016 of RM7.4 million, year assessment 2015 of RM3.1 million and amount under legal case of RM3.2 million with respect to tax audit for year assessment 2009 to 2011. The balance are for over payment of taxes for 2017 paid under self-assessment.

SunCon also owns motor vehicles with a cost of RM22.2 million (2016 : RM24.3 million). We have high motor vehicles and motorbikes as it is the norm under the contractual requirement for us to provide cars for our clients and consultants. At the end of the project, cars will be disposed-off or recycled for our own use.

Spare parts RM1.1 million (2016 : RM1.2 million) are mainly for our boring machines. We have to keep a certain amount of spare parts to ensure our repair and maintenance downtime are kept at a minimum as crucial parts usually takes time as they are sourced internationally.

SunCon continued to have a healthy net cash position with cash of RM466.8 million (2016 : RM466.3 million) and borrowing of RM134.7 million (2016 : RM136.5 million). Approximately 28.5% has been placed in shariah compliant financial institution for our qualification as a shariah based index /counter.

SunCon’s balance sheet continues to remain resilient with strong net positive cash carry of RM352.6 million (2016 : RM329.3 million). This provides a solid footing for SunCon should an attractive Private Finance Initiative (PFI) or a bullet payment project emerges as we are able to bridge such project internally. In the rising interest cost regime, being in net cash carry position, we get to enjoy better interest income from our surplus cash placement.

### PROPERTIES, PLANT AND EQUIPMENT

SunCon owns a freehold land with the cost of RM8.5 million which is our precast land in Senai, Johor. This has a total land area of 475,409 sq ft and it is an open yard with production line, worker’s canteen and a power station.

Under the Buildings category, there is a cost of RM18.1 million (2016 : RM13.3 million), RM13.8 million is the building/open casting yard for our Senai Precast plant, RM2.5 million (2016 : nil) is our Iskandar precast plant set up on a rented land. The balance are Machinery workshop and corporate headquarter of precast in Singapore.

In Plant and Machinery, there is a total of RM303.1 million (2016 : RM282.3 million) cost comprising mainly of geotechnical boring machines and its tools (46%), Precast overhead cranes and other machineries (5%), Formwork (14%), Tower Cranes/Mobile Cranes (11%), Launder Girder (9%).

SunCon also owns motor vehicles with a cost of RM22.2 million (2016 : RM24.3 million). We have high motor vehicles and motorbikes as it is the norm under the contractual requirement for us to provide cars for our clients and consultants. At the end of the project, cars will be disposed-off or recycled for our own project team.

Office equipment, furniture and fitting make up a total of RM0.6 million (2016 : RM 13.9 million) in cost. Majority (80%) are from IT equipment in the likes of software and hardware.

Capital work-in progress of RM0.5 million (2016 : RM4.7 million) cost is the modification cost to our launcher girders in order for our assets to be mobilised to our MRT Package 2 from Sungei Buloh to Pusat Bandar Damansara. 2016’s amount were mainly for our Iskandar precast plant, in 2012, our precast plant was fully completed and this was re-classed to individual assets classification.

Property stocks of RM0.5 million (2016 : RM0.5 million) is mainly a piece of bunkerland in Cahaya SPK measuring 12,564 sq ft with leasehold expiring in 2092.

### TAX RECOVERABLE

Total tax recoverable amounted to RM21.9 million (2016 : RM21.7 million). Amount recoverable from India tax authorities amounted to RM6.4 million and all are under legal proceeding. In 2017, SunCon continued to pursue its recoverability of taxes from the tax authorities in India however on account of India's GST implementation in 2017, there were no hearings in India's High Courts for old cases and they would be only likely to be taken up for hearings in the year 2018.

The balance of the tax recoverable of RM1.5 million are with the Inland Revenue Board of Malaysia of which majority are for over payment of taxes with respect of year assessment 2016 of RM7.4 million, year assessment 2015 of RM3.1 million and amount under legal case of RM3.2 million with respect to tax audit for year assessment 2009 to 2011. The balance are for over payment of taxes for 2017 paid under self-assessment.

SunCon owns a freehold land with the cost of RM8.5 million which is our precast land in Senai, Johor. This has a total land area of 475,409 sq ft and it is an open yard with production line, worker’s canteen and a power station.
REVIEW OF FINANCIAL RESULTS (CONT’D)

OPERATING ACTIVITIES

Net cash generated from operating activities stood at RM62.8 million compared to RM85.6 million recorded in the previous financial year. The decrease is evident from the improvement in payment to creditors to 111 days in financial year ended 2017 (2016 : 149 days) as a result of expediting some finalization of accounts with our creditors. As for trade receivables turnover period, there is a slower collection of 128 days (2016 : 108 days) as a result of a bullet payment project which has deferred its collection as the CPC for the said project was only obtained in fourth quarter 2017 as a result of authorities approval for the official opening of the road which only took place 29 November 2017. We have since received milestone payment as per agreed payment terms in February 2018.

INVESTING ACTIVITIES

SunCon saw an increased in capital expenditure of RM54.7 million (2016 : RM19.0 million). This is in tandem with the higher order book. Capital expenditure is crucial to the smooth execution of our projects especially the LRT3 Package 07-08 from Kawasan 17 to Sri Andalas which has to be completed in 3 years time. The purchase of the fixed assets will be beneficial in the long term as the option of rental is more expensive.

FINANCING ACTIVITIES

Our advance from Sunway Treasury Sukuk, our intermediate holding company’s centralised treasury centre has increased its lending to us to RM118.2 million (2016 : RM43.6 million) at a rate of 4.45% p.a. This was mainly to facilitate the bullet payment project as mentioned under operating activities above and capital expenditure.

Sunway Construction Annual Report 2017
COST MANAGEMENT

SunCon’s capital management strategy is to maximise shareholders’ wealth by managing our excess funds accordingly. Our funds are invested in a diverse portfolio such as cash and cash equivalents, fixed income securities, money market instruments or placement with selected financial institutions. SunCon also has the privilege to source for the most reasonable interest rates both in placement and borrowings through support services offered by Sunway Treasury Sdn. Bhd. and it’s Islamic arm, Sunway Treasury Sukuk Sdn. Bhd. Sunway Treasury’s main objective is to optimise internal funds management and to reduce external funding cost. SunCon also manage our funds by:-

- Maximising foreign exchange exposure and hedge when opportunity arises.
- Ensuring all excess funds are placed with a reasonable return.
- Assessing our borrowing requirement and ensuring that we obtained the lowest borrowing rates.
- Monitoring our bank balance to ensure that cash is sufficient for day to day operations and that the closing balance are being kept at it’s minimal.
- Maximise interest rate differential between placement rate and borrowing rate.
- Lining with bank on annual renewal of facilities and new facilities.

It is always important to ensure that there are sufficient credit facilities in hand so that SunCon can seize every job opportunity in the market. Our credit facilities issued by banks are usually kept at it’s minimal.

DEBT MANAGEMENT

The borrowings in 2017 of RM135 million are solely from Loan Bill Discounting. Projects monthly progress certificates are being used as an instrument for Loan Bill Discounting application with a maturity tenure ranging from 30 to 120 days. There is no net gearing in the group as SunCon is able to maintain at a positive net cash position. The weighted average borrowing rate is at 1.88% (2016: 1.89%).

Borrowings are mainly utilised for short term purpose for a period not exceeding 120 days to manage our receivables turnaround period. It is also used to support the initial stage of new project which has more upfront cost, capital expenditure requirements, bulk purchase of materials for better economies of scale and optimisation of interest rates differentials. The interest coverage ratio has increased 25 times in 2016 to 27 times in 2017 due to the increase in borrowings made during the year.

SHARIAH COMPLIANT FUNDS

Under the shariah complaint regulation, there is a particular ratio in respect cash over total assets where cash placed in conventional accounts and instruments, must be less than 33% of total assets. As SunCon has a total gross cash of RM487.2 million, the ratio of cash over total assets is 25.8% (Total Assets : RM1,887.2 million) which is lower than the stipulated percentage of 33 percent. Moreover, out of the RM487.2 million of gross cash, 28.5% was placed under Shariah Compliant Funds.

DIVIDEND POLICY

SunCon is committed in providing good returns to it’s shareholders. It is the Board’s continuous intention to pay good dividends to our shareholders as our appreciation in your support towards the company’s growth. During the year, the annual dividend payout to the Group’s shareholders amounted to 7 sen, which is a sum of the 1st interim cash dividend of 3 sen and 2 nd interim dividend of 4 sen.

This is higher than the dividend payout in prior years (2016: 5 sen ; 2015: 4 sen). We are committed in delivering satisfactory results backed by strong fundamentals and sound balance sheet in 2018 to be able to reward Shareholders more than the Group’s dividend payout policy of 35% of core net profit.
**Review of Share Performance**

Sunway Construction Group Berhad is listed on the Main Market of Bursa Malaysia Securities Berhad.

**Listing Date**
- 28 July 2015

**Stock Name**
- SUNCON

**Stock Code**
- 5263

**Stock Sector**
- Construction

**Others**
- Shariah Compliant

SunCon’s share price has been increasing steadily during the third quarter even when the FBM KLCI and KLCON Index declined during the quarter. This was partly contributed by the award of Package G5 07-08 of the LRT3 project worth RM2.178 million. This is our single largest contract secured to date.

During the same quarter, we have also secured other projects such as the Project Perumahan Awam 1Malaysia (PPA1M) in Kota Bharu worth RM382 million. Up to the third quarter of 2017, SunCon has secured at total of RM4 billion worth of new projects. This has way surpassed management’s order book replenishment target of RM2 billion. The share price continued to improve in quarter four of 2017 performing better than the local benchmark and construction index.

SunCon closed 2017 higher by 47.7% at RM2.51 ahead of FBM KLCI and KLCON. This has more than doubled our Initial Public Offering (IPO) price of RM1.20 in July 2015 and the December close is also our new high since IPO.

- Basic EPS (sen)
  - IPO: 9.84
  - 2015: 9.55
  - 2016: 10.66

Our share performance spiked up in the second quarter of 2017 mainly due to more newflows on government pump priming infrastructure projects in the likes of LRT 3 and ECR1 of which SunCon is one of the strong contenders. The share price continued to improve in quarter four of 2017 performing better than the local benchmark and construction index.

SunCon closed 2017 higher by 47.7% at RM2.51 ahead of FBM KLCI and KLCON. This has more than doubled our Initial Public Offering (IPO) price of RM1.20 in July 2015 and the December close is also our new high since IPO.

SUSTAINABILITY

This Sustainability Statement covers activities that are significant to Sunway Construction's business and stakeholders and how these material aspects are disclosed. This statement summarises the Group’s progress in 2017 including the policies, practices and procedures developed.

Sunway Construction's commitment to maintaining the highest levels of transparency and accountability continue to propel the Company to the next reporting level, year on year. Our inclusion in the FTSE4Good Index was reaffirmed in 2017.

SCOPE OF THIS REPORT

REPORTING PERIOD
1 January 2017 to 31 December 2017

REPORTING CYCLE
Annually

ORGANISATIONS COVERED
Sunway Construction Group Berhad and its active subsidiaries Sunway Construction Sdn Bhd, Sunway Engineering Sdn Bhd, Sunway Geotechnics (M) Sdn Bhd, Sunway Precast Industries Sdn Bhd and Sunway Concrete Products (S) Pte Ltd.

More detailed information on Sunway’s divisions and subsidiaries can be viewed in the Group Corporate Structure section of this annual report. References to ‘SunCon’, ‘SunCon Group’, ‘the Group’, ‘the Company’, ‘the Organisation’ and ‘we’ refer to Sunway Construction Group Berhad and/or its divisions and subsidiaries.

The data is presented in the most accurate manner possible, using quantitative indicators where relevant. Group data and information are presented whenever possible. However, initiatives and/or data by particular divisions or subsidiaries have been highlighted as indicated in the text.

GUIDELINES

Principal guideline
- Global Reporting Initiative (GRI) Standards

Additional Guidelines
- Bursa Malaysia’s Sustainability Reporting Guide
- International Organisation for Standardisation (ISO) 26000:2010 Guidance on Social Responsibility

REPORT CONTENT

The contents of this report have been determined after considering the materiality of different aspects and issues by asking the following three questions:
- What are the regulatory requirements?
- What is material for our stakeholders and their interests?
- What is material for the Company’s business?

RELIABILITY AND RELEVANCE OF INFORMATION DISCLOSED

An external consultant is engaged to improve the materiality processes by seeking the views of representatives from all stakeholder groups. This objective study helps identify the most important aspects of sustainability for our stakeholders and the Group.

FEEDBACK

CONTINUING OUR SUSTAINABILITY JOURNEY

We have been strategically pursuing a sustainability agenda for many years. We continue to work proactively towards long-term success by improving operational eco-efficiency and embedding sustainability approaches into our business practices. Our continuous improvement provides a competitive advantage and we deliver awareness and education programmes with our employees, regularly. Our sustainability journey’s success is affected by stakeholder engagement. We have continued to seek out stakeholders with the experience and expertise to contribute to our pursuit of greater sustainability. Constructive engagement with other stakeholders is also welcomed.

Health, Safety and Environment
- We will manage and utilise resources and operations in a manner that protects the safety and health of our people, neighbours, customers and visitors. Our safety, health and environment responsibilities extend beyond the protection and improvement of our own facilities.

Innovation
- Our success requires a continuous stream of breakthrough ideas that lead to improved solutions and services.

Ethics and Integrity
- We care how results are achieved, demonstrating honest and ethical behaviour in all activities. Maintaining the highest professional and personal standards along with a well-founded reputation for scrupulous dealing are priceless assets.

Community and Society
- A successful business affects the economy of the local community far more than philanthropy. Engaging with key community stakeholders is an important part of sustainable business development.

Our People
- In line with our tagline of “Constructing Dreams, Developing Careers” and our core values of Integrity, Humility and Excellence, we strive to create an environment where all individuals are fairly treated while being empowered to contribute to the development of the workforce. We do not tolerate any form of discrimination, harassment or unethical conduct.
SUSTAINABILITY GOVERNANCE

In 2017, we established a formal sustainability committee. Members have been selected that can contribute the most in the areas of sustainability deemed important in the materiality matrix. The committee assists the Board in meeting its oversight responsibilities in relation to the Company’s sustainability policies and practices. The duties of the committee include reviewing and making recommendations to the Board on the Company’s policy and performance in relation to the environment, health and community. The committee has had five meetings during the year.

STAKEHOLDER ENGAGEMENT

Identifying key stakeholder groups helps us gauge the actual or potential impacts our business has on them and vice versa. We engage with all stakeholder groups regularly through a structured mechanism or predetermined schedules. While senior management is primarily consulted during the preparation of this statement, its contents are aligned with stakeholder interests whenever possible.

Interaction with stakeholders occurs throughout the various stages of projects as part of SunCon’s business development process. These interactions cast light on stakeholders’ preferences and expectations, which in turn allows sufficient resources to be allocated.

STAKEHOLDER\ THEIR EXPECTATION HOW WE ENGAGE HOW WE ADDRESS THEIR EXPECTATIONS

Clients
- Proper project management
- Project completed in compliance with standards, high quality and on time delivery
- Safety and security of the construction sites
- Client Satisfaction Survey
- Quality Assurance System
- Construction (QLASSIC)
- Progress meeting, updates and progress reports
- Customer and consular satisfaction improved from 74.9% in 2016 to 75.3% in 2017
- Achieved a 4-star rating by DOSH for complying with Occupational Safety and Health Act (OSHA) in 2017
- Weekly reports are submitted and regular meetings held to manage expectations

MATERIAL ASPECTS

Our assessment of material sustainability issues is primarily shaped by the nature of our activities, degree of impacts on the business and stakeholder expectations. As a fully integrated construction company, the nature of our contracts largely defines our legal responsibility for various social and environmental impacts and their mitigation. However, as a responsible business, we consider the environmental and social impact of our activities, striving to propagate them within our sphere of influence.

AN IN-DEPTH APPROACH

Each year, we release a sustainability statement that provides a transparent account of our performance against the social, environmental and economic challenges facing our business, industry and community.

Stakeholders want to gauge our performance across a range of issues with some being more critical to our sustainable business operations than others. Assessing the materiality of issues is a key, early step in each of our sustainability statements.

Balancing Sustainability Issues

- Broad disclosure across a wide range of issues
- Focused and accessible information on key issues most important to stakeholders

THE METHODOLOGY

Our comprehensive Stakeholder Materiality Survey, conducted during the last quarter of 2016, targeted respondents from all stakeholder groups. The survey was performed by an external consultant to ensure the objectivity and anonymity of the respondents.

Stakeholder Groups Consulted

<table>
<thead>
<tr>
<th>Stakeholder Group</th>
<th>Responses</th>
</tr>
</thead>
<tbody>
<tr>
<td>Clients</td>
<td>10</td>
</tr>
<tr>
<td>Business Partners</td>
<td>2</td>
</tr>
<tr>
<td>Media</td>
<td>0</td>
</tr>
<tr>
<td>Non-Governmental Organisations</td>
<td>0</td>
</tr>
<tr>
<td>Shareholders &amp; Investors</td>
<td>9</td>
</tr>
<tr>
<td>Employees</td>
<td>48</td>
</tr>
<tr>
<td>Suppliers/Subcontractors</td>
<td>49</td>
</tr>
<tr>
<td>Trade Union &amp; Professional Bodies</td>
<td>11</td>
</tr>
<tr>
<td>Analysts</td>
<td>4</td>
</tr>
<tr>
<td>General Public</td>
<td>2</td>
</tr>
</tbody>
</table>

The respondents indicated the level of importance they placed on each criterion on a scale of one (very unimportant) to four (very important). There were more responses from some stakeholder groups than others, skewing the results. A separate average score was calculated for each area within each stakeholder group before obtaining a final score from all stakeholder groups.

A similar survey was completed by 12 members of the Board and senior management, which represent the views of SunCon.

Areas Rated During the Materiality Survey

<table>
<thead>
<tr>
<th>Area</th>
<th>Relevance to Sunway Construction</th>
</tr>
</thead>
<tbody>
<tr>
<td>Economic</td>
<td>High</td>
</tr>
<tr>
<td>Environmental</td>
<td>Medium</td>
</tr>
<tr>
<td>Social: Labour Practices and Decent Work</td>
<td>Medium</td>
</tr>
<tr>
<td>Social: Human Rights</td>
<td>Medium</td>
</tr>
<tr>
<td>Social: Society</td>
<td>Medium</td>
</tr>
<tr>
<td>Social: Product Responsibility</td>
<td>Medium</td>
</tr>
</tbody>
</table>

The matrix is presented in the following diagram. The areas in the top right of the matrix are deemed important to SunCon and its stakeholders. These issues have been reported in greater depth in this statement. Our nature of business has remained unchanged since 2016. Senior management reviewed the materiality matrix and considers it relevant.

**(F) TRAINING**

| Employee Participation In Training | 963 | 1,253 | 1,163 |

Note: SunCon prioritised on-the-job training in 2017 which explains the decrease in structured class training.

**(G) OCCUPATIONAL SAFETY AND HEALTH**

| Worked Man-hours | 18,790,437 | 16,918,924 | 14,676,640 |
| Fatal Accidents | 0 | 2 | 2 |
| Lost Time Injury Accidents | 4 | 6 | 2 |
| Total Recordable Cases | 4 | 8 | 4 |
| Accident Frequency Rate | 0.21 | 0.47 | 0.27 |

**(H) GOVERNANCE LEVEL (BOARD OF DIRECTORS)**

| By Gender | | | |
| Female | 14% | 12% | 0% |
| Male | 86% | 88% | 100% |

By Age

| 30 - 40 | 14% | 13% | 14% |
| 40 - 50 | 0% | 13% | 14% |
| > 50 | 86% | 74% | 72% |

By Ethnicity

| Malay | 14% | 13% | 14% |
| Chinese | 72% | 79% | 86% |
| Indian | 14% | 0% | 0% |
| Others | 0% | 12% | 0% |

Note: The majority of directors are aged >50 years as a highly experienced Board is desired which comes naturally with age.
ECONOMIC

Construction is an important sector that contributes greatly to the economic growth of a nation. The economic pillar of sustainability concerns how SunCon impacts the economic conditions of its stakeholders and the economic systems at local, national and global levels.

FINANCIAL ASSISTANCE FROM THE GOVERNMENT

SunCon has been granted pioneer status for the Sunway Concrete Precast Plant in Iskandar, Johor with a longer gestation period and high capital expenditure.

Benefits for Companies with Pioneer Status Certification

100% Income tax exemption of statutory income for 5 years.

SUSTAINABLE PROCUREMENT

Our sustainable business practices begin during the procurement stage. The optimal utilisation of the critical natural resources principle has been embedded in our materials procurement practice.

INTEGRATING SOCIAL AND ENVIRONMENTAL RESPONSIBILITY INTO OUR SUPPLY CHAIN

SunCon recognises the need to integrate social and environmental management into its supply chains. Social issues encompass product and process characteristics that affect the quality of life for a wide range of stakeholders such as customers, direct and indirect employees, and communities. Human-related implications are emphasised when social performance is combined with environmental and economic performance, the triple-bottom line emerges.

Environmental and Social Requirements for SunCon’s Direct Workers, Suppliers, Contractors and Subcontractors

Compensation Packages Must Comply With

The Worker’s Compensation (Foreign Workers Compensation Scheme) (Insurance) Order 1996 and/or the Social Security Insurance and/or Employer’s Liability insurance and/or any other insurance with statutory limits as requested by Malaysian laws.

Transportation Must Be Provided To and From The Site

All housed in our Centralised Labour Quarter (CLQ) with transportation provided.

Fair Remuneration Must Be Provided

That at least covers their living wage.

Valid Permits To Work

Must be issued before permanent or temporary workers can work in accordance with Malaysian immigration and Labour laws.

Overtime

SunCon goes to the extent of paying its subcontractors’ workers directly.

Workers Must Not Be Exposed To Hazards Or Risks

When carrying out work in addition to being supervised by our safety personnel on site. Our workers undergo a comprehensive safety induction before they start work. They are also required to possess the relevant safety certification such as CIDB Green Card and Safety Passport under MRT projects.

Persons Committing Environmental Pollution Offences

Or accidents or dangerous occurrences in the sole opinion of the Site Environmental, Safety and Health Committee must be removed from site.

Reduce The Impact of Their Operations

Measured through emissions released, biodiversity impacts, waste disposal, pollution and other environmental issues resulting from their operations.

Share SunCon’s Commitment To The Environment

SunCon is committed to using resources efficiently, supporting renewable power and purchasing high-quality carbon offsets. SunCon wants suppliers to conduct business in a similar way. Suppliers must work to reduce their consumption of resources including raw materials, energy and water throughout all aspects of the project.

Buying and Using Block Work for the Environment

SunCon is now purchasing block works instead of conventional bricks and concrete blocks. Block works are becoming preferred in the construction of residential, hotel, industrial and public buildings due to their natural composition and non-toxic properties. They are made using slurry mix containing cement, sand, lime and aerating agent. It also saves energy and is environmentally friendly. Block works have similar durability as normal concrete or stone, yet with a better workability than wood.

| Lightweight | Block works are approximately one-fifth of the density of normal concrete blocks, making them more easily handled. |
| Impact Resistant | Walls erected using 100mm-thick block works products are classified as “Severe Duty” grade and able to withstand impact loads potentially resulting from rough usage. |
| Sound Resistant | Scientifically proven to provide better insulation to sound transmitted by air compared with other solid building materials. |
| Durable | Usage history of more than 50 years protecting building envelopes and remaining durable even under extreme weather conditions. |
| Eco-Friendly | Reduces at least 30% of environmental waste, 50% of greenhouse radiation and over 60% integrated energy on the surface of brick. |
| Good Workability | Easily sawn, cut, carved, nailed or drilled using ordinary hand tools. |
| Thermal Comfort & Energy Saving | Excellent thermal insulation properties result in improved comfort and reduced heating and cooling costs. |
| Water Resistant | Contains millions of closed microscopic cells which strongly resist moisture. |
| Fire Resistant | Fire resistant up to four hours for a nominal block works thickness of 100mm. |
| Cost-Effective | Speed and ease of installation result in cost savings compared to traditional masonry construction. |
| Dimensional Accuracy | Blocks and panels are manufactured in a factory environment using state-of-art modern machinery resulting in products with tighter dimensional tolerances. |
ECONOMIC (CONT’D)

SUSTAINABLE PROCUREMENT (CONT’D)

SUBCONTRACTOR ASSESSMENT

Our annual subcontractor assessments check if subcontractors possess the necessary skills, knowledge, experience and capability to perform work safely, at the expected quality without jeopardising the health of fellow workers and members of the public.

We also conduct an annual subcontractor satisfaction survey to improve our business relations by understanding their opinions. This survey was conducted during the first quarter of 2017. We achieved a response rate of 76%. In general, our subcontractors are happy working with us and will work again on future projects. We score particularly highly on our comprehensive ESH Management Systems and Quality Assurance. However, we need to work on our processes such as expediting the VO process, simplifying the evaluation procedure and improving communication between site supervisor and quantity surveyor.

In 2017, subcontractors were rated at Grade C and above. 94% improvement on the previous year.

SUPPLIER ASSESSMENT

A quantitative eSupplier Assessment helps us evaluate suppliers and data is used to develop a best in class list. Suppliers are rated on their ability to meet the following criteria on a scale of one to five.

Direct workers, suppliers, contractors or subcontractors violating our environmental and social requirements may have their positions or status terminated.

Supplier Assessment Scores

The percentage of suppliers assessing us with a C grading and better has increased from 60% in 2015 to 70% in 2016 and 2017.

<table>
<thead>
<tr>
<th>Product Quality</th>
<th>Performance, written complaints, response time and wastage.</th>

97% of suppliers agree that SunCon’s comprehensive ESH management systems have enhanced their company’s ESH awareness and implementation on the projects.

OUR CONTRIBUTIONS TO THE INDUSTRY

Master Builders Association Malaysia (MBAM) is the oldest organisation representing the Malaysian construction industry and service sector. MBAM helps develop and expand the industry by improving techniques, procedures and methods.

SunCon has been actively involved in MBAM over the past few years as council members. Having representatives on the MBAM Committee demonstrates our dedication to promoting and developing the construction industry in Malaysia.

Issues Discussed by the MBAM Committee

- Managing Safety Aspects On Construction Sites
- Managing Environmental Impacts In The Supply Chain
- Protecting the Human Rights of Local and Foreign Workers

SunCon’s Past and Present Representations in Industry Organisations

- Mr. Chong Soo Kiong, Managing Director, Sunway Construction Group Berhad
- Datin Kwan Feh Keh, Vice President, Publication and Outreach Committee Chairman, MBAM
- Mr. Thomas Samuel, Executive Director, Sunway Geotechnics (M) Sdn Bhd
- Mr. Tan Kim Yoke, Senior General Manager - Commercial/Business Development, Sunway Construction Sdn Bhd
- Mr. Steven Shue, General Manager - Legal, Sunway Construction Sdn Bhd
- Major (R) Leong Yee Keong, Senior General Manager - Environmental, Safety and Health, Sunway Construction Sdn Bhd

MEMBERSHIPS IN ASSOCIATIONS

Construction Industry Development Board (CIDB) was established under the Construction Industry Development Board Act (Act 520).

CIDB promotes and stimulates the development, improvement and expansion of the construction industry. Construction companies are classified according to their technical and financial abilities.

SUNWAY PRECAST INDUSTRIES

SunCon is a Grade 7 contractor, which is the highest possible classification. This allows the Group to tender for contracts of unlimited value, which is important, particularly when vying for government contracts.

SunCon can leverage on the combined resources of the entire Sunway Group including:

- Accessing the invaluable experience and expertise of the Group’s management team.
- Its financial strength.
- Reliable sources of materials and services from companies within the Group.

