Sunway Construction Group Berhad emerged as best investor relations for an Initial Public Offering in 2015 company, bagging, in total, three awards at the Malaysian Investor Relations Association (MIRA) awards ceremony.

Ng Bee Lien, Sunway Construction's Chief Financial Officer was named Best Chief Financial Officer for Investor Relations (Main Board – Mid Cap), while the company also won the Best Investor Relations Website (Main Board – Mid Cap).

Sunway Construction Group Berhad made its debut as Malaysia's largest pure-play construction company by revenue last year on the Main Market of Bursa Malaysia Securities Berhad on 28 July 2015. The listing was aimed at enhancing Sunway Construction Group's visibility and to increase its market share within the local construction industry by harnessing its three main strengths: its integrated construction capabilities, proven track record both locally and internationally alongside the strong backing of its parent company, Sunway Berhad.

Its listing was well-received with the institutional offering oversubscribed by 4.6 times and retail portion oversubscribed by 2.7 times.

"The wins are a testament to the Sunway Construction Group's management and board's commitment to building a strong relationship with our investing community right from the start. We are humbled by the community's recognition and would like to take this opportunity to thank them for their support in Sunway Construction," says Chung Soo Kiong, Managing Director of Sunway Construction Group Berhad.

The MIRA was established in June 2007 by Bursa Malaysia and was funded by the Capital Market Development Fund (CMDf), a statutory fund under the purview of the Securities Commission of Malaysia. The awards recognise individuals and companies that have successfully embraced best investor relations practices. The winners were chosen based on surveys undertaken by NASDAQ in partnership with MIRA, and were extended to over 2,200 buy-side and sell-side professionals globally.
