

Sunway wins RM66mil contract from Zecon

PETALING JAYA: Sunway Construction Group Bhd has bagged a RM66.3mil electrical services-related contract from Zecon Medicare Sdn Bhd.

According to a filing with Bursa Malaysia yesterday, the job award was received by Sunway Engineering Sdn Bhd, a subsidiary of Sunway Construction Sdn Bhd.

The project involved the supply, delivery, installation, testing and commissioning, training, maintenance and warranty for electrical services as well as air conditioning and mechanical ventilation system, which included a cold room.

The project will be completed on April 30, 2018 and is expected to contribute positively to the earnings of Sunway Construction Group from the financial year ending Dec 31, 2016 onwards. It was subject to normal construction risk of materials price fluctuation. "However, with the expertise of Sunway Engineering in mechanical and engineering projects, this risk could be mitigated," it said.