This synergy strengthens SunCon’s capabilities and provides an advantage in terms of competitive pricing, assured quality and shorter project completion periods.
Environmental excellence is an integral part of our business operations. Applying initiatives that mitigate our environmental impact and increase our alternative energy capacity is one way of achieving this.

Constructing buildings and other infrastructure significantly affects the environment. Direct impacts include land use, materials and energy, which produce greenhouse gas emissions and other wastes.

Construction also negatively affects flora and fauna to some extent. However, we have set key targets to prevent environmental pollution, manage construction waste and conserve resources. A systematic environmental aspects-impacts evaluation combined with implementing operational controls and training help minimise this irreversible environmental damage.

Environmental Highlights

- 100% of project work sites conduct environmental monitoring
- 78% cost saving achieved through reuse initiatives
- 64% of our machines are less than 5 years old
- 100% of our sites are ISO 14001 certified
- All construction raw materials are sourced locally
- 8 Green Buildings completed and certified and 4 ongoing
- Achieved average monthly environmental inspection score of 83.6%
- Potential Environmental Impacts From Our Operations
  - Water Pollution
  - Depletion Of Resources
  - Land Contamination
  - Siltation & Sedimentation
  - Air Pollution
  - Noise Pollution
  - Contaminated Materials And Wastes
  - Global Warming/Greenhouse Gas Effects
  - Removal of Flora And Fauna

Environmental Objectives at Project Sites

- PREVENT
  - Environmental pollution at project sites
- MANAGE
  - Construction waste at project sites including segregating it by type for 3R and disposal at designated areas
- IMPROVE
  - Awareness of good environmental practices at project sites

Our Environmental Management System (EMS) helps us comply with ISO 14001 and other stipulated legal requirements.

We have also adopted essential best practices to control and prevent environmental pollution which comprises water pollution control, air and noise pollution control as well as waste management.

SunCon owns a fleet of machines used in construction. Our Machine Renewal Programme has been established to evaluate the repair and maintenance costs of this machinery and decommission any that are not cost-effective. This promotes productivity and minimises adverse effects on the environment. 26 machines underwent this programme in 2017 and an additional 31 machines were purchased.
ENVIRONMENTAL (CONT’D)

SunCon Machinery Decommissioned Newly-Purchased Machinery
1  • Mobile Pump 1  • Tower Crane
2  • Skylift 2  • Concreter Pumps
3  • Hydraulic Excavators 3  • Concrete Pumps
4  • Motor Graders 4  • Motor Graders
5  • Dump Trucks 5  • Pump Trucks
6  • Dump Trucks 6  • Dump Trucks
7  • Boring Rigs 7  • Boring Rigs

Our Revitalisation Programme rebuilds or replaces the engine, main pump, control valve and wire harness of a machine. This preventive action is taken each time machines have worked for 10,000 hours to keep them working optimally and avoid major breakdowns. Five boring machines underwent this programme in 2017.

USE OF MORE ENVIRONMENTALLY-FRIENDLY DIESEL

Euro5 Diesel is a technologically-advanced fuel with zero emissions for a sustainable cleaner environment. Euro5 Diesel costs RM0.10 per litre more than regular diesel. However, in the long run, it is better for the environment and maintenance of vehicles.

Environmental Benefits of Euro5 Diesel

<table>
<thead>
<tr>
<th>Benefit</th>
<th>2017</th>
</tr>
</thead>
<tbody>
<tr>
<td>Improved engine performance from cleaner fuel injectors</td>
<td></td>
</tr>
<tr>
<td>Reduced ignition delay enhancing cold start performance for a complete combination that delivers maximum power</td>

<td></td>
</tr>
<tr>
<td>Increased protection against engine corrosion</td>
<td></td>
</tr>
<tr>
<td>Recyclable</td>
<td></td>
</tr>
</tbody>
</table>

Tan Sri Dr Jeffrey Cheah AO advised all Sunway Petrol Card holders, who drive diesel cars, and all Sunway diesel vehicles to use Euro5 Diesel with immediate effect. This instruction is in line with Sunway’s commitment to the UN Sustainable Development Goals.

PRECAST RC STRUCTURES

SunCon's Building Information Modelling (BIM) adoption has extended to Sunway Concrete Products fabricating precast RC structures. Fabricating precast concrete cladding offsite offers many efficiencies and advantages over traditional methods, which benefit the environment.

MATERIALS MANAGEMENT

SunCon uses large amounts of sand, aggregate and cement in construction. The responsible use of resources is vital and we monitor materials wastage across all project sites as a quality objective. The tabulated results are presented during management review meetings.

Generally, our principal raw materials are widely available and sourced from local suppliers on a project or purchase order basis.

TIMBER MANAGEMENT

Timber has been used as formwork in the construction industry for decades due to being lightweight, easy to handle and cost-efficient. Timber girders used in SunCon’s projects are lightweight, yet have a high load-bearing capacity and are compatible with prefabricated wall formworks or slab formworks.

Prefabricated formworks reduce the risk of missing and damaging formwork components during construction.

Our centralised warehouse storage system ensures formwork materials are properly kept before being delivered to the project site. Our sheltered warehouse keeps timber dry to prolong its lifespan. Damaged timber girders returned from project sites are inspected and salvaged by being cut into standard lengths before being recycled for the next project.

We work with our team of design engineers from the design stage to maximise the use of systematic formwork instead of conventional formwork. We also prioritise the use of in-house system formwork to reduce the idling of materials in the warehouse.

SunCon also introduced a more modular formwork which requires less timber and a shorter assembly time.
ENVIRONMENTAL (CONT’D)

PAPER MANAGEMENT
SunCon minimises its paper usage and waste paper is recycled wherever possible. However, the majority of the paper is sent externally when tendering for projects.

WASTE MANAGEMENT
The amount of construction waste is directly proportionate to the number of buildings and infrastructure construction managed. The more work we perform, the more waste is generated.

SunCon recognises that:
- Waste generation is directly linked to consumption and business operations.
- Waste in landfills represents a substantial loss of materials.
- The impact on the environment arises from the whole supply chain process especially in terms of the cradle to grave concept.

We minimise waste at all worksites by managing it onsite as efficiently as possible. A systematic waste management plan maximises waste segregation and encourages its use as a resource. We monitor and report the waste generated on each project and the amount diverted from landfill through recycling and recovery.

Our Objectives: Maximum Wastage Allowed by Work Type

- Project accountants audit materials wastage at the project sites to ensure adherence to the QESH objective.

<table>

</tbody>
</table>

* The actual wastage is higher than the allowable wastage due to changes in construction design. It takes time for the design changes to be incorporated into the built drawing as there is a lengthy approval process. The built drawing is used to calculate the materials required on site. The actual materials used at the immediate period are greater than what is required, which is eventually curtailed as the project progresses.
** There were no tiles wastage records in 2017. All jobs were outsourced to subcontractors, so the risk was borne by them.

SUNWAY'S WASTE MANAGEMENT PROCESS

Waste is either reduced and reused or recycled into goods. SunCon has inculcated good 3R habits in its working culture. The Reduce, Reuse and Recycle (3Rs) slogan reminds all consumers to minimise the burden that their waste creates.

SunCon has inculcated good 3R habits in its working culture. Waste is either reduced and reused or recycled into goods.

Our 3R Model
- Seeking ways of producing/using goods that prevent waste being generated.
- Recyling waste materials into usable products.
- Reusing containers, packaging or waste products.

WASTE MANAGEMENT (CONT’D)

3R — NOW, TODAY AND FUTURE
Waste disposal is a major issue for the government and community. The Reduce, Reuse and Recycle (3Rs) slogan reminds all consumers to minimise the burden that their waste creates.

SunCon has inculcated good 3R habits in its working culture. Waste is either reduced and reused or recycled into goods.

REUSE INITIATIVES

1. Steel plates/lumber waste repurposed as bored pile cage stoppers, cement mixing containers and signage.
2. Concrete used as crusher run, an environmentally-friendly and cost-effective alternative for driveway construction.
3. New steel toe boards replaced by plastic toe boards made from damaged plastech formwork, which are more environmentally-friendly and can reduce costs by up to 78%.

WATER MANAGEMENT
Water is a key aspect of almost any construction project. SunCon reduces its water footprint by implementing best practices to ensure the proper management of potable water onsite. We concentrate our efforts on installing high-efficiency low-flow water fixtures to reduce water usage and minimise water discharge. We also reach out to our employees, contractors and their workers to emphasise the importance of reducing water consumption.

Water—Saving Initiatives

- KLCC
  - Rain water accumulated on the ground level is channelled to a collection tank at the sub-structure level for use in skim coating works.
  - Water pumped from the wells is used to wash tyres and reduce the height of the water table.

- PARCEL F
  - Water is pumped from Putrajaya Lake for dust suppression which reduces carbon emissions as lake water does not require purification or present problems from leaking or being pumped long distances. Project sites are increasingly reusing and recycling water for wash troughs.

- MRT Y201
  - Water is pumped from Putrajaya Lake.

TOTAL 7,294.7 4,518.72

* The increased disposal of SW408 and SW409 is primarily due to improved awareness of scheduled waste management. Operational demands at project sites also contribute to the increased disposal of SW409.
**ENVIROMENTAL (CONT’D)**

**GREEN CONSTRUCTION = SMART CONSTRUCTION**

Since 1981, SunCon has dedicated itself to building smart and remaining at the cutting edge of the construction industry. We have kept abreast with construction techniques and materials as they have evolved. Today, we build green because it is building smart.

A green building reduces or eliminates negative impacts in its design, construction or operation. Green buildings positively affect our climate and natural environment, preserving precious natural resources and improving our quality of life.

**How Our Properly-implemented Green Initiatives Pay Off**

1. Environmental Impact And Sustainable ROI
2. Direct Financial ROI
3. A More Livable Facility
4. A Higher Property Value

Our commitment to green building addresses all issues including biodiversity. GHG emissions, energy management, resource use, pollution, waste management and water management. Table below presents the Green Building Index (GBI) rating of our completed and ongoing Green Building projects.

**BIODIVERSITY AND CONSERVATION**

Biodiversity refers to the variety and variability of life on Earth. SunCon is committed to protecting biodiversity in the areas in which it operates.

SunCon’s Initiatives That Protect Biodiversity

- **Analyse the potential impact of our projects prior to commencing work**
- **Conduct biodiversity assessments at each phase of a project before developing site construction plans that minimise our impact**
- **Meet permit conditions regarding biodiversity management**
- **Develop mitigation measures/offsets if risks to biodiversity are identified**

We are committed to conserving and not developing on river buffer zones at our Sunway Southern Region Projects including:

- The natural mangrove areas within at least 50 metres of the boundary of the project areas; and
- The Straits of Johor and Pendas River.

**CLIMATE CHANGE AND OUR CARBON FOOTPRINT**

We are working to reduce our emissions through several methods such as maintaining a temperature of between 23 and 25 degrees Celsius at Menara Sunway. We also adopt green features, implement technical and operational measures to improve fuel efficiency and purchase energy-efficient equipment.

Our emissions calculations conform to the internationally recognised GHG Protocol established by the World Business Council for Sustainable Development (WBCSD) and World Resources Institute (WRI). Emissions accounting is based on the GHG Protocol classification of direct and indirect emissions.

**SCOPE 2**

Scope 2 emissions are in the form of purchased electricity. The CO₂ emissions from the use of electricity were derived using the emission factor published by the Malaysian Green Technology Corporation for the Peninsular grid.

**SCOPE 3**

Air travel GHG emissions were calculated point to point including the number of employees on board and the distance travelled. Air travel data was extracted from a centralised booking system used for all SunCon flights. The GHG Protocol tool for mobile combustion (version 2.6) by the WRI was used to calculate the CO₂ emissions from air travel.

**SCOPE 1**

Fuel purchases made for Sunway Construction, Sunway Geotechnics Sdn Bhd and Sunway Southern Region are monitored and recorded to calculate GHG emissions from company-owned vehicles and machinery.

Significant amounts of diesel are required to run SunCon’s construction machinery such as cranes, backhoes and piling equipment. CO₂ emissions from the consumption of fuel were derived from the emission factor published by the IPCC Guidelines for National Greenhouse Gas Inventories.

**Did you know?**

**Categories being assessed for GBI certification include:**

- Energy efficiency
- **Indoor environmental quality**
- **Sustainable site and management**
- Materials and resources
- **Water efficiency**
- **Innovation**

Sunway is examining the feasibility of a solar renewable energy drive. We aim to install a solar grid by 2020, by which time the energy-conversion technology should be sufficiently high and the total life-cycle costs will become more viable.

**Environmental (Cont’d)**

Water consumption for 2015 and 2016 has been restated due to improved data monitoring process.
ENVIRONMENTAL CONTROL

ENVIRONMENTAL MONITORING

POLLUTION CONTROL

Construction sites make a significant contribution to environmental degradation and SunCon minimises the environmental damage it causes.

Pollution Control to Avoid Environmental Degradation

Installing
Temporary protection for slopes and stockpiles to control soil erosion and any turbid surface runoff when it rains.

Constructing
Silt fences and silt ponds to avoid sediments being discharged into natural water bodies.

Undertaking
Air, water quality and noise monitoring, regularly.

Providing
Hoardings and noise curtains to lower environmental damage it causes. Construction sites make a significant contribution to environmental degradation and SunCon minimises the environmental damage it causes.

Noise control to Avoid Environmental Degradation

Scheduling
Dust suppression with a water bowser to reduce airborne dust at construction sites.

Washing
Trucks’ wheels at the exit to prevent mud, dust and dirt from being spread on public roads.

AIR MONITORING

SunCon monitors the air quality at various stations surrounding its project sites. Total suspended particulates (TSP) are taken on a bi-weekly, monthly or quarterly basis depending on the requirement. TSP must not exceed the Department of Environment (DOE) limit of 260 µg/m³. The readings across all sites ranged from 13.8 to 250 µg/m³. All were within the DOE limit.

SunCon also monitors its Nitrogen Oxide (NOx) and Sulphur Oxide (SOx) although very few are produced during construction. These gases are highly noxious and are very harmful to the respiratory systems of humans and other animals.

NOx (µg/m³)

* NOx was monitored at 31 stations; the baseline at nine stations was <1, one was 3.3 and one was 4.9.

VOLATILE ORGANIC COMPOUNDS (VOCs)

Breathing in low levels of VOCs for long periods of time may increase some people’s risk of health problems. SunCon aims to minimise stakeholders’ exposure to products and materials that contain VOCs. It is normal practice to use low-VOC paints at all project sites. Where low-VOC paints are not feasible, paints containing VOCs have to be used such as to paint iron bars.

WATER MONITORING

We take monthly readings of the total suspended solids at each site at various monitoring stations to comply with the Environmental Assessment Plan. Total suspended solids must remain below 100 mg/l to be within DOE compliance limits.

NOISE MONITORING

Noise is unavoidable in construction sites, especially in areas that were quiet beforehand. SunCon minimises this nuisance for neighbours by installing noise barriers at receptive areas.

Real-time noise levels were taken in the day and night at several stations at each of our construction sites. Weekly or quarterly readings are submitted to the DOE as required by the Environmental Assessment Plan. Both the daytime and nighttime noise levels were not significantly higher than the baseline at any project sites.

* Average baselines reported

Notes:
1. Water discharge from neighbouring project close to our monitoring station at MRT V205.
2. Erosion at gabion wall caused water to be discharged without filtration at Parcel F, Putrajaya.
3. Design change resulted in initial silt trap being unable to cope with the amount of silt water discharged from the project site at Big Box.
4. Heavy rainfall at upstream at MRT V201, M3, and GRL.
5. No check dam in place at SMC 4.
6. No check dam in place at SMC 4.

Immediate actions was taken to address the high readings at all project sites. Discussions were held with representatives from neighbouring project at MRT V205 to prevent recurrence. The damaged gabion wall was also repaired at Parcel F and a check dam was installed at SMC 4. Silt traps and check dam, which are measures to control erosion and sedimentation, will be maintained more frequently to ensure the limits are not exceeded.

In 2017, SunCon pleaded guilty to DOE Malaysia charges that TSS exceeded the standards in 2014. SunCon has taken measures to ensure all discharges from project work sites comply with standards through proper soil erosion and sediment management and control.

Real-time noise levels were taken in the day and night at several stations at each of our construction sites. Weekly or quarterly readings are submitted to the DOE as required by the Environmental Assessment Plan. Both the daytime and nighttime noise levels were not significantly higher than the baseline at any project sites.

SOCIAL: LABOUR AND DECENT WORK

People with different ideas, strengths, interests and cultural backgrounds are key to our success. We reject any form of discrimination and present all employees with the same opportunities. Candidates’ personalities and skills-based assessments are pivotal in both the hiring and development of our workforce.

OUR PROMISES TO OUR PEOPLE

1. GOOD HEALTH AND WELL BEING
   SunCon establishes health and safety policies to protect the health of its employees, families and communities, ensuring safe and healthy work environments. Supply chain partners familiarise themselves with these policies so they can follow our high standards.

2. QUALITY EDUCATION
   SunCon collaborates with other organisations to provide employees with continuous training programmes and bridge the gap between the skills possessed and required.

3. GENDER EQUALITY
   SunCon’s internal processes ensure gender equality in the recruitment, promotion, training and remuneration of all professionals.

4. REDUCE INEQUALITY
   SunCon provides equal opportunity to all races (employees are diverse culturally) and we promote meritocracy.

5. DECENT WORK AND ECONOMIC GROWTH
   SunCon transforms the way in which work is performed, integrating technology and new processes. This helps us provide quality employment while encouraging economic development in the areas surrounding the project areas.

SUNCON’S MANAGEMENT OF HUMAN RESOURCE RISKS

FACTS ON HUMAN RESOURCES RISKS

1. People can be a source of risk if there is a shortage of employees, poor work quality or high turnover.
2. People are important in mitigating risk. Employees may go the extra mile for the good of the company.
3. People can help or hinder the execution of management plans.

SUNCON’S MANAGEMENT OF THE TOP FOUR IDENTIFIED HR RISKS

1. Staff Turnover
   - Identify suitable staff for internal transfers.
   - Train suitable staff to fill capability gaps.
   - Build pipeline of external candidates for possible hire.

2. Succession to Key Positions
   - Identify potential successors internally.
   - Deploy development intervention such as experiential learning, coaching, mentoring and training.

3. Legal Foreign Workers at Project Sites
   - Project PIGs and ESH representatives enforce requirements at site and to subcontractors.
   - Perform regular tool box attendance checks and monitor worker fluctuations on site.

4. Competent Workforce (Value Chain)
   - Identify value chain and bridge gaps in project management, project supervision and product quality control by delivering on-the-job training, coaching and assessments such as SQMS and QLASSIC.

ENVIRONMENTAL

WHAT TO EXPECT IN 2018

1. To continue ensuring all SunCon project worksites comply with relevant environmental legal legislation and applicable requirements.
3. To continually explore effective approaches to reduce, reuse and recycle our construction waste.
Local Recruitment

In 2017, we formed a collaborative partnership with Consist College to hire their best students based on academic performance. Students who received the Best Students Awards and were automatically given a conditional offer to join us as permanent employees. In 2017, we enrolled two students from Safety Supervisors in Environmental, Safety and Health.

We have built strong collaborative partnerships with public-private universities and polytechnic schools. Previously, our collaborations with universities and academic institutions such as the Politeknik Ungku Omar and Institut Kemahiran Belia Negara (IKBN) provided work-based learning and internship programmes at our project sites.

In 2017, we were committed to the growth and development of our human capital and continued to work closely with more than 22 private and public universities in Malaysia. We connected with more than 22 private and local universities in Malaysia.

262 university students completed their internships with SunCon in 2017.

Connected with more than 22 private and local universities in Malaysia.

3 to 6 months placements.

Up to 8.4% of interns were offered full-time employment upon graduation in 2017.

In 2017, the percentage of women in management was 23.38%, an increase from 22.52% in 2016. As construction is a male-dominated industry, we believe the participation of women at the present ratio is healthy.

UNIVERSITIES WE WORK WITH

LOCAL UNIVERSITIES

• University of Nottingham
• Australia National University
• Monash University
• Sunway University
• Universiti Tunku Abdul Rahman
• Curtin University College
• Heriot Watt University College
• Imperial College London
• Infrastructure University
• Kuala Lumpur
• UCIS University
• Universiti Tenaga Nasional

PRIVATE UNIVERSITIES

• Universiti Malaysia Pahang
• Universiti Malaya
• Universiti Malaysia Sarawak
• Universiti Tun Hussein Onn Malaysia
• Universiti Putra Malaysia
• Universiti Malaysia Perlis
• Politeknik Ungku Omar
• Consist College
• KLIAT Professional College
• Universiti Teknologi Malaysia
• Universiti Sains Malaysia

SKIM LAITHAN 1MALAYSIA (SLIM)

Program Skim LAITHAN 1MALAYSIA (SLIM) is an employability enhancement initiative championed by the Economic Planning Unit (EPU) under the Prime Minister’s department. This programme aims to provide a platform for specific targeted groups of university degree graduates who are either:

• Unemployed;
• Come from poor families or rural areas; or
• Employed in occupations that do not match their qualifications.

In support of this nation-building project, SunCon registered with SLIM on September 2017 and conducted a walk-in interview on October 2017. Thirty of the 80 applicants who came forward were enrolled under this programme for eight months and placed in various project sites.

The structure of this programme involves classroom training and on the job exposure. The trainees’ development will focus on the areas of Communication, Creative and Analytics Thinking, Organisational Adaptability, Value Driven Professional and Grooming and Etiquette.

Our three-year target is to hire on board a minimum of 150 trainees.

OPTIMISING HUMAN CAPITAL

Holistic and integrated workforce planning discussions are frequently held across all SunCon projects in order to:

• Proactively forecast the resources required based on business needs;
• Rigorously review the skill sets of our current workforce to mitigate any workforce surplus or shortage.

Weekly and monthly review meetings are held with key business heads to discuss workforce needs and strategise internal employee deployment before hiring externally. This initiative is driven by Top Management and Human Resources.

DIVERSITY AND EQUAL OPPORTUNITIES

In 2017, the percentage of women in management was 23.38%, an increase from 22.52% in 2016. As construction is a male-dominated industry, we believe the participation of women at the present ratio is healthy.

The average basic pay for each worker is RM1,251. Additional overtime is paid for extra working hours. Incentives amounting to RM3,200 are given when workers have:

• Completed a two-year contract with a good behaviour record.
• Achieved a 99% attendance over two years.
• Received less than three show cause letters and no warning letters.
• Continued filling all requirements stated in their contracts.

We also provide Central Labour Quarters and workers’ transportation to the respective project sites.

SunCon is a diverse organisation that provides equal opportunity to all employees who demonstrate the right values, potential and willingness to grow their careers.

We adhere to the equality and diversity practices of Sunway Group and actively participate in initiatives that promote effective equality. Our Code of Conduct sets out the principles of conduct regarding equality throughout the Group.

The right person is chosen for the job, regardless of gender, race or creed, when developing the careers of our talents.

More than 60% of our workers renewed their contracts after the initial two years.

Excluding foreign workers, our organisation comprises 50% Malays, 35% Chinese and 12% Indians, which roughly represents the demographics of Malaysia.

STAFF DISCOUNT

For a breakdown of the categories defined under special leave, please refer to table overleaf.
Social: Labour and Decent Work (Cont’d)

Competitive Benefits (Cont’d)
We are supportive of the needs of working mothers through the provision of facilities such as flexible working arrangements, a mother’s room and also a designated car park for expectant mothers. Currently, six employees are utilising the flexible working arrangement. In 2017, we have introduced childcare/parental leave which entitles employees to two days of leave to care for their sick family members.

The number of employees who utilise our various types of leave over the past three years is presented in the table below. As the childcare/parental leave was only introduced in 2017, the utilisation rate for previous years was zero. Employees may take up to two days leave.

Capability Building
SunCon’s long-term training and development plan aims to develop the skills of all professionals. This strategy allows SunCon to engage a more capable workforce while helping individuals grow their careers.

Our Human Resource Department performs learning needs analyses to ensure all employee development plans are designed purposefully. We also sponsor high-performing employees who wish to pursue their studies. Academic sponsorships cover diplomas, tertiary, professional and postgraduate qualifications.

Examples of Evening Talks, Sharing Sessions and Short Courses Available for Employees in 2017
- HVAC/R Training
- PAM Contracts (With Quantities) and (Without Quantities)
- QLASSIC Awareness Training
- Liebherr Product Talk
- EDMS User Training
- Talk On “Bi-Directional Static Load Test”
- Concrete Technology
- Talk on Third Generation Polymer for Soil Stabilisation
- Sunway Leaders Series
- The Invention of High-efficiency Blue LEDs and the Future of Solid-state Lighting
- Briefing on the Latest QESH Manual

Sunway Machinery Training Academy
The Sunway Machinery Training Academy was established in October 2010. It is accredited by the Department of Skills Development (Jabatan Pembangunan Kemahiran) under the Ministry of Human Resources Malaysia.

The academy follows the National Dual Training System:
- 30% theory (portfolio and daily log book report).
- 70% practical (assessment and final examination/PPL).

Our academy delivers certified technical training for heavy construction machinery mechanics. The training also benefits employees by teaching the skills, knowledge and expertise required to repair heavy construction machinery.

Training Objectives
- Minimise Machine Repair Costs and Downtime
- Raise Safety Awareness
- Promote Knowledge-Based Skilled Workers
- Recognise and Certify Skills Competency
- Increase Operational Efficiency and Productivity

Types of Training Programmes
- Technician of Construction Machinery
  - Apprenticeship Programme - Technician of Earthmoving Equipment (SKM Level 3)
  - Technology Automotive in After Sales Service (DKM Level 4)

- Construction Machine Operations
  - 30% theory (portfolio and daily log book report).
  - 70% practical (assessment and final examination/PPL).

- Briefing on the Latest QESH Manual

Sunway Leadership Criteria
Sunway Leadership Criteria (SLC) is a behavioural competency framework measured and observed by Sunway Group; SLC clearly defines the expected leadership behaviour of employees at every level in the organisation.

SUNWAY LEADERSHIP CRITERIA

<table>
<thead>
<tr>
<th>Themes of Leadership</th>
<th>Levels 1 &amp; 2*</th>
</tr>
</thead>
<tbody>
<tr>
<td>Strategic Thinking</td>
<td>- Applies broad and conceptual thinking with a big-picture and long-term view when formulating strategies. Practices analytical rigour and considers internal and external factors that impact the organisation.</td>
</tr>
<tr>
<td>Interpersonal Skills</td>
<td>- Demonstrates emotional maturity and seeks to understand others in order to interact effectively and build sustainable relationships.</td>
</tr>
<tr>
<td>Passion for Excellence</td>
<td>- Sets high standards and drives performance with energy and determination to achieve ambitious outcomes. Pursues change and innovation that leads to higher performance.</td>
</tr>
<tr>
<td>Leading Others</td>
<td>- Sets direction, engages and influences others to work towards organisational goals. Leads with integrity.</td>
</tr>
<tr>
<td>Developing Others</td>
<td>- Facilitates the development of others to meet organisational goals. Inspires and motivates others to grow and develop in order to realise their full potential.</td>
</tr>
<tr>
<td>Customer Focus</td>
<td>- Committed to providing quality products and services that respond to changing customers. Aims to exceed the expectations of internal and external customers and build win-win relationships.</td>
</tr>
</tbody>
</table>

* Accredited by Construction Industry’s Development Board of Malaysia.
LEADERSHIP CONTINUITY

Our Talent Management and Development provides a unique development and career advancement opportunity for employees with different talents and potential. This process supports SunCon’s continuous effort to improve its talent and leadership bench strength.

LEADERSHIP CRITERIA (CONT’D)

Talent Identification Process

Involving Business Unit Heads, Line Managers, subsidiary HR, Group HR and employees.

Assessment Tools

Such as the Sunway Annual Talent Review (ATR), MFE Moderation and Assessment Centres help identify key potentials that have the capability of succeeding in key leadership roles in various departments.

High Potential Employees

Who have consistently performed “Above Expectation” and have demonstrated leadership potential are closely monitored by the Senior Leadership Team on their career progress and development needs.

Talents

Are considered for an accelerated career progression with support from internal mentors and differential learning experiences. Differentiated rewards are applied to recognise differentiated performance and potential, provided such standards of performance are sustained.

Employees

Have an equal responsibility for their own career development and are encouraged to drive their own growth to maximise their potential.

SunCon’s Approach to Talent Management and Development

SunCon strengthens in-house sourcing capabilities and market intelligence. A pipeline of potential candidates with the right fit are created:

- Through strategic university relations and branding by establishing strategic collaboration among higher learning institutions, authorities and associations.
- By developing IT tools that enhance sourcing capabilities and match needs with skills through SAP recruitment and workforce planning meetings.

SUCCESSION PLANNING

Succession planning is vital for identifying key potentials and successors through assessment and evaluation tools using the Leadership Potential Indicator (LPI) as a benchmark.

This process involves mapping identified talents to successors and both preparing and following through an Individual Development Plan (IDP) to accelerate the growth of talents, speeding up their readiness to take over the role or other opportunities that arise in the organisation.

Succession and talent management progress is reviewed periodically during SunCon Management meetings.

OPERATIONAL LEADERSHIP CONTINUITY

- Identify operational leadership successors at current project/position needs
- Decide number to develop internally/hire externally

BUILDING READINESS

- Identify gaps and development interventions to grow and prepare talents for greater roles
- Reduce external hires and groom talents internally

OTHER EMPLOYEE ENGAGEMENT INITIATIVES

Sunway Managers’ Conference (SMC)

Close to 2,000 Sunway Group managers gather during this one-day event. Business leaders and visionaries share their insights on corporate strategies and business management while advising on self-motivation.

Long Service Award (LSA)

The award commemorates passionate and committed employees’ loyalty and contribution to Sunway Group’s continuous development and improvement of services.

Sunway Annual Family Day

The annual family day is attended by all Sunway employees with free entry to Sunway Lagoon. The one-day event includes a telematch and other games that foster closer rapport between colleagues while strengthening family relationships.
BRIDGING COMMUNICATION GAPS: SUNCON MD TOUR

This series of engagement sessions is the first attempt of its kind to move away from the top-down management approach. Our Managing Director, Mr. Chung, personally listened to employees’ work challenges and encouraged two-way communications between employees and the top management. SunCon MD Tour 2017 recorded an attendance rate of 38.5%, which is good between employees and the top management. SunCon MD Tour 2017 recorded an attendance rate of 38.5%, which is good

Employees now have easy access to their personal data. We have recorded 60% of users logging in with 506 active SunCon executive-level users since the launch of SAP SuccessFactors on 9 January 2017.

OUR HR POLICIES ARE NOW ONLINE

Employees can now access the mandatory HR policies through online programmes in My Learning, which was developed in 2017.

TWO PLATFORMS ACCESSIBLE IN THE MY LEARNING PORTAL

1. Code of Conduct and Business Ethics
   - This policy provides guidance on the standards of behaviour expected of all directors and employees. All employees are required to acknowledge it annually.

2. E-Policy
   - This policy establishes a guideline for the use of Sunway Group information assets, information processing facilities and networking infrastructure.

CULTURE OF KNOWLEDGE SHARING

We encourage knowledge sharing within the organisation. Sending employees for formal external training may be relevant, but it is also important that this knowledge is shared with other team members. We train our management staff and subject matter experts as internal trainers who can cascade the knowledge to their peers.

Benefits of SSC

- Supports employees’ emotional and physical wellbeing
- Conducting activities for employees during their working week is an important stress release
- Encourages creativity and provides an opportunity for them to unwind
- Improves motivation and instils a sense of belonging
- Opportunity to interact with peers and feel valued in a supportive organisation

Examples of SunCon’s Standard Practices

- That are Accessible from the KM Portal
  - Guide to Reinforced Concrete
  - Guide to Brickwork
  - Guide to Platining Works
  - Guide to Waterproofing Works
  - Minimum requirements for lorries used within project sites
  - Examples of SunCon’s Standard Practices

  - Guide to Reinforced Concrete
  - Guide to Brickwork
  - Guide to Platining Works
  - Guide to Waterproofing Works
  - Minimum requirements for lorries used within project sites

SunCon Social Club

The SunCon Social Club (SSC) was established in 2004 to boost employee engagement and motivation. The club focuses on sports, leisure and corporate social responsibility. Primarily, it brings employees together through social platforms that also benefit society. Members are encouraged to suggest activities they would like to volunteer for.

SSC provides an avenue for inter-departmental collaboration between employees. This internal social club delivers fun activities to colleagues while instilling a culture that values and supports employee engagement, internally.

In 2017, SSC also held a Corporate Social Responsibility (CSR) initiative by giving 100 school stationery sets to eligible employees’ children before the start of the new school term. The sets were presented to those on low incomes to lessen the financial burden of schooling. The club also took part in the distribution of food to the poor which is an initiative championed by the Sunway Group under its Stop Hunger initiative.
Ms Lim completed the Al Andalus Ultimate Trail (Aaut), a 5-stage, 230-km ultra-marathon over five days in Andalus, Spain. Each pledge was structured by the number of stages the runner completed. Each successful pledge channelled to the Build a Home Programme, a CSR project held by SSC in September 2017. SSC raised a total of RM77,800.

Featuring Build A Home Programme

The Build a Home Programme was organised by SSC in collaboration with EPIC Homes. The programme involved building a home at Kampung Orang Asli Ulu Gerumut in Gopeng, Perak. Consisting of four villages with an average of 40 families living in each, Kampung Orang Asli Ulu Gerumut is located 30 minutes from the main roundabout of this village to date and this initiative has been well received by the community.

EPIC Homes, an initiative by Haiti.my, builds homes for underprivileged Malaysian communities with help from volunteers from the public or participating companies. EPIC Homes has completed more than 90 homes with the assistance of more than 4,000 builders. The Build a Home Programme event also helps SunCon build relationships through this good cause.

SunCon Family Day 2017

Over 200 employees and their family members attended the SunCon Family Day on 19 February 2017 at Jumpstreet, Petaling Jaya.

Southern Region Blood Donation

65 SunCon employees selflessly donated their blood at the M3 Project Site Office on 2 March 2017. Another blood donation was held at CLQ MRT on 13 October 2017 during the employee screening day.

Mountain and Cave Expedition 2017

32 climbers conquered the peak of Gunung Ledang on 19 March 2017. Subsequently another team conquered the Mulu Caves on 2 to 4 September 2017. Both expeditions fostered a feeling of togetherness among employees.

MBAM and TEEAM Sports Tournament

SunCon employees took part in various sports tournaments hosted by MBAM and the Electrical and Electronics Association of Malaysia (TEEAM).

Tioman Island Trip

Employees took advantage of a trip to Tioman Island from 5 to 7 May 2017.

SSR Bowling Tournament

Employees took part in an SSR Social Club Bowling Tournament on 21 May, 8 October and 10 December 2017.

Bubur Lambuk Giveaway

During the month of Ramadhan, SunCon employees distributed bubur lambuk at its corporate headquarters and five project sites in the Klang Valley and one in the Southern Region.

Basic Health Screening

Staff basic health screening was conducted at the Southern Region project site on 4 October 2017 and CLQ MRT on 13 October 2017.

SunCon Trip to Korea

A trip to Korea was organised from 3 to 8 November 2017.

TREATING OUR EMPLOYEES WITH RESPECT

Employee Privacy

SunCon is committed to protecting stakeholders’ personal information and their privacy. How we collect and handle personal information in accordance with the Malaysian Personal Data Protection Act 2010 is explained in the Personal Data Protection Notice. This may be amended at any time without prior notice. However, notifications of the changes will be posted on the Company website or sent through email.

GRIEVANCES

Our grievance procedure provides employees with a mechanism to resolve their grievances or disputes. It is imperative that employees’ grievances are treated both fairly and impartially.

SEXUAL HARASSMENT

Sexual harassment is defined as any unwanted conduct of a sexual nature in the workplace, having the effects of verbal, visual, psychological or physical harassment against a person of the opposite sex or same sex. Our staff handbook contains a comprehensive Sexual Harassment Policy that aims to keep all employees free from sexual harassment in the workplace. It covers all work-related settings and extends to over-the-telephone and electronic media. We are committed to providing a safe and conducive working environment and this policy covers all employment-related sexual harassment occurring outside the workplace as a result of employment responsibilities or employment relationships.

SUNCON COMMITMENT TO OSH

Driven by its motto, “Quality, Environmental, Safety and Health, Our Culture, Our Shared Commitment”, SunCon aims to prevent accidents, preserve environmental sustainability and achieve highest standards of work quality in every processes company-wide. QESH policies, procedures and comprehensive frameworks have been developed and implemented to achieve these objectives:

QESH Policy

It is the policy of SunCon Group of Companies to meet and satisfy the quality, environmental, safety and health requirements of its clients through the following:

- To ensure that all staff are efficient, effective and consistent in the performance of their duties and responsibilities by providing requisite leadership, training, support and motivation.
- To optimise total costs by doing right things right the first time and every time.
- To strive towards a ZERO life loss at all project works sites.
- To continually improve and innovate to achieve the highest standards of work quality and service excellence.
- To comply with applicable, environmental, safety and health laws, legal and other requirements.
- To prevent environmental pollution, managing construction waste and conserving resources through systematic environmental aspects and impacts evaluation, implementing operational controls and training.
- To prevent accidents, near misses and health hazards through systematic hazard identification, risk assessments, determining controls and training.
SOCIAL: LABOUR AND DECENT WORK (CONT’D)

OCCUPATIONAL SAFETY AND HEALTH (CONT’D)

This policy reflects the company’s fundamental thrust towards insculpting total quality, environmental, safety and health management principles, practices and values.

It is the policy of SunCon Group of Companies to meet and satisfy the quality, environmental, safety and health requirements of its clients through the following:

- To ensure that all staff are effective, efficient and consistent in the performance of their duties and responsibilities by providing requisite leadership, training, support and motivation.
- To prevent environmental pollution, managing construction waste and conserving resources through systematic environmental aspects and impacts evaluation, implementing operational controls and training.
- To comply with applicable, environmental, safety and health laws, legal and other requirements.
- To continually improve environmental, safety and health management practices.

We Strive to Maintain Good Housekeeping at All Areas

High-Risk Activities and Protection

The construction industry has always been labelled as a 3D Industry: Dangerous and Difficult, and recently with an additional “D”: Demeaning. Its internal workforce is constantly exposed to danger due to many unavoidable high-risk activities embedded in the construction operations. The Hierarchy of Control has always been the cornerstone for developing a mitigation and control plan to minimise the risk. This includes engineering controls, administrative controls and Personal Protective Equipment (PPE).

The following checklist must be performed prior to work commencement:

PERMITS REQUIRED FOR HIGH-RISK ACTIVITIES

- Hot work
- Excavation
- Scaffolding
- Confined spaces
- Working at height
- Lifting
- Night Work

PPE WORN ON SUNCON SITES

- Full Body Harness
- Reflective Vest
- Hand Protection
- Fall Arrestors
- Respirator
- Safety Footwear
- Dust Mask
- Protective Clothing
- Hearing Protection and Ear Plugs
- Safety Helmet and Chin Strap
- Eye and Face Protection
- Appropriate Breathing Apparatus

Working at Height

Working at height is an integral part of work. Almost all workers work at height in some way, especially on a construction site.

The risk of working at height and its corresponding consequences remain the greatest challenge facing the construction industry.

SunCon considers working at height as a high-risk activity. We remain committed to reducing accidents and incidents from falling from height by minimising risks related to unsafe working practices.

Required PPE consists of a Personal Fall Arrest System (PFAS) which includes a full body harness, anchorage point, safety helmet, double lanyard and connectors.

Lifting Operations

Lifting operations are inherent to many activities in the construction industry. Safe lifting allows the efficient transportation of large objects and reduces manual handling operations. However, unsafe lifting can often expose people to injury, jeopardise public safety, incur significant costs and damage our reputation. SunCon reverberated with the recent string of reported accidents involving public members which arise from lifting operations. Enforcement driven at SunCon echoed the special order issued by the Director General of Department of Occupational Safety and Health (DOSH) on Management and Safe Operation of Tower Cranes, which came into force on 5 June 2017. SunCon acknowledges lifting operations as a high-risk activity and remains committed to ensuring zero accidents from lifting activities through extensive and meticulous planning and the implementation of the highest safety standards.
Employees’ Commitment to OSH

- Assure the safety of everyone
- Prevent occupational accidents, injuries, sickness and loss of life
- Familiarise themselves with fire precautions
- Conform to the legal requirements and codes of practice
- Promote OSH in public, company meetings and publications
- Review and evaluate operations to measure progress and compliance with the safety policy
- Promote cooperation to achieve and monitor safe and healthy working conditions

SOcIAL: LABOUR AND DEcENT WORK (cont’d)

Contractor Safety Standards

SunCon requires all contractors working at its sites to meet its safety guidelines and standards. Contractors must comply with all provisions of statutes, codes of practice and laws pertaining to environmental, safety and health. Contractors and subcontractors must meet the minimum safety requirements, which is to comply with all relevant laws including:

- Guidelines for Public Safety and Health at Construction Sites by Department of OSH, Ministry of Human Resources Malaysia, 1994;
- The Code of Practice for Safe Working in a Confined Space by Jabatan Keselamatan dan Kesihatan Pekerjaan, Kementerian Sumber Manusia Malaysia; and
- Guidelines on trenching for construction safety, Department of OSH, Ministry of Human Resources Malaysia, 2000; and
- Environmental Quality Act (EQA) 1974.

OSH PERFORMANCE

We recorded outstanding ESH achievements in 2017. The most noteworthy accomplishments included:

Meeting the target of ZERO life loss

A 50% reduction in the number of reportable cases under OSHA 1994

Significantly fewer cases of falling from height

Awards and Recognitions

On 29 February 2017, our Parcel F project at Putrajaya was awarded a 5-star rating by the Department of Occupational Safety and Health (DOSH) Malaysia. The award acknowledged its strict compliance and commitment to:

- Ensuring occupational safety and health for working at height, and
- Concreting and lifting work undertaken throughout the project site.

Minimum Requirements of SunCon’s ESH

Our minimum ESH requirements, as prescribed in the QESH Manual, are enforced and accentuated in all SunCon business operations. These requirements are aligned with those imposed by the authorities and regulatory bodies including:

- The appointment of a dedicated Safety and Health Officer
- The formation of a dedicated Safety and Health Committee
- A valid license is required to work including a CIDB Green Card
- The introduction of the OHSAS 18001 Management System

SunCon also received several Occupational Safety and Health (OSH) awards from the Malaysian Society for Occupational Safety and Health (MSOSH) under the Construction and Engineering Construction Sectors:

- Parcel F: Gold Award Class I
- KLCC PKG 1: Gold Award Class II
- MRT V201: Gold Award Class II
- KLCC PKG 2: Gold Award Class II
- Emerald Residence SSR: Gold Award Class II
- Velocity Hotel: Silver Award

SunCon project sites were rated with “Very Good OSH Performance” for the Gold Award Class I and II. The Silver Award winner was rated with “Good OSH Performance”.

What is in SunCon’s Safe Work Method Statement

- Resource management
- Relevant training required
- Comprehensive hazard identification
- Risk assessment and risk control
- Environmental aspects and impacts evaluation

A formalised set of best practices are also in place to reduce construction risks in our workplace.

Handling of Accidents and Incidents

We investigate every accident and incident that occurs to identify their root causes before mapping future corrective and preventive actions. Report findings and lessons learnt are communicated to all planning levels to ensure that everyone contributes to achieving this goal. This management system includes measures and practices, especially engineering and administrative controls.

A structured management system has been developed at all operational levels to ensure that everyone contributes to achieving this goal. This management system includes measures and practices, especially engineering and administrative controls.

The Safe Work Method Statement is communicated to all personnel who are involved prior to work commencement. This statement is also accessible through the Company’s Knowledge Management Portal.

OSH PERFORMANcE

sunCon also received several Occupational Safety and Health (OSH) awards from the Malaysian Society for Occupational Safety and Health (MSOSH) under the Construction and Engineering Construction Sectors:

- Parcel F: Gold Award Class I
- KLCC PKG 1: Gold Award Class II
- MRT V201: Gold Award Class II
- KLCC PKG 2: Gold Award Class II
- Emerald Residence SSR: Gold Award Class II
- Velocity Hotel: Silver Award

SunCon project sites were rated with “Very Good OSH Performance” for the Gold Award Class I and II. The Silver Award winner was rated with “Good OSH Performance”.

SOcial: Labour and Decent Work (cont’d)

RECOGNITION FROM THE INDUSTRY

Data’ Dr Ir Johari bin Basri, Senior Independent Non-Executive Director, High Level ESH Council Chairman, Sunway Construction Group Berhad was awarded the Golden Helmet Award at the annual MBAM Safety and Health Conference 2017. Mr Teh Hang Loong of Sunway Construction Sdn Bhd received the MBAM Safety and Health Award for Site Personnel.

The Golden Helmet Award for Leadership in Safety and Health is presented to individuals who have made an outstanding leadership contribution to safety and health in the construction industry. The Safety and Health Award for Site Personnel is presented to individuals who are highly committed to implementing safety and health at construction sites.

ESh GOvERNANCE

High-Level Environmental, Safety and Health Council (HLEC)

Officially established in August 2015, the HLEC serves as a platform to identify, articulate and provide feedback on strategic environmental, safety and health issues in SunCon. HLEC is led by YBhg. Data’ Dr Ir Johari bin Basri, Independent Non-Executive Director and Senior Independent Non-Executive Director at SunCon.

The HLEC continues to take the lead in developing ESH strategies and policies to improve SunCon’s ESH performance and achieve better ESH standards. During its quarterly scheduled meetings, emerging ESH issues from construction activities on the ground and details of accidents were discussed. Preventive measures were developed to prevent recurrence.

HLEC visited SunCon project sites regularly throughout 2017. The council also conducted an ergonomics study at the Precast Division to reduce stress and eliminate injuries and disorders resulting from a bad working posture.

ESh INITIATIVES

SunCon Environmental, Safety and Health (ESH) Pledge

• Strive for excellence and take ownership of our Environmental, Safety and Health as our culture
• Care for public safety and reduce public inconvenience
• Always wear Personal Protective Equipment (PPE) at work
• Ensure a clean and safe working environment by adopting the 5S principles
• Prevent workplace accidents, injuries and environmental pollution through continuous learning and training
• Identify, control and minimise all work hazards
• Use fall protection equipment and safe working platforms when working at height
• Conduct all lifting operations according to the Lifting Plan
• Stop and eliminate all unsafe acts and conditions immediately
• Act according to the Emergency Response Plan as and when required

ESh INITIATIVES

The council also conducted an ergonomics study at the Precast Division to reduce stress and eliminate injuries and disorders resulting from a bad working posture.

ESh INITIATIVES

Roles and Responsibilities of the ESH Committee

Inspecting the workplace at least once a month to observe ESH practices and noncompliance

During the year, we upgraded the SSMS inspection process. A cross-inspection system is performed by a pool of inspectors. Cross-learning is allowed across all work sites while maintaining the SSMS system, which can result in improved ESH implementation and performance. We also identified potential inspectors as part of our succession planning.

Moving forward, SSMS will contribute to the annual Overall Champion Award. The winner will be an all-round achiever in time, cost, quality and ESH.
Zero Larvae, Zero Dengue
SunCon is committed to eradicating dengue. We continue to strive for “Zero Larvae, Zero Dengue” at all work sites through a structured four-pronged anti dengue strategy. We also continued to participate in the Communication for Behavioural Impact (COMBI) programme championed by State Health Department at:
· Wilayah Persekutuan Kuala Lumpur and Putrajaya Federal Territory Health Department; and
· Petaling District Health Office Level.
In November 2017, the Parcel F project participated in the Mini Konvensyen COMBI Tapak Bina Peringkat Putrajaya 2017, which raised residents’ and construction site workers’ awareness of the COMBI programme. SunCon’s four-pronged anti-dengue strategy and programme was presented and was well received by the audience.

SunCon’s Four-Pronged Anti-Dengue Strategy

In November 2017, the Parcel F project participated in the Mini Konvensyen COMBI Tapak Bina Peringkat Putrajaya 2017, which raised residents’ and construction site workers’ awareness of the COMBI programme. SunCon’s four-pronged anti-dengue strategy and programme was presented and was well received by the audience.

FOUR PRONGED ANTI DENGUE

1. Continuous Learning is emphasised at our head office and across all construction sites to promote a behaviour-based safety culture and practices. Some examples include the following.

   · Construction Safety and Hazard Identification, Risk Assessment and Risk Control (HIRARCO) training.
   · Competency training on basic occupational first aid, CPR, forklift operation, signalling, rigging and scaffolding.
   · Certified Erosion, Sediment and Storm Water Inspector (CCESSWI).
   · Certified Environmental Professional for Scheduled Waste Management (CPSWAM) courses.

2. Other Channels that Reinforce the Importance of Safety

   · ESH Information Corner at every construction site
   · Safety alerts and bulletins
   · Health awareness talks
   · Email blasts

3. Smoke Free Workplace

   Sunway Group is dedicated to providing a healthy, comfortable and productive workplace for all employees. Cigarette smoking harms nearly every organ of the body, causes many diseases and reduces the health of smokers in general. These health hazards impact both smokers and non-smokers who are exposed to secondhand smoke.

   Sunway values the health of its employees, clients and visitors. In order to protect our stakeholders, Sunway Management has declared that all the Sunway Group’s Company premises, areas and vehicles are smoke-free. SunCon supports the vision of a completely smoke-free society.

4. SunCon’s Commitment to Human Rights

   SunCon has embraced key human rights principles regarding work ethics and is dedicated to developing and nurturing a culture of respect, diversity and equal opportunity. These principles are of paramount importance to our everyday life and business.

   Our respect for human rights is consistent with relevant national laws and the United Nations Guiding Principles on Business and Human Rights in all places in which we operate. SunCon’s Code of Conduct explicitly addresses respect for human rights. Many human rights risks lie outside our sphere of influence, the main being abuses that occur when using migrant labour in construction.

   We operate in a manner that respects the human rights of all associates including supply chain personnel and local communities. While governments have the primary responsibility to protect human rights, SunCon’s activities can potentially impact the human rights of individuals affected by business operations.

   SunCon’s commitment to human rights:

   · Pay at least the minimum wage.
   · Do not use child labour.
   · Provide associates with a safe and healthy workplace.
   · Do not use forced, prison, indentured, bonded or involuntary labour.
   · Suppliers and contractors must not allow their workers to work excessive hours.
   · Prompt action required by our grievance procedure.
   · Prohibit discrimination in hiring and employment practices including gender, race, religion, age, disabilities and nationalities.
   · Prohibit physical abuse and harassment of associates and threats of either.

   Occupational Health, Welfare and Wellbeing

   The welfare and wellbeing of our people is a priority for us. Providing basic amenities such as toilets, canteens, water stations, first aid facilities and rest areas is compulsory at all SunCon work sites.

   We are in the process of developing a structured health surveillance programme for our site workers, focusing on over exposure to dust and physical hazards such as noise and vibrations.

   SunCon has been collaborating with CIDB on a pioneer programme for the application of MS 2593:2015 (Temporary Site Worker’s Amenities and Accommodation Code of Practice). Our Sunway Southern Region CLQ was accredited with this Malaysian Standard in 2016 and the Dengki CLQ accreditation was received this year. The local authorities inspected the CLQs several times throughout the year and were happy with the state, cleanliness and functionality of the facilities.
SOCIAL: SOCIETY

We are accountable for the socio-economic impact our businesses create and take ownership of the welfare and development of the local community and our value chains. All community development efforts are championed by the Corporate Communications Department or the SunCon Social Club.

SunCon's corporate responsibility commitment manifests itself through corporate citizenship programmes. This approach to business decisions balances company growth and improving the quality of life of employees, their families as well as communities and societies at large.

ADDRESSING PUBLIC INCONVENIENCE

We maintain a strong rapport with stakeholders at our project sites and engage effectively with local community members. Feedback is encouraged during site walks and meetings. Authorities are welcomed during their regular inspection visits. Those wishing to raise their concerns may do so through our Investor Relations email contact.

CORRUPTION AND FRAUD

Corrupt practices are operationally defined as the misuse of entrusted power for private gain. Corruption includes bribery, fraud, money laundering, embezzlement, obstruction of justice and trading in influence. SunCon places great emphasis on anti-corruption and anti-bribery. The Company ensures that its firm stand against corruption and bribery is communicated to all employees.

Gifts That Are Permitted but Should Be Accepted with Caution

- Inexpensive non-cash ‘token’ gifts.
- Occasional, customary gifts during festive or special occasions.
- Gifts from social events attended by directors or employees.
- Infrequent and moderate business meals and entertainment with clients.
- Infrequent invitations to attend local social events and celebratory meals with clients.

Our Strict Enforcement of Corrupt Practices

1. Corrupt activities prohibited in the public or private sectors.
2. Offering, giving, requesting, accepting or receiving any bribes including facilitation payments is prohibited.
3. Employees must not engage in fraudulent acts or dishonest conduct involving property or assets or in the financial reporting and accounting of SunCon or its third parties.

SOCIAL: PRODUCT RESPONSIBILITY

We are passionate about excellence and doing our work right the first time. Our reputation depends on delivering value in the eyes of every stakeholder. We measure, monitor, analyse and improve productivity, processes, tasks and ourselves to satisfy clients and our own high expectations.

Delivering quality products and services allows us to maintain our excellent reputation and market standing. Quality management is emphasised to ensure that our projects comply with relevant specifications and regulations.

Subcontractors, technical consultants and other building professionals are required to have relevant experience and proven track records. Regular inspections are performed at each construction stage to ensure adherence to the specifications as well as the prescribed procedures and methods.

We introduced an integrated Quality, Environmental, Safety and Health (QeSH) Management System in 2009. This integrated management system conforms to the international standards such as ISO 9001, ISO 14001 and OHSAS 18001. It optimises resources and standardises processes throughout SunCon for both domestic and overseas projects.

Our products and services are well defined at each stage of construction in terms of quality, environmental, safety and health requirements.

SunCon’s in-house Quality Assurance Support Team (QAST) assists the project team on quality assurance requirements. Instrumentally, the team upgraded SunCon’s ISO 9001 certification to the 2015 version in 2017.

Elements of Anti-Corruption Efforts

- Proportionate procedures
- Top level commitment
- Risk assessment
- Integrity due diligence
- Communication and training
- Monitoring and review
- Enforcement and sanctions

A keen understanding of our corruption risk exposure is the cornerstone and an essential first step in building an effective anti-corruption compliance programme. Corruption risks including bribery are an important element in SunCon’s risk register. This helps the Company to properly design mitigation strategies and strategically deploy resources to combat potential instances of bribery, corruption and fraud. This is especially important for operations that are deemed to be ‘high risk’.

SunCon’s Anti-Corruption Policy Extends to Third Parties

- Anti-corruption policy is communicated to suppliers, contractors, subcontractors, agents, joint-venture companies and third parties that the company works with.
- Every contractor, subcontractor and third-party is subject to a corruption and bribery risk assessment.
- All third parties must sign a declaration that they are not involved in any corrupt, unethical misconduct and illegal behaviour.
- New and existing business partners are screened for corruption and bribery is part of due diligence in the context of SunCon’s compliance requirements.

A keen understanding of our corruption risk exposure is the cornerstone and an essential first step in building an effective anti-corruption compliance programme. This is especially important for operations that are deemed to be ‘high risk’.

1. Any violations may result in sanctions and/or criminal charges.
2. Employees are responsible for taking appropriate action to understand and comply with the laws, rules and regulations that are applicable to their positions and work.
3. Employees found to have committed bribery are subject to disciplinary action that could result in termination.
4. Board oversees the Company’s anti-corruption policies and compliance, which include bribery.
5. Heads of department and heads of section ensure all employees adhere to the Anti-Bribery Policy.
6. Suspicious acts, on-going investigations and proven cases are presented in Board and Management meetings.

KAIZEN

We are committed to promoting a culture of Kaizen, or continuous improvement, in the provision of high-quality products and services. Kaizen activities were self-driven initiatives in 2017. Employees were encouraged to put forward their ideas for improvement in their daily work, carry out improvements and celebrate the successes.

A simple communication tool and problem-solving technique, A3 Report, is employed for all Kaizen activities. The elements follow one another in a logical sequence and help Kaizen teams identify the root cause of the issues and resolve them systematically.

A3 Report Kaizen Steps

1. Background & Current Situation
2. Set Goals & Target
3. Conduct Root Cause Analysis
4. Develop Action Plan
5. Implement Solution
6. Measure, Compare Results & Follow Up Action

Kaizen teams are able to present their successfully implemented Kaizen activities and results to the Top Management who may choose to incorporate them into SunCon’s standard practices.

Examples of Kaizen Activities Implemented in 2017
- Bore Pile Management System.
- Optimising use of aluminium formwork for service apartments to achieve cycle time and cost savings.
- To maintain zero larvae pledge at site.
- To raise awareness of latest policies & company activities among Southern Region staff.
- To reduce time taken in drawing distribution from SunCon to external and internal parties.
- To reduce cost of pier rectification work at MRTV201 project.

SUNWAY QUALITY MERIT SYSTEM (SQMS)

SQMS Covers

- QUALITY/CONQUAS Requirements
  To measure product workmanship.

- ISO 9001 Standards
  To measure the effectiveness of inspections and tests, and document/record management practices.
SOCIAL: PRODUCT RESPONSIBILITY (CONT’D)

SUNWAY QUALITY MERIT SYSTEM (CONT’D)

SQMS scores are used to benchmark the quality of all SunCon projects. Monthly SQMS assessments for all projects cover all trades including piling, reinforced concreting, precast installations, steel structures, brickwork, plastering, painting and other architectural finishing works.

Five SQMS Criteria Assessed and Their Weightages

- **Product Quality**
  - Workmanship: 60%
  - Material Use: 5%
- **Quality Infrastructure**
  - Sample Display: 3%
  - Cube Collection Area: 2%
  - Material Storage Condition: 2%
- **Response to Complaints**
  - NCR Closure Rate: 7%
  - Site Memo/ Complaints: 3%
- **Document & Record Management**: 10%

In 2017, this increased focus on physical workmanship was introduced to improve quality standards. In addition to NCR closure rate, SQMS now includes "Site Memo/Unattended Complaint" to ensure all complaints received from the client are addressed.

Yearly Comparison of SQMS Score

Overall SQMS shows a good improvement with an average score of 83.3% achieved in 2017 compared to 69.6% in 2014.

We also produce a snagging list and pre-QLASSIC assessment towards the end of a project. This process also allows us to identify any outstanding or defective work as well as the project’s strengths and weaknesses so we can advise on the upcoming QLASSIC assessment.

Preparatory Works For QLASSIC Assessment by CIDB at Lenang Heights Project
ENSURING SATISFACTION

The satisfaction of our clients and partners is an important prerequisite for our long-term success. Satisfying their individual needs and varied requirements requires continuous work to improve our products and services.

We want to build long-term relationships and ensure our clients and partners place their trust in us. This is achieved by working together and maintaining open, face-to-face dialogue. We update all clients throughout the construction progress and keep customers engaged by:

- Fully explaining each step
- Answering all questions
- Offering clear and understandable options
- Ensuring the project follows the schedule within budget

SunCon monitors clients’ perceptions to ensure their requirements have been met. Information is obtained through:

- Client complaints during the defect liability period;
- Annual client/consultant satisfaction surveys; and
- Client comments during the construction stage.

SunCon continues to operate a customer-driven operation. We conduct client/consultant satisfaction surveys at the end of each year. This survey allows clients and consultants to assess the different aspects of our service.

SunCon Hotline

SunCon Hotline was introduced in 2017 to serve as the first point of contact for the public. There were 57 complaints received in 2017. Each complaint received must be addressed in 30 minutes and to ensure that the case is close with a solution and rectification is done within the given time frame depending on the nature of the complaint. These are the KPIs set by Project Delivery Partner (PDP) for MRT and LRT projects. As at 31 December 2017, SunCon met both KPIs with the average rectification period of 7 days.

SOCIAL: PRODUCT RESPONSIBILITY (CONT’D)

WE WANT TO HEAR FROM YOU!

As Sunway Construction embarks on its journey of sustainability, we are working harder than ever to ensure that we hear from our stakeholders and provide support in any way we can.

In doing so, we have launched the SunCon Hotline Whatsapp service that serves as the first contact point to reach us 24/7.

If you live near our projects, share your experience with us!

Snap a picture and send a message to SunCon Hotline Whatsapp Service
019 328 6115

We value feedback from our stakeholders to help us improve as a responsible and sustainable construction corporation.

SOCIAL
WHAT TO EXPECT IN 2018

1. We will REINFORCE our desired leadership behaviors in our managers and employees to inculcate a culture of accountability, ownership and engagement to create a more empowering and energising work environment.

2. We will STRENGTHEN our organisational alignment and objectively recognise the contributions and impact of individuals through a more robust and progressive performance management framework.

3. We will ENHANCE organisational productivity through more robust workforce planning and deployment of our people for the right job at the right time.

4. We will strengthen our strategic talent acquisition processes to enhance our talent pipeline and ENSURE we hire people with the right fit.

5. Towards achieving operational excellence, we will BUILD core and critical capability and competencies (technical and leadership) of our people through more holistic and personalised career development interventions.
SUSTAINABLE DEVELOPMENT GOALS

As a subsidiary of Sunway Berhad, Sunway Construction is committed to 15 of the 17 United Nations’ Sustainable Development Goals (SDGs). We strive to provide a greater and more positive impact to each goal. We are unable to commit to the other two goals due to our nature of operations. We will continue to uphold our parent company, Sunway Berhad’s commitment to the remaining goals.

ZERO HUNGER & NO POVERTY
- Building a Home — Run for a cause to build homes for Orang Asli in Gopeng, Perak.
- Light for Life — Through MBAM, we raised the standards of the Orang Asli Community in Belum, Perak.
- iM4U FM Fabrik bersama Sunway 2017 — Initiative by iM4U fm in collaboration with Sunway Group. SunCon contributed by performing light refurbishment work on three homes across Klang Valley.

GOOD HEALTH AND WELL BEING
- Comprehensive health screening for staff.
- Promote workplace balance and emphasise employees’ well-being. Our Employee Engagement Score improved from 59% in 2015 to 69% in 2017.
- SunCon Social Club — employees have a variety of activities for teambuilding and social interaction.

QUALITY EDUCATION
- Established a Training Academy that is accredited by the Department of Skills Development (Jabatan Pembangunan Kemahiran) under the Ministry of Human Resources Malaysia that delivers certified technical training for heavy construction machinery mechanics.
- Encourage self-improvement with study leave.
- IZ JPA graduates have joined us under the Scholarship Talent Attraction & Retention (STAR) Programme by Talentcorp.
- Scholarship Talent Attraction & Retention (STAR) Programme by Talentcorp.
- SunCon’s involvement in Programmes that encourage self-improvement with study leave.

INDUSTRY, INNOVATION AND INFRASTRUCTURE
- System formwork use has reduced cycle time and timber wastage.
- IBS technology used by the precast segment will improve quality and reduce construction time.
- Publish the CLASSIC quality monitoring system score against the industry average rating.
- Employee 3D to 6D Virtual Design and Construction (VDC) in our construction activities.

AFFORDABLE AND CLEAN ENERGY
- Green energy — installation of a solar PV system around Sunway City.

GENDER EQUALITY
- Equal opportunity given resulting in men and women receiving similar pay despite being in a male-dominated industry.
- Representation of women on the Board of Directors and in Top Management.

CLIMATE ACTION
- Machines utilised at project sites are mostly less than 10 years old and regular service to reduce carbon emissions.
- A more environmentally-friendly diesel. Euro5 Diesel, a technologically-advanced fuel with zero emissions is used for a sustainable cleaner environment.

RESPONSIBLE CONSUMPTION AND PRODUCTION
- Social Supply Chain: Usage of blocks works vs red bricks which are more environmentally-friendly.
- Proper management of construction waste by recycling.
- Good Safety initiative to ensures staff are fairly remunerated and do not perform excessive overtime to prevent fatigue.
- 100% of our sites are ISO 14001 certified.

ROBUST AND RESILIENT INFRASTRUCTURE
- Employee 3D to 6D Virtual Design and Construction (VDC) in our construction activities.

PEACE, JUSTICE AND STRONG INSTITUTION
- Advocate of reporting transparency, recognised by Malaysian Institute of Corporate Governance (MSWG), we ranked 4th place out of the top 100 public-listed companies in 2017.
- Good corporate governance practices recognised by winning industry excellence award under MSWG-ASEAN Corporate Governance award 2016 & 2017.

LIFE BELOW WATER
- Plant a Tree event in conjunction with World Town Planning Day.
- PJKITA, a community initiative by MBPJ, aims to achieve sustainable, creative and community-driven city and bring communities together.

REDUCE INEQUALITY
- Equal opportunity provided for all races and meritocracy is promoted.
- Culturally diverse employees.
- Managing excellence for employees in which bonuses and increments are based on verifiable and quantifiable KPI/KRA.

SUSTAINABLE CITIES AND COMMUNITIES
- Promote green building construction e.g. Parcel F, Putrajaya (GBI - Gold) and International School of Kuala Lumpur (GBI - Platinum).
- SunCon’s involvement in Program Skim Latihan 1Malaysia (SL1M), an employability enhancement initiative championed by Economic Planning Unit (EPU) under the Prime Minister’s department. This programme aims to provide a platform for specific targeted groups of university degree graduates who are either unemployed or come from poor families or rural areas.

PARTNERSHIP FOR THE GOALS
- Good investor relations (IR) division provides shareholders with a proper channel of communication. We won 3 categories under MIRA award in 2016 and were nominated in several categories in 2017.
- Annual customer satisfaction survey and subcontractor/supplier survey are conducted to obtain feedback and improve our service offering.
- Common hotline for all projects to obtain feedback from stakeholders affected by our construction activities.
- Through our involvement in MBAM, we demonstrate our dedication to promoting and developing the construction industry in Malaysia.

* Due to the nature of our business, SunCon does not have much involvement in 2 specific pillars, i.e. Clean Water and Sanitation & Life Below Water. In the longer term, SunCon will attempt to support these 2 SDG goals.
A system that is guided with integrity is a system that guarantees quality. This is one of the many virtues that inspire and enable us to guide our path to success.
The Board of Directors (Board) of Sunway Construction Group Berhad (Company) aspires to uphold good corporate governance in all that it does. The Company will continue to place emphasis on ensuring responsible and sustainable business practices in all our operations as well as adhering to the highest levels of corporate integrity throughout the Company and its group of subsidiaries (Group) in line with our core values of integrity, humility and excellence.

The Group is committed to the United Nations Sustainable Development Goals (SDG), and continues to align its business strategies to meet the needs of its communities in line with the SDG agenda. The Group’s commitment to strong Economic, Environmental and Social practices is embedded throughout the organisation – from its policies and social impact initiatives to day-to-day operations so that it delivers enduring growth for thriving communities. The ultimate objective is to achieve good financial performance of the Group in order to fuel long term sustainable growth and thereby, enhancing shareholders’ value.

This Corporate Governance Overview Statement provides an overview on how the Company has applied the Principles and the extent of compliance with the recommendations of good corporate governance as set out in the 2017 edition of the Malaysian Code on Corporate Governance (CG Code) throughout the financial year ended 31 December 2017 and up to the date of this annual report.

PRINCIPLE A: BOARD LEADERSHIP AND EFFECTIVENESS

I. BOARD RESPONSIBILITIES

The Board aspires to create value for the shareholders and ensure long term success of the Group by focusing on governance, business model, risk assessment and management, management succession planning and development of competitive compensation plan. It also seeks to align the interests of the Board and Management with that of shareholders and balance the interests of all stakeholders. In addition, the Board sets the principles of business ethics and core values for the entire Group.

The Board oversees the entire business affairs of the Group. It is responsible for formulating and reviewing the Group’s strategic plan and direction, performance objectives, business plans of each operating units, budgets, capital expenditures, investment proposals, compliance and accountability systems, core values and corporate governance practices of the Group to ensure that the Group operates with integrity and in compliance with the rules and regulations. The Board also appoints the Managing Director, approves strategies and guidelines, as well as the remuneration for the Board and key Senior Management, and approves the appointment of Directors. In ensuring management continuity, the Board also oversees the long term succession planning for Senior Management.

In discharging its roles and responsibilities, the Board is guided by its Board Charter which outlines the duties and responsibilities of the Board and the delegated day-to-day management of the Group to the Managing Director. This formal structure of delegation is further cascaded by the Managing Director to the management team. The Managing Director and management team remain accountable to the Board for the authority that is delegated and for the performance of the Group. The Board Charter has been reviewed by the Board on 20 November 2017 and 10 January 2018 to be in line with the CG Code.

There is a clear segregation of roles and responsibilities between the Chairman and the Managing Director in order to ensure a balance of power and authority as defined in the Board Charter.

The Chairman provides leadership to the Board and guidance to the Group. He chairs the board meetings, sets the agenda items, promote active engagement among Directors as well as between the Board and the Managing Director. He ensures the smooth functioning of the Board including the effectiveness of the overall governance systems and processes. The Managing Director is subject to the control of the Board and focuses on the Group’s business as defined in the Board Charter.

In discharging its roles and responsibilities, the Board is satisfied that there is no undue influence involved in all related party transactions. All such transactions were independently scrutinised by the Audit Committee to ensure that they complied with the Main Market Listing Requirements of Bursa Malaysia Securities Berhad (Bursa Securities) and the shareholders’ mandate on recurrent related party transactions. All potential conflicts of interest were disclosed to the Board and recorded in the minutes with interested Directors abstaining from all deliberations and decision making.

The Independent Non-Executive Directors regularly engage in discussion with senior management, Internal Audit Department (IAD), Risk Management team, External Auditors and other relevant parties to ensure that the concerns and issues raised in regard to the business operations of the Group are properly addressed on a proactive basis.

The Board also delegates certain responsibilities to the Board Committees, all of which operate within their defined terms of reference. Notwithstanding this, the Board remains responsible for its fiduciary duties.

The Board has a formalised code of conduct and business ethics policy (Code) which provides an ethical framework to guide actions and behaviors of all Directors and its employees while at work.

The Senior Independent Director is appointed to co-ordinate the activities of the Independent Non-Executive Directors in circumstances where it would be inappropriate for the Chairman to serve in such capacity. He also assists the Chairman and the Board to assure effective corporate governance in managing affairs of the Board and the Company. He will also be available to shareholders if they have concerns relating to matters that contact through the Chairman, Managing Director or Chief Financial Officer has failed to resolve, or where such contact is inappropriate.

The Company also has in place a Whistleblowing Policy and Procedures. The Objective of this policy and procedure is to provide a mechanism for all level of employees and stakeholders of the Group to report concerns about any suspected wrongdoing, inappropriate behavior or misconduct relating to fraud, corrupt practices and/or abuse on a timely basis for management action.

Any employee or member of the public who has knowledge or is aware of any improper conduct within the Group is encouraged to disclose through the following reporting channels:

Whistleblowing hotlines
T (603) 5639 8025
F (603) 5639 8027
E whistleblowing@sunway.com.my

In addition, all Directors have direct access to the advice and services of the Company Secretaries. The Company Secretaries, attends all Board meetings and are accountable directly to the Board, through the Chairman of the Board, on all matters to do with the proper functioning of the Board, including compliance with the Company’s Constitution, Companies Act 2016, Main Market Listing Requirements of Bursa Securities, the Securities Commission Guidelines, etc. The Company Secretaries are associate members of the Malaysian Institute of Chartered Secretaries and Administrators. The appointment and removal of the Company Secretaries is subject to approval of the Board. All Directors, whether as a Full Board or in their individual capacity, have the authority to obtain independent professional advice, when necessary, at the Company’s expense.

All Independent Non-Executive Directors have access to the Managing Director and/or senior management should there be any explanations or clarifications needed on any aspects of the Group’s operations or management issues.

BOARD COMMITTEES

The Board has set up the following committees and will periodically review their terms of reference and operating procedures. The Board Committees are required to report to the Board on all their deliberations and recommendations, if any. Such reports are also incorporated into the minutes of the Board Meetings.

a) Audit Committee
The details are disclosed under Principle B: Effective Audit and Risk Management.

b) Nomination Committee
The Board had on 10 January 2018 combined the Nomination Committee and Remuneration Committee into a single committee namely, Nomination and Remuneration Committee.

The Nomination and Remuneration Committee comprises majority of Independent Non-Executive Directors. The Chairman of Nomination and Remuneration Committee is Dato’ Dr Ir Johari Bin Basri. The other members of the Committee are Dato’ Ir Goh Chye Koon, Dato’ Siow Kim Lun, Dr Sarinder Kumari and Dato’ Chew Chee Kin. Dr Sarinder Kumari was appointed as a member of the Nomination and Remuneration Committee on 1 March 2018. The terms of reference of the Nomination and Remuneration Committee is available at the Company’s website at www.sunwayconstruction.com.my.

Prior to the above changes and in the financial year 2017, the then Nomination Committee was chaired by Dato’ Ir Goh Chye Koon. The other members were Dato’ Siow Kim Lun, Dato’ Dato’ Ir Johari Bin Basri and Dato’ Chew Chee Kin.

The main role of the then Nomination Committee was to ensure that the Board comprises Directors with appropriate skills, knowledge, expertise and experience, as well as to ensure a proper balance of Executive Directors and Independent Non-Executive Directors.

In discharging its responsibilities, the Nomination Committee has developed a set of criteria used for recruitment and annual Board assessment. In evaluating the suitability of the Board members, the Nomination Committee considers, inter alia, the competency, experience, commitment and integrity of the candidates. In the case of candidates proposed for appointment as Independent Non-Executive Directors, the Nomination Committee would also assess the candidate’s independence in accordance with Paragraph 1.01 and Practice Note 13 of the Main Market Listing Requirements of Bursa Securities.

During the financial year 2017, four (4) meetings were held to deliberate on the following matters:

(i) At the meeting held on 23 February 2017, the Nomination Committee deliberated on the following matters:

- Reviewed the results of the Board effectiveness assessment, Board Committees assessment, Audit Committee assessment, assessment of Independent Non-Executive Directors and Director’s peers review for the financial year 2016. Based on the aforesaid assessments, the Nomination Committee was satisfied with the effectiveness and performances of the Board, Board Committees and the individual Directors.
- The Committee reviewed and was satisfied with the existing size, structure and composition of the Board and Board Committees.
- The Nomination Committee evaluated and was satisfied with the competencies and time commitment of the Board members as well as the independence of the Independent Directors. The Independent Directors had individually confirmed their continued independence in accordance with the Main Market Listing Requirements of Bursa Securities.
- Having discussed the training requirements of the Directors, the Committee encouraged the Board members to attend specific training programmes in order to keep themselves abreast with the rapidly changing regulatory environment and financial reporting standards.
- At the same meeting held on 23 February 2017, the Nomination Committee also assessed the performances of the following retiring Directors for re-election at the Annual General Meeting. A brief profile of each Director is as follows:

  - Dato’ Ir Goh Chye Koon, Dato’ Siow Kim Lun and Dato’ Dr Ir Johari Bin Basri were subject to retirement by virtue of their qualification under Sections 129 of the Companies Act, 1965, had to vacate office at the Third Annual General Meeting.

(ii) At the meeting held on 21 March 2017, the Nomination Committee reviewed and endorsed the Nomination Committee report to be included in the Company’s Annual Report 2016. It also assessed the performances of Dato’ Chew Chee Kin, aged above 70 years and under Section 129 of the Companies Act, 1965, had to vacate office at the Third Annual General Meeting.

Based on the peer review assessment of Dato’ Chew, the Nomination Committee subsequently recommended him to the Board and shareholders for re-appointment at the Third Annual General Meeting of the Company held on 15 June 2017. The resolutions to re-appoint the Dato’ Chew was subsequently approved by the shareholders at the Annual General Meeting.

(iii) At the meeting held on 24 August 2017, the Nomination Committee reviewed and approved the methodology for evaluation of Board Effectiveness, Board Committees effectiveness as well as assessment of the Independent Non-Executive Directors and Directors’ Peers Review.

(iv) At the meeting held on 24 August 2017, the Nomination Committee was updated on management succession plan by the HR General Manager. The potential successors to key management position in the organization was tabulated for consideration. The Nomination Committee received assurance that all candidates appointed to the senior management positions were of sufficient calibre and there was a plan in place to track their readiness in order to provide orderly succession of senior management.

The Group Human Resource Department has a systematic program to identify, train and mentor the next echelon of future leaders. The Nomination Committee conducts an annual talent review with the HR General Manager as well as reviewing succession planning for key management positions across all business units. The identified successors for top management will be presented to the Committee for review and endorsement on an annual basis. Currently, all senior management positions have successors in one or more of these stages in the pipeline i.e. ready now, ready soon or ready later.

The Nomination Committee had also reviewed its terms of reference to be in line with the CG Code and approved its schedule of meetings for 2018.

At the same meeting, the Nomination Committee also reviewed the position of Senior Independent Director. Having examined the role of Senior Independent Director, the Nomination Committee recommended that Dato’ Dr Ir Johari Bin Basri be designated as the Senior Independent Non-Executive Director in place of Dato’ Ir Goh Chye Koon who is also the Chairman of the Board. The aforesaid recommendation was subsequently approved by the Board.

The Nomination Committee had also deliberated and recommended that the Nomination Committee be combined with the Remuneration Committee into one committee in order to improve efficiency. The combined committee renamed Nomination and Remuneration Committee was thereafter approved by the Board in January 2018.

The attendance of the Committee Members during financial year 2017 are as follows:

<table>

</table>

The Board of Directors of the Company comprised majority Independent Directors with an Independent Non-Executive Chairman. It comprises seven (7) members, four (4) of whom are Independent Non-Executive Directors, two (2) are Non-Independent Non-Executive Directors, and a Managing Director.

The Board identified the need for a well-functioning leadership team to strengthen its strategy formulation and risk management by adding varying perspectives and insights. This will enhance the overall credibility of the Group.

The Board composition reflects a mix of suitably qualified and experienced professionals in the fields of accountancy, banking and finance, economics, human capital development, international trade, civil and mechanical engineering, construction, safety and health, property management, building material, trading, manufacturing, quarrying, and general management. This combination of different professions, experiences and skills working together enables the Board to effectively lead and control the Company. A brief profile of each Director is presented on pages 31 to 35 of this Annual Report.
II. BOARD COMPOSITION (CONT’D)

The Board through the Nomination and Remuneration Committee conducts an annual review of the size, structure and composition of the Board, competency and time commitment of the Board as well as the independence of the Independent Directors. It also undertakes an annual assessment of the Board effectiveness, the Board Committees and the individual Directors via peer assessment. Based on the results of the assessments made, the Board was generally satisfied with the Board effectiveness, the performance of the Board Committees and individual directors.

The Board has a policy whereby an Independent Non-Executive Director who has reached the threshold of 9 years’ tenure will be re-designated as Non-Independent Non-Executive Director, unless he or she has obtained shareholders’ approval to be retained in the Board as Independent Non-Executive Director.

If the Board continues to retain the Independent Director after the twelfth year, annual shareholders’ approval must be sought through a two-tier voting process. This is to facilitate the Board renewal and, hence, enhancing the effectiveness of the Board.

As at the date of this report, the Board has yet to fulfill the requirement of 30% gender diversity. The Board is cognisant of this requirement and will endeavour to search for suitable and qualified women director to join the Board.

The Board is satisfied with the level of time commitment given by the Directors towards fulfilling their roles and responsibilities. All Directors have given their full commitment to the Board Meetings by attending all the Board meetings held during 2017. Their meeting attendance at Board and Board committees’ meetings is evidenced by the attendance record set out in the table below.

Notes: (a) Resigned on 1 March 2018. (b) Resigned on 31 December 2017. (c) N/A means not applicable.

In order to ensure the Directors have sufficient time to fulfill their roles and responsibilities effectively, the Board has agreed that one of the criteria for potential new directors is that they must not hold more than five (5) directorships in public listed companies. This enables them to discharge their duties effectively by ensuring that their commitment, resources and time are more focused. It is incorporated in the Company’s Board Charter that a Director is required to seek prior consent from the Chairman of the Board or he/she accepts any new directorship outside the Group. The Company Secretary will monitor the number of directorships and the changes, if any, of each Director and report to the Board during the Board meetings.

The Board recognises the importance of training and development needs of the Directors to enhance their skills and knowledge to meet the challenges of the Board. The role to review the training and development needs of the Directors has been delegated to the Nomination and Remuneration Committee.

During the financial year, all the Directors had attended various training programmes and seminars organised by the relevant regulatory authorities and professional bodies to broaden their knowledge and to keep abreast with the relevant changes in law, regulations and the business environment.

The training programmes, seminars and workshops attended by the Directors during the financial year were, inter alia, on areas relating to corporate leadership and governance, sustainable development, occupational safety and health, internal audit, fraud risk management, financial services, construction management and development, economic trends, strategic planning, risk management and corporate regulations.

III. REMUNERATION

The Group recognises that in order to attract and retain Directors is to have a fair and comprehensive remuneration package that commensurate with their experience, skills and responsibilities as well as benchmarking against industry’s standards. In view of this, the remuneration package for Managing Director and directors’ fees for Non-Executive Directors were determined by benchmarking against remuneration packages of relevant position with similar industry and business size, inter alia, on the basis of linking rewards to corporate and individual performance. The performance and remuneration package of the Managing Director is subject to evaluation of the Nomination and Remuneration Committee.

For Independent Non-Executive Directors, the level of remuneration reflects their experience, level of responsibilities and industry’s benchmark as well as complexity of the Group’s businesses. The remuneration of Independent Non-Executive Directors consists of fixed directors’ fees per annum and meeting attendance allowances for every Board or Board Committee meeting attended.

The Board as a whole resolves on the fees for the Independent Directors is to have a fair and comprehensive remuneration package that commensurate with their experience, skills and responsibilities as well as benchmarking against industry’s standards. The Group recognises that in order to attract and retain Directors is to have a fair and comprehensive remuneration package that commensurate with their experience, skills and responsibilities as well as benchmarking against industry’s standards. The Board therefore has agreed that one of the criteria for potential new directors is that they must not hold more than five (5) directorships in public listed companies. This enables them to discharge their duties effectively by ensuring that their commitment, resources and time are more focused. It is incorporated in the Company’s Board Charter that a Director is required to seek prior consent from the Chairman of the Board or he/she accepts any new directorship outside the Group. The Company Secretary will monitor the number of directorships and the changes, if any, of each Director and report to the Board during the Board meetings.

The Board recognises the importance of training and development needs of the Directors to enhance their skills and knowledge to meet the challenges of the Board. The role to review the training and development needs of the Directors has been delegated to the Nomination and Remuneration Committee.

During the financial year, all the Directors had attended various training programmes and seminars organised by the relevant regulatory authorities and professional bodies to broaden their knowledge and to keep abreast with the relevant changes in law, regulations and the business environment.

The training programmes, seminars and workshops attended by the Directors during the financial year were, inter alia, on areas relating to corporate leadership and governance, sustainable development, occupational safety and health, internal audit, fraud risk management, financial services, construction management and development, economic trends, strategic planning, risk management and corporate regulations.
I. AUDIT COMMITTEE (CONT’D)

was appointed as a member of the Committee on 1 March 2018. The Chairman of the Audit Committee is not the Chairman of the Board. The Company has a policy requiring a former key audit partner to observe a cooling-off period of at least 2 years before being appointed as a member of the Audit Committee.

In the assessment and selection of the External Auditors, the Audit Committee is guided by the Policy on Selection of External Auditors. It also monitors the provision of non-audit services by the External Auditors to ensure that the non-audit services fees do not exceed 50% of the total audit fees payable to them.

During the year, the Audit Committee assessed the audit quality, suitableness, effectiveness and independence of the External Auditors and ensures that the provision of other non-audit services by the External Auditors was not in conflict with their audit function. The annual assessment of the External Auditors encompassed areas such as objectivity and independence, competency, quality of services, communication and interaction, audit planning, delivery, fees and adequacy of resources. The outcome of the assessment was tabled to the Audit Committee on 21 March 2017. There were no major concerns highlighted in the External Auditors Assessment Report. The Audit Committee was generally satisfied with the performance of the External Auditors for financial year ended 31 December 2017. Therefore, the Audit Committee recommended to the shareholders on the conduct of the statutory audit and external audit services provided by the External Auditors during the financial year.

The Audit Committee has also considered the non-audit services fees do not exceed 50% of the total audit fees payable to them.

The Audit Committee’s performance is reviewed annually by the Nomination and Remuneration Committee. The evaluation covered key aspects such as the member’s financial literacy levels, ability to pose probing questions, competencies in grasping complex issues and skills to discharge their duties under its terms of reference. Based on the assessment for 2017, the Board was satisfied with the performance of the Audit Committee. The Audit Committee members had also attended various training programmes and seminars to broaden their knowledge and to keep abreast with the relevant progress and changes in law, regulations, internal control systems and the risk environment in which the Company operates.

II. RISK MANAGEMENT AND INTERNAL CONTROL FRAMEWORK

The Board is assisted by Risk Management team in identifying, mitigating and monitoring the critical risks highlighted by the Business Division. The IAD which is in-charge of the internal audit function, assists the Audit Committee in reviewing, evaluating and monitoring the effectiveness of the Group’s governance, risk management and internal control processes.

Based on the annual evaluation conducted, the Audit Committee was satisfied with the performance of IAD for the financial year 2017.

PRINCIPLE C: INTEGRITY IN CORPORATE REPORTING AND MEANINGFUL RELATIONSHIP WITH STAKEHOLDERS

I. COMMUNICATION WITH STAKEHOLDERS

The Company is committed to continuously disclose and disseminate comprehensive and timely information to its stakeholders as well as to the general investing public in its effort to strengthen its relationship with the shareholders.

The Company has in place a Corporate Disclosure Policy which serves as a guide to enhance awareness among the employees of corporate disclosure requirements. The policy outlines the Company’s approach toward the determination and dissemination of material information, the circumstances under which the confidentiality of information will be maintained, response to market rumours and adverse or inaccurate publicity and restrictions on insider trading.

The Company also has put in place an internal policy on confidentiality to ensure that confidential information is handled properly by Directors, employees and relevant parties to avoid leakages and improper use of such information. The Board is mindful that information which is expected to be material must be announced immediately.

The communication channels used in the Company’s engagement with its stakeholders include:

a) The Company’s website;

b) Establishment of investor relations division;

c) Announcements via Bursa LINK;

d) Annual reports;

e) General meetings;

f) Investors, analysts and media briefings;

g) Domestic and overseas roadshows and investors conference;

h) Investor Relations Mobile Application.

II. CONDUCT OF GENERAL MEETINGS

The Board recognises the importance of shareholders’ participation in general meetings and encourages such participation. The Annual General Meeting of the Company, provides the principal forum for dialogue and interaction between the Board and the shareholders. The participation of shareholders, both individuals and institutional at general meetings on clarifications of pertinent and relevant information is encouraged.

In 2017, the Company served notice of its 3rd Annual General Meeting more than 28 days before the meeting, well in advance of the 21-day requirements under the Companies Act 2016 and the Main Market Listing Requirements of Bursa Securities. The additional time given to the shareholders had allowed them to have sufficient time to scrutinise the Annual Report 2016 and to make necessary arrangements to attend the meeting. The Company also distributed together with the notice of Annual General Meeting, information on administrative details such as details of the meeting, shareholders’ entitlement to attend the meeting, their rights to appoint proxy and information as to who may act as a proxy, etc.

The Chairman provided ample time for the Questions and Answers session in the said general meetings. All the Directors together with the Managing Director, Chief Financial Officer, management and External Auditors were present to respond to all queries raised. All suggestions and comments given by the shareholders were also noted by management for consideration.

In addition, any written queries raised by the Minority Shareholder Watchdog Group will be presented to the shareholders at the general meetings together with the Group’s response.

In line with the Main Market Listing Requirements of Bursa Securities, the Company had implemented poll voting for all the resolutions put in the notice of the general meetings. The poll voting was conducted via electronic means and the results of the voting were instantly displayed on the screen. The Company has appointed an independent external scrutineer to validate all the votes at the said general meetings.

This Corporate Governance Statement was approved by the Board of Directors on 20 March 2018.

Dato’ Ir Goh Chye Koon
Independent Non-Executive Chairman

DIRECTORS’ RESPONSIBILITY STATEMENT FOR THE AUDITED FINANCIAL STATEMENTS

The Directors are required by the Companies Act 2016 (Act) to prepare the financial statements for each financial year which have been made out in accordance with the requirements of the Malaysian Financial Reporting Standards, International Financial Reporting Standards, the requirements of the Act and the Main Market Listing Requirements of Bursa Malaysia Securities Berhad.

The Directors are responsible to ensure that the financial statements give a true and fair view of the state of affairs of the Group and the Company at the end of the financial year, and of the results and cash flows of the Group and of the Company for the financial year.

In preparing the financial statements, the Directors have:

(i) Adopted appropriate accounting policies and applied them consistently;

(ii) Made judgements and estimates that are reasonable and prudent; and

(iii) Prepared the financial statements on a going concern basis.

The Directors are responsible to ensure that the Group and the Company keep accounting records which disclose the financial position of the Group and of the Company with reasonable accuracy, enabling them to ensure that the financial statements comply with the Act.

The Directors are responsible for taking such steps as are reasonably open to them to safeguard the assets of the Group and of the Company and to detect and prevent fraud and other irregularities.
AUDIT COMMITTEE REPORT

FORMATION
The Board of Sunway Construction Group Berhad (Company) is pleased to present the Audit Committee Report which provides insights into the manner in which the Audit Committee (AC) has discharged its oversight functions during the financial year ended 31 December 2017.

COMPOSITION
The AC currently comprises four (4) members, all of them are Independent Non-Executive Directors. This meets the requirements of paragraph 15.09(1)(a) and (b) of the Main Market Listing Requirements (MMLR) of Bursa Malaysia Securities (Bursa Securities). Members of the AC comprised the following Directors:

1. Dato’ Siew Kim Lun – Chairman (Independent-Non Executive Director)
2. Dato’ Goh Chye Koon (Chairman of the Board/Independent-Non Executive Director)
3. Dato’ Dr Ir Johari Bin Basri (Senior Independent Non-Executive Director)
4. Dr Sarinder Kumari (Independent Non-Executive Director)

Notes:
- Tan Sri Datuk Dr Rebecca Fatima Sta Maria, who was an Independent Non-Executive Director, was appointed to the AC on 1 March 2018.
- Dr Sarinder Kumari, as an Independent Non-Executive Director, has resigned from the AC on 1 March 2018.
- Evan Cheah Yean Shin, a Non-Independent Non-Executive Director, has stepped down from the AC on 1 March 2018.
- Dato’ Dr Ir Johari Bin Basri, the Senior Independent Non-Executive Director, has been approved as the Senior Independent Non-Executive Director.

The Managing Director and Chief Finance Officer were invited to attend all the meetings of the AC to provide clarification on risks, internal controls and audit issues relating to the Group’s finance and business operations. The Head of Internal Audit Department (IAD) attended all the meetings to table the internal audit reports and annual audit plan. The External Auditors, Messrs BDO, were present at 3 of the total meetings held. Senior Management officers from the respective business units were invited to attend certain meetings as and when necessary to brief the AC on specific issues raised in the internal audit reports or on matters relating to their areas of responsibility.

TERMS OF REFERENCE
The scope of responsibilities of the AC is outlined in its terms of reference which are set out in the Company’s website: www.sunwayconstruction.com.my.

SUMMARY OF ACTIVITIES
During the financial year ended 31 December 2017, the AC carried out the following activities in the discharge of its functions and duties:

1. OVERSEEING FINANCIAL REPORTING
   (a) At the AC meetings held on 23 February 2017, 25 May 2017, 24 August 2017 and 20 November 2017, the AC reviewed and discussed with Management the respective quarterly management accounts and quarterly financial results, taking into consideration that the necessary process and controls were in place in the preparation of the financial reports.

2. ASSESSING RISKS AND CONTROL ENVIRONMENT
   (a) The AC reviewed the adequacy and effectiveness of the risk management framework and the appropriateness of Management’s responses to key risk areas and proposed recommendations for improvements to be implemented.

(b) The Management reported to the AC on a quarterly basis (except for the third quarter risk review report 2017 which was tabled to the RMC at its first meeting held on 20 November 2017), all identified risks that were recorded in a risk management scorecard which facilitated systemic review and monitoring of the risk areas.

(c) On 23 February 2017, the AC also reviewed and deliberated on matters relating to internal control as highlighted by the External Auditors in the course of their statutory audit of the financial statements for the financial year ended 31 December 2016. At the meeting, the External Auditors reported that there was no significant breakdown in the Group’s internal control systems. Nevertheless, BDO highlighted a small area for improvement with regard to the Company’s accounting system.

3. EVALUATE THE AUDIT PROCESS
   (a) Internal Audit
      (i) The AC approved IAD’s 2017 Audit Plan at the meeting held on 23 February 2017. The 2017 Audit Plan was developed using a risk based audit methodology where business units and processes were selected for audit based on risks assessments carried out periodically by IAD. The AC reviewed the adequacy and relevance of the scope and resources allocated for the plan and subsequently approved the plan and its proposed audit timetable and the budgeted man-hours.

      The 2017 Audit Plan was also reviewed on a quarterly basis taking into account any developments which had an impact on the audit coverage.

      IAD’s audit engagements for 2017 were mainly carried out in the following key business components:

      - On-going building projects:
        - Government Office Buildings at Putrajaya (Parcel F Project);
        - MRT Package V20L;
        - KLCC projects;
        - International School Kuala Lumpur (ISKL); and
        - Projects at Sunway South Quay, i.e. Commercial Property 3 (CP3).

      - Major subsidiaries, i.e. Sunway Precast Industries Sdn Bhd and Sunway Concrete Products (S) Sdn Bhd;

      - Corporate governance compliance within the Group;

      - Financial Reporting for the Group; and

      - Human Resources for the Group.

MEETINGS AND ATTENDANCE
The AC held five (5) meetings in 2017. The attendance records of the AC members are shown below:

Notes:
- Tan Sri Datuk Dr Rebecca Fatima Sta Maria, who was an Independent Non-Executive Director, was replaced by Tan Sri Datuk Dr Rebecca Fatima Sta Maria, (Senior Independent Non-Executive Director) on 1 March 2018.
- Evan Cheah Yean Shin has resigned from the AC on 1 March 2018.

The RMC was set up on 24 August 2017.

- The RMC reviewed the adequacy and effectiveness of the risk management structure and methodologies implemented by IAD.
- The RMC reviewed and took note of the changes and amendments to the audit scope as proposed by the IAD.
- The RMC noted that there were no further significant and unusual issues in the financial figures and explanations to material variances or movements during the year. The AC’s recommendations on the unaudited quarterly financial results were presented for approval at subsequent Board Meetings for release to Bursa Securities.
- On 21 March 2017, the AC, together with the External Auditors and Management, deliberated on the Audited Financial Statements for the financial year ended 31 December 2016. Having satisfied itself that the Audited Financial Statements and Directors’ Report complied with the relevant accounting standards and legal requirements, the AC duly recommended the same for the Board’s approval and subsequent tabling at the Third Annual General Meeting of the Company held on 15 June 2017.
- On 25 February 2017 and 20 November 2017, the AC also reviewed and took note of the changes and amendments to the regulations, accounting standards and other regulatory requirements tabled by Messrs BDO and Chief Finance Officer respectively that could have a significant financial impact to the Company. The Malaysian Financial Reporting Standards (MFRS) discussed included amendments to MFRS 12 (Disclosure of Interests in Other Entities), amendments to MFRS 107 (Disclosure initiative), amendments to MFRS 112 (Recognition of Deferred Tax Assets for Unrealised Losses), MFRS 9 (Financial Instruments: Recognition and Measurement) and MFRS 15 (Revenue from Contracts with Customers) and MFRS 16 (Leases).
(ii) The AC reviewed the results of audit engagements carried out by IAD at every AC meeting and discussed the major findings and audit recommendations. The AC also reviewed the status of implementation of corrective actions taken by Management to ensure appropriate remedial actions were taken on a timely basis to address all areas of risk and internal control issues. In addition, IAD updated the AC on the progress of the 2017 Audit Plan and results of ad-hoc assignments including audit investigations.

(iii) At the meeting held on 21 March 2017, the Internal Audit Function Evaluation Report was tabled for the AC to assess the performance of IAD. The AC assessed the effectiveness of the internal audit function in terms of scope and compliance with relevant regulatory standards as well as their collaboration with the External Auditors. The Committee also assessed the adequacy of resources and core skills and competencies of staff within the IAD.

The AC was satisfied with the performance of IAD in 2016 and was of the opinion that the internal audit function was appropriate to its size and the nature and scope of its activities.

(iv) At the meeting held on 20 November 2017, the AC had met with the Internal Audit Department without the presence of the management staff to facilitate discussions on additional matters in relation to audit issues and internal control weaknesses noted in the course of their audit.

(v) At the meeting held on 20 November 2017, the AC had reviewed and approved its revised terms of reference incorporating new requirements of the Malaysian Code of Corporate Governance.

(b) External Audit

(i) The AC met with the External Auditors, Messrs BDO on the following dates:

- The AC on 23 February 2017, reviewed and deliberated with the Management and the External Auditors, the Audit Report by the External Auditors in respect of their audit for the financial year ended 31 December 2016.

In the meeting, the External Auditors confirmed their professional independence in relation to the audit engagement for the financial year ended 31 December 2016. The External Auditors also reported their audit status versus the audit plan. The AC was briefed on the key audit and accounting issues which they had identified during the course of their audit and the justifications provided by the Management.

The External Auditors had subsequently confirmed that they were not aware of any non-compliance of laws and regulations, as well as any material litigations and claims against the Group other than those brought forward from prior financial years.

The External Auditors also tabled the financial reporting standards which had been issued and would be applied to the Group in future financial years.

- The AC on 21 March 2017, discussed with the External Auditors, the final draft of the Audited Financial Statements for the financial year ended 31 December 2016.

The External Auditors was of the opinion that the Company's Annual Financial Statements gave a true and fair view of the financial position of the Company and its group in accordance with the Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act, 1965.

Based on its annual audit, the External Auditors reported the following key audit matters and its audit response in its auditors’ report for the financial year 2016:

Revenue Recognition for Construction Contracts

The Group recognizes construction contract revenue and expenses in the profit or loss based on the stage of completion method. The determination of the stage of completion requires the management to exercise significant judgement in estimating the total costs to complete.

In estimating the total costs to complete, the Group considers the completeness and accuracy of its cost estimates, including its obligations to contract variations, claims and cost contingencies. The total cost to complete including sub-contractor costs, can vary with market conditions and may also be incorrectly forecasted due to unforeseen events during construction.

Assessment of Liquidated and Ascertained Damages (LAD) on Construction Contracts

Based on the assessment of LAD on construction contracts as at 31 December 2016, the Group is of the opinion that no LAD recognition is required at this juncture. The determination of whether there is any exposure to LAD or otherwise involves significant management judgement based on available facts and circumstances.

- The AC on 20 November 2017, reviewed and discussed with the External Auditors, the Audit Planning Memorandum for 2017 which outlined the scope of work for the statutory audit for financial year ending 31 December 2017.

At the aforesaid meeting, the External Auditors explained their audit approach and system of evaluation including areas of audit emphasis and scope. New MFRS which would affect the financial reporting of the Company for financial year ending 31 December 2017 were highlighted. It was also noted that the Group would be adopting and implementing MFRS 9 and 15 in its financial reporting effective 1 January 2018. The External Auditors also highlighted the significant areas of focus in their audit.

(ii) The AC had private sessions with the External Auditors to discuss any issues as well as reservations arising from their audit without the presence of management staff and the executive board members on 23 February 2017 and 20 November 2017. No major concerns were highlighted and the External Auditors had also confirmed that they had received full cooperation from the Management and had unrestricted access to all the Company’s records.

(iii) The AC had, at its meeting held on 21 March 2017, reviewed the audit and non-audit fees for the financial year ended 31 December 2016.

The AC having considered the nature, scope and amount of non-audit fees, was satisfied that there was no conflict of interest and it would not impair the independence of the present External Auditors.

(iv) The AC undertook an annual assessment on the quality of audit of the External Auditors. The External Auditors were assessed based on the following criteria:

- Audit performance;
- Quality of communication;
- Independence;
- Objectivity;
- Professionalism; and
- Adequacy of resources.

The External Auditors had provided to the AC, their firm’s policies and written confirmation on their independence.

The results of the evaluation was tabled to the AC at its meeting held on 21 March 2017. Based on the results of the performance assessment, the AC and Management was satisfied with the External Auditors’ independence, performance and their audit quality for the financial year ended 31 December 2016.

As such, the AC had subsequently recommended to the Board that the External Auditors be appointed for the next financial year subject to the shareholders’ approval at the 3rd Annual General Meeting of the Company.

5. OTHER MATTERS

(a) On 23 March 2017, the AC reviewed and recommended for the Board's approval, the Corporate Governance Statement, AC Report and Statement on Risk Management and Internal Control for inclusion into the Annual Report 2016 of the Company.

The AC also had reviewed and recommended for the Board’s approval, the Annual Report 2016 of the Company.

(b) At its meeting held on 23 February 2017, the AC was informed that the new Companies Act 2016 would be implemented on staggered basis with the first phase to be effective from 31 January 2017. Consequently, the Companies Act, 1965 would be repealed.
AUDIT COMMITTEE REPORT (CONT’D)

SUMMARY OF ACTIVITIES (CONT’D)

5. OTHER MATTERS (CONT’D)

(c) The AC was satisfied that there were no breaches of the MMLR of Bursa Securities as reported by the Company Secretary at the quarterly meetings during the financial year.

(d) The AC had endorsed the Policy on Selection of External Auditors at its meeting held on 25 May 2017. Thereafter, the policy was presented to the Board for approval at the subsequent Board Meeting.

(e) Minutes of the previous AC’s meetings were tabled at the subsequent Board meetings by the AC Chairman. Significant issues and concerns discussed during the AC meetings together with the recommendations were highlighted and reported to the Board.

PERFORMANCE EVALUATION

The assessment on the performance and effectiveness of the AC is undertaken by the Board annually. The AC Members also undertook a Self and Peer Evaluation to assess whether the AC members had carried out their duties and responsibilities in accordance with its terms of reference.

Based on the assessment, the Board was satisfied that the AC was effective in discharging its duties and responsibilities as required under the terms of reference of the AC.

CONTINUING EDUCATION

The details of training programmes and seminars attended by each AC Member during the financial year ended 31 December 2017 are set out in the Corporate Governance Overview Statement under “Directors’ Training”.

INTERNAL AUDIT FUNCTION AND SUMMARY OF ACTIVITIES

The Internal Audit (IA) function is an integral part of the assurance framework and is performed in-house and undertaken by IAD. The mission of IAD is to enhance and protect the Company and its Group’s organizational value by providing risk-based and objective assurance, advice and insight. IAD helps the Group accomplish its objectives by using a systematic, disciplined approach to evaluate and improve the effectiveness of risk management, control and governance processes. IAD reports functionally to the AC and administratively to the Managing Director.

IAD is a member of the Malaysian Chapter of the Institute of Internal Auditors (IIA) and adopts the IIA Standards laid down in the International Professional Practices Framework issued by the IIA. IAD successfully completed its external Quality Assessment Review in 2015 and continues to meet or exceed the IIA Standards in all key aspects. IAD carried out its activities based on a risk-based annual audit plan approved by the AC. To ensure that the responsibilities of IAD are fully discharged, the AC reviews annually the adequacy of the scope, function and resources of the IA.

The internal audit reports arising from assignments were issued to the Management for their response, corrective actions and update on status of implementation of audit recommendations. The internal audit reports were subsequently tabled to the AC for their deliberation and approval. The Head of the IAD has unrestricted access to the AC and reports directly to the AC.

During the financial year ended 31 December 2017 and as at the date of this report, the IAD carried out the following activities:

(a) Prepared and presented the risk-based annual internal audit plan encompassing key business segments within the Group for the approval of the AC.

(b) Performed audit engagements which covered reviews of internal control systems, accounting and management information systems, risk management and governance practices;

(c) Issued internal audit reports to the AC and Management highlighting results of the assessments of internal controls identifying key areas of concerns as well as providing recommendations for improvements and follow-up audits;

(d) Acted on suggestions made by the AC and/or senior management on concerns over operations or controls and significant issues pertinent to the Company and of the Group.

(e) Performed investigative audits on allegations of mismanagement or improper acts reported through the whistleblowing procedures and other channels;

(f) Reported to the AC on review of the adequacy, appropriateness and compliance with the procedures established to monitor recurrent related party transactions.

(g) Performed independent evaluation on the operation of risk management framework focusing primarily on the adequacy and effectiveness of the said framework.

The costs incurred for the internal audit function in respect of the financial year ended 31 December 2017 including staff payroll costs and overheads amounted to RM696,300.

STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL

The Board of Directors (Board) is pleased to present the Statement on Risk Management and Internal Control, pursuant to Clause 15.15(6) of the Main Market Listing Requirements of Bursa Malaysia Securities Berhad and Principle B of the Malaysian Code on Corporate Governance 2017, with guidance from the Statement on Risk Management and Internal Control: Guidelines for Directors of Listed Issuers.

THE BOARD’S RESPONSIBILITY

The Board affirms its commitment and responsibility towards effective risk management and internal control. In doing so, the Board embeds risk management into activities, initiatives and processes of Sunway Construction Group Berhad (SCG) and its subsidiaries (Group). The framework has been set in place by the Board to identify, evaluate, mitigate and monitor key risks faced by the Group.

The Board recognises that the framework is designed to mitigate rather than eliminate, risks or events with significant adverse impact on the achievement of the Group’s objectives and strategies. As such, it provides reasonable but not absolute assurance against material financial misstatement and management information and records, or against financial losses or fraud.

In pursuit of improving and integrating effective governance structures and processes into the framework, the Board has set up a Risk Management Committee (RMC) which comprises of independent directors in majority and as its Chairman to oversee the Group’s risk management and internal control. Accountable to the Board of Directors, the RMC meets quarterly to:

- Identify, assess and monitor key business risks and review risk mitigation strategies;
- Review and recommend risk management strategies, policies and levels of risk tolerance;
- Ensure infrastructure, resources and systems are in place to manage risks.

During the financial year, the RMC has reviewed, appraised and assessed, controls and progress of action plans taken to mitigate and manage the Group’s risk exposure. The RMC has subsequently provided assurance to the Board that the Group’s risk management and internal control are operating adequately and effectively in all material aspects. This statement however, does not cover associate companies and joint ventures where risk management and internal control are managed by the respective management teams.

INTERNAL CONTROL SYSTEM

Planning, monitoring and review of the Group’s performance and conduct are done via scheduled periodic meetings of the Board, Board Committees and management. The annual Business Plan ensures that all operating subsidiaries prepare and present its outlook, expectations, budgets, performance and targets for the forthcoming year.

During the financial year, the Group has set up a Risk Working Committee (RWC) led by Mr Richard Wong, who is also the Executive Director for Building Central. The rationale of setting up a RWC is to ensure that the Group’s risk coverage is more conclusive on exposures specifically to operational matters.

The RMC communicates the Board’s expectations to management teams and employees during management meetings, managers’ conferences and forums while the heads of the operating subsidiaries and departments are empowered with the responsibility of planning, monitoring, reporting and managing their respective operations.

COMPONENTS OF THE INTERNAL CONTROL SYSTEM

1. Policies & Procedures

The Group’s internal control system encompasses formalised and documented internal policies, standards and procedures to ensure compliance with internal controls, relevant laws and regulations. It enables all divisions and operating subsidiaries to effectively and efficiently, operate and respond proactively to potential business, operational, financial, compliance and other risks in achieving the Group’s goals and objectives. These documents are regularly reviewed to ensure relevance and applicability and are published in the Group’s intranet for employees’ reference.

2. Audits

The Internal Audit Department (IAD) carries out internal audits on divisions and business units of the Group based on a risk-based audit plan approved annually by the Audit Committee (AC). Based on these audits, IAD provides the AC with periodic reports highlighting observations, recommendations and action plans to improve the Group’s internal control system. The AC reviews and deliberates on any matters relating to internal control highlighted by the External Auditors in the course of their statutory audit of the financial statements of the Group.

Additionally, subsidiaries accredited with certifications such as International Organisation for Standardisation (ISO) and Occupational Health and Safety Advisory Services (OHSAS) are audited as scheduled by auditors of relevant certification bodies. Results of these audits are reported to management.
STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL (CONT'D)

INTERNAL CONTROL SYSTEM (CONT'D)

COMPONENTS OF THE INTERNAL CONTROL SYSTEM (CONT'D)

3. Employee Engagement and Performance

Key performance indicators, based on balanced scorecards are used to track and measure employee’s performance while employee engagement surveys are conducted to gain feedback on effectiveness and efficiency of the Group to aid continuous improvement of employee competency, in line with the Group’s goals and objectives.

4. Employee Conduct

Available for staff access in the Group Governance and Integrity portal, this is governed by a series of policies which define the core values of the Group – Integrity, Humility and Excellence.

a) The Whistle Blowing Policy serves as a guideline for stakeholders and staff to report in a safe and confidential manner, any concerns regarding possible illegal, unethical conduct or malpractice to the management for further action. Whistle blowing avenues include a direct line telephone number, e-mail or written mail to the Head of Internal Audit Department.

b) The Fraud Response Procedures guides management teams of respective business units to respond to allegations or suspicions of fraud and ensure that all cases of suspected or alleged frauds are reported promptly, and investigations are conducted effectively.

c) The Integrity Pact serves to ensure transparency and continuous improvement of employee competency, in line with the Group’s goals and objectives.

d) The Fraud Response Procedures guides management teams of respective business units to respond to allegations or suspicions of fraud and ensure that all cases of suspected or alleged frauds are reported promptly, and investigations are conducted effectively.

e) The Integrity Pact serves to ensure transparency and continuous improvement of employee competency, in line with the Group’s goals and objectives.

The framework is enterprise-wide and outlines policies and practices for effective risk mitigation. It allows the Group to:

- Establish clear functional responsibilities and accountabilities within committee structures for management of risks.
- Enabling and improve corporate governance with a clear, concise and robust structure for the Group.
- Determine risk appetite and risk tolerance based on measurable parameters related to critical risks that may impact the strategy, performance and reputation of the Group; and
- Ensure appropriate skills and resources are applied to risk management.

Continuous risk assessment is fundamental to the Group’s risk management process. Operating subsidiaries are tasked with reporting major risks on a quarterly basis to management as it aims for a holistic approach towards risk management. The respective operating subsidiaries being risk owners of their immediate sphere are responsible to develop the appropriate response strategies to mitigate the risks.

In providing assurance to the RMC and the Board, the Managing Director (MD) and Chief Financial Officer (CFO) continue to review the quarterly risk templates in identifying and mitigating all major risks of the operating subsidiaries under the Group. The quarterly risks from all operating subsidiaries are consolidated and updated to the Chairman, Managing Director and RMC, highlighting major risks and mitigating controls carried out.

5. Risk Management

The Group’s risk management framework is benchmarked against the ISO31000:2009 Risk Management – Principles and guidelines and is designed to embed Enterprise Risk Management (ERM) into key activities, initiatives and processes of the Group. This enables the Group to identify, assess and mitigate risks that may prevent the Group from achieving its objectives. In doing so, the stakeholders are assured that their interest is protected. During the financial year, the Group constantly reinforces its risk management framework to remain relevant and effective given the present business environment.

The framework is enterprise-wide and outlines policies and practices for effective risk mitigation. It allows the Group to:

- Establish clear functional responsibilities and accountabilities within committee structures for management of risks.
- Enabling and improve corporate governance with a clear, concise and robust structure for the Group.
- Determine risk appetite and risk tolerance based on measurable parameters related to critical risks that may impact the strategy, performance and reputation of the Group; and
- Ensure appropriate skills and resources are applied to risk management.

Continuous risk assessment is fundamental to the Group’s risk management process. Operating subsidiaries are tasked with reporting major risks on a quarterly basis to management as it aims for a holistic approach towards risk management. The respective operating subsidiaries being risk owners of their immediate sphere are responsible to develop the appropriate response strategies to mitigate the risks.

In providing assurance to the RMC and the Board, the Managing Director (MD) and Chief Financial Officer (CFO) continue to review the quarterly risk templates in identifying and mitigating all major risks of the operating subsidiaries under the Group. The quarterly risks from all operating subsidiaries are consolidated and updated to the Chairman, Managing Director and RMC, highlighting major risks and mitigating controls carried out.

The Group has four (4) core response strategies for risk management. These include:

1. Risk Termination

In this instance, management chooses to terminate risks by eliminating the business or by significantly altering it. The Group may choose this route for risks that could have major or catastrophic impact on its businesses.

2. Risk Reduction

Risks may be reduced by taking specific actions aimed at reducing the likelihood of occurrence, thus reducing the impact of these risks on the Group’s businesses.

3. Risk Acceptance

Management may choose not to act and to consciously accept certain risks which are significantly low in likelihood of occurrence and/or impact. Factors to consider for risks of such nature would be:

- Adequacy of current controls;
- Quality and quantity of information on the controls;
- Likelihood and consequences of the risk occurring; and
- The cost of additional controls

4. Risk Transfer

Management may choose to transfer all or part of a certain risk to other parties via:

- Transferring an entire business process to another party as is the case with subcontracting and outsourcing arrangements;
- Sharing the business process with another party as is the case with partnerships and joint venture arrangements; and
- Retaining the process and transferring the legal and financial risks as is the case with insurance arrangements and the use of certain treasury/financial products.

Risk management discipline hence, ensures that risk assessment is an on-going process whereby risks and risk mitigation measures are regularly reviewed and adjusted accordingly. The continuous risk assessment process therefore, represents the cornerstone of an effective ERM programme for the Group.

1. Review Existing SCG’s Standard Operating Principles (SOP)

The review of the Group’s SOPs is conducted by key relevant personnel from respective divisions or operating subsidiaries, covering credit control, procurement, products and services and operational guidelines.

2. Assist in Day-To-Day Operations for Operating Subsidaries

Upon instruction from management, key relevant personnel assist in fulfilling daily operative requirements to ensure minimal business interruption or delays that could hamper the achievement of goals and objectives.

3. Assist in Conducting Regulatory Research

Such research is conducted to ensure that the Group’s projects and businesses (existing or new) remain compliant to laws and regulations.

4. Assist in Conducting Tender for Divisions and Operating Subsidiaries

RWC participates in tender processes to form an independent party to ensure fairness and observance of due process, decision making and tender awards.

REPORTING STRUCTURE

The RMC will meet and deliberate on the top risks identified on a quarterly basis while its Chairman will subsequently update the Board on proceedings and updates from the RMC. Significant issues arising from changes in business environment are reviewed continuously to ensure minimal impact to the Group. The Group positions its business units towards a profitable objective while incorporating risk management principles into our functions and processes.

RWC is accountable for effectiveness of the risk management framework and is independently distinguished from risk owners - the respective heads of operating subsidiaries being such person with vital insight of respective businesses and able to actively influence the identified risks through decisions and actions.

Consequently, RWC undertakes the role of assisting Business Units by identifying, quantifying, managing and mitigating critical risks in addition to monitoring and reporting of action plans prepared by the Business Units.

RWC continues to support the Group’s efforts in embracing change and evolution into a resilient conglomerate, allowing it to refine its focus and strategies to achieve goals and objectives while sustaining an ecological balance between employees, communities and environment. Thus, as the Group commits to provide Environmental, Safety & Health (ESH) standards and practices to enhance stakeholders’ value, RWC’s quarterly risk reporting exercise with operating subsidiaries goes beyond risk mitigation to ensure that operational processes are consistent and remain compliant with the relevant standards such as OHSAS 18001 and ISO 14001 to name a few.

Apart from the above, RWC participate in other value-adding exercises such as:

- Review Existing SOP's Standard Operating Principles (SOP)
- Assist in Day-To-Day Operations for Operating Subsidiaries
- Assist in Conducting Regulatory Research
- Assist in Conducting Tender for Divisions and Operating Subsidiaries

Sunway Construction Annual Report 2017
For the financial year under review, RWC has identified the following risks for the Group. These were presented to the Board where controls, mitigating plans and monitoring mechanisms were highlighted.

1. Project Completion
As the Group strives to maintain its position as Malaysia's largest listed pure play construction group by revenue, this risk is perennial and holds a significant weight in risk analysis.

Mitigation:
Group has successfully negated such risks for the financial period with effective and efficient procurement of necessary resources to mitigate any potential delays and claims including active negotiation with client to accelerate works due to unforeseen delays, deploying more resources and improving supervision for the purpose of increasing productivity.

2. Cost Overrun
This risk concerns the Group as the fluctuations for raw material prices especially steel bar prices and preliminary cost due to prolongation of project. It could result in overrun of project operation costs from the tender costs.

Mitigation:
In response to this, some contracts have pass through clauses in relation to steel price fluctuation. Where there are no pass through clauses, the Group negotiates with suppliers to hedge our steel bar purchases for 6 months interval. To control our preliminary cost like overhead and plant and machinery, we monitor the progress of our project actively to ensure timely delivery.

3. Cyber & IT Risk
This risk, if left unattended, could result in the unauthorised disclosure of sensitive business information, resulting in financial or reputational loss. It could also result in the disruption of critical business processes.

Mitigation:
To mitigate this risk, various policies, resources, processes, and systems have been developed and deployed. The Group wide Information Security policy, called the SISP (Sunway Information Security Policies), was developed in accordance with ISO/IEC 27002 (2005) standards. In addition, continuous initiatives are in place to enhance the cyber defense capabilities and IT resiliency of the Group.

4. Human Capital
Risks arising from issues such as high staff turnover, loss of key and technical staff, competition from other industry players, succession planning and staff retention.

Mitigation:
Human Resources Department, together with respective divisions and operating subsidiaries continuously improves and enhance mitigation plans which include employee engagement surveys, team building exercises, training and development – internal and external and constant reviews of the Group’s remuneration and compensation benefits for staff.

5. Workplace Safety and Health
Risks arising from the intrinsic nature of construction activities, which often involves complex activities being carried out by teams of workers, we remain exposed to occurrence of accidents and incidents caused by human error or other factors. In addition, all construction activities generate dust, waste and noise pollution.

Mitigation:
Appropriate and effective policies and procedures are implemented and thoroughly monitored jointly by Environmental, Safety and Health Department and RWC to mitigate these risks. There is also strict compliance to various environmental laws and regulations.

6. Dependence on the Property Market and Government Infrastructure Spending
Risks relating to decline in demand in the property sector and government infrastructure spending under the construction sector. In Singapore, the manufacturing and sale of precast concrete products business segment is also dependent on the number and timing of launches by the Housing Development Board (HDB).

Mitigation:
In response to this, the Group continuously improve our productivity and technical capabilities to enable us to take on more complex construction projects especially in the areas of mechanical, electrical and plumbing services, foundation and earthwork and industrialised building system (IBS). The Group has also started exploratory works within the ASEAN region.

THE BOARD’S CONCLUSION
The Board is pleased to report that the state of the Group’s risk management and internal control framework is able to meet the Group’s objective to ensure good corporate governance. There was no potential or present failure or weakness that would have material adverse effect on the results of the Group for the year under review.

The Board has also received assurance from the MD and CFO that the Group's risk management and internal control framework is operating adequately and effectively in all material aspects. Continuous focus on measures to protect and enhance shareholder value and business sustainability will remain a core practice for the Group.

REVIEW OF THE STATEMENT BY EXTERNAL AUDITORS
The external auditors have reviewed this Statement on Risk Management and Internal Control as required under Paragraph 15.23 of Bursa Malaysia Securities Berhad’s Main Market Listing Requirements. The limited assurance review was performed in accordance with Malaysian Approved Standard on Assurance Engagements, ISAE 3000 (Revised) Assurance Engagements Other than Audits or Reviews of Historical Financial Information and Audit and Assurance Practice Guide 3 (AAPG 3), Guidance for Auditors on Engagements to Report on the Statement on Risk Management and Internal Control Included in the Annual Report.

Based on their procedures performed, the external auditors have reported to the Board that nothing has come to their attention which causes them to believe that this Statement is not prepared, in all material respects, in accordance with the disclosures required by paragraph 41 and 42 of the Statement on Risk Management and Internal Control: Guidelines for Directors of Listed Issuers, nor is factually inaccurate.

This Statement on Risk Management and Internal Control was approved by the Board of Directors on 20 March 2018.

ADDITIONAL COMPLIANCE INFORMATION

The information set out below is disclosed in compliance with the Main Market Listing Requirements of Bursa Malaysia Securities Berhad:

1. STATUS OF UTILISATION OF PROCEEDS RAISED FROM CORPORATE PROPOSAL

There were no proceeds raised from corporate proposals during the financial year.

2. MATERIAL CONTRACTS INVOLVING DIRECTORS’ AND MAJOR SHAREHOLDERS’ INTERESTS

There were no material contracts (not being contracts entered into in the ordinary course of business) entered into by the Company and/or its subsidiaries involving directors’ and major shareholders’ interests during the financial year ended 31 December 2017.

3. RECURRENT RELATED PARTY TRANSACTIONS OF REVENUE OR TRADING NATURE

The details of the recurrent related party transactions are disclosed in Note 40 of the Notes to the Financial Statements.

Mass Rapid Transit 2 - Package V001
INVESTOR RELATIONS (IR)

SunCon's IR team has been actively promoting fair valuation for SunCon and attracting new investors who believe in our operational model and business strategies. The Government of Malaysia's pump-priming efforts especially in the infrastructure sphere has continued to generate interest in the construction sector, especially in the run-up to Malaysia's 14th general elections. SunCon being the largest pump-primed construction company has garnered interest both locally and abroad. Our continuous engagement with both analysts and fund managers serves to convey our corporate developments in a timely and accurate manner.

RESEARCH COVERAGE

The number of research coverage has increased to 15 research institutions from 13 research institutions in 2016 since our listing. As this is our 3rd year after listing, many analysts and fund managers have already conducted one-on-one sessions with our analysts. SunCon is also very honored to have been invited for exclusive interviews with local and international publications.

SunCon Group held its 3rd Annual General Meeting on 15 June 2017 at Sunway Resort Hotel and Spa where our Managing Director presented our financial performance and review for 2016. The Board of Directors and management also duly responded to all the questions, observations and comments back from the shareholders. SunCon's board of directors and management team also shared the company's most recent updates and future prospects.

SHARIAH-COMPLIANCE

Further to our 2016 annual report whereby we reported our removal from Shariah-compliant securities list, we were reinserted on 25 May 2017 alongside 676 Shariah-compliant securities which constitute 79% of total listed securities on Bursa Malaysia. We believe the market has already priced this in as our share price which closed at RM1.70 as at 31 December 2016 saw a gradual increase starting from end March 2017 to RM2.07 when the Securities Commission announced the list on 25 May 2017. SunCon will continue to monitor and ensure a portion of our excess cash is placed in Islamic funds for continued inclusion.

INITIATION OF SHARE BUYBACK

SunCon initiated its first share buyback on 20 June 2017 after obtaining the mandate from the shareholders during its AGM on 15 June 2017. As at year ended 2017, the Company has bought 654,000 shares at an average price of RM1.98 per share. Based on the shareholders who believes that the share was undervalued then and does not commence with the potential of SunCon. The share buyback exercise was only performed twice as our share price eventually traded above the management’s benchmark of RM2.00 per share.

AWARDS RELATED TO INVESTOR RELATIONS

SunCon believes in transparent and comprehensive reporting and strives to provide accurate and timely disclosures to all stakeholders at all times. As such, we have been very honoured to receive several awards during the year.

SunCon was once again the award winner for the Industry Excellence Award 2017 under the Property & Construction sector in the Minority Shareholders' Watchdog Group (MSWG) - ASEAN Corporate Governance Recognition 2017, on the 6th of December 2017. This prestigious award represents SunCon's commitment in upholding good Corporate Governance.

SunCon was also ranked 3rd behind 3 Petronas-owned companies and ahead of Malayan Banking Bhd in the Malaysian Institute of Corporate Governance (MICG) report titled "Transparency in Corporate Reporting - Assessing Malaysia's Top 100 Public Listed Companies" on 8 August 2017. As a smaller sized listed company, we are pleased to have been recognised for our transparent and disclosure practices amongst the larger companies; more so because the construction industry has been perceived as opaque. The companies are ranked in 3 areas - organisational transparency, anti-corruption programmes and sustainability practices.

SunCon continues to engage with its stakeholders through a series of investor relations activities throughout the year. All major announcements, such as the release of the quarterly results, new construction orders, or new ventures were all announced through Bursa Malaysia. The information would then be disseminated in the form of flashnotes to analysts. We also ensure that these documents are made available immediately on the Group’s investor relations website.

SunCon Group is very honored to have been invited for exclusive interviews with local and international publications.

FINANCIAL ANNOUNCEMENT

In 2017, SunCon’s IR team’s efforts were recognised at the 7th Malaysia Investor Relations Association (MIRA) Awards where SunCon was shortlisted for a total of 9 categories: Best Company for Investor Relations (Mid Cap), Best Chief Executive Officer for Investor Relations (Mid Cap), Best Investor Relations Website (Mid Cap), Quality of One-on-One Meetings (Mid Cap), Most Improved Services from Investor Relations Team (Mid Cap), Best Chief Financial Officer for Investor Relations (Mid Cap), Best Investor Relations Professional (Mid Cap), Business Knowledge & Insights of Investor Relations Team (Mid Cap) and Quality of Annual Reports/ Formal Disclosure.

ANALYST REPORT AND COVERAGE

During the year we have a total of 52 reports from various research houses and we have tabulated the analysis in the table on the right.

**Dividends**

The dividends paid, declared or proposed by the Company since the end of the previous financial year were as follows:

- In respect of financial year ended 31 December 2016:
  - Second interim single-tier dividend of 2.5 sen per ordinary share paid on 20 April 2017: RM32,323

- In respect of financial year ended 31 December 2017:
  - First interim single-tier dividend of 3.0 sen per ordinary share paid on 28 September 2017: RM38,767

On 26 February 2018, the Board of Directors declared a second interim single-tier dividend of 4.0 sen per ordinary share for the financial year ended 31 December 2017. The total estimated dividend payable amounted to approximately RM1,690,000. The dividend will be accounted for in equity as an appropriation of retained earnings in the financial year ending 31 December 2018.

The Board of Directors do not recommend any final dividend for the financial year ended 31 December 2017.

**RESERVES AND PROVISIONS**

There were no material transfers to or from reserves or provisions during the financial year other than those disclosed in the financial statements.

**ISSUE OF SHARES AND SHARES BUYBACK**

During the financial year, the Company repurchased 654,000 of its issued ordinary shares from the open market at an average price of RM1.98 per share. The total consideration paid for the repurchases was RM1,295,000 and was financed through internally generated funds. The shares repurchased are being held as treasury shares in accordance with Section 127 of the Companies Act 2016 in Malaysia.

As at 31 December 2017, the Company held a total of 654,000 ordinary shares as treasury shares out of its total issued and paid up share capital of 1,292,900,010 ordinary shares. Such treasury shares are recorded at a carrying amount of RM1,295,000.

The Company did not issue any new shares or debentures during the financial year.

**OPTIONS GRANTED OVER UNISSUED SHARES**

No options were granted to any person to take up unissued shares of the Company during the financial year.

**DIRECTORS**

The Directors who have held office during the financial year until the date of this report are as follows:

- Dato’ Ir Goh Chye Koon
- Dato’ Siow Kim Lun
- Dato’ Dr Ir Johari Bin Basri
- Dato’ Chew Chee Kin
- Chung Soo Kiong
- Evan Cheah Yean Shin
- Datuk Kwan Foh Kwai *(Resigned with effect from 31 December 2017)*
- Tan Sri Datuk Dr Rebecca Fatima Sta Maria *(Resigned with effect from 1 March 2018)*
- Dr Sarinder Kumari *(Appointed on 1 March 2018)*
DIRECTORS’ REPORT (CONT’D)

DIRECTORS’ BENEFITS

Neither at the end of the financial year, nor at any time during that year, did there subsist any arrangement to which the Company was a party, whereby the Directors might acquire benefits by means of the acquisition of shares in or debentures of the Company or any other body corporate, other than as may arise from the share options granted under the Employees’ Share Option Scheme and warrants issued by its intermediate holding company, Sunway Berhad.

Since the end of the previous financial year, none of the Directors have received or become entitled to receive any benefit (other than benefits included in the aggregate amount of emoluments received or due and receivable by the Directors or the fixed salary of a full-time employee of the Company as shown in Note 11 to the financial statements) by reason of a contract made by the Company or a related corporation with any Director or with a firm of which the Director is a member, or with a company in which the Director has a substantial financial interest, except as disclosed in Note 40 to the financial statements.

DIRECTORS’ INTERESTS

According to the register of Directors’ shareholdings kept by the company under Section 59 of the Companies Act 2016 in Malaysia, the interests of the Directors in office at the end of the financial year in ordinary shares, non-cumulative redeemable preference shares, warrants and options over ordinary shares in the Company and its related corporations during the financial year were as follows:

OTHER STATUTORY INFORMATION REGARDING THE GROUP AND THE COMPANY

(I) AS AT THE END OF THE FINANCIAL YEAR
(a) Before the financial statements of the Group and of the Company were prepared, the Directors took reasonable steps:
   (i) to ascertain that proper action had been taken in relation to the writing off of bad debts and the making of provision for doubtful debts and had satisfied themselves that all known bad debts had been written off and that adequate provision had been made for doubtful debts; and
   (ii) to ensure that any current assets other than debts, which were unlikely to realise their book values in the ordinary course of business had been written down to their estimated realisable values.
(b) In the opinion of the Directors, the results of operations of the Group and of the Company during the financial year have not been substantially affected by any item, transaction or event of a material and unusual nature.

(II) FROM THE END OF THE FINANCIAL YEAR TO THE DATE OF THIS REPORT
(c) The Directors are not aware of any circumstances:
   (i) which would render the amounts written off for bad debts or the amount of the provision for doubtful debts in the financial statements of the Group and of the Company inadequate to any material extent;
   (ii) which would render the values attributed to current assets in the financial statements of the Group and of the Company misleading; and
   (iii) which have arisen which would render adherence to the existing method of valuation of assets or liabilities of the Group and of the Company misleading or inappropriate.
(d) In the opinion of the Directors:
   (i) there has not arisen any item, transaction or event of a material and unusual nature likely to affect substantially the results of the operations of the Group and of the Company for the financial year in which this report is made; and
   (ii) no contingent or other liability has become enforceable, or is likely to become enforceable, within the period of twelve (12) months after the end of the financial year which would or may affect the ability of the Group and of the Company to meet their obligations as and when they fall due.

(III) AS AT THE DATE OF THIS REPORT
(a) There are no charges on the assets of the Group and of the Company which have arisen since the end of the financial year to secure the liabilities of any other person.
(b) There are no contingent liabilities of the Group and of the Company which have arisen since the end of the financial year.
(c) The Directors are not aware of any circumstances not otherwise dealt with in the report or financial statements which would render any amount stated in the financial statements of the Group and of the Company misleading.

LIST OF DIRECTORS OF SUBSIDIARIES
Pursuant to Section 253 of the Companies Act 2016 in Malaysia, the list of Directors of the subsidiaries during the financial year and up to date of this report is as follows:

- Chang Kim Long
- Chong Kok Keong
- Chung Soo Kiong
- Datuk Kwan Foh Kwai
- Eric Tan Chee Hin
- Evan Cheah Yean Shin
- Khor Seng Yan
- Kok Shin Lin
- Kong Hong Fook
- Kumaresan Varadarasu
- Kwong Tzye En
- Liew Kok Wing
- Ng Bee Lien
- Ng Chong Beng
- Tan Sri Dato’ (DR) Navaratnam
- Thomas Samuel A/L CT Samuel
- Wong Kwan Song

DIRECTORS’ REMUNERATION
The details of Directors’ remuneration are disclosed in Note 11 to the financial statements.

INDEMNITY AND INSURANCE FOR OFFICERS AND AUDITORS
During the financial year, the intermediate holding company of the Company, Sunway Berhad effected Directors’ liability insurance to protect the Directors of the Group and of the Company against potential costs and liabilities arising from claims brought against the Directors. None of the Directors nor the Group paid for the insurance premium directly as the Group is under the effective cover of Sunway Berhad being its subsidiary company.

There were no indemnity given to or insurance effected for the auditors of the Group and of the Company during the financial year.
AUDITORS
The auditors, BDO, have expressed their willingness to continue in office.

The details of auditors’ remuneration of the Company and its subsidiaries for the financial year ended 31 December 2017 are disclosed in Note 9 to the financial statements.

Signed on behalf of the Board in accordance with a resolution of the Directors dated 20 March 2018.

Dato’ Chew Chee Kin
Director

Chung Soo Kiong
Director

STATEMENT BY DIRECTORS
PURSUANT TO SECTION 251(2) OF THE COMPANIES ACT 2016
We, Dato’ Chew Chee Kin and Chung Soo Kiong, being two of the Directors of Sunway Construction Group Berhad, do hereby state that, in the opinion of the Directors, the accompanying financial statements set out on pages 163 to 215 are drawn up in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia so as to give a true and fair view of the financial position of the Group and of the Company as at 31 December 2017 and of their financial performance and cash flows for the financial year then ended.

Signed on behalf of the Board in accordance with a resolution of the Directors dated 20 March 2018.

Dato’ Chew Chee Kin
Director

Chung Soo Kiong
Director

STATUTORY DECLARATION
PURSUANT TO SECTION 251(1)(B) OF THE COMPANIES ACT 2016
I, Ng Bee Lien, being the officer primarily responsible for the financial management of Sunway Construction Group Berhad, do solemnly and sincerely declare that the accompanying financial statements set out on pages 163 to 215 are in my opinion correct, and I make this solemn declaration conscientiously believing the same to be true and by virtue of the provisions of the Statutory Declarations Act, 1960.

Subscribed and solemnly declared by the abovenamed Ng Bee Lien at Petaling Jaya in the State of Selangor Darul Ehsan on 20 March 2018.

Ng Bee Lien
Chief Financial Officer

Before me,
INDEPENDENT AUDITORS’ REPORT

INDEPENDENT AUDITORS’ REPORT TO THE MEMBERS OF SUNWAY CONSTRUCTION GROUP BERHAD (INCORPORATED IN MALAYSIA)

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

OPINION
We have audited the financial statements of Sunway Construction Group Berhad, which comprise the financial statements of posision as at 31 December 2017 of the Group and of the Company, statements of profit or loss and other comprehensive income, statements of changes in equity and statements of cash flows of the Group and of the Company for the financial year then ended, and notes to the financial statements, including a summary of significant accounting policies, as set out on pages 163 to 215.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Group and of the Company as at 31 December 2017, and of their performance and their cash flows for the financial year then ended in accordance with Malaysian Financial Reporting Standards (MFRSS), International Financial Reporting Standards (IFRSs) and the requirements of the Companies Act 2016 in Malaysia.

BASES FOR OPINION
We conducted our audit in accordance with approved standards auditing in Malaysia and International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

INDEPENDENCE AND OTHER ETHICAL RESPONSIBILITIES
We are independent of the Group and of the Company in accordance with the By-Laws (on Professional Ethics, Conduct and Practice of the Malaysian Institute of Accountants (By-Laws) and the International Ethics Standards Board for Accountants’ Code of Ethics for Professional Accountants (IESBA Code) and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

KEY AUDIT MATTERS
Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the Group and of the Company for the current year. These matters were addressed in the context of our audit of the financial statements of the Group and of the Company as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

KEY AUDIT MATTERS FOR THE GROUP
(a) Revenue and profit recognition for construction contracts
Revenue from construction contracts during the financial year as disclosed in Note 5 to the financial statements amounted to RM1,931,392,000.

The revenue and profit recognition on construction contracts involve significant judgments in estimating the stage of completion and assessing the estimated total costs to complete.

In estimating the total costs to complete, the Group considers the completeness and accuracy of its cost estimation, including its obligations to contract variations, claims and cost contingencies. The total costs to complete including subcontractor costs, varies with market conditions and may also be inaccurate forecasted due to unforeseen events during construction.

Audit response
Our audit procedures included the following:

i. Assessed estimated total costs to complete through inquiries with operational and financial personnel of the Group;

ii. Inspected documentation to support cost estimates made including contract variations and claims and cost contingencies;

iii. Recomputed stage of completion determined by management for revenue recognition based on verified actual costs incurred to-date and budgeted costs;

iv. Compared contract budgets to actual outcomes to assess reliability of management budgeting process; and

v. Inspected correspondences from sub-contractors in relation to variations and claims to corroborate key judgements applied by management.

(b) Assessment of liquidated and ascertained damages (LAD) on construction contracts
Based on Note 28 to the financial statements regarding key estimation uncertainty arising from the assessment of LAD on construction contracts as at 31 December 2017, the Group is of the opinion that no LAD recognition is required at this juncture.

The determination of whether there is any exposure to LAD or otherwise involves significant management judgement based on available facts and circumstances, including:

i. Extension of time submitted to contract customers due to circumstances that were beyond the control of the Group;

ii. The likelihood of impact on the outcome of the negotiations with contract customers; and

iii. Consultations and opinions from technical expert.

Audit response
Our audit procedures included the following:

i. Inquired in-house operational, financial and legal personnel of the Group to assess the merits of the extension of time submitted to the contract customers;

ii. Inspected relevant correspondences and reports, including on-going negotiations with contract customers for the late delivery of contract works;

iii. Verified the evidence of acceptance by contract customers of the work performed by the Group to-date and

iv. Inquired and inspected the correspondences from the external technical experts to corroborate the key judgements applied by management.

We have determined that there are no key audit matters to be communicated in our auditors’ report of the audit of the separate financial statements of the Company.

INFORMATION OTHER THAN THE FINANCIAL STATEMENTS AND AUDITORS’ REPORT THEREON
The Directors of the Company are responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements of the Group and of the Company, whether included in the annual report, but does not include the financial statements of the Group and of the Company, whether

Our opinion on the financial statements of the Group and of the Company does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements of the Group and of the Company, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements of the Group and of the Company or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

RESPONSIBILITIES OF THE DIRECTORS FOR THE FINANCIAL STATEMENTS
The Directors of the Company are responsible for the preparation of the financial statements of the Group and of the Company that give a true and fair view in accordance with MFRSS, IFRSs and the requirements of the Companies Act 2016 in Malaysia. The Directors are also responsible for such internal control as the Directors determine is necessary to enable the preparation of financial statements of the Group and of the Company that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements of the Group and of the Company, the Directors are responsible for assessing the Group’s and the Company’s ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intends to liquidate the Group or the Company, or to cease operations, or have no realistic alternative but to do so.

AUDITORS’ RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS
Our objectives are to obtain reasonable assurance about whether the financial statements of the Group and of the Company as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion, reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with approved standards on auditing in Malaysia and ISAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

(a) Identify and assess the risks of material misstatement of the financial statements of the Group and of the Company, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.

(b) The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

The other information comprises the information included in the annual report, but does not include the financial statements of the Group and of the Company, whether
INDEPENDENT AUDITORS’ REPORT (CONT’D)

INDEPENDENT AUDITORS’ REPORT TO THE MEMBERS OF SUNWAY CONSTRUCTION GROUP BERHAD
(INCORPORATED IN MALAYSIA)

AUDITORS’ RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS (CONT’D)

(b) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group’s and of the Company’s internal control.

(c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Directors.

(d) Conclude on the appropriateness of the Directors’ use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group’s and of the Company’s ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors’ report to the related disclosures in the financial statements of the Group and of the Company or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors’ report. However, future events or conditions may cause the Group and the Company to cease to continue as a going concern.

(e) Evaluate the overall presentation, structure and content of the financial statements of the Group and of the Company, including the disclosures, and whether the financial statements of the Group and of the Company represent the underlying transactions and events in a manner that achieves fair presentation.

(f) Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the financial statements of the Group. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Directors, we determine those matters that were of most significance in the audit of the financial statements of the Group and of the Company for the current year and are therefore the key audit matters. We describe these matters in our auditors’ report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

In accordance with the requirements of the Companies Act 2016 in Malaysia, we report that the subsidiaries of which we have acted as auditors, are disclosed in Note 17 to the financial statements.

OTHER MATTERS

This report is made solely to the members of the Company, as a body, in accordance with Section 266 of the Companies Act 2016 in Malaysia and for no other purpose. We do not assume responsibility to any other person for the content of this report.

The accompanying accounting policies and explanatory information form an integral part of the financial statements.
NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED
31 DECEMBER 2017

1. CORPORATE INFORMATION

Sunway Construction Group Berhad (the Company) is a public limited liability company, incorporated and domiciled in Malaysia, and is listed on the Main Market of Bursa Malaysia Securities Berhad. The registered office of the Company is located at Level 16, Menara Sunway, Jalan Lagoon Timur, Bandar Sunway, 47500 Subang Jaya, Selangor Darul Ehsan. The principal place of business of the Company is located at Level 8, Menara Sunway, Jalan Lagoon Timur, Bandar Sunway, 47500 Subang Jaya, Selangor Darul Ehsan.

The immediate, intermediate, penultimate and ultimate holding companies of the Company are Sunway Holdings Sdn. Bhd., Sunway Berhad, Sungei Way Corporation Sdn. Bhd. and Active Equity Sdn. Bhd. respectively, all of which are incorporated in Malaysia. Sunway Berhad is listed on the Main Market of Bursa Malaysia Securities Berhad and produces financial statements available for public use. Related companies refer to companies within the Sunway Berhad group of companies.

The principal activity of the Company is investment holding. The principal activities of the subsidiaries are set out in Note 17 to the financial statements.

The financial statements for the financial year ended 31 December 2017 were authorised for issue in accordance with a resolution by the Directors on 20 March 2018.

2. BASIS OF PREPARATION

The financial statements of the Group and of the Company have been prepared in accordance with Malaysian Financial Reporting Standards (MFRSs), International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia.

The financial statements of the Group and of the Company have been prepared under the historical cost convention except as otherwise stated in the financial statements.

The financial statements are presented in Ringgit Malaysia (RM), which is also the functional currency of the Company. All financial information presented in RM has been rounded to the nearest thousand (RM’000), unless otherwise stated.

The new MFRSs and amendments to MFRSs adopted during the financial year are set out in Note 4(A) to the financial statements.

3. SEGMENT INFORMATION

For management purpose, the Group is organised into business units based on their products and services. In addition, the businesses are considered from a geographical perspective. The Group’s reporting segments are as follows:

(i) Construction

Turnkey, construction related design and build, civil engineering, building works, geotechnical services and related products, hire of heavy machineries, mechanical and engineering works, facade engineering and consultancy services and transportation agent.

(ii) Precast concrete

Construction engineering, sub-contracting works for precast fabrication, manufacturing and distribution of precast components and building materials.

Operating segments that have been aggregated to form the above reporting segments are as indicated as above. These operating segments are aggregated due to the similar nature and economic characteristics of the businesses.

Management monitors the operating results of its business units separately for the purpose of making decisions about resource allocation and performance assessment. Segment results, assets and liabilities include items directly attributable to a segment as well as those that can be allocated on a reasonable basis. Unallocated items comprise tax assets and liabilities, corporate assets, liabilities and expenses, if any.

Segment revenue, expenses and results include transfers between business segments. The inter-segment transactions have been entered into, on negotiated basis and are eliminated on consolidation. These policies have been applied consistently throughout the current and previous financial years.

The following table provides an analysis of the Group’s revenue, results, assets, liabilities and other information by business segment:

<table>

</table>
NOTES TO THE FINANCIAL STATEMENTS (CONT’D)

4. CAPITAL AND FINANCIAL RISK MANAGEMENT

(A) CAPITAL MANAGEMENT
The primary objective of the Group's and of the Company's capital management is the maintenance of a strong credit rating and healthy capital ratio, in order to support the Group's and the Company's businesses and maximising shareholders' value.

The Group and the Company manage their capital structure by ensuring that financial commitments are met as and when they fall due. In addition, divestment of the Group's and of the Company's non-core assets which provide low returns are also made to optimise the capital structure of the Group and of the Company.

The Group and the Company monitor capital utilisation and have in place financial risk management policies for managing its interest rate risks (both fair value and cash flow), foreign currency risk, liquidity risk and credit risk. The Board reviews and agrees policies for managing each of these risks and they are summarised below. It is, and has been throughout the current financial year and previous financial year, the Group's policy that no trading of derivative financial instruments shall be undertaken except for the use as hedging instruments where appropriate and cost-efficient.

Interest rate risk
The Group's and the Company's interest rate risk arises primarily from interest bearing amounts due from/to related companies, deposits with licensed banks and borrowings.

The interest rate profile and sensitivity analysis of interest rate risk have been disclosed in Notes 26, 30 and 31 respectively.

The Group also holds cash and cash equivalents denominated in foreign currencies for working capital purposes. At the end of the reporting date, such foreign currency balances amounted to RM26,543,000 (2016: RM49,036,000).

Material foreign currency transactions exposures are hedged, mainly with derivative financial instruments such as forward currency contracts.

The currency risk exposure profiles for each class of financial instruments are as follows:

<table>
<thead>
<tr>
<th></th>
<th></th>
<th></th>
<th></th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>GROUP</td>

<tr>
<td>Gearing ratio</td>
<td>24%</td>
<td>28%</td>
<td>N/A</td>
<td>N/A</td>
</tr>
</tbody>
</table>

The Group is in a net cash position as it holds RM487,240,000 (2016: RM465,768,000) in cash. The Group is not subject to any other externally imposed capital requirements.

(B) FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES
The Group's financial risk management policy seeks to ensure that adequate financial resources are available for the development of the Group's businesses whilst managing its interest rate risks (both fair value and cash flow), foreign currency risk, liquidity risk and credit risk. The Board reviews and approves policies for managing each of these risks and they are summarised below. It is, and has been throughout the current financial year and previous financial year, the Group's policy that no trading of derivative financial instruments shall be undertaken except for the use as hedging instruments where appropriate and cost-efficient.

Interest rate risk
The Group's and the Company's interest rate risk arises primarily from interest bearing amounts due from/to related companies, deposits with licensed banks and borrowings.

The interest rate profile and sensitivity analysis of interest rate risk have been disclosed in Notes 26, 30 and 31 respectively.

</tbody>
</table>

The Group is in a net cash position as it holds RM487,240,000 (2016: RM465,768,000) in cash. The Group is not subject to any other externally imposed capital requirements.

Foreign currency risk
The Group is not significantly exposed to foreign currency risk as the majority of the Group’s transactions, assets and liabilities are denominated in Ringgit Malaysia (RM) except for foreign currency risk arising from a country in which certain foreign subsidiaries operate. The currency giving rise to this risk is primarily Singapore Dollar (SGD).

Approximately 7% (2016: 16%) of the Group’s sales are denominated in foreign currencies whilst almost 7% (2016: 17%) of costs are denominated in the respective functional currencies of the Group’s entities.

The Group maintains a natural hedge, whenever possible, by borrowing in the currency of the country in which the property or investment is located or by borrowing in currencies that match the revenue stream to be generated from its investments.

In relation to its investments in foreign subsidiaries whose net assets are exposed to currency translation risks and which are held for long term investment purposes, the differences arising from such translation are recorded under the foreign currency translation reserve. These translation differences are reviewed and monitored on a regular basis.

Foreign currency risk exposure
The currency risk exposure profiles for each class of financial instruments are as follows:

<table>

</tbody>
</table>

The Group is in a net cash position as it holds RM487,240,000 (2016: RM465,768,000) in cash. The Group is not subject to any other externally imposed capital requirements.
NOTES TO THE FINANCIAL STATEMENTS (CONT’D)

4. CAPITAL AND FINANCIAL RISK MANAGEMENT (CONT’D)

(B) FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONT’D)

Sensitivity analysis for foreign currency risk

The following table demonstrates the sensitivity of the Group’s profit net of tax to a reasonably possible change in the foreign exchange rates against the functional currency of the Group, with all other variables held constant.

<table>
<thead>
<tr>
<th></th>
<th>GROUP</th>
<th>COMPANY</th>
</tr>
</thead>
<tbody>
<tr>
<td>SGD/RM</td>
<td></td>
<td></td>
</tr>
<tr>
<td>~ strengthened 2% (2016: 1%)</td>
<td>1,326</td>
<td>653</td>
</tr>
<tr>
<td>~ weakened 2% (2016: 1%)</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

The exposure to the other currencies are not significant, hence the effects of the changes in the exchange rates are not presented.

Liquidity risk

The Group manages its debt maturity profile, operating cash flows and the availability of funding so as to ensure that refinancing, repayment and funding needs are met. As part of its overall liquidity management, the Group maintains sufficient levels of cash or cash convertible investments to meet its working capital requirements. In addition, the Group strives to maintain available banking facilities at a reasonable level to its overall debt position. As far as possible, the Group raises committed funding at a reasonable level to its overall debt position. The Group manages its debt maturity profile, operating cash flows and the availability of funding so as to ensure that refinancing, repayment and funding needs are met. As part of its overall liquidity management, the Group maintains sufficient levels of cash or cash convertible investments to meet its working capital requirements. In addition, the Group strives to maintain available banking facilities at a reasonable level to its overall debt position.

Credit risk

Credit risk is the risk of loss that may arise on outstanding financial instruments should a counterparty default on its obligations. The Group’s and the Company’s exposure to credit risk arises primarily from trade and other receivables. For other financial assets (including investment securities, cash and bank balances and derivatives), the Group and the Company minimise credit risk by dealing exclusively with high credit rating counterparties.

5. REVENUE

(a) Contract revenue

Revenue from contract construction contracts is accounted for by the stage of completion method as disclosed in Note 28 to the financial statements.

(b) Sale of goods

Revenue from sale of goods is recognised when significant risks and rewards of ownership of the goods has been transferred to the customer and where the Group does not have continuing managerial involvement over the goods, which coincides with the delivery of goods and acceptance by customers.

Revenue is not recognised to the extent where there are significant uncertainties regarding recovery of the consideration due, associated costs or the possible return of goods.

(c) Dividend income

Dividend income is recognised when the right of the Company to receive payment is established.

6. COST OF SALES

<table>

| Single-tier dividend of 4.0 sen per ordinary share | 51,690 | - | - | - |

On 26 February 2018, the Board of Directors declared a second interim single-tier dividend of 4.0 sen per ordinary share for the financial year ended 31 December 2017. The total dividend payable amounted to approximately RM51,690,000. The dividend will be accounted for in equity as an appropriation of retained earnings in the financial year ending 31 December 2018.

The Board of Directors do not recommend any final dividend for the financial year ended 31 December 2017.

</tr>
</tbody>
</table>

(ii) Growth rate

The growth rate used is determined using a simple average of the annual Earnings Before Interest, Tax, Depreciation and Amortisation (EBITDA) growth rate obtained from financial budgets approved by management. The financial budgets cover a period of three years. No growth rate was projected within this period of three years.

(iii) Discount rate

The discount rates used are pre-tax and reflect specific risks relating to the relevant segments.

SENSITIVITY TO CHANGES IN ASSUMPTIONS

With regard to the assessment of value-in-use, management believes that no reasonably possible change in any of the above key assumptions would cause the carrying amount of the CGU to materially exceed its recoverable amounts.

22. INVENTORIES

The following describes each key assumptions on which management has based its cash flow projections to undertake impairment testing of goodwill:

(i) Budgeted gross margin

The basis used to determine the value assigned to the budgeted gross margins is the average gross margins achieved in the year immediately before the budgeted year adjusted for expected efficiency improvements or deficiencies.

(ii) Assumptions used for value-in-use calculations are:

a three-year period (2016: three-year period). The key assumptions used for value-in-use calculations are:

- The basis used to determine the value assigned to the budgeted gross margins is the average gross margins achieved in the year immediately before the budgeted year adjusted for expected efficiency improvements or deficiencies.
- The discount rates used are pre-tax and reflect specific risks relating to the relevant segments.

| Total trade receivables | 1,613,907 | 1,278,059 |

(a) Financial assets classified as loans and receivables are measured at amortised cost using the effective interest method. The carrying amounts of the loans and receivables as at the reporting date approximate their fair values.

(b) The Group's primary exposure to credit risk arises through its trade receivables. The Group's trading terms with its customers are mainly on credit. The credit period is generally for a period of 30 days to 90 days (2016: 30 days to 90 days). Each customer has a maximum credit limit. The Group seeks to maintain strict control over its outstanding receivables and has a credit control department to minimise credit risk. Overdue balances are reviewed regularly by senior management. In view of the aforementioned and the fact that the Group’s trade receivables relate to a large number of diversified customers, there is no significant concentration of credit risk. Trade receivables are non-interest bearing.

(c) Included in retention sums of the Group are amounts owing from related parties of RM29,529,000 (2016: RM22,247,000).

Included in amounts due from related companies are retention sum of RM41,064,000 (2016: RM59,034,000).
NOTES TO THE FINANCIAL STATEMENTS (CONT’D)

</tr>
</tbody>
</table>

Receivables that are neither past due nor impaired
Trade receivables that are neither past due nor impaired relate to customers with good track records with the Group. Based on past experience, the Board believes that no allowance for impairment is necessary in respect of those balances.

None of the Group’s trade receivables that are neither past due nor impaired have been renegotiated during the financial year.

Receivables that are past due but not impaired
Trade receivables that are past due but not impaired relate to customers for whom there is no objective evidence that the receivables are not fully recoverable. No impairment has been made on these amounts as the Group is closely monitoring these receivables and is confident of their eventual recovery.

The Group’s trade receivables that are past due and impaired at the reporting date and the movement of the allowance accounts used to record the impairment are as follows:

<table>
<thead>
<tr>

</tbody>
</table>

Trade receivables that are individually determined to be impaired at the reporting date relate to debtors that are in significant financial difficulties and have defaulted on payments. These receivables are not secured by any collateral or credit enhancements.

24. OTHER RECEIVABLES

(a) The Group and the Company have no significant concentration of credit risk that may arise from exposures to a single debtor or to groups of debtors.

(b) The reconciliation of movements in allowance for impairment losses for other receivables is as follows:

By country:

<table>
<thead>
<tr>

</tbody>
</table>

Exposure to credit risk

Concentration of credit risk relating to trade receivables is limited due to the Group’s many varied customers. These customers are internationally dispersed, engaged in a wide spectrum of activities, and sell in a variety of end markets. The Group’s historical experience in the collection of accounts receivable falls within the recorded allowances. Due to these factors, management believes that no additional credit risk beyond amounts provided for collection losses is inherent in the Group’s trade receivables.

25. AMOUNTS DUE TO SUBSIDIARIES

During the previous financial year, amounts due to subsidiaries (non-trade) were unsecured, non-interest bearing and the term of repayment was on demand.
NOTES TO THE FINANCIAL STATEMENTS (CONT’D)

26. AMOUNTS DUE FROM/(TO) INTERMEDIATE HOLDING COMPANY, RELATED COMPANIES AND A JOINT VENTURE

(a) Amount due from/to intermediate holding company (non-trade) are unsecured, interest free and the terms of repayment are on demand.

(b) Amounts due from/to related companies (trade) are unsecured, interest free and the credit period is generally for a period of 30 days to 90 days (2016: 30 days to 90 days).

(c) Amounts due from/to related companies (non-trade) are unsecured, interest free and the terms of repayment is on demand, except for amounts due from/to related companies of RM18,037,000 (2016: RM14,723,000), which bear interests at rates ranging from 4.45% to 4.55% (2016: 4.45% to 5.67%) per annum.

(d) Amount due from a joint venture (non-trade) are unsecured, interest free and the terms of repayment are on demand.

(e) At the reporting date, the interest rate profile of the interest-bearing amounts due from/to related companies was:

<table>
<thead>
<tr>
<th>Variable rate instruments</th>
<th>2017</th>
<th>2016</th>
</tr>
</thead>
<tbody>
<tr>
<td>Financial assets</td>
<td>592</td>
<td>6,092</td>
</tr>
<tr>
<td>Financial liabilities</td>
<td>(118,629)</td>
<td>(40,815)</td>
</tr>
<tr>
<td></td>
<td>(118,037)</td>
<td>(34,723)</td>
</tr>
</tbody>
</table>

A change of 25 basis points in interest rates, assuming all other variables remained constant, at the reporting date would result in the profit net of tax of the Group to be higher/lower by RM224,270 (2016: RM665,970).

(f) The maturity profile of amounts due to intermediate holding company and related companies of the Group at the reporting date based on contractual undiscounted repayment obligations is repayable within one year.

27. AMOUNT DUE FROM AN ASSOCIATE

Amount due from an associate (non-trade) is unsecured, bearing interest at a rate of 8.85% (2016: 8.85%) per annum and the terms of repayment is on demand.

The reconciliation of movements in allowance for impairment losses for amount due from an associate (non-trade) is as follows:

- $9,995,303 at beginning of financial year
- $1,832,772 reversal of impairment losses
- $1,693,380 exchange differences
- $11,828,330 at end of financial year

Sensitivity analysis for fixed rate interest-bearing amount due from an associate at the end of the reporting date is not presented as changes in interest rate would not affect profit or loss.

28. CONSTRUCTION CONTRACTS

<table>

</tr>
</tbody>
</table>

The Group recognises construction contract revenue and expenses in profit or loss based on the stage of completion method. The stage of completion is measured by reference to the proportion of contract costs incurred for work performed to date bear to the estimated total contract costs to complete or by reference to the physical completion of the contract.

Significant judgement is required in determining the stage of completion, the estimated total contract costs to complete and in assessing the exposures to liquidated ascertained damages (LAD) based on the facts and circumstances of the relevant construction projects, including projects that had been served with certificates of non-achievement for project delays. In making these judgements, the Group evaluates on experience and by relying on the work of specialists.

Based on the assessment of the exposures to LAD for the relevant construction contracts, the Directors are of the opinion that no provision for LAD is necessary at this juncture.

29. DERIVATIVE ASSETS/(LIABILITIES)

(a) Derivatives are classified as fair value through profit or loss, and subsequently remeasured to fair value with changes in fair value being recognised in profit or loss.

(b) Derivatives are categorised as Level 2 in the fair value hierarchy.

(c) The maturity profile of the derivative liabilities of the Group at the reporting date based on contractual undiscounted repayment obligations is repayable within one year.

30. CASH AND BANK BALANCES

Cash and bank balances

<table>
<thead>
<tr>

<td>487,240</td>
<td>465,768</td>
</tr>
<tr>
<td></td>
<td>465,120</td>
<td>461,813</td>
</tr>
</tbody>
</table>

(a) The weighted average interest rates per annum of deposits that were effective as at reporting date were as follows:

<table>
<thead>
<tr>
<th>GROUP</th>
<th>2017</th>
<th>2016</th>
</tr>
</thead>
<tbody>
<tr>
<td>Deposits with licensed banks</td>
<td>3.70</td>
<td>3.16</td>
</tr>
<tr>
<td>Deposits with other financial institutions</td>
<td>5.05</td>
<td>4.83</td>
</tr>
</tbody>
</table>

The maturity of deposits with licensed banks during the years under review is 365 days (2016: 11 days to 365 days).
31. BORROWINGS

<table>
<thead>
<tr>
<th>GROUP</th>
<th>2017</th>
<th>2016</th>
</tr>
</thead>
<tbody>
<tr>
<td>Short term borrowings</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Unsecured:</td>
<td></td>
<td></td>

<td></td>
<td></td>
</tr>
<tr>
<td>Bills discounting</td>
<td>134,659</td>
<td>136,515</td>
</tr>
</tbody>
</table>

(a) The weighted average interest rates per annum of borrowings that was effective as at reporting date were as follows:

<table>
<thead>
<tr>
<th>GROUP</th>
<th>2017</th>
<th>2016</th>
</tr>
</thead>
<tbody>
<tr>
<td>Bills discounting</td>
<td>3.88</td>
<td>3.85</td>
</tr>
</tbody>
</table>

(b) The borrowings are denominated in RM.

(c) At the reporting date, the interest rate profile of the borrowings was:

<table>
<thead>
<tr>
<th>GROUP</th>
<th>2017</th>
<th>2016</th>
</tr>
</thead>
<tbody>
<tr>
<td>Floating rates</td>
<td>134,659</td>
<td>136,515</td>
</tr>
</tbody>
</table>

A change of 25 basis points in interest rates, assuming all other variables remained constant, at the reporting date would result in the profit net of tax of the Group to be lower/(higher) by RM255,852 (2016: RM259,379).

(d) The maturity profile of the borrowings of the Group at the reporting date based on contractual undiscounted repayment obligations is repayable within one year.

(e) The carrying amounts of these borrowings are reasonable approximation of their fair values due to their short-term nature.

(f) Reconciliation of liabilities arising from financing activities.

The table below details changes in the Group’s liabilities arising from financing activities, including both cash and non-cash changes. Liabilities arising from financing activities are those for which cash flows were, or future cash flows will be, classified in the Group’s statements of cash flows as cash flows from financing activities.

<table>
<thead>

Ordinary shares

Authorised:
As at 1 January/31 December * | 10,000,000 | 2,000,000 |

Issued and fully paid:
As at 1 January/31 December | 1,292,900 | 258,580 | 258,580 |

* With the enforcement of new Companies Act 2016 effective 31 January 2017, the concept of authorised share capital and par value of share capital have been abolished.

The holders of ordinary shares are entitled to receive dividends as declared from time to time and are entitled to one vote per share at general meetings of the Company. All ordinary shares rank equally with regard to the Company’s residual assets.

During the financial year, the Company repurchased 654,000 of its issued ordinary shares from the open market at an average price of RM1.96 per share. The total consideration paid for the repurchases was RM1,295,000 and was financed by internally generated funds. The shares repurchased are being held as treasury shares in accordance with Section 127 of the Companies Act 2016 in Malaysia and not revalued for subsequent changes in fair value or market price of the shares. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the own equity instruments of the Company.

As at 31 December 2017, the Company held a total of 654,000 ordinary shares as treasury shares out of its total issued and paid up share capital of 1,292,900,010 ordinary shares. Such treasury shares are recorded at a carrying amount of RM1,295,000.

The movements in each category of reserves are disclosed in the statements of changes in equity.

The natures of each category of reserves are as follows:

(A) CAPITAL CONTRIBUTION BY INTERMEDIATE HOLDING COMPANY
Capital contribution by intermediate holding company represents the equity-settled share options granted to employees. The reserve is made up of the cumulative value of services received from employees recorded over the vesting period commencing from the grant date of equity-settled share options.

(B) MERGER RESERVE
The merger reserve represents the following:
(i) Premium on the issue of shares for the acquisition of the remaining shares in Sunway Builders Sdn. Bhd.; and
(ii) The excess of the consideration paid over the share capital and capital reserves of SunCon and its subsidiaries as at the acquisition date under the pooling of interest method of accounting.

(C) FOREIGN CURRENCY TRANSLATION RESERVE
The foreign currency translation reserve represents exchange differences arising from the translation of the financial statements of foreign operations whose functional currencies are different from that of the presentation currency of the Group.

37. OPERATING LEASE AGREEMENTS
Apart from external operating lease agreements, the Group has also entered into a non-cancellable operating lease agreement with related parties, Sunway REIT and Sunway Iskandar Sdn. Bhd. for the use of corporate buildings and a leasehold land respectively.

The future minimum lease payments payable under the non-cancellable operating leases of the Group contracted for at the reporting date but not recognised as payables, are as follows:

39. CONTINGENT LIABILITIES

(A) GUARANTEES

The Group designates guarantees given to third parties and related companies as insurance contracts as defined in MFRS 4 Insurance Contract. The Group recognises these insurance contracts as recognised insurance liabilities when there is a present obligation, legal or constructive, as a result of a past event, when it is probable that an outflow of resources embodying economic benefits would be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

At the reporting date, the Group assesses whether its recognised insurance liabilities are adequate, using current estimates of future cash flows under its insurance contracts. If this assessment shows that the carrying amount of the insurance liabilities is inadequate, the entire deficiency shall be recognised in profit or loss.

Recognised insurance liabilities are only removed from the statement of financial position when, and only when, it is extinguished via a discharge, cancellation or expiration.

The determination of treatment of contingent liabilities is based on management’s view of the expected outcome of the contingencies for matters in the ordinary course of the business.

The Directors are of the view that the chances of the third parties and related companies to call upon the guarantees are remote.
NOTES TO THE FINANCIAL STATEMENTS (CONT’D)

39. CONTINGENT LIABILITIES (CONT’D)

(b) MATERIAL OUTSTANDING LITIGATIONS

(i) On 4 September 2008, the solicitors of SunCon Caribbean Sdn. Bhd. (SunCon) had been served with a Statement of Claim (Statement of Claim) by Shristi Infrastructure Development Corporation Ltd (Claimant). The Statement of Claim was received by SunCon’s office in Malaysia on 8 September 2008.

Pursuant to an agreement signed between SunCon and the National Highway Authority of India for the rehabilitation and upgrading of NH-25 to a four-lane configuration in the state of Uttar Pradesh being a part of the East-West Corridor Project, SunCon had entered into a work order with the Claimant for the upgrading and rehabilitation of the stretch of NH-25 from 143.6 km to 170.0 km, of which the Claimant has provided two bank guarantees (Bank Guarantees) to SunCon.

The Claimant has failed to carry out its obligations under the work order and SunCon has terminated the work order and cashed the Bank Guarantees. The Claimant had filed an application in the Supreme Court of India for the appointment of an arbitrator to arbitrate upon the disputes between the parties. The Supreme Court had appointed a sole arbitrator. The Claimant then filed its Statement of Claim on 4 September 2008.

The Statement of Claim was raised in respect of various claims (including claiming the refund of the amount cashed on the Bank Guarantees) and the total amount claimed is Rs.891.5 million.

At the hearing on 2 February 2009, the arbitrator rejected SunCon’s filing of the Statement of Defense and Counterclaim. In the counterclaim, SunCon is seeking for Rs.781.4 million for inter alia, additional costs incurred by SunCon to complete the works, recovery of mobilisation advance and interest charges, loss of reputation and loss of profits.

75 hearings had been held and on 11 January 2013, the arbitrator that presided over the case passed away. The Claimant and SunCon were able to proceed with another arbitrator that is agreeable by both parties, failing such agreement an application can be filed to the Supreme Court for an appointment.

SunCon was notified by its solicitors that an arbitration petition has been filed by Shristi on 7 January 2016 in the Supreme Court of India for the appointment of a new arbitrator and the petition was served on SunCon’s solicitors on 5 May 2016. Matter was not listed on 17 October 2016. Hearing continued on 5 January 2017 and the Supreme Court appointed Hon’ble Mr Justice VikramajitSen (Former Judge of the Supreme Court) as arbitrator in place of the late Justice H.L. Agrawal (Retd.) for adjudication of the disputes and differences between the Parties. Sitting on 24 February 2017 went on as scheduled.

On 7 October 2017, the Claimant and SunCon confirmed that evidence stands concluded except for the fact that answers to certain questions was to be furnished by affidavit by SunCon’s witness within 30 days from 7 October 2017. Parties are to file a synopsis of arguments and exchange them on or before 31 January 2018. SunCon submitted the synopsis to the arbitrator on 30 January 2018.

The proceedings advanced to the next stage for final arguments on 6 March 2018 to 9 March 2018. Rejoinder argument shall be heard on 12, 13 and 14 April 2018.

The Directors are of the opinion, after taking appropriate legal advice, that no provision for the abovementioned claims is necessary.

(ii) Sunway Creative Stones Sdn. Bhd. (Sunway Creative Stones), being the nominated sub-contractor for the stone works for the Palazzio, is claiming against Sunway Creative Stones’ delay and back charges of RM35,340.00 and interest and costs. SPYTL is counter-claiming for the loss and expenses incurred during the extended project period which was due to NHA’s delay. The Arbitral Tribunal had, via an award dated 3 October 2011, awarded SunCon a sum of Rs.14,329,148.00.

Aggrieved by the Arbitral Tribunal’s award dated 3 October 2011 for both Reference 2 and Reference 3, NHA appealed to the High Court in year 2012. The hearing date of the appeal has yet to be fixed. The solicitors acting for SunCon, after taking into consideration the narrow scope of challenge to the arbitral awards as permissible under the Indian Arbitration and Conciliation Act 1940, in the view of the paltry chance of success in both Reference 2 and Reference 3.

Reference 4

In November 2012, SunCon claimed against NHA for the reimbursement of a toll tax imposed on all vehicles deployed for the execution of the NH-76 Highway Project. The Arbitral Tribunal had, via an award dated 3 October 2011, awarded SunCon a sum of Rs.3,10,347,836.00.

NHA appealed against the Arbitral Tribunal’s award to the High Court. On 13 April 2015, the matter came up for scrutiny before a 3-judge panel of the High Court. NHA requested for time to file the rejoinder. The case is now adjourned to 24 July 2018.

The solicitors acting for SunCon, after taking into consideration of the narrow scope of challenge to the arbitral awards as permissible under the Indian Arbitration and Conciliation Act 1940, is of the view that SunCon has a high chance of success in this Reference 4.

SunCon appealed to the Supreme Court of India and was granted leave of appeal. Matter was not listed on 28 July 2016 and 13 September 2016. On 9 August 2017, the case was not listed due to the inability of Justice U.L. Lalit. Case was scheduled for 29 January 2018 but not listed and hearing date has yet to be fixed. The solicitors acting for SunCon is of the view that SunCon has a good case on the merits and a correspondingly high probability of success before the Supreme Court.

Reference 2

In April 2009, SunCon commenced an arbitration proceeding against NHA for the loss suffered as a result of the adjustment made by the engineer on the payment of a monthly interim payment certificate without taking into consideration the component of excise duty. The Arbitral Tribunal had, via an award dated 3 October 2011, awarded SunCon a sum of Rs.25,840,810.00. We have not received the award sum to-date.

Reference 3

In April 2009, SunCon claimed against NHA for the reimbursement of a toll tax imposed on all vehicles deployed for the execution of the NH-76 Highway Project. The Arbitral Tribunal had, via an award dated 3 October 2011, awarded SunCon a sum of Rs.14,329,148.00.

Aggrieved by the Arbitral Tribunal’s award dated 3 October 2011 for both Reference 2 and Reference 3, NHA appealed to the High Court in year 2012. The hearing date of the appeal has yet to be fixed. The solicitors acting for SunCon, after taking into consideration the narrow scope of challenge to the arbitral awards as permissible under the Indian Arbitration and Conciliation Act 1940, in the view of the paltry chance of success in both Reference 2 and Reference 3.

Reference 4

In November 2012, SunCon claimed against NHA for the loss and expenses incurred during the extended project period which was due to NHA’s delay. The Arbitral Tribunal had, via an award dated 29 April 2014, awarded SunCon a sum of Rs.3,10,347,836.00.

NHA appealed against the Arbitral Tribunal’s award to the High Court. On 13 April 2015, the matter came up for scrutiny before a 3-judge panel of the High Court. NHA requested for time to file the rejoinder. The case is now adjourned to 24 July 2018.

The solicitors acting for SunCon, after taking into consideration of the narrow scope of challenge to the arbitral awards as permissible under the Indian Arbitration and Conciliation Act 1940, is of the view that SunCon has a high chance of success in this Reference 4.

(B) REMUNERATION OF KEY MANAGEMENT PERSONNEL

Key management personnel are the persons who have the authorities and responsibilities for planning, directing and controlling the activities of the Group or the Company either directly or indirectly. This includes any Director, whether executive or otherwise, of the Group and the Company.

The remuneration of the Executive Directors and other members of key management during the financial year are as follows:

<table>
<thead>
<tr>
<th>GROUP</th>
<th>2017 RM'000</th>
<th>2016 RM'000</th>
</tr>
</thead>
<tbody>
<tr>
<td>Short-term employee benefits</td>

<td>2,078</td>
</tr>
</tbody>
</table>

41. ADOPTION OF MFRSS AND AMENDMENTS TO MFRSS

(A) NEW MFRSS ADOPTED DURING THE FINANCIAL YEAR

The accounting policies adopted are consistent with those of the previous financial year except as follows:

On 1 January 2017, the Group and the Company adopted the following amended MFRSS mandatory for the current financial year.

<table>
<thead>
<tr>
<th>Title</th>
<th>Effective Date</th>
</tr>
</thead>
<tbody>
<tr>
<td>Amendments to MFRS 12 Annual Improvements to MFRS Standards 2014 - 2016 Cycle</td>
<td>1 January 2017</td>
</tr>
<tr>
<td>Amendments to MFRS 107 Disclosure Initiative</td>
<td>1 January 2017</td>
</tr>
<tr>
<td>Amendments to MFRS 112 Recognition of Deferred Tax Assets for Unrealised Losses</td>
<td>1 January 2017</td>
</tr>
</tbody>
</table>

Adoption of the above Standards did not have any material effect on the financial performance or position of the Group and of the Company.

(B) NEW MFRSS THAT HAVE BEEN ISSUED, BUT ONLY EFFECTIVE FOR ANNUAL PERIODS BEGINNING ON OR AFTER 1 JANUARY 2018

The Standards and Amendments that are issued but not yet effective up to the date of issuance the financial statements of the Group and of the Company are disclosed below. The Company intends to adopt these Standards and Amendments, if applicable, when they become effective.

<table>
<thead>
<tr>
<th>Title</th>

<td>1 January 2019</td>
</tr>
<tr>
<td>Amendments to MFRS 128 Long-term Interests in Associates and Joint Ventures</td>
<td>1 January 2019</td>
</tr>
<tr>
<td>Amendments to MFRS 9 Prepayment Features with Negative Compensation</td>
<td>1 January 2019</td>
</tr>
<tr>
<td>Amendments to MFRS 3 Annual Improvements to MFRS Standards 2015 - 2017 Cycle</td>
<td>1 January 2019</td>
</tr>
<tr>
<td>Amendments to MFRS 11 Annual Improvements to MFRS Standards 2015 - 2017 Cycle</td>
<td>1 January 2019</td>
</tr>
<tr>
<td>Amendments to MFRS 112 Annual Improvements to MFRS Standards 2015 - 2017 Cycle</td>
<td>1 January 2019</td>
</tr>
<tr>
<td>Amendments to MFRS 119 Plan Amendment, Curtailment or Settlement</td>
<td>1 January 2019</td>
</tr>
<tr>
<td>Amendments to MFRS 123 Annual Improvements to MFRS Standards 2015 - 2017 Cycle</td>
<td>1 January 2019</td>
</tr>
<tr>
<td>MFRS 17 Insurance Contracts</td>
<td>1 January 2021</td>
</tr>
<tr>
<td>Amendments to MFRS 10 and MFRS 128 Sale or Contribution of Assets between an Investor and its Associate or Joint Venture</td>
<td>Deferred</td>
</tr>
</tbody>
</table>

The Group is in the process of assessing the impact of implementing these Standards and Amendments, since the effects would only be observable for the future financial years.
In every move we make, we are sure to keep on delivering success after success. Every challenge we face gives us a new experience, and with it the motivation towards achieving our goals.

NOTICE OF 4TH ANNUAL GENERAL MEETING

NOTICE IS HEREBY GIVEN THAT the 4th Annual General Meeting of SUNWAY CONSTRUCTION GROUP BERHAD (1108506-W) will be held at Grand Caymans, Level 10, Sunway Resort Hotel & Spa, Persiaran Lagoon, Bandar Sunway, 47500 Subang Jaya, Selangor Darul Ehsan on Wednesday, 20 June 2018 at 3.00 p.m. for the following purposes:

AS ORDINARY BUSINESS

1. To receive the Audited Financial Statements for the financial year ended 31 December 2017 together with the Directors’ and Auditors’ Reports thereon. (Please refer to Explanatory Note 1)

2. To approve the payment of fees to Non-Executive Directors amounting to RM718,000.00 for the financial year ended 31 December 2017.

3. To approve the payment of benefits payable to Non-Executive Directors of up to RM200,000 for the period from 1 January 2018 until the conclusion of the next Annual General Meeting of the Company.

4. To re-elect the following Directors:
   4.1 Mr Chung Soo Kiong who retires by rotation pursuant to Article 107 of the Company’s Articles of Association and being eligible, offers himself for re-election.
   4.2 Mr Evan Cheah Yean Shin who retires by rotation pursuant to Article 107 of the Company’s Articles of Association and being eligible, offers himself for re-election.
   4.3 Dr Sarinder Kumari A/P Oam Parkash who retires pursuant to Article 90 of the Company’s Articles of Association and being eligible, offers herself for re-election.

5. To re-appoint Messrs BDO as Auditors of the Company for the ensuing year and to authorise the Directors to fix their remuneration.

AS SPECIAL BUSINESS

To consider and if thought fit, to pass the following Resolutions:

6. ORDINARY RESOLUTION
   Authority to Issue Shares Pursuant to Sections 75 and 76 of the Companies Act 2016

   “THAT subject always to the Companies Act 2016, the Main Market Listing Requirements of Bursa Malaysia Securities Berhad, the Company’s Constitution and the approvals of the relevant government and/or regulatory authorities, the Directors be and are hereby empowered pursuant to Sections 75 and 76 of the Companies Act 2016 to issue and allot new shares in the Company at any time at such price, upon such terms and conditions, for such purposes and to such person(s) whomsoever as the Directors may in their absolute discretion deem fit and expedient in the interest of the Company, provided that the aggregate number of shares to be issued pursuant to this resolution does not exceed 10% of the total number of issued shares of the Company for the time being and THAT the Directors be and are also empowered to obtain the approval from Bursa Malaysia Securities Berhad for the listing of and quotation for the additional shares so issued and THAT such authority shall continue to be in force until the conclusion of the next Annual General Meeting of the Company.”

7. ORDINARY RESOLUTION
   Proposed Renewal of Shareholders’ Mandate for Recurrent Related Party Transactions of a Revenue or Trading Nature

   “THAT approval be and is hereby given to the Company and its subsidiaries to enter into recurrent related party transactions from time to time, which are necessary for the day-to-day operations as set out in Section 2D of the Circular to Shareholders dated 30 April 2018 which are of a revenue or trading nature and carried out in the ordinary course of business and are on terms not more favourable to the related parties than those generally available to the public and are not detrimental to the minority shareholders of the Company, subject to the compliance with the Main Market Listing Requirements of Bursa Malaysia Securities Berhad, Companies Act 2016 (the Act), the Company’s Constitution and all other applicable laws, guidelines, rules and regulations.”

By providing our staff and stakeholders with a platform to express themselves, we are able to create an ever-evolving organisation that pays homage to the people that helped build it.
NOTICE OF 4TH ANNUAL GENERAL MEETING (CONT’D)

AS SPECIAL BUSINESS (CONT’D)
To consider and if thought fit, to pass the following Resolutions (cont’d):

7

ORDINARY RESOLUTION
Proposed Renewal of Shareholders’ Mandate for Recurrent Related Party Transactions of a Revenue or Trading Nature (cont’d)

THAT such authority shall commence upon the passing of this resolution and shall continue to be in force until:

(a) the conclusion of the next Annual General Meeting (AGM) of the Company at which time the mandate will lapse, unless by a resolution passed at the next AGM, the mandate is renewed; or

(b) the expiration of the period within which the next AGM of the Company is required to be held pursuant to Section 340(2) of the Act (but must not extend to such extension as may be allowed pursuant to Section 340(4)(a) of the Act); or

(c) revoked or varied by resolution passed by the shareholders in general meeting, whichever is the earlier.

THAT authority be and is hereby given to the Directors of the Company to complete and do all such acts and things (including executing such documents as may be required) to give effect to the terms and conditions of this Resolution, and is hereby authorised to purchase such amount of ordinary shares in the Company as the Directors may deem fit and expedient in the interest of the Company.

Provided that:

(a) the aggregate number of ordinary shares in the Company (SunCon Shares) which may be purchased and/or held by the Company shall not exceed 10% of the total number of issued shares in the ordinary share capital of the Company at any point of time, subject to a restriction that the share capital of the Company does not fall below the applicable minimum share capital requirements of the Main Market Listing Requirements of Bursa Securities; and

(b) the maximum funds to be allocated by the Company for the purpose of purchasing the SunCon Shares shall not exceed the Company’s retained profits at any point of time;

(c) the authority conferred by this resolution will commence immediately upon passing of this Ordinary Resolution and will continue to be in force until:

(i) the conclusion of the next Annual General Meeting (AGM) at which time it shall lapse unless by Ordinary Resolution passed at the meeting, the authority is renewed, either unconditionally or subject to conditions; or

(ii) the expiration of the period within which the next AGM after that date is required by law to be held; or

(iii) revoked or varied by Ordinary Resolution passed by the shareholders of the Company in a general meeting, whichever occurs first;

Ordered Resolution

8 (cont’d)

ORDINARY RESOLUTION
Proposed Renewal of Share Buyback Authority

THAT subject to the Companies Act 2016 (the Act), rules, regulations and orders made pursuant to the Act, provisions of the Company’s Constitution, the Main Market Listing Requirements of Bursa Malaysia Securities Berhad (Bursa Securities) and any other relevant authorities, the Company be and is hereby authorised to purchase such amount of ordinary shares in the Company as may be determined by the Directors of the Company from time to time through Bursa Securities upon such terms and conditions as the Directors may deem fit and expedient in the interest of the Company PROVIDED THAT:

(a) the aggregate number of ordinary shares in the Company (SunCon Shares) which may be purchased and/or held by the Company shall not exceed 10% of the total number of issued shares in the ordinary share capital of the Company at any point of time, subject to a restriction that the share capital of the Company does not fall below the applicable minimum share capital requirements of the Main Market Listing Requirements of Bursa Securities;

(b) the maximum funds to be allocated by the Company for the purpose of purchasing the SunCon Shares shall not exceed the Company’s retained profits at any point of time;

(c) the authority conferred by this resolution will commence immediately upon passing of this Ordinary Resolution and will continue to be in force until:

(i) the conclusion of the next Annual General Meeting (AGM) at which time it shall lapse unless by Ordinary Resolution passed at the meeting, the authority is renewed, either unconditionally or subject to conditions; or

(ii) the expiration of the period within which the next AGM after that date is required by law to be held; or

(iii) revoked or varied by Ordinary Resolution passed by the shareholders of the Company in a general meeting, whichever occurs first;

Ordered Resolution

9 (cont’d)

AS SPECIAL BUSINESS (cont’d)
To consider and if thought fit, to pass the following Resolutions (cont’d):

(b) upon completion of the purchase(s) of the SunCon Shares by the Company, the Directors of the Company be and are hereby authorised to cancel the SunCon Shares so purchased or to retain the SunCon Shares so purchased as treasury shares (of which may be dealt with in accordance with Section 127(7) of the Act, or to retain part of the SunCon Shares so purchased as treasury shares and cancel the remainder and in any other manner as may be prescribed by the Act, rules, regulations and orders made pursuant to the Act, the Main Market Listing Requirements of Bursa Securities and any other relevant authorities for the time being in force.

AND THAT the Directors of the Company be and are hereby authorised to take all such steps as are necessary or expedient to implement, finalise or to effect the purchase(s) of the SunCon Shares with full powers to assent to any conditions, modifications, variations and/or amendments as may be required or imposed by the relevant authorities and to do all such acts and things (including executing all documents) as the Directors may deem fit and expedient in the best interest of the Company.

Ordinary Resolution

9

SPECIAL RESOLUTION
Proposed Adoption of a New Constitution of the Company

THAT approval be and is hereby given to the Company to alter or amend the whole of its existing Memorandum and Articles of Association by the replacement thereof with a new Constitution as set out in the Circular to Shareholders dated 30 April 2018 with immediate effect AND THAT the Board of Directors of the Company be and are hereby authorised to appoint any such amendments to the Constitution and to make all such amendments as may be required by any relevant authorities, and to do all acts and things and take all such steps as may be considered necessary to give full effect to the foregoing.

Special Resolution

1

NOTES:
1. A member of the Company who is entitled to attend and vote at a general meeting of the Company, or at a meeting of any class of members, may appoint more than 1 proxy to attend and vote instead of the member at the meeting. A proxy need not be a member.

1. Where a member appoints a proxy to attend a meeting and subsequently he attends such meeting in person, the appointment of such proxy shall be null and void, and the proxy shall not be entitled to attend the said meeting.

3. Where a member is an exempt authorised nominee which holds ordinary share capital in the Company for multiple beneficial owners in a securities account (omnibus account), there is no limit to the number of proxies which the exempt authorised nominee may appoint in respect of each omnibus account it holds.

4. Where a member appoints more than 1 proxy, the appointment shall be invalid unless he specifis the proportions of his shareholdings to be represented by each proxy.

5. If a member has appointed a proxy to attend a meeting and subsequently he attends such meeting in person, the appointment of such proxy shall be null and void, and the proxy shall not be entitled to attend the said meeting.

6. The instrument appointing a proxy shall be in writing under the hand of the appointer or of his attorney duly authorised in writing, or if such appointer is a corporation, either under its common seal or the hand of its officer or attorney duly authorised.

7. The instrument appointing a proxy must be deposited at the Registered Office of the Company at Level 16, Menara Sunway, Jalan Lagoon Timur, Bandar Sunway, 47900 Sebang Jaya, Selangor Darul Ehsan, Malaysia not less than 24 hours before the time appointed for holding the meeting or any adjournment thereof, either by hand, post, electronic mail or fax to (603) 5639 9507. In the case where the member is a corporation and the proxy form is delivered by fax or electronic mail, the original proxy form shall also be deposited at the Registered Office, either by hand or post not less than 24 hours before the time appointed for holding the meeting or any adjournment thereof.

8. In respect of deposited securities, only members whose names appear in the Record of Depositors on 13 June 2018, shall be entitled to attend, speak and vote at the general meeting.
EXPLANATORY NOTES

ORDINARY BUSINESS

1. To Receive the Audited Financial Statements for the financial year ended 31 December 2017 together with the Directors’ and Auditors’ Reports thereon.

The Audited Financial Statements are for discussion only as they do not require shareholders’ approval pursuant to the provision of Section 340(1) of the Companies Act 2016. As such, this agenda will not be put for voting.

2. Ordinary Resolution 1 – To approve the payment of fees to Non-Executive Directors amounting to RM78,000.00 for the financial year ended 31 December 2017

The Company has adopted the following fees structure for its Non-Executive Directors (NEDs):

<table>
<thead>
<tr>
<th>BOARD/AUDIT COMMITTEE</th>
<th>CHAIRMAN (Rm/ANNUm)</th>
<th>MEMBER (Rm/ANNUm)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Board</td>
<td>100,000</td>
<td>100,000</td>
</tr>
<tr>
<td>Audit Committee</td>
<td>6,000</td>
<td>3,000</td>
</tr>
</tbody>
</table>

The payment of the above mentioned fees for the financial year ended 31 December 2017 will only be made if the Proposed Resolution 1 has been approved at this 4th Annual General Meeting (AGM) pursuant to Article 96 of the Articles of Association of the Company and Section 230 of the Companies Act 2016.

3. Ordinary Resolution 2 – To approve the payment of benefits payable to Non-Executive Directors of up to RM200,000 from 1 January 2018 until the conclusion of the next AGM of the Company

Pursuant to Section 230 of the Companies Act 2016, any fees and benefits payable to the NEDs of a listed company and its subsidiaries shall be approved at a general meeting. The benefits payable to the NEDs of the Company comprises the following:

(i) Meeting allowance of RM500 per meeting for attending the Board and Board Committees Meetings;
(ii) Other emolument, including but not limited to construction site visit allowance of RM1,000 per visit for Director in the course of discharging his duty as Chairperson of High Level ES&H, Environmental, Safety and Health Council of the Company.

4. Ordinary Resolution 3 to 5 – To re-elect Mr Chung Soo Kiong, Mr Evan Cheah Yeon Shin and Dr Sarinder Kumari as Directors of the Company

Article 107(1) of the Company’s Articles of Association provides that one-third or the number nearest to one-third of the Directors of the Company (including Managing Director) for the time being shall retire by rotation at each AGM of the Company. Each Director shall retire from office once at least in each three years but shall be eligible for re-election.

Mr Chung Soo Kiong and Mr Evan Cheah Yeon Shin, who retire by rotation pursuant to Article 107(1) of the Company’s Articles of Association, being eligible, have offered themselves for re-election at the 4th AGM.

Article 90 provides that any Director appointed shall hold office only until the next AGM and shall be eligible for re-election. Dr Sarinder Kumari A/P Oam Parkash who was appointed on 1 March 2018, is standing for re-election as Director pursuant to Article 90, and being eligible, has offered himself for re-election.

The Nominations and Remuneration Committee had assessed the performance of the retiring Directors and recommended them for re-election as Directors of the Company due to their vast experience and contribution to the Company. Their profiles are enclosed in pages 31 to 35 of the Company’s Annual Report 2017. The Board has endorsed the Nominations and Remuneration Committee’s recommendation subject to the shareholders’ approval at this AGM.

All Directors standing for re-election have abstained from deliberations and decisions on their own eligibility to stand for re-election at the relevant Nominations and Remuneration Committee and Board Meetings and will continue to abstain from deliberations and decisions on their own eligibility to stand for re-election at this AGM.

SPECIAL BUSINESS

5. Ordinary Resolution 7 – Authority to issue shares pursuant to Sections 75 and 76 of the Companies Act 2016

The Company is always on the look out for investment opportunities to enhance the earnings potential of the Company. If any investment opportunities involve the issue of new shares, the Directors, under present circumstances, would have to convene a general meeting to approve the issue of new shares even though the number involved may be less than 10% of the total number of issued shares of the Company.

In order to avoid any delay and costs involved in convening a general meeting to approve such issue of shares, it is thus considered appropriate that the Directors be empowered to issue new shares in the Company, up to an amount not exceeding in total 10% of the total number of issued shares of the Company at any time, for such purpose. This authority, unless revoked or varied at a general meeting, will expire at the next Annual General Meeting of the Company.

The renewal of this mandate will provide flexibility to the Company for any potential fund raising activities, including but not limited to placement of shares, for purpose of funding future investments, working capital and/or any acquisition.

At this juncture, there is no decision to issue new shares. Should there be a decision to issue new shares after the authorisation is sought, the Company will make an announcement of the actual purpose and utilisation of proceeds arising from such issuance of shares.

The Company did not issue any new shares under the general mandate which was approved at its 3rd AGM held on 15 June 2017.

6. Ordinary Resolution 8 – Proposed Renewal of Shareholders’ Mandate for Recurrent Related Party Transactions of a Revenue or Trading Nature

The details on the proposed renewal of shareholders’ mandate for recurrent related party transactions of a revenue or trading nature are set out in the Circular to Shareholders dated 30 April 2018.

7. Ordinary Resolution 9 – Proposed Renewal of Share Buyback Authority

The details on the proposed renewal of Share Buyback authority by the Company are set out in the Circular to Shareholders dated 30 April 2018.

8. Special Resolution 1 – Proposed Adoption of the new Constitution of the Company

The proposed amendments to the existing Memorandum and Articles of Constitution of the Company are made mainly for the following purposes:

(a) To ensure compliance with the amended Main Market Listing Requirements of Bursa Malaysia Securities Berhad which was issued on 29 November 2017; and

(b) To ensure compliance with the Companies Act 2016 which took effect on 31 January 2017.

In view of the substantial amount of proposed amendments to the existing Memorandum and Articles of Association, the Board proposed that the existing Memorandum and Articles of Association be altered or amended by the Company in its entirety by the replacement thereof with a new Constitution.

Please refer to Part C of the Circular to Shareholders dated 30 April 2018 for further information.

PERSONAL DATA NOTICE

The Personal Data Protection Act 2010 (PDPA) which regulates the processing of personal data in commercial transactions, applies to Sunway Management Sdn Bhd, the share registrar of Sunway Construction Group Berhad.

The personal data processed by Sunway Management Sdn Bhd may include your name, contact details, mailing address and any other personal data derived from any documentation.

Sunway Management Sdn Bhd may use or disclose your personal data to any person engaged for the purposes of issuing the above notice of meeting and convening the meeting.

FORWARD-LOOKING STATEMENTS
This annual report could or may contain certain forward-looking statements that are based on Sunway Construction Group’s current expectations or beliefs, as well as assumptions or anticipation of future events. These forward looking statements can be identified by the fact that they do not relate only to historical or current facts. Forward-looking statements often use words such as anticipate, target, expects, estimate, plan, goal, believe, will, may, would, could, potentially, intends or other words of similar expressions. Undue reliance should not be placed solely on any of such statements because, by their very nature, they are subject to known and unknown risks and uncertainties and can be affected by other factors that could cause actual results, and the Group’s plans and objectives, to differ materially from those expressed or implied in the forward-looking statements. Forward looking statements speak only as of the date they are made, and it should not be assumed that they have been revised or updated in light of changes in the global, political, economic, business, competitive, market and regulatory forces, future exchange and interest rates, changes in tax rates and future business combinations and dispositions. The Group undertakes no obligation to revise or update any forward looking statements contained in this document, regardless of whether those statements are affected as a result of new information, future events or otherwise.
